WORK OF THE REPORTERS.

The Happenings of a Day Briefly Chronicled.

THEY FOUGHT FOR A GIRL.

Two Young Men of Town Have a Dispute About a Lady Friend, and Settle the Matter in a Ring.

It is an old saying, but a true one, that "woman is the root of all evil," and it is forcibly illustrated in the case of a difficulty between two young men of town who recently fought in a ring over a sweet and charming belle of Browns...

It appears that these two young men, one of whom resides on West Coal street, and the other on East Coal street, had a little misunderstanding in reference to the young lady and decided to settle the matter in a ten-foot ring with bare knuckles. The only witnesses to the fight were the mutual friends to both contestants.

The fight occurred back of the Kehley Run breaker, and only lasted for three rounds, at the end of which the young man who is the lady's greater favorite was declared the winner. The latter is employed in one of the hat and cap factories of town. While the fight lasted it was for blood, and the winner is said to have been used up pretty badly. In fact, his employer was compelled, it is said, to make a cap of special size to fit his enlarged head the next day.

Neither party to the controversy appear satisfied with the result, and the probability is that another "mill" will be the result, notwithstanding the protestation of their friends.

DEAD BEATS.

The Most Peculiar Specimen is the Bar-room Beat.

Shenandoah bartenders are very slick, but some of the beats are a bit slicker. Last night a man entered a gilded saloon on Main street, and without glancing at bar or bartender, began a slow march up and down the room, his arms folded over the pit of his stomach. The bar-tender was "dead on," but said nothing, nor did he of the folded arms, who presently took a seat. He remained seated for fifteen minutes.

The bar-tender was indifferent to time. The man got up and stepped slowly to the bar. "Is the proprietor in?" he asked mildly. "He's out of town," was answered coolly. "Too bad." "Is there anything I can do," inquired the intruder, now a bit curious. "No, nothing," saidly. "I have a bit of case of cramps and he is the only man in town that can mix the right thing for me." This touched the bartender's pride to the quick, for he has a great conceit of his ability to concoct fancy drinks. "I guess I can mix it," he said, anything that's ever been mixed," getting under the collar. "No you can't do it," answered the cramp individual moving toward the door. "Hold on here, just try this," and after a few expert jerks, shakes and frowns from various mysterious bottles, a glassful of cholera mixture was tossed over the bar with a graceful and finished flourish. The man raised it to his lips, glanced heavenward and let the velvet liquid gurgle toward the region of cramps. "Ah, good," he said, stepping toward the door. "Twenty-five cents, please." "It'll stop in and pay the boss," and before the bartender could aim a beer glass the beat was outside the door and down the street.

KERR COMING HERE.

The State Councilor of the Jr. O. U. A. M. Will Speak in Shenandoah.

Preparations are now being made by Maj. Jennings Council No. 367, Jr. O. U. A. M., for the reception of William T. Kerr, of Pittsburg, who is at present State Councilor of the order in this State. The date upon which Mr. Kerr will be in Shenandoah is Friday, August 17th, and he will be accompanied by Jr. Past State Councilor Charles N. Raymond, of Middlesboro, Mr. Kerr will very likely attend a public meeting in Ferguson's theatre on the evening of the above date, as a large number of citizens have expressed a desire to hear him speak.

Mr. Kerr was brought prominently before the people of the State by the action of the order in the Pittsburg and Gallatin public school controversy in which injunctions were issued prohibiting unions from teaching in these schools. He is a man of high attainments and, as an orator, has few equals in the state, and a most pleasing appearance. He is now making a tour of the state, and is addressing public meetings in almost every town he visits.

It is very likely that the local Council will so arrange matters as to afford the people of this section to hear Mr. Kerr, and a public meeting in Ferguson's theatre will likely be held on the 17th of next month. It will also be a sort of reunion of all the Councils in this locality.

NOTES ABOUT TOWN.

Facts of Interest Grouped So That They May be Quickly Read.

Since the Slattery fortune of several millions was discovered, there have been a number of Schuylkill countians on the anxious bench, waiting developments for a fortune left them across the water. It is now the Sullivans turn to be congratulated. It is claimed that \$1,000,000, or thereabouts, has just been discovered, as belonging to those bearing that name. It is an unprofitable day, indeed, that doesn't bring forth some one who has been "left" a fortune in the old country, but it invariably happens that the location of old age before an opportunity is given to make use of the forthcoming treasure.

