## THE SCHOOL **BOARD MEETS**

Difficulty Experienced in Securing Room For a New Building.

MR. LANGFIELD DECLINES!

He Does Not Wish to Sell the Property the Board Has Selected as a Site. Stationery Contract Awarded.

There was a short special session of the chool Board last evening to hear the eports of committees on supplies and epairs. Chairman Muldoon, of the comnittee on building and repairs, reported he following bids received for building an addition to the Union street school house: Joseph Ball, \$1,625; Shenandoah Feed and Lumber Company, \$2,625; Jesse

Feed and Lumber Company, \$2,825; Jesse Davis, \$1,850; J. O'Hearn, \$1,980; Daniel Kennally, \$1,975. The lowest bid was that of Jesse Davis, to whom the contract was awarded.

It was suggested by members that the committee name a day on which the work should be completed and that the contract provide a fine for each day's delay in finishing the work, as such delay after the opening of the term would in terfere with the use of three other rooms, to which Chairman Muldson replied that Contractor Davis had informed him that a large force of men would be put to work at once.

Contractor Davis had informed him that a large force of men would be put to work at once.

A letter from Mr. Langfield, of Bloomsburg, was read. The gentieman is the owner of the property at the northwest corner of Jardin and Cherry streets, on which the School Board proposes erecting a new school house. Mr. Langfield decilines to sell, saying the buildings on the property were occupied and leased, and he suggested that the board look elsewhere in the neighburhood, where, he understood, lots could be had. The committee was instructed to have Attorney Coyle write Mr. Langfield.

Chairman Muldoon also reported that the Lloyd and White streets school houses had been plastered; that the foundation for the out-house was in course of erection; that paint had been ordered for the fences, and that the fence around the Coal street building had been repaired. This ended the report of the committee on repairs, after which Mr. Manley, chairman of the committee on supplies, made a report on text books and other supplies, made a report on text books and other supplies made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies, made a report on text books and other supplies.

This committee on repairs, after which there were slight differences in cost unight be accounted for by a diff

purchases.
Secretary Hanna read a long report embracing books and stationery on hand, lost, paid for by losers, and the quantity required for the coming year. There being no further business the meeting was declared adjourned.
Nearly forty gallons of ink and seven thousand slate pencils are used annually in the public schools of this district.

#### NOTES ABOUT TOWN.

specially women, seem to consider that churches are places established principally for the display and inspection of the styles of the seasons in dress. Whether or not this be true it is not intended to decide at this time, but it is very evident that there are people who do not seem to understand the real object of building places of worship. For instance, let the reader take a stroll out South Jardin street any night and in passing the Lithuanian church cast a glance apon the steps of the edifice. If the reader fails to see some couple playing the Romeo and Juliet act it will be something strange. The love making on the steps of this church has become a nulsance to the residents of that vicinity and has aroused many complaints. Hire a half, young men.

men.

Despite the hard times and the general uncertainty existing in commercial circles through the delay of definite action by Congress on the tariff bill, and the fact that miners in this region are working under the disadvantage of nine per cent. off the \$2.50 basis and a scarcity of cars, the balance sheets of our two national banks show very healthy totals of deposits. There is on deposit now in the First National Bank \$219,020.08 and in the Merchants' National Bank, \$170,490.53, a total of \$880,110.61 otal of \$380,110.61.

Talks about the floods which almost paralyzed business in this region several weeks ago became chestnutty, but pardonable mention can be made of the fact that the lower gangway of West Shenandosh colliery still has a large body of water in it, which is a remnant of the floods. It is expected that all the water will be out of the mine by the close of this week.

The members of Co. A. V. C. H. A. W.

this week.

The members of Co. A, Jr. O. U, A. M. Guards, of town, are very much flattered by the receipt of an invitation to camp out near Lancaster during the annual session of the Junior Order of United American Mechanics in that city in September. The guards will consider the invitation at their next regular meeting and will very likely accept. They are about the best drilled body in the order and will stand a good chance of winning the \$100 prize offered by the state organization to the best drilled company.

Free Lauch at Joe Trewella's salout from 9 to 12 a. m. and 7 to 10 p. m. Tw.

Burned by Gas.

special to the HERALD.

POTTSVILLE, July 27.—John Garland and Joseph Herst, the former a driver and a Shenandonh boy, were severely burned by an explosion of gas at the Heechwood colliery, Mt. Laffee, last night. The opening of a door brought down the gas to the lights of the victims and caused the explosion.

AT KGITTER'S. Buy Keystone flour. He sure that the purest wines and liquors, best beer and printed on every sack.

PERSONAL.

