### Republican State Ticket.

- For Governor,  
GENL. DANIEL R. HASTINGS,  
Centre county.
- For Lieutenant-Governor,  
WALTER LYON,  
Allegheny county.
- For Auditor-General,  
AMOS H. MYLIN,  
Lancaster county.
- For Secretary Internal Affairs,LITTLE MOLLIE WARD.

LITTLE MOLLIE WARD,  
human babies, and the things that are  
really their health and happiness are very  
simple during the first few years of their  
lives.

In fact, when parents have made sure  
that baby's food is sufficiently nourishing  
and healthy, that there is plenty of pure  
platform declares "that the honest and  
industrious immigrant who comes to our  
land with intent to become in good faith  
an American citizen is always welcome.  
None other should be permitted to come.  
We favor the amendment and more string-  
ent enforcement of the immigration  
laws, to exclude criminal, pauper and all  
other undesirable classes, whose presence  
tends to degrade American labor and  
incites disorder."

The Democratic conferees have been  
unable to agree; and so far as the Repub-  
licans are concerned, they are still on  
waiting orders. Evidently they will have  
no opportunity to take part in shaping  
the bill in its final form—if it has one—  
and their presence at the conference on  
three occasions has been merely a matter  
of form. It is just four weeks since the  
Senate passed its version of the tariff  
bill. The delay which has since occurred  
has been exclusively of Democratic  
origin, and the majority must bear the  
entire weight of responsibility therefor.

THREE days a week and nine per cent  
below the \$2.50 basis of wages brings the  
employees of the Philadelphia & Reading  
Coal & Iron Company down to the low  
water mark. It can be clearly shown  
that there were hundreds of miners who  
barely scraped out an existence when the  
collieries were working full time recently,  
and the scale of wages was two per cent  
above the basis. How these men will  
manage to subsist under the combined  
reduction of working time and wage  
basis is more than ordinary calculation  
can show.

The original Coxe movement is played  
out and ended, the grotesque crank who  
planned it having abandoned his men in  
Maryland last Wednesday after telling  
them that the force was over and that  
they must look out for themselves. It  
was an inglorious enterprise from first  
to last. It was the crystallization of Coxe's  
dream that men could force great public  
reforms by making spectacular fools of  
themselves. It was an attempt to over-  
turn the Constitution by prying into it  
with a toothpick, and to scare the Ameri-  
can eagle off his perch by blazing away  
at him with popguns. It didn't work—  
neither did the Coxeites, for that matter  
—but it enabled tens of thousands of un-  
willingly idle American workmen to  
show their dignity and their manhood  
by refusing to unite with an undertaking so  
monstrously silly and unpatriotic.

GEN. JAMES LONGSTREET, of Georgia,  
says in a letter recently written: "While  
discretion is essential in dealing with a  
mob, yet determination is equally neces-  
sary. Force should not be employed or  
displayed merely to irritate or overawe a  
mob, but when once put in motion  
organized lawlessness should be made to  
clearly understand that law and order  
will and must be sustained and the civil  
government upheld, or condign punish-  
ment visited upon the heads of the of-

fenders. Justice to society, as well as  
mercy to the offenders themselves, im-  
peratively demands that organized law-  
lessness be 'kipped in the bud,' sup-  
pressed promptly and firmly before it  
grows and attains such formidable pro-  
portions as to shake the very foundations  
of government."

**A Missing Cask of Gold.**  
NEW YORK, Aug. 1.—Last evening Lazard  
Freres received a cable dispatch from  
Lazard Freres & Co. of Paris, confirming  
the report announcing that a cask con-  
taining \$50,000 in gold was missing from  
the consignment of forty casks shipped  
on the French line steamer La Touraine.  
The forty casks were taken from the  
steamer at Havre and placed on the train  
for Paris, but when the consignment  
reached Lazard Freres & Co. one cask  
was missing. The shipment was fully in-  
sured, and that the loss, therefore, will  
fall on the insurance company.

