

BABIES IN RICH FAMILIES.

Like Those in Modest Homes, Have But a Few Great Needs—Lactated Food Not Beyond the Reach of Any—They All Thrive Upon It.

Every one knows of splendid homes that lack nothing but children. The rooms, with all their elegance, look vacant without the clatter of baby toys, and the smooth, sunny lawns seem wasted without a troop of children playing on them.

But when the babies do come into these homes, all that thought and love and wealth can do combine to keep them healthy, happy, and charming.

And yet these little ones, like the countless children in homes where there is "little to earn and many to keep," are all

LITTLE MOLLIE WARD.

human babies, and the things that are really their health and happiness are very simple during the first few years of their lives.

In fact, when parents have made sure that baby's food is sufficiently nourishing and healthy, that there is plenty of pure air and absolute cleanliness, they can really do nothing else. In homes where trained nurses are employed lactated food is always kept on hand. And at the first sign of bowel trouble baby is put on an exclusive diet of lactated food till the intestinal disturbance is over.

Physicians know of nothing else equal to lactated food to take the place of mother's milk. It is made for the express purpose of forming as perfect a substitute for healthy mother's milk as analysis will show. It is pleasant to the taste, and has the unusual virtue of inducing delicate babies to take nourishment when other food disagrees with their weak stomachs. Lactated food has saved thousands of babies from falling victims to cholera infantum by keeping up their strength, without increasing, as most food does at such times, the irritation in the intestines that is accountable for most of the fatalities among children in July and August.

This valuable baby food is everywhere used in the homes where the most modern and valuable appliances for securing health and comfort are met with, and yet this best of baby foods is easily within the reach of the most modest homes.

One hundred and fifty meals can be made from a \$1 package, or sufficient to last about four weeks, making the food prepared for baby cost less than 5 cents a quart. In thousands of unpretentious homes, in the large cities especially, this valuable food is found.

Medical skill can do no more to save babies' lives and to keep them well than it has done in the preparation of lactated food.

Little Mollie Ward, whose picture is given above, is the charming daughter of Mr. M.P. Ward, of Providence, R. I., who writes:

"It gives me pleasure to advise you that our little Mollie is just four years old today, and our youngest little girl, strange to say, is five months to-day, both being born on the third of the month. I think both of my babies owe their good health to lactated food. It is the best food for infants who cannot enjoy mother's milk, that there is on the market.

"Our babies have both thrived on it, and when teething had very little trouble. "I have recommended lactated food hundreds of times."

Coming Events.

July 31.—Ice cream festival and bazar, under the auspices of Camp 40, P. O. of T. A., in Robbins' hall.

August 1.—Ice cream festival in Robbins' opera house, under the auspices of the "J. A. C."

August 1.—Lawn party, under the auspices of the "Y." at the Holloper residence, South Whitestreet. Admission, 10 cents.

August 14.—Ice cream and peach festival under the auspices of Fowler's M. E. Sunday school, at Yatesville.

August 15.—Ice cream festival in Robbins' opera house under the auspices of the Imp. O. of R. M. and Degree of Pochontas.

Aug. 30.—Ice cream festival in Robbins' opera house, under the auspices of the Welsh Congregational church.

Last June, Dick Crawford brought his twelve months old child, suffering from infantile diarrhoea, to me. It had been weaned at four months old and being sickly everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this remedy. J. T. Marlow, M. D., Tamaroa, Ill. For sale by Grohler Bros.

WISCONSIN'S FOREST FIRES

The Citizens of Eau Claire Still Greatly Alarmed.

EAU CLAIRE, Wis., July 31.—Considerable alarm exists in consequence of the proximity of the forest fires and continued drought. Dense smoke fills the city. Acting Mayor Farr sent out a picket line of watchmen to be on duty during the night in the city limits. The fire department has been reinforced and all manufacturing plants and lumber yards are being guarded by extra watchmen. Fire broke out last evening at one of the Northwestern Lumber company's mills, but was quickly extinguished. There is talk of suspending operations of all sawmills in order to lessen the danger.

WASHBURN, Wis., July 31.—The forest fires in this vicinity are now under control, but no trains will run on this division of the Omaha road for at least three days, owing to the burned bridges. Mails are being transferred from Ashland by boat.

Disastrous Fire in Minneapolis. MINNEAPOLIS, July 31.—The third disastrous fire in the history of Minneapolis broke out about 3:30 yesterday afternoon in the lumber yards of the Shevlin and Carpenter company, and before it was controlled destroyed property valued at nearly \$500,000. Besides 20,000,000 feet of lumber the gas manufacturing plant of the Omaha Railroad company, the round-house, toolhouse, sandhouse and turntables of that road, nearly forty freight cars, some of them loaded with merchandise, and the office building of the Shevlin-Carpenter company, were burned. Help was summoned from St. Paul, and seven engines were sent over.

Engineer Killed, Two Crippled for Life.

CINCINNATI, July 31.—Last night the St. Louis express on the Ohio and Mississippi railway ran into a freight on the siding at Cochran, Ind., twenty-eight miles from this city, wrecking the passenger engine and a dozen freight cars. John Little, of Washington, Ind., engineer of the passenger train, was so badly injured that he died an hour afterward. Daniel Caddon, fireman, of Washington, Ind., was also caught in the wreck of his engine and lost one leg. William Bell, of Milan, Ind., who was stealing a ride on the postal car, also lost a leg.

A Copper Mine Exhausted.

MARQUETTE, Mich., July 31.—Superintendent Dunston, of the Central Copper Mine company, in Keweenaw county, has received orders from the directors in Boston to abandon the mine. This closes a forty year term of continuous operation of this mine. The shutdown is due to the utter exhaustion of the vein. Four hundred men, wholly dependent upon the mine, are out of employment. This ends the copper mining industry in Keweenaw county.

Schooner Sunk, Four Drowned.

DETROIT, July 31.—The little schooner Glad Tidings was sunk in the Detroit river near Kearsy, by the whaleback propeller Pathfinder. The crew were all drowned. They are: Michael Westphal, captain; August Westphal, his brother; Joseph Glayska and August Minde, all of Detroit. The Glad Tidings was formerly owned by Captain Bundy, the sailor evangelist, and used as a gospel ship.

Only the Expert Swimmers Escaped.

NEW YORK, July 31.—A small yacht carrying six persons was capsized in the Hudson river opposite Hastings during a severe squall. Three of the passengers are missing, and it is feared that they were drowned. They are: Henry Heblon, 20 years old, George Clipper, 22, and Jacob Schmidt, 20. Three others of the party escaped in swimming to shore.

Cheap Fruit in California.

SAN FRANCISCO, July 31.—The fruit receipts here yesterday were unusually large. At the wharves alone over 24,000 boxes of fruit of different varieties were landed. The glut of the market was so great that peaches were disposed of at ten cents per basket. Pears sold correspondingly low.

Brewer and Carver to Contest.

BALTIMORE, July 31.—Captain John L. Brewer, the champion wing shot of the world, said today that a match has been arranged between himself and Dr. Carver, also a claimant for the championship, by the New Utrecht (L. I.) Gun club. The contest will come off in the fall.

Crops Destroyed by Hail.

ST. PAUL, July 31.—A severe hailstorm did much damage in Stevens county near the Pope county line. The townships of Frammas, Swan Lake and Darnau, and south towards Hancock suffered most. From 5,000 to 10,000 acres were completely stripped of all growing crops.
