THE GREAT SUCCESS.

## THE TRIAL OF DEBS.

He and His Associates Before the United States Court.

THE DEFENSE A GENERAL DENIAL.

Efforts of the Defendants' Attorneys to Have the Cases Dismissed-Judge Grosscup Declares Debs' Telegraphic Orders Were the Cause of Violent Outbreaks.

CHICAGO, July 24.-An answer was filed yesterday by the attorney for the officers of the American Railway union in the contempt proceedings in the United States court growing out of the alleged violation of the federal injunction against interference with the mails and interstate com-merce. The suswer, which was formu-lated by Attorneys W. W. Erwin, of St. Paul, and S. S. Gregory, of Chicago, is a general denial of the various charges

against them.

A great crowd of spectators thronged the corridors of the federal building and atruggled for places in the court room when the hearing began. United States Judges Woods and Grosscup occupied the bench and immediately after taking their seats ordered the court room cleared of the crowd which stood in the aisles and about the door. Mrs. Debs. Mrs. Keli-her and Mrs. Rogers were in court early and greeted the four prisoners when they were brought in.

The prosecution was represented by Dis-trict Attorney Milchrist, Special Counsel Edwin Walker and Assistant District At-

Edwin Walker and Assistant District Attorney Hand, while the Santa Fe railroad was represented by ex-Corporation Counsel John Miller and E. A. Bancroft.

Attorney Gregory opened the main case with the suggestion that the hearing of Debs and the others be postponed until after the trial under the indictmentate pending against them, but the suggestion was not entertained by the court.

After the reading of the information against the prisoners by the district attorney and the hearing of the answer as read by the defendants' lawyer, Attorney Erwin moved formally that the defendants be dismissed. He also asked that the government elect whether it would try the prisoners on the original indictment or on the injunction. Judge Woods try the prisoners on the original indictment or on the injunction. Judge Woods replied that the government would elect by going on now, and Attorney Gregory began his argument in support of the motion to dismiss the bill.

Mr. Gregory went on to argue that as this was a criminal proceeding an answer under oath that he was not guilty

was all the defense a person cited for criminal contempt could be called upon to make. He could be tried for crime only by a jury. Proceedings of this kind should not be resorted to or permitted to take the place of the laws of the land. The court should decide in favor of lib-

erty.
"The doctrine of this injunction is," in terrupted Judge Woods, "that it is not to be used to restrain crime. Injunctions are not issued for that purpose, yet an order may be entered to restrain acts which involve crime. The court acted on that

Mr. Gregory, resuming, said the in-junction restrained the defendants from preventing the employes by threats, in-timidation, force, violence or persuasion from performing their duties, or inducing them by threats, violence, force or intimi-dation to leave the service of the roads. In the injunctional order the word per-

sunsion was stricken one.

This called out another statement from Judge Woods, who said the court had re-fused to enjoin men from soliciting other fused to enjoin men from soliciting other men to leave their work. The question is now in the court of appeals in the North-ern Pacific case, and the court had no de-sire to interfere with it. Mr. Gregory said the injunction did not enjoin the leaders of the union from advising men to quit work, "The injunction," said Judge Woods, "was a general order not to inter-fere with the oversition of the result. fere with the operation of the roads. Whether advising was an interference is a

question to be decided."

The attorney contended that as long as people obeyed the laws they could not be held responsible for the lawlessness of others. He admitted that there was violence in the recent strike, and the men who committed it were guilty of violating the injunction. The people who advised violence were also guilty, but there was not a line in the information that the defendants either committed or advised any

Judge Grosscup said the theory of the government was that violence was the natural consequences of the telegraphic orders sent by the defendants.

Mr. Gregory was followed by Mr. Walker, for the prosecution, who attacked

ker, for the prosecution, who attacked the answer vigorously. He said the ans-wer was not a full reply to the charges in the information. It denied all knowledge of the telegrams with one exception, and the government would like to have the opportunity to show that there was an answer received to each message and that It was received by the officers of the railway union. All the strike orders which had resulted in the stoppage of commerce and the mails came from the office of the union in Chicago, and they were responsi-ble for everything that happened in consequrnce, even to the loss of life. He said an answer in a court proceeding was sufficient to discharge the accused at common law, but in an equity proceeding the court could hear the evidence of both sides. At the conclusion of Mr. Walker's argument court adjourned.

Foreign Miners on Strike.

HAZLETON, Pa., July 24.—The breaker hands at Wentz & Co.'s Silver Brook collary struck yesterday for an advance in wages. The operators continued to work the colliery with outside hands. It was anticipated that violent demonstrations would be indulged in and the coal and tron police were called out. Their presence intimidated the men and the day passed without incident. The strikers are mostly foreigners, who are desperate when aroused, and an outbreak is possible.
