

COLEMAN IS MADE TO EAT

Made from clarified oil, expressed from Cotton Seed—as pure and golden as the Southern Sunshine which produces it.

For convenience in handling, there is added to this oil enough beef suet to make it a semi-solid.

The combination of these two pure natural products makes Cottolene, a shortening and cooking fat, with which in healthfulness, cleanliness, flavor and economy, nothing in the world can compare.

IMITATIONS are MADE TO SELL

PARDRIDGE'S PLIGHT.

The Chicago Plunger Confined in an Inebriate Asylum.

FOUGHT ATTENDANTS FIERCELY.

It Required the United Efforts of Four Men to Install the Multi-Millionaire in One of the Cell Rooms Reserved for the Worst Patients.

CHICAGO, Aug. 13.—Strapped down to his bed, imprisoned by barred windows and locked doors, in a barren room on the fourth floor of the Washington Home, Plunger Ed. Partridge, who on Monday threw the Board of Trade into a turmoil by lighting with a doorknocker, is undergoing a most rigorous treatment for alcoholism. He was taken to the home by his son, who was assisted by several friends. The nervy speculator was placed in charge of the doctors only by main force. He became violent when he was being searched preparatory to a protracted stay, and it required four attendants to carry him up stairs and install him in one of the cell rooms which are reserved for the worst patients.

Partridge is one of the most prominent of the Chicago Board of Trade operators, accounted a multi-millionaire, the proprietor of one of the largest dry goods stores in the city and an operator of remarkable nerve. For months he has been on the bear side of the wheat market, and his winnings on "change for the last year are said to reach into seven figures. Partridge has frequently of late worshipped freely at the shrine of Bacchus and has created several scenes on "change. A few days since he appeared on the floor in an untidy condition and threw money broadcast about the pit, raising such an uproar that he was suspended for sixty days. On Monday he attempted to go on the floor, and after a fierce fight with a doorknocker was finally carried from the building.

At the Washington Home Mr. Partridge succeeded in creating as much excitement among the inmates as he did on "change. Immediately upon his arrival he was handcuffed and placed in a box-like apartment, with three blank walls and a grated window left to his gaze. When the physicians and guards left him, however, he put at naught their efforts to tie his hands and feet. One little article on his person was overlooked by the custodians in searching him—a large locket attached to his watch chain. When the guards left him he managed to squirm around so as to reach and unfasten the locket. This contained a small knife, with which he proceeded to cut his bonds. He soon parted the leather handcuffs and soon broke the leather strap tied around his neck.

Partridge jumped up to the window and yelled down at the crowd: "I am Ed. Partridge; you know me; they are trying to rob and kill me; I'll give \$500 to the man who will get my lawyer. For God's sake help me." As he continued his entreaties he grew more and more excited, and said: "If one of you will get my lawyer for \$500 I will give you \$200, \$300, \$400, \$500, \$600, \$700, \$800, \$900, \$1,000. Hurry up, for the love of Heaven. They are going to kill me. I'll give you one half my fortune if he will get my lawyer."

The attention of the guards was attracted by the fearful yelling, and two of them went to the "plunger's" room to subdue him. The latter, when he heard steps in the hall, made ready to brain some of his captors. He stood with a heavy wooden chair uplifted in his hands. As the door opened and the head of the first guard appeared he brought his weapon down with a crash. The guard dodged just in time to escape the blow. Partridge was then bound in his bed.

The employees say that Partridge's is the worst case they have ever had to handle, and they were all much relieved when he had been finally strapped down. Superintendent Summerville was not inclined to be reticent about his patient. "Yes," said he, "Mr. Partridge is confined here, suffering from a severe case of alcoholism. He is by no means tame, and that is reason in itself for isolating him. But would make him worse to see his relatives."

"Does his mind seem at all affected?"
 "Yes. In fact his trouble now seems to be due more to a temporary derangement than anything else."

Last evening Attorney J. E. Deakin appeared before Judge Dunne with a petition for a writ of habeas corpus to compel T. Summerville, manager of the Washington Home to produce Partridge in court. The petition recited that the noted plunger was being held a prisoner in the Washington Home against his will. Mr. Deakin handed the court a crumpled scrap of paper, on which was written: "Go to Judge Prendergast and get me out of here at once. Give the bearer of this \$100. Ed Partridge."

