Japanese Believe That China Is Merely Sparring for Time.

DESTRUCTION OF THE KOW SHING.

Of Nearly Two Thousand Proops on Board, Only Forty Were Saved by the French Gunboat Lion-Coreans Opposing All

SHANGHAI, July 30.—The Chinese of-ficial account of the recent engagement between Chinese and Japanese warships says that the Chinese ironciad Chen-Yuen, which is one of the largest vessels of her class belonging to the northern fleet, retreated to Notze and escaped cap-ture by the Japanese. The latter, the report adds, captured a dispatch boat and and a transport. Six other transports report adds, captured a dispatch boat and sank a transport. Six other transports escaped. News has been received here that on the same day the naval engagement took place the Japanese troops ashore stracked the Chinese at Asan. No details of the attack have been received.

Last evening further details of the naval

engagement reached this city. The fight-ing, though of short duration, was very severe. One of the Japanese warships got within a comparatively short distance of the transport Kow Shing and discharged a torpedo at her. The missile was well directed and struck the transport fairly. A terrific explosion followed, and the Kow

A terrific explosion followed, and the Kow Shing began at once to fill.

Prior to the discharge of the torpedo the crew of the transport, which was armed, and the military force on board of her made a hard fight against the attacking force. Many of those on board of her were shot dead on her deck.

When the vessel began to sink there was great excitement on board. In the dire confusion that prevailed no attempt was made to lower the small boats. But even had such an attempt been made the boats could have earried only a small percentage of those on board. Every foreigner centage of those on board. Every foreigner on board the transport, which had been chartered by the Chinese government from an English company, was either killed in the fighting or went down with

#### COREANS DEMAND REFORM. A Powerful Organization Formed to Drive

Out Foreigners.

LONDON, July 30,—As the result of in-quiries made of experts in eastern poli-tics and persons who have resided in Corea, the representative of the Associ-ated Press learns that widespread discontent exists in Corea because of the cor-ruption and misgovernment that every-where prevail. One of the most powerful revolutionary factors in the country is a quasi religious sect called Tong Hak, which ascribes the precarious condition of Corean trade and commerce to the pres-ence of foreigners in the country. This meet has set for itself the task of ridding Corea of the bated foreigners, and has threatened the Japanese and other foreign residents. Among the charges brought against the foreigners is one that they have caused an enormous increase in the have caused an enormous increase in the prices of food stuffs, without any benefit

accruing to the Coreans.

The king of Corea possesses no real authority, and he is in constant terror of a revolution that will sweep him from his throne. He is heavily in debt, and the whole country is in a state of anarchy. To this condition of affairs is due the revolt that recently started in one of the prov-

Last year 30,000 Coreans, armed and unarmed, threatened to march on the capi-tal, Seoul, and expel the foreigners. This dlion was suppressed, but the country has been disturbed ever since. Reforms in the administration are regarded as absolutely necessary, not only to save the commerce of the country, but for the anfety of foreigners.

Advices have reached here indicating that the Japanese attacked the Chinese that the Japanese attacked the Chinese troops who landed at Asan from the transports that escaped from the Japan-ese warships. It is added that China has prohibited the exportation of rice or grain. Torpedoes have been laid in the North channel and the entrance of Yang T-o Kiang river. The Chinese government is busing war material freely. buying war material freely.

### The Japanese Suspicious.

Yokonama, July 30.—An imperial edict has been issued, calling out the army and navy reserves and ordering them to re-port forthwith at their respective head-quarters. The Chinese residents of Japan quarters. The Chinese residents of Japan are greatly alarmed at the threatening outlook and are fleeing from the country in large numbers. At Tokio the conviction is growing in official circles that the Chinese negotiations are simply a pretext to gain time in order to allow China to concentrate her forces for the purpose of making a combined attack on the Japan-ese. Reliable information has been re-ceived at Tokio that the main body of the Chiuese army crossed the northwestern frontier of Cores on July 25. Further firing on Japanese ships on the Corean coast

Why Intervention Was Asked. Berlin, July 30.—Advices received here from Seoul, by way of Shanghai, show that upon the refusal of Corea to accede to Japan's demand that the Chinese troops be sent out of the country the Japanese advanced on Seoul. After a short en-counter, in which the Coreans were de-feated, the Japanese occupied the royal palane. The king of Corea, thereupon, asked the foreign representatives to inter-

Children Terribly Maltreated Four Worth, Tex., July 80.—A habeas corpus trial instituted by the orphans' home officials here to recover custody of Rosa McKnight, a child who was taken from the institution by her mother, is de veloping a sensational state of affairs at the home. Children are alleged to have been horribly whipped, chained in a dark room and even burned with het bottles as punishment for trivial offenses. The trial is creating income interest. B. R. PHILLIPS, Wis., July 30.—The terrible scene at Phillips beggars all description. A committee of citizens from Ashland arrived with a special train of provisions Saturday night at Po'clock. It was the first material relief to arrive and it reached here just in time to keep the people from actual suffering for want of food. They were immediately converted into shelter for the destitute, but only a few of the women and children could arrowd into them. A vast multitude had to go with out shelter and food Saturday night, but tents were brought in from neighboring towns, and improvised huts were utilized last night. Governor Peck and his staff arrived from Madison yesterday. Governor Peck brought a large quantity of sheeting with him, which is being converted into tents. Already lumber is being shipped in, and building operations have already begun. Two more bodies have been recovered from the river where the terrible holo-caust occurred. The boat house on which the desperate men, women and children took refuge was shoved from the shore. Before it had gone far the suction of the flames drew it right up into a regular fur-nace of fire. The boats were either overflames drew it right up into a regular furnace of fire. The boats were either overturned or the people jumped. It is now estimated that fifteen lives were lost at this place. It is supposed that the bodies of several children are buried under the ruins of the wagon and foot bridge, which it is claimed gave way while they were trying to escape from the flames to the peninsula which runs out into the lake.

Mrs. Gliss, who was picked up after clinging to an overturned boat for an hour, is doing nicely, and it is thought she will recover.