**Terrible Destitution in Turkey.**  
CONSTANTINOPLE, Aug. 1.—Fearing epi-  
demics if the people are any longer al-  
lowed to remain huddled in the gardens  
where they sought refuge at the time of  
the earthquakes, the government is com-  
pelling the terrified people to return to  
their homes. The feeling of panic con-  
tinues, and slight earthquake shocks are  
experienced daily. The city of Constanti-  
nople, the Prince's islands and half of  
Siamboon are practically depopulated, and  
the masses are in a state of horrible des-  
titution.

**Charged with Accepting Bribes.**  
ST. PAUL, Aug. 1.—In the United States  
district court the trial of Dr. Gibson, of  
Austin, was commenced. The doctor was  
formerly of the examining board of peson  
surgeons at Austin, and it is charged  
against him that he received \$10 from  
each of the two applicants for pensions.  
Dr. Gibson has been a member of the  
state senate, and has several times been  
mayor of Austin. He is a prominent man  
in his part of the state.

**Died in the Almshouse.**  
BETHLEHEM, Pa., Aug. 1.—Dr. F. H. Op-  
pelt died in the almshouse at this place  
yesterday, aged 87. He was a pupil of  
Hahnemann and was a skilled chemist.  
In 1843 he discovered a spring of chemi-  
cally pure water here and erected a large  
water cure establishment, which was pa-  
trized by many prominent people. He  
failed and was sold out by the sheriff in  
1871, and has been very poor ever since  
that time.

**Philadelphia's Hot July.**  
PHILADELPHIA, Aug. 1.—The past month  
was one of the five hottest Julys on record  
in this city, and had less rainfall than any  
July on record, it aggregating but three-  
fourths of an inch. The highest temper-  
ature yesterday was 90 degs, and humid-  
ity 79 degs. Toward evening heavy thun-  
der storms caused the mercury to fall 20  
degs. in a few hours. Two deaths and  
three prostrations resulted from the heat.

**Florida's Democratic Convention.**  
JACKSONVILLE, Aug. 1.—The Florida  
Democrats assembled in convention in  
this city yesterday for the purpose of  
nominating a justice of the supreme  
court, but adjourned until today without  
making a selection. It is expected that  
Hon. B. S. Liddon, of Jackson county,  
who is now serving on the supreme bench  
by appointment of Governor Mitchell,  
will be nominated without opposition.

**Congressional Committee Go to Homestead.**  
WASHINGTON, Aug. 1.—The members of  
the house committee on naval affairs  
who have been conducting the armor  
plate investigation left for Homestead  
last night, running the chances that the  
tariff bill will not be returned to the house  
in their absence. They will spend one day  
at the Carnegie works and will not exam-  
ine witnesses there.

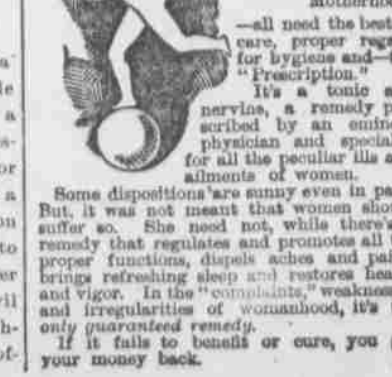

**Anarchists Get Six Months.**  
LONDON, Aug. 1.—Cantwell and Quinn,  
the two anarchists who the day previous  
to the opening of the Tower bridge made  
wrenches tending to incite people to mur-  
der members of the royal family, were  
sentenced yesterday to six months' im-  
prisonment each.

**Tried to Assassinate a Governor General.**  
CONSTANTINOPLE, Aug. 1.—A dispatch  
from the island of Crete says that a man  
from the street fired a shot yesterday at  
the governor general of Crete. The latter  
was in a room of the ministry of finance.  
The governor was slightly wounded in the  
head.

But it was not meant that women should

## BRIGHTER OUTLOOK.

Prospects for an Agreement on the  
Tariff Much Improved.

### AMICABLE ADJUSTMENT PROBABLE

One of the House Conferees Expresses the  
Belief That a Full Agreement Will be  
Perfectly This Week—The House Con-  
ferrees Jubilant.

