

A SURPRISE FOR PARIS

The Young Kaiser Now Proposes to Visit the French Capital.

HE WANTS TO GO NEXT YEAR

The Nervy War Lord of Germany Asks Ambassador Von Munster to Make Arrangements For His Reception - His Visit to ex-Empress Eugenie.

BERLIN, Aug. 19.—The visit of the emperor of Germany to the ex-Empress Eugenie after the recent review of troops at Aldershot camp, England, is the theme of general press comment. The universal opinion is that the relations between Germany and France have much improved, mainly owing to the emperor's various thoughtful acts of conciliation.

The surprising statement has been published that Emperor William has asked Count Von Munster, the German ambassador to France, to make arrangements for a visit of his majesty to Paris in 1895.

Emperor William's first public appearance in Berlin since his return from England was celebrated by a review of the garrison on the Tempelhof parade ground. For the first time Emperor William had the whole guard corps, a magnificent body of 30,000 men, together. The date was selected as a special compliment to the corps as being the anniversary of the battle of Gravelotte and Rezonville, gained on Aug. 18, 1870, by the combined armies commanded by King William of Prussia, the grandfather of the present emperor, over the French.

As usual, the whole fashionable world of Berlin witnessed the review, and many foreign princes and high military officers, with the tower of German soldiers, were present.

A Toast to Francis Joseph.

His majesty last evening gave a state banquet in the palace at Potsdam, which was attended by 350 guests, including many of the superior officers who had been present at the review. During the course of the banquet Emperor William proposed health to the Emperor of Austria. In offering the toast the Emperor said: "I drink to the health of Emperor Francis Joseph, my faithful friend and ally. Hurrah for his majesty!"

It is calculated that since the autumn review on Aug. 13, 1893, Emperor William, during his various journeys, has received 18,750 miles by land and water, and his activity shows no sign of decreasing.

There will be a grand parade on Sept. 16 during the army maneuvers, and Emperor William has expressed a desire to witness the same tableaux—portraying the history of east Prussia—as were exhibited for his grandfather in 1878. The annual naval review will take place at Kiel before Emperor William on Sept. 13.

A Plot Against the Kaiser.

It is stated that the arrest of Scherer on Aug. 18, who was wanted by the police for larceny, and who fired upon and wounded two of the officers who pursued him in the streets, was really a most important capture made in connection with the arrest of 79 other persons, all of whom are said to be desperate anarchists.

Boar Admiral Werner's book on the navy is creating a sensation. The admiral declares that it suffers from such a total lack of organization that in foreign countries it is held to be valueless, a state of affairs for which he holds Chancellor von Caprivi responsible.

He complains that from reasons of false economy the flags on German vessels are diminutive, requiring glasses to see them at any distance, while the smallest American, French and Russian craft, the writer asserts, carry gigantic flags which impress people.

A Tempting Bait.

Blackburne, Tarrasch, Walbrodt, Janowski and Berger are all booked for the international chess tournament which is to take place at Leipzig in September.

A local newspaper announces the impending arrival in Berlin of Miss Helen Carroll, who is described as a wealthy and pretty American heiress, and adds that all the German fortune hunters are consequently preparing for the warpath.

Colonel Karwiese of Louisville is here in order to place before capitalists and others the project of a new canal from the Atlantic to the Pacific in place of both the proposed Panama and Nicaragua canals. The colonel has high recommendations from congressmen and other prominent people, both in the United States and in England, and is trying to raise the necessary capital to carry out his plan and to interest prominent engineers in the work. The scheme, however, is regarded as chimerical.

Among Father Knapp's patents at Würzburg, Bavaria at present is Dr. Koch, who is trying the priest's water cure.

After Lindholm.

LANSING, Mich., Aug. 19.—Officers have left for Sweden to bring back Deputy Secretary of State Lindholm, who is charged with embezzling \$2,000 of the state's money.

The Alabama Returns.

MONTGOMERY, Ala., Aug. 19.—The Advertiser has full official returns from the state election held Aug. 5. Oates received 109,190 and Kolb 83,394; Oates majority, 25,796.

Forty Horses Cremated.

ASHBURY PARK, N. J., Aug. 19.—Michael F. Sexton's livery stable was destroyed by fire last night. Forty horses were burned to death. Sexton was only partially insured.