Dr. J. S. Callen and family have re-urned from Ocean Grove. Capt. E. C. Wagner, of Girardville, was town visitor this morning.

Robert Hyde attended the Wm. Penn pionic at Lakeside yesterday. Miss Carrie Becker has returned from a visit to friends in Port Carbon.

Washington Moyer and William Greg ory spent last evening at Ashbaud. Hon. J. J. Coyle, of Mahanoy City pent a few hours in town last evening.

Rev. B. T. Callen, of Bethlehem, and ownerly of town, buried a 22-mouth old hild ye terday.

Robert Thomas, of Philadelphia, was n.town to-day, paying the employes of he Kelaley Run colliery. Mrs. Charles Hahn, of Philadelphia, is visiting her parents, Mr. and Mrs. Joseph Patterson, of West Oak street

Squire Melion, of Tremont, the pension attorney, was in town last evening looking after the interests of many clients.

Mrs. Love, of Kingston, Pa., nee Katle Applegate, formerly of Kingstown, visited many of her old friends, in town yesterday.

Mme. De Leon, the noted clairvoyant and phrenologist, will be at the Centra House, corner White and Centre streets next week only.

Park B. Maxwell, of Buffalo, traveling passenger agent for the Niekel Plate New York, Chicago and St. Louis Rail way, was a town visitor to-day. Mr. Maxwell is a hustler.

Davis M. Mellon, of Tremont, is being urged to become a candidate for Jury Commissioner on the Republican ticket. Squire Mellon possesses all the qualifications required for the office and would make an excellent office.

John Lenahan, of Ashland, general agent for the New York National Building and Loan Association, was a town visitor to day and spent a few pleasant minutes in the Herann sanctum. He is meeting with excellent success in his business.

#### ASSESSING THE DAMAGES.

Councilmen and Others Take a Trip to Girard Manor.

Several members of the Borough Coun ell, Ex-Senator W. L. Torbet, S. H. Kaercher and A. W. Schalck, Esqs., Pottsville; J. H. Pomeroy, Esq., Major Heber S. Thompson, Pottsville; W. A. Haber S. Thompson, Pottsville; W. A. Marr, Esq., Ashland, and the five viewers appointed by the court left town this morning in nine carriages to inspect the lands owned by Mr. Torbet and the city of Philadelphia which have been taken for the public water works and assess the amount of damage. The party will return this evening, but the result of the trip will not be known until the viewers submit their written report to the September term of court.

#### BASE BALL.

The Philadelphia State league club plays here on Sunday.

The game at the Trotting park yesterday between the married and single profess ional and commercial men resulted in a victory for the former by a score of 19 to 14.

The Shenandoah team is now strong enough to meet any that may travel this way. Here it is: Meyers, th: Weykert, 5b: Ross, 3b: Musser, ss.: O'Hara, 1.f.: Ashenbach, c.f. Yeager and Messitt and Dunkle and Barolsy change batteries.

The Philadelphia Colts will put up a strong game on Sunday with Callahan and Burke as their battery.

The bone team is not only symplest.

The home team is not only supplied with good batteries and fielders, but also the heaviest kind of batters.

The Shenandoah management is just aching for Mahoney City's much-tasked of new team to get on the diamond. Sunday's game will be called at

Dunkle and Barclay will be put up as the lattery against the Colts next Sun-day. Dunkle is said to be a marvel.

#### Will be Worked Again.

Special to EVENING HREALD.

RAYEN REN, July 17.—The Buck Mountain slope of the Girard Mammoth colliery, formerly known as the Cuyler colliery, is to be worked again. The place was formerly owned by the Heaton Bros., but is now the property of the Philadelphia & Reading Coal and Iron Company. It has been filled with water for a number of years, but orders have now been issued to have the water pumped out as soon as possible and two engines put in place for operations. The boilers are already in place. special to EVENING HERALD.

#### McElhenny's Bill of Fare.

Fresh and salt oysters.

#### The Last Chance.

People who have not secured copies of he exquisite photographs of the World's fair embraced in "The Magic City" and superb photographs of famous men and superconotographs of tamous men and women and scenes in every land as in-corporated in "Voyage Around the World" should apply for them at the Hellall office without delay, as only a few contes are left and the supply will not be renewed. No household should be without a complete set of these marvelous productions.

#### A Big Picnic.

The combined picule of the Presbyter-ian, Trinity Reformed and English Lutheran Sunday schools of town drew an immense attendance at Lakeside to-day and several hundred children with their parents and friends spent a delight-ful day at the famous grounds.

#### A Narrow Escape.

A team belonging to William Lorah ran away yesterday afternoon and in rounding a corner struck the corner of a house. The collision caused the team to stop. A wuman had a narrow example from being run over at the corner.