WASHINGTON, Aug. 1.—The prospects of  
an agreement on the tariff are much im-  
proved. For the first time in many days  
the house Democratic conferees came  
from the meeting with the statement that  
previous irreconcilable differences were in  
process of amicable adjustment. With  
much satisfaction the house members  
stated to their associates that the senators  
had shown a disposition for the first time  
to meet the house half way. As to when  
a full agreement would be perfected there  
was some difference of opinion. One house  
conferee said it would probably be this  
week. Another thought it would be  
"soon."

Chairman Wilson would not even ad-  
mit that the understanding had gone far  
enough to warrant the prediction of a  
speedy report. He said, however, that  
the conferees had at least done business  
and made progress, which was more than  
could have been said of past meetings.  
The senate conferees came from the meet-  
ing without showing the hopefulness of  
the house members. They said the con-  
ference was as far from an agreement as  
it had been. While there was this con-  
flict among those thoroughly informed of  
the inside workings of the conferees, the  
general belief prevailed that the hopefulness  
of the house conferees had some substan-  
tial foundation.

One of the conferees said that while no  
final agreement had been made on iron,  
coal and sugar, yet sufficient had been de-  
veloped in conference to show that an  
agreement could be reached on these  
three most important items which would  
be acceptable to the senate and house con-  
ferrees and to the house of representatives.  
Whether it would be acceptable to the  
full senate this conferee expressed some  
doubt. In this connection it developed  
that Senator Caffery, of Louisiana, who  
has been most active on the sugar ques-  
tion, had a long and it is said, satisfac-  
tory conference on Monday with Speaker  
Crisp and Chairman Wilson.

While the house conferees were so  
pleased at the bright outlook, the sena-  
torial colleagues contented themselves  
with saying that while they were hopeful  
of reaching an understanding nothing  
had transpired in conference to base this  
hope upon. They declare that on the es-  
sential items of disagreement the con-  
ferrees are as far apart as they ever were.

An increased hopefulness that a bill  
will be agreed upon is noticeable, how-  
ever, upon the part of Democratic sena-  
tors who are not members of the conferees.  
One of the leading conservative sena-  
tors said as he was leaving the senate  
chamber last night that the tariff bill  
would be finally agreed upon by next  
Monday, and he added that the bill would  
be virtually the senate bill.

The day developed the possibility of a  
report of partial agreement, and while  
this report at first appeared as a vague  
rumor, its probability was afterwards  
confirmed by senators not members of  
the conferees committee. The fact that  
the conferees had the schedules other  
than those relating to sugar, coal and  
iron under consideration is one fact in  
confirmation of the report.

**Alarming Spread of the Cholera.**  
WASHINGTON, Aug. 1.—The marine hos-  
pital bureau received a report on the  
European cholera epidemic from its  
special officer stationed at Berlin, Surgeon  
Fairfax Irwin. He writes: "The disease  
has progressed materially since my last  
report, especially in St. Petersburg, where  
it has assumed alarming proportions. It  
continues at Cronstadt, and it is even re-  
ported to be present in Finland, where it  
was never before seen. In Galicia there  
were many more cases than last week, and  
now new cases have appeared in Germany  
and the Netherlands. In Belgium cholera  
continues, especially in towns along the  
Meuse, which river is undoubtedly in-  
fected. On the whole the outlook is rather  
alarming, far more so indeed than at this  
time last year."

**Alleged Conspirators Acquitted.**  
ST. PAUL, Aug. 1.—The trial of William  
Best and Albert Kellett, the engineer and  
fireman of the Eastern Minnesota train  
which they abandoned on the level, was  
brought to a sudden stop by a failure of  
the United States to make a case of con-  
spiracy to delay the mails. This was the  
principal indictment against them, al-  
though there was another indictment for  
the interference itself. Judge Williams  
ordered a verdict for the defendants in  
the first case. The other indictment will  
be tried later.

**Colorado Crops Ruined.**  
DENVER, Aug. 1.—Dispatches from six  
counties in eastern Colorado along the  
Kansas and Nebraska lines, report that,  
owing to the hot winds, the crops will be  
a total failure. Many farmers are leav-  
ing in search of employment, and many more  
would go if they could get away. Great  
suffering and hardship will surely result,  
as the crop was very light last year.