In these days of excursions to the seashore and the country, no more enjoyable trip could be planned than an excursion from New York to Boston by water over the Providence or Stonington lines. The magnificent steamers "Flying" between these two cities are palaces on water. A more delightful excursion, at a reasonable figure, cannot be imagined, and we advise those seeking recreation and the sea breeze to take the trip.

People who go to the sea shore resorts for just get very little of it. A quiet retreat in the woods, away from the excitement of the places these people want to go to, Rich and indigestible food is not found in these places, either.

The hay fever victim is now beginning to feel uneasy, as this is the time of the year when the disease is at its worst stage. So far no cure has been effected, and there are a number of sufferers in this town who will have to suffer from the ailment.

There has always been a great demand for dwelling houses in this town, and today the demand is greater than the supply. Long before a new house is finished, and sometimes while breaking ground for a foundation, the house is rented. With this state of affairs there is little wonder that rents are higher here than elsewhere.

There is hardly a day passes but what a private party charters an electric car, all to themselves, and make a circuit of the line, stopping at certain points for lunch. It is a popular fad, and is bound to grow.

When all the projected sewer pipe lines are completed, Shenandoah will be one of the best drained towns in the county. Every property in the town should be connected with underground drainage. The Board of Health will not be lenient with those who find maintaining a nuisance for the want of proper drainage, nor should they. The health of the town demands a perfect system of drainage.

POLITICAL CHIT-CHAT.

A Mahanoy City Correspondent Gives His Views.

THE SENATORIAL FIGHT!

It is Rumored That T. R. Edwards Has Withdrawn From the Fight, Giving Coyle a Clear Track.

MAHANAY CITY, July 23, 1894.

Since the return of "Old" Ed. Coomander," from D. D. Phillips, after a severe illness at Atlantic City, interest in county politics in this section has been greatly augmented. "Dave" is not yet well enough to take a hand in the fight, if he so desires, but I doubt very much whether he will sacrifice his railway interest here to do so. Still, you cannot always tell what a politician will do, and Mr. Phillips has been so long identified with the politics of this county that it would surprise me were he to remain in quiet until he takes an active interest in the approaching struggle.

It is rumored that T. J. Edwards has withdrawn from the Senatorial fight, but have failed to verify that statement. What makes the statement doubtful is the fact that it is being circulated by the friends of his opponent. The friends of Reeds Rosser, however, are not taking kindly to Mr. Edwards' candidacy because it handicaps the former's chances for the Legislative nomination. There may be something in the report, after all. MacHenry Wilhelm's Senatorial beam is not materializing very rapidly. Some people have an idea that "Mac" is only joking, to give Coyle a big scare. Have the greatest respect for my friend Wilhelm, and don't know whom I would rather use in the legislative halls at Harrisburg than he, if there really was a chance for him and providing he is in earnest about it.

And there is my old friend and townsman, "Tom" Edwards, another good, all-around Republican, for whom I have the greatest and most profound respect. He deserves to be in a position in Harrisburg, and in Washington, for that matter, which would enable him to do something for the "boys in blue" and his fellow miners. But I am afraid there is little chance of Tom being elected, were he to receive the nomination. He ought to know, if he does not, that it requires Herculean work to carry a Democratic district with little less than 5,000 majority against him, and it is for this reason that I join with the REPUBLICANS in advising him to step down and out in a fight that will result disastrously to him in many ways. I give this advice as a friend, and those who are urging him on are no friends of his.

Hon. Elias Davis, the splitting candidate for the shrewdly nomination, was here the past few days looking after his political fences. He found them in good repair, as to other parts of the county Mr. Davis has an able opponent in Alex. Scott, of Backville, who is making a strong fight against him. It is fortunate the Republicans have two such strong men seeking the nomination, as no mistake will be made if either receives the nomination. Mr. Davis' stronghold is the Washington, who have much to thank him for giving their votes to the Legislature. Besides he numbers his friends by the hundreds in other walks of life.

Another rumor has gained current here, and is an important one, too. It is reported that the friend of Mr. Edwards' withdrawal, Benjamin R. Severn, of your town, the deposed Controller, will be a candidate for the Senatorial nomination in this district. With this report comes the additional news that Chairman Whitehouse and Hon. S. A. Losh are being consulted on the advisability of such a step being taken by Mr. Severn. The question very naturally arises, why should these two gentlemen meddle into the affairs of the Thirtieth district? There are several good reasons why they should not. The most important being the fact that Mr. Losh desires to go to Congress, and his friend "Jack" is so greatly interested in seeing that he secures the nomination that neither can well afford to create the animosity of any of the forces now at work in the district. The only way to avoid such a state of affairs, so far as these two gentlemen are concerned, is to keep aloof from all entanglements. It is conceded that Mr. Losh is long-headed, sharp and shrewd, and as a politician has few equals. I give him credit for having greater political sagacity than to invite unnecessary opposition to his canvass for Congressional honors.