Get your repairing done at Holder-man's.

## THEY BECOME PERSONAL.

Members of Borough Council in Very Lively Session.

#### WATER WORKS DEBATED

The Contractors and Borough Representatives Still Differ-A Lengthy Motion the Council's Ultimatum.

The special meeting of the Borough Connell called for last evening was held and was a very lively one. The members present were Messrs. McGnire, James, Lamb, Gallagher, Dougherty, Stout, Hand, Gable, Gaffigan, Kerns, Kane Meluskay, Straughn and Finney. Contractor M. P. Quinn and his counsel, John tractor M. P. Quinn and his counsel, John F. Whalen, Esq., A. W. Schalck and J. H. Pomeroy, Esqs., and Engineer Womelsdorf were also in attendance. A representative of the Hillallo was in attendance, but withdrew upon statements of two of the Councilmen that no business would be transacted and that only legal advice from the borough's counsel would be received, but the statements subsequently proved wide of the mark. The session issted until almost miduight.

onnied would be received, but the statements subsequently proved wide of the mark. The session is ted until almost midnight.

During the discussions some of the Councilmen became very personal and charged each other with lacking the required amount of "sand" for the performance of dity. At one time Messrs, Gallagher and Gable indulged in "sand" sneethes against each other and at another Mr. James gave Mr. Kane a scorching on a lack of "sand." Messrs, Stranghn and Kane also opposed each other on the "sand" question and went at it like two bantoms. Taking the meeting as a whole it was quite a sand lot affair.

As to the responsibility for repairing the damage to the reservoir at Davis' Run by reason of a break in the breastwork Contractor Quinn told Council that he lid not consider himself responsible, as the borough had accepted the work through its supervising engineer, Mr. Womeledorf.

The latter centleman said Mr. Quinn was mistaken. That he had not accepted the work and never considered that he had the power to do so without action by Council. He supposed that upon completion of the work Council would act and then all concerned would go to the place and turn on the water.

After prolonged discussions the following motion was carried upon motion of Mr. Gable: "That his matter be referred to the water con mittee and borough counsel with instructions to end a written notice to Messrs. Quinn and Kerns, requesting them to forthwith repair the damage done the embankment and waste way of Davis' Run dam and place the same in first-class condition, according to the water con mittee and borough counsel with instructions to end a written make dorf, and subject to the approval of this Council when finished. Also that Council expects the contractors to put in the pipe on the north side of Locust Monnian, from the jumping station, eight thousand feet, to a point designated by the engineer, Mr. Woo dorf, that will stand a pressure of as pounds to the square inch, in accordance with the contract and agreement made by them a the next regular meeting of this Council. When the water question had been disposed of Mr. Kane started a debate on the right of the Lakeside Electric Railway to continue its construction of piers for the erection of a trestle on South Bowers street. The exchanges became exceed incity warm and personal and finally drifted to a motion by Mr. Kane that the street committee be directed to stop all the work on that branch of the railway, to prevent the company from elevaling the road, and, if necessary to procure an injunction to re-strain the company from erecting the road.

Mr. Gallagher's motion to postpone action was lost.

retion was lost.

Finally an amendment that the work
be stopped until the Cochran grade of the
town can be ascertained was carried.

#### Senator Watson's Position.

Schator Watson's Position.

Editor Herrald:—Electionsering has somewhat interfered with my daily reading of the Herrald and my attention has therefore been directed to a recent letter from your Pottsville correspondent in which he says my candidacy for the Senate is "impertinent opposition" and that it is for the sole purpose of defeating my townsman, Mr. Francy. Permit me to say that your correspondent is in grievone error. My candidacy is for the office and not with a view to satisfying any possible grievance there might be. Of course I shall defeat both my opponents if I can and in a legitimate way, too, though it be a political way. Either of my opponents will make a very acceptable candidate; either will receive my support if nominated; and either can be elected. Your correspondent has no doubt learned and taught the great truth that our colonial daddless builded so well into our political system in their declaration of free and equal birth to all men and the right of every citizen to aspire for any position in the gift of the people. I seek the office because, like Messrs. Francy and King, I should like to have it and because it is my privilege to be a candidate if I choose to. But your correspondent asks what I have done to merit the favorable consideration of my fellow Democrats and fellow citizens, or to justify me in rivalling Messrs. Francy and King for office. Now I should answer were it not that my record as a citizen and an official is before the public, nor will I say that it has been succeeded by a better record. If your correspondent will set forth to your readers and to the public what either or both my apponents have done in the direction of his inquiry and do it, too without bias, there may then be no occasion for ever asking what I have done, or have not done, and the Democracy of the Thirtiest district will pessibly then say there was superior timber in the field before I entered it. Therefore, I respectfully suggest this line of procedure to your scribe. I trust it will meet with his appr

## IT WAS A FAKE.

No Attempt Has Been Made 1to Avenge Baynolo's Death.