**Editor Bandi's Assasin Identified.**  
LEHIGH, Aug. 1.—Enrico Luchesi, an  
anarchist, who was arrested in Corsica,  
has been brought to this city and identi-  
fied as the assassin of Signor Bandi, editor  
of the Lehigh Gazette Livornese. Bandi  
had given offense to the anarchists by  
vigorously denouncing them and their  
methods in his paper.

**Prohibition's Spread in Mississippi.**  
JACKSON, Miss., Aug. 1.—At the local  
option election in this (Hinds) county  
yesterday unofficial advices from the  
county indicate that the dry ticket has  
won. If the county has gone dry it only  
leaves six counties in Mississippi where  
the sale of liquor is legalized.

**A Man with Many Alliances.**  
VINELAND, N. J., Aug. 1.—Horace D.  
Baker, a man having twenty-six known  
aliases, was arrested at South Vine-  
land for forging a check for \$5,500 on the  
Bank of West Virginia. The detective who  
arrested him started to obtain requisition  
papers.

**Senator Voorhees Improving.**  
WASHINGTON, Aug. 1.—Senator Voor-  
hees' physician reports marked improve-  
ment in the senator's condition. Mr.  
Voorhees' friends, who had become some-  
what alarmed, now express hopes of his  
speedy recovery.

## THREE DARING ROBBERS

One Fatally Wounded After a Citizen Had  
Been Murdered.

GRIMM, O. T., Aug. 1.—An attempted  
bank robbery was made yesterday. As a  
result one citizen, J. M. Mitchell, is dead  
and Outlaw Ernest Lucas is dying. Lucas  
said his comrades were members of the  
notorious Cook gang.

Early in the morning five armed men  
rode into Chandler and dismounted back  
of the Lincoln County bank, and three  
rushed inside, while two stood guard at  
the doors with Winchester. Two men  
covered the president, Harvey Lee, and  
his brother, the cashier, and demanded  
that they turn over the cash, while the  
third rushed into the private office, where  
Teller Hoyt was seriously sick, and com-  
pelled him to walk to the safe and at-  
tempt to open it. The men on guard called  
out that it was time to go, and the three  
men grabbed between \$500 and \$700 lying  
on the counter and ran out to the horses.  
In the meantime the guard at the door  
had shot and killed J. M. Mitchell, a bar-  
ber, who attempted to give the alarm.  
The bandits had scarcely passed out of  
the city when a posse started in pursuit.  
A battle was fought for nearly fifteen  
minutes, when one of the robbers was  
shot through the hip and the others scat-  
tered and disappeared in the hills of the  
Creek country. The wounded robber gave  
his name as Ernest Lucas, aged 31.

**Held on a Charge of Infanticide.**  
NEW YORK, Aug. 1.—What appears to  
be a mysterious case of infanticide de-  
veloped last evening at the Cosmopolitan  
hotel, corner of Chambers street and West  
Broadway. It appears that on July 23 a  
good looking young woman came to the  
hotel and asked for a room. She was re-  
ceived as a guest and, according to the  
police, gave her name as Lena C. Dowling,  
or Gallagher. She registered as coming  
from Port Jervis, N. Y. On July 28, she  
became suddenly ill, and a child was  
born. The body of this infant was found  
last evening in a box in the young wom-  
an's room. Whether the child was born  
alive or not the police were unable to de-  
termine. Miss Dowling is a prisoner at  
Bellevue hospital.

**Governor Rich Renominated.**  
GRAND RAPIDS, Mich., Aug. 1.—The Re-  
publican state convention yesterday re-  
nominated John T. Rich for governor on  
the first ballot. The other nominees are:  
Lieutenant governor, Alfred Milnes; sec-  
retary of state, Rev. Washington Gard-  
ner; treasurer, James M. Wilkinson;  
auditor general, Stanley W. Turner; at-  
torney general, Fred A. Maynard; land  
commissioner, William A. French; super-  
intendent of public instruction, H. R.  
Pattengill; member of the board of educa-  
tion, Perry F. Powers. Plungee men de-  
clare that the Detroit mayor's friends  
will have an opportunity to vote for him  
as governor. They say they will bring  
him out as an independent Republican  
candidate.