I can hardly believe that Mr. Losh is pursuing such a course, but rather think that he is confining his energies in the work of outdistancing both Brum and Shoener. But admitting the rumor to be well founded, I think Mr. Severn would be making the gravest mistake of his life, politically, taking into consideration the fact that he would have a sure thing of it in the lower house of the Legislature. Should he secure the latter nomination, my advice of Mr. Severn is to keep aloof of all factional complications. Let him represent the party at large, irrespective of all personal considerations.

Ex-Senator Watson is making things interesting in this part of the district. His candidacy is giving the friends of Franey much uneasiness. Both men hail from your town.

Reeds Rosser, of this place, and Joe Wyatt, of your town, who are both aspiring for the Legislative nomination on the Republican ticket, are making things interesting here. Joe at one time was a resident of Mahanoy City. Both men have a large personal following in this locality.

Followed a Funeral. Yesterday two small boys followed a funeral from this town to Pottsville, walking and hanging on to the back of the carriage alternately. One of the boys was the seven-year-old son of Charles T. Gibson, and the other a Polish lad about four years old. They were taken in charge by the police at Pottsville and sent home on the 7:15 p. m. train.

Duplicates for 1894. The County Commissioners expect to have the duplicates for the year 1894 ready for the collectors about August 1st. The books have nearly all been written and are now being verified by the clerks.

A NEW GAS PLANT.

The Old Company Will Improve Their Works.

The Shenandoah Gas Company yesterday commenced operations looking to the improvement of their present plant. This town has been badly in need of a better supply of gas for a number of years, and the action of the company in taking steps with that end in view will be commended by every consumer in the town.

The new plant to be erected is known as the Lower, and is the same as is now in operation at Pottsville and Mahanoy City where it is giving universal satisfaction.

It will require some time to make the change from the present system to the new, but it will in no way interfere with the usual supply of gas to the consumers. The company expects to have everything in readiness to make the change by the first of September.

This new tower on the part of the company will be agreeable news to their patrons, who have been supplied for a number of years with a very inferior article.

PICNIC ACCIDENT.

Abrupt Ending of a Foot Race at Lakeside.

Joseph Peters came home from the St. Georges picnic, at Lakeside, last night with a broken collar bone. His injuries were attended to by Dr. Langton and Joe was able to be about town at an early hour this morning and beat the newspapers with an account of his mishap, which is about as follows: He, with another nine-second sprinter, were running a 100-yard dash when Peters came in collision with a big Pole running across the track.

The two great bodies came together with terrific force, but the superior weight of the big Pole told and Joe was dashed to the ground and when picked up was found to be suffering with injuries that ended his sport for the day.

Died.

LEWISBURG.—On the 23d inst., at Harrisburg, Mrs. Pauline Leuberg, aged 57 years 4 months and 14 days. Relatives and friends invited to attend. 7-25-94.

WATKINS.—In Shenandoah, Pa., July 23, Mary J., wife of Wm. J. Watkins, aged 35 years 11 months and 13 days. Services at the residence, 119 North Jardin street, Wednesday afternoon. Funeral to leave at 11:30 a. m. Interment in Odd Fellows' cemetery. Friends and relatives respectfully invited to attend. 7-23-94.

Rule of Ouster Granted. The court yesterday granted a rule on Timothy Brennan, Thomas Nevils, Patrick H. Brown, Timothy H. Rondon, Michael Moran and George Deagr, members of the School Board of Cass township, to show cause why their seats should not be declared vacant, and other persons appointed to fill their places. The rule is returnable July 26th. This action is taken because of the failure of the board to organize within the time prescribed by the law.

Entertained His Friends.

George Foster, 502 of William Pooler, of St. Clair, at Shenandoah, Pa., was the guest of his place, entertained a number of his intimate friends from this town and Pottsville yesterday at Pottsville. Mr. Pooler is a musician of very high attainments, and favored the company yesterday with some of his choice selections, which were highly appreciated. He is now located at Polkman, the scene of the recent railroad strike.