News reached here early this morning that some Italians, friends of the murdered Frank Baynolo, had attempted to evenge the death by assaulting Talianey and Brennan, who are under ball pending a trial of the case. The report stated that Estancy and Breunan were almost fatally beaten before friends drove the Listians

off.

The Herrard sent a reporter to the place where the assault was supposed to have taken place and learned that the report was wholly without any foundation in truth. There is no question that considerable bad blood has been engendered among Baynolo's friends by the murder, but one of them, who is the adviser of the rest and xercises an influence over them, says that inhawful means to wreak vengeance need not be apprehended.

#### MR. SEVERN IS SENSIBLE.

He Will Not Be a Candidate in the Fall Campaign.

Mr. B. R. Severn, who has been comselled to relinquish the office of Controlier by reason of the decision of the Supreme Court declaring the Act which reated the office unconstitutional, has lecided not to be a candidate for Senatordecided not to be a candidate for Senatorial, Legislative or any other honors this fall. This is a very sensible conclusion. We very much doubt that a contrary decision would have met the views and wishes of his friends. A strong pressure was brought to bear upon him, especially from Mahanoy City and Pottsville, which was almost irresistible, but we are glad to see that Mr. Severn's better judgment has prevailed. His chances will be fifty per cent, better next year than they are to-day.

#### Obituary.

An infant daughter of Charles Schinkel, of Girardville, and formerly of Wm. Penn, was havied at the former piace to-lay. Hey, John Gruhler, of town, offi-ciated at the funeral ceremonies.

ciated at the funeral ceremonies.

Mrs. Nancy Brown, for over twenty years a most respected resident of town, died this morning at the residence of her son, John Brown, at Yatesville. The deceased had attained the ripe age of 74 years and is survived by five sons and three daughters, John, inside foreman at Knickerbocker colliery: William, Girardville; Michael, Green Ridge; David and George, town; Mrs. Annie Paimer, Pawtucket, R. I.: Mrs. Agnes Dean, Reading, and Mrs. Lillie Daddow, of town.

#### Another Sacred Concert.

Another Sacred Concert.

The Grant Band, of Shennadosh, will give its second sacred concert at Washington Park, Ashland, next Sunday atternoon, at 2:30 o'clock. The concert last Sunday was such a success that there is a general request that the band give as many repetitions as can be arranged while the summer season lasts. The concerts are of a strictly high class order and draw people from all parts of it e valley. The choicest sacred selections are rendered by the band with very impressive execution. In order to accommedate people who wish to attend the concert the Schuyikill Traction Company will provide special cars, which will leave Shenandosh at 1:15 and 1:45 p. m.

#### Drowned at Mahanoy City.

Special to the HERALD. Mananov City, July 27.—A drawning accident occurred here yesterday afternoon at about 4 o'clock, by which young Samuel Adams lost his life. Young Adams, in company with several of his companions, was builting at Oak Hole, at companions, was nothing at Oak ficte, at the castern end of fown, when he was seized by cramps. His companions were too young to give assistance, and he drowned in a short time. The boys went for assistance, but it proved of no avail. The body was brought to the surface by Nicholas Darrow and taken to his home on East Centre street.

#### Explosion at Vulcan.

Explosion at Vulcan.

William Droy, a miner of Mahanoy City, and Stiney Quinosky, his laborer, are victims of an explosion of gas in the Vulcan colliery. Droy is at his home and is dangerously burned about the head said face. The laborer was not so badly burned, but is at the Miners' Hospital. The men were driving a traveling way from the No. 3 to No. 2 lift. The opening was about 150 feet from the gangway. They had prepared to fire two shots and after the first was excluded Droy went up to light the other without taking a safety lamp, and the gas was ignited with the result above stated.

#### Initiatory Team.

The initiatory team of Maj Jennings Council No. 307, Jr. O. U. A. M., of town, will visit Mountaineer Council No. 111, of Mahanoy City, this evening and seekst in the initiation of fifteen candidates into

Go to Cardin's, 234 W. Centre St., for bargains in wall paper. 5-18-3m

Still in the Field. Joe Wyatt is still in the field for the nomination of Assemblyman. All re-ports to the contrary are bese fabrica-tions. He is making an bonorable fight, and if that counts for anything he says he is going to win.