Mr. Deakin, who is a law partner of Judge Prendergast, explained that this note had been picked up by a man who saw it thrown from a window of the Washington Home. The note was taken to Judge Prendergast's office and turned over to Mr. Deakin. Judge Dunne granted the writ and made it returnable today.

Partridge left the home last night in charge of friends. Manager Summerville says his treatment was that usually accorded patients. He said he would answer in Judge Dunne's court.

On Trial for Accepting Straw Ball.
 NEW YORK, Aug. 13.—Police Sergeant James W. Jordan, Felix McKenna, George C. Liebers, Charles A. Parkerson and Hugh Clark were put on trial before the police commissioners yesterday afternoon. They are accused of extortion and accepting straw ball while serving at one time or another under ex-Police Captain Liberty, who, with two of his ward detectives, was recently found guilty on charges similar to those now preferred against the five sergeants named above.

An Unconfirmed Report.
 PRINCESS ANNE, Md., Aug. 13.—The startling rumor from Bridgeville, Del., that twenty-two persons were drowned by the capsizing of a sailboat near Deal's Island cannot be confirmed. Deal's Island is in Chesapeake bay, a short distance from the mainland, about ten miles from here, and people who arrived here today from Deal's Island know nothing of the reported disaster.

It would be well for some of our young men to ascertain whether their best girls have any special engagements for Sunday evening before keeping their walks. It is a pity to have a young man who has a sweetheart from attending singing school. This was done on a wager, which the young man won.

Another sprinter has issued a challenge for a foot race with any one in town. The challenger had better practice considerably before engaging in a race. He and another young man took a dash along the L. V. railroad on Sunday. The would be racer was given fifty yards start and was beaten 100 yards in a distance of 300 yards. His opponents was a prominent young business man of town.

Special Meeting.

A special meeting of the Borough Council was held last evening, the members present being Messrs. McGuire, Kane, Meluskey, Stout, McElhenry, James, Lamb, Strauchin, Gable, Kerns, Gallagher and Hand. The object of the meeting, as stated by the chairman, was the awarding of the contract for furnishing the 8,000 feet of pipe on the north side of the mountain. Representatives of the National Tube Works Company, of McKeesport, and the Pittsburgh Tube Manufacturing Company were present for the purpose of securing the contract. After thoroughly considering the propositions of each of the firms the contract was awarded to the McKeesport company at \$1.40 per foot, with a guarantee of 600 pounds pressure to the square inch. The contract so stipulates that the contractors shall furnish a competent person to superintend the laying of the pipes and the painting of the same on the outside. This is a reduction of about \$900 on the previous proposition by this firm, and a saving of that amount to the borough. The pump manufacturers say they will have the pumps placed in position and ready for operation by the first of September.

News that comes from a good source informs us that a certain middle-aged gentleman who writes "personals" for one of our town papers, has very recently used some very indecent language about a HERALD representative. May I ask this gentleman the reason why and on what grounds he treats me thus? I can go before any justice of the peace and take a solemn oath that I never ill-treated you in any way. You gave me some very good advice a few days ago and cautioned me not to go far, saying I might get the "horn." Thank you; and, being a believer in reciprocity, I will return the kindness by warning you that you might get the "horn" (as you call it). You're walking on thin ice and be very careful you don't break it. To make short work of you I will conclude by saying I can "do up" your employer and handle you at the same time for a side issue. Now, "hush."

BOUND TO BOOM.

Pottsville to be the Centre of the Electric Railway Systems.

The concessions made to the Schuylkill Electric Railway by the Borough Council of Pottsville will make the county seat boom as it has never boomed before.

There is no question that the Councilmen have acted wisely, as results will prove when the extensions are built. The outlying districts will be brought nearer and the value of property along the proposed lines will enhance rapidly as soon as it is known just where the road will pass.

There is plenty room for the growth of Pottsville and excellent sites for building purposes are plentiful.

With an active Board of Trade and liberal offers of manufacturing sites, etc., there is no reason why Pottsville should not become a regular manufacturing centre. It has every essential feature to make it such. Plenty of pure water and coal, as good railroad facilities as any inland town in the state, and any amount of capital handy.

With the extension of the electric railway system a greater Pottsville is possible, with Minersville, Palo Alto, Port Carbon, St. Clair and Yorkville under one municipal government.