**Mysterious Deaths in a Vineyard.**  
FRESNO, Cal., Aug. 1.—Mysterious death  
lurks in a big vineyard near Collins. On  
July 23 Mrs. I. M. Jacobs, cook for the  
vineyard employes, was taken suddenly  
ill and died within twelve hours. Two  
days later Superintendent King was  
stricken with a similar malady, and will  
probably die. On Sunday last A. Peter-  
son, a vineyard workman, was taken ill  
in the same manner, and died within  
thirty hours. Physicians declare that both  
deaths were due to paralysis of the heart,  
and that King is also stricken with a se-  
vere affection of the heart. The local  
medical fraternity is greatly puzzled.

**Charged with Robbing the Church.**  
LITTLE ROCK, Aug. 1.—J. B. Suttler,  
well known in this city for many years, a  
bank and Sunday school superintendent, a  
Populist leader and editor, is said to be a  
defaulter. A short time ago Suttler went  
to Austin, Tex. When he left he was, it  
is alleged, a defaulter to the state board  
of missions of the Little Rock conference  
of the Methodist Episcopal church, of  
which he was assistant treasurer. The  
exact amount of his shortage is not known.  
Suttler is also charged with embezzling  
the funds of the Winfield Memorial church  
in small amounts. He denies the charges.

**A Farmer's Ghastly Find.**  
LIMA, O., Aug. 1.—A horrible find has  
just been made by a farmer about four  
miles south of the city along the Ohio  
Southern road. The dry grass was ig-  
nited by sparks from a passing train, and  
the flames continued to a large pile of  
underbrush, where they were checked after  
a hard fight. Concealed beneath the rub-  
bish was a wash boiler, and while lifting  
it the bottom fell out, revealing the re-  
mains of two infants. The flesh in places  
was burned from the bones, and to judge  
from their size the babes were twins.

**Terrific Cloudburst and Hailstorm.**  
HILLS, Minn., Aug. 1.—The territory four  
miles west of here near the Dakota line  
was visited by a terrific cloudburst.  
Water stood four feet on the level, and  
did great damage to grain in the stock.  
The cloudburst was followed by a heavy  
hailstorm, which trashed out the wheat  
in the shock and cut down hundreds of  
acres of corn. Hail laid in winrows eight  
inches deep. The damage by hail and  
water is enormous to barns and houses, as  
well as crops.

**Ill's Commissioners at Washington.**  
WASHINGTON, Aug. 1.—The Hawaiian  
royalist commission, consisting of Messrs.  
J. A. Cummins, H. A. Wideman, Samuel  
Parker and Major Seward, arrived here  
last night. Mr. Parker said to a reporter  
that the object of their visit was to ob-  
tain President Cleveland's answer to the  
request for the restoration of Queen Lili-  
uokalani.

**More Strike Leaders Arrested.**  
ST. PAUL, Aug. 1.—Frank Keegan,  
Richard Morrison, Daniel Griffin, Ed  
Reeder and Andy Riex, labor leaders,  
were arrested yesterday, charged with the  
assault on the Milwaukee train a few  
nights ago. Their hearing was set for  
Aug. 3. Others arrests are expected.

**Engineer and Fireman Killed.**  
WINNIPEG, Man., Aug. 1.—At Field  
Station, on the Canadian Pacific, a loco-  
motive boiler exploded. Engineer Whis-  
tler, one of the oldest drivers in the com-  
pany's employ, and Fireman A. Hunt,  
who has been on the road but a short  
time, were instantly killed.

**Working on Half Time.**  
HARTINGTON, Pa., Aug. 1.—Orders have  
been issued by the Cross Creek Coal  
company putting the employes in all the col-  
lieries belonging to the company on half  
time. Nine thousand men are affected.

**The Weather.**  
Showers; slightly warmer; southeasterly  
winds.