Three Fires at One Time.

FLORENCE, S. C., Aug. 19.—Three incendiary fires were started at the same time here last night. There is evidently an organized gang of firebugs in the city.

A Railroad Sold.

ATLANTA, Aug. 19.—The Georgia Pacific railroad sold under foreclosure, was bid in by C. H. Coster for \$500,000 for the Southern Railway company.

Colonel Ashkin Dead.

DENVER, Aug. 19.—Colonel John Ashkin, manager of The Rocky Mountain News, died yesterday afternoon of gastritis.

SAV THEY ARE BLACKLISTED.

Hundreds of Railroad Strikers to Leave the Country on Account of It.

ST. PAUL, Aug. 19.—As a result of their connection with the recent great strike, a large number of railroad men in this city are making arrangements to leave this country, claiming they have been placed on the black list on all the railroads and can secure no work, no matter whether there are vacancies or not. About 40 men have made preliminary arrangements to go to the Cape of Good Hope and Johannesburg, South Africa, and others are talking quite seriously of going to Brazil. Hard times here, work elsewhere and cheap transportation largely influenced them, although they claim that the principal cause is that they are marked men and have no chance whatever of employment in this country. The men are usually given a notice by each road for which they worked stating they have so worked, but in the notices now given many of them contain the phrase, "Left the service on account of the strike June 30, 1904."

The men have no other form of recommendation and say that this is simply a warning to other companies not to employ them. State Boiler Inspector Clark, who is a practical engineer, said these notices mean a "black list" pure and simple.

Firmen Olsen and Kerwin, formerly of the Burlington, have brought suit against that company on the charge of black listing. They claim they had secured positions on the Northern Pacific and later lost them because of letters from the Burlington.

State Boiler Inspector Clark is giving the men, for their use in foreign countries, a note stating their proficiency as engineers or firemen and with each a letter from Governor Nelson confirming their citizenship as Americans. Many of the engineers have secured certificates from Inspector Clark and will run threshing machines this year, while many others are looking for jobs on stationary engines. There are between 300 and 400 such men in St. Paul and as many more in Minneapolis.

Gladstone's Future.

LONDON, Aug. 19.—Mr. Gladstone has referred in private letters recently to the improvement of his general health, his eyesight and his hearing and has spoken as if he might soon resume public speaking. These utterances have encouraged the belief in some quarters that the old man might return to parliament and rescue his party from their predicament. This is unlikely, yet should he give more definite signs of his willingness to return, he would be received by the Liberals with open arms.

An Editor Ends His Life.

NEW HAVEN, Aug. 19.—Charles S. Vandusen, formerly night editor of a local paper, is missing and is supposed to have committed suicide. Owing to physical defects in his lower limbs, he was obliged to use crutches. A man of his description hired a boat Friday. Yesterday morning the boat was found with crutches and a pair of cuffs in it, which were said to be Vandusen's. He has been out of work for six months, and despondency is supposed to have been the cause.

Cholera Reaches Cologne.

BRUNNEN, Aug. 19.—The cholera commission is sitting again in order to consider the serious news that the scourge has not only spread to east and west Prussia, but that a couple of genuine cases have been found at Cologne. In east Prussia the new towns affected are Johannsburg, where there have been over 50 deaths, and Lyck and Allenstein. In west Prussia Altheim and Thoren are among the towns where cholera now exists.

Women Lashed by Women.

SIOUX CITY, Ia., Aug. 19.—Two dissolute women went from here to the little town of Dalton a few days ago. Last night about 60 women raided a business store, got at the whips, went to the house and drove the women through the streets, lashing them unmercifully, and out into the country, warning them not to come back.

Killed by Husband or Brother.

ALTOONA, Pa., Aug. 19.—During a fight between James McAvoy and his brother at Tunnel Hill, a small town 10 miles west of here, James' wife was shot four times and instantly killed while interfering in the drunken brawl. Both men have been arrested. It is not known which one fired the fatal bullet.

A Pathetic Suicide.

CHICAGO, Aug. 19.—H. R. Hess, a prominent attorney of Indianapolis, was found dead in his hotel here yesterday, having taken an overdose of morphine. Hess' suicide is supposed to have resulted from despondency, as a picture of his dead wife and a little shoe of a recently buried child were found on his pillow.
