But physicians positively declare that where the strength is carefully kept up. and every possibility of contagion removed by using "a splendld nutriment" as doctors call lactated food, the mere presence of high temperature can do no harm. For, at the bottom, cholera infanthat follows improper feeding.

During hot weather the slightest signs of indigestion or diarrhos should receive immediate attention, and be met by a close scrutiny of the diet. Babies and young children who do not eat with relish. who are weak and debilitated, "pick up" marvellously when they are put on a diet of lactated food even for a few weeks Lactated food is taken with relish when all other nutriment is refused.

Every element of pure mother's milk is met in lactated food.

Keep baby upon lactated food and it will escape cholera infantum and dangerous summer illness.

No household with little children in it should feel safe during these hot days and nights unless they know lactated food is

"I wish to tell you about our baby. We tried a food at first that baby did not seem to like, as he always left half in his bottle. Finally he was taken very sick and the doctor advised us to use lactated food which we did at once, and from that time until this he has cried for it every two hours, and although we always give him one and one half cupful, he has never left any in his bottle. He is now one year old, and has grown to be such a fat, healthy

Every mother should try lactated food. Any druggist will sell for 25 cents a package large enough to make 10 pints of nourishing food, and in large packages it is even less expensive.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic Cholera and Diarrhosa Remedy that he warrants every bottle and offers, to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it. It is for sale by Grahler Bros.

Last June, Dick Crawford brought his twelve mouths old child, suffering from infantile diarrhose, to me. It had been wented at four mouths old and being sickly everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it welghed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Choiera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was seen and its continued use cured this child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this remedy. J. T. Marlow, M. D., Tamaroa, Ill. For sale by Gruhler Bros.

THE SENATORIAL FIGHT.

MacHenry Wilhelm, Esq., in the Fight to Win.

The graceful withdrawal of T. Edwards, of Mahanoy City, from the fight for the Senatorial nomination in the 30th district on the Republican ticket, leaves the fight open to Hon. John J. Coyle and MacHenry Wilhelm, Esq., the rising young lawyer of Ashland. The latter gentleman informed a representative of the HERALD yesterday that he was in the contest in earnest, and was confident of securing the nomination.

From now on the fight between these two gentlemen will be most interesting. in Mr. Wilhelm, the present Representative from this district will find a warrior worthy of his steed. He is no novice in the politics of Schuylkill county, and is backed by an unknown quantity that will cause his opponent considerable uneasiness. There is a great difference between the support back of Mr. Wilhelm and that which rallied around Edwards. As the battle progresses the friends of Coyle will find this out.

Since it is certain that Wilhelm has en tered the race in earnest, Mr. Coyle will have to put into operation all his hustling qualities. There is no use disguising the fact that the opposition to the latter is growing daily, and this opposition and those who favored Edwards' nomination will join forces with Wilhelm contingent thus creating a serious opposition to the comination of Mr. Coyle.

The battle cry, whether justifiable of not, seems to be anything to beat Coyle, and if that wily politician is not careful it will likely succeed.

a similar course in Schuylkill county.

It is not known who the promoters are, but it is presumed they were at one time members of the defunct Greenback party. If the movement materializes it will effect the ranks of both the old parties. The defection in the Democratic party at present is very great, and there are a number of them who dislike to vote the Republican ticket. These dissatisfied Democrats will, therefore, welcome any any new movement.

any new movement.

The originators are very likely dissatisfied Democrats, and for that reason it is thought by some that the new party will have a large nucleus to draw from.
