## THE LOCAL WATER SUPPLY

### Progress of the Public Water Works Construction.

### ONE PUMP IS COMPLETED!

### Mr. Gallagher Says Water Will Run in Six Weeks—The Old Company's Commendable Precautions.

Councilman E. F. Gallagher, who is chairman of the committee on public water works, has returned from Jeannette, where he inspected the pumps which are being made for the works and made measurements required in connection with the order for the steel pipe which is to connect the Fowler's Run reservoir with the pumping station.

Mr. Gallagher says one of the pumps has been completed and will be shipped from Jeannette to-day. It will be delivered at Brandonville, the nearest point of railway connection, to the pumping station at Davis' Run. Mr. Gallagher also says that the second pump will be finished within a few days, that both will be put in position without delay and if the contracts for the manufacture, delivery and laying of the steel pipe are carried out all connection will be complete and the operation of the works will be inaugurated within six weeks.

While the chairman and other members of the water committee are enthusiastic over the prospects and firm in the belief that the works will be ready for operation within the time specified, there are a great many people who are just so firm in the belief that the operation will not materialize before the latter part of next spring, or first part of the summer.

The adherents to the latter belief point to the fact that the difficulty between Contractor Quinn and the Borough Council over the breach in the Davis' Run reservoir has not been adjusted and the breach is still there. It has been intimated that there is very little likelihood of Mr. Quinn repairing the reservoir at his own expense. He offered to stand half and this the Council rejected, at the same time giving notice to Mr. Quinn to repair the damage and if he failed to do it the borough would and charge the expense against the contractor. Mr. Quinn has not replied yet and should his answer be in the negative, when it does come, it may lead to complications.

Meanwhile the Shenandoah Water & Gas Company is enjoying a harvest of favorable public opinion. It is going about its business as if the public water works had no existence, and is looking after the interests of the community with painstaking diligence. The restrictions placed upon the company's distribution of water has resulted in keeping on hand a supply of pure quality and there is no room for complaint on that score during the hours the hydrants are in use. In addition to this the company has cut off the supply to the collieries altogether and these places must look to other sources for their coal supply. This step has contributed towards winning additional good will for the company.

Of course there are some people who will take the stand that the people are in no way under obligations to the company for the measures it has taken in behalf of the consumers and that if it did otherwise a lively fight could be made upon it under its charter, but all conservative people must admit that the course of the company is a magnanimous and judicious one which should be avoided, if it wished, and give the people a much worse supply than they are receiving. Water is scarce in all parts of the region and many places are complaining that the water is unfit to drink, but in the case of the Shenandoah Water Company the present course taken have served to keep on hand a good quality and a very fair supply. Taking everything in consideration, there are many worse corporations than the old water company.

## THE COUNTY CHAIRMAN.

### Republican Candidates Meet at Pottsville and Select Their Leader.

Special to EVENING HERALD. POTTSVILLE, Aug. 28th.—The Republican candidates met here this morning and elected Burd W. Payne, of Ashland, chairman of the Republican County Committee. Mr. Payne is a very prominent and active Republican. He has been teaching school at Ashland for several years and holds the position of Receiver of Taxes in that borough. He filled a term of one year in 1893 and was then re-elected for three years.

## An Officer Charged.

Policeman George Walz is being charged before the next meeting of the Borough Council with having last night severely beaten Raymond, the six year old son of Letter Carrier John Bartsch, with a cane, and without cause. Mr. Bartsch will make the complaint and present the names of the witnesses. It is said the blows left deep ridges and the shock rendered the child so ill that it vomited until two o'clock this morning. When the parents demanded an explanation the officer gave them no satisfaction other than, "He won't die."

## Foot Racing Match.

A match for a foot race of 100 yards has been tied between Wm. Woodward, of Ashland, and John Donahoe, of Shenandoah. The race is to be run at Mahanoy City park on Saturday, Sept. 8th, and the stake is to be \$100 a side. Eph. Griffith is to be referee and Jas. O'Brien, of Shenandoah, pistol fier. John Cunningham, of Girardville, is backing Donahoe, and John Connor, of Ashland, is backing Woodward. Connor is also stakeholder.

## Burglars in a Saloon.

At an early hour this morning burglars effected an entrance to the saloon of A. Seaman, corner West Centre street and Pearl alley, and stole cigars and liquors to the value of six dollars. They got into the place by forcing a transom over the rear door of the saloon.

## BASE BALL.

### The Harrisburgs will play here to-morrow and Thursday.

Shenandoah is scheduled to play two games with Hazleton Saturday, one here and one at Hazleton, but it is quite likely both will be played at the latter place. Musser's stock has gone away up. His fine hit over the center field fence and the bringing in of seven runs in two innings will make him the favorite hereafter when timely batting is required.

## NEW CHURCH MOVEMENT.

### A Congregation Organized at Free-land on Sunday.

### ITS DOCTRINES STATED!

### Rev. Dembski is the Pastor Called and Announces One of the Reforms He Will Institute.

The daily papers of the country have been devoting considerable space lately to the publication of details attending the establishment of an American Catholic church by the Poles and one of the latest articles stated that twenty thousand of the people had seceded from the Papal authority of Rome.

According to the accounts referred to the movement has been limited almost exclusively to the western and southwestern part of the country, but from information gleaned by the HERALD there is reason to believe that the movement is almost as strong in this state as in any other.

This is substantiated by developments in Free-land. On Sunday last three hundred people of that place organized to establish a congregation with the principles of the old Catholic church as its foundation. The information concerning the movement comes direct to the HERALD from people in authority.

The Free-land people who have undertaken to establish this church are said to comprise many of the most influential citizens of this town and, it is said, they will purchase for cash an edifice which was abandoned by another denomination.

According to the informant the doctrines of this new church will be: (1) No relation to the Romish church; (2) the people shall own their own church property and hold the deed for it; (3) the people shall have the right to choose their pastor; (4) the people shall have the right to read what books they please and the right to private conscience.

The people of Shenandoah will be especially interested in this movement upon learning that its pastor Father Dembski, who attained some prominence here last spring in connection with the troubles of Dr. Schulpes. He was a guest of the doctor's at the time and was in the funeral procession at the time the riot, which led to the libel suits, occurred.

It is stated that in accepting the call Rev. Dembski assured the congregation that he would institute a reform by declining to receive money for officiating at christenings and funerals, taking the stand that the charges in such instances is an imposition and frequently works hardships upon the people.

One of our local clergymen said last night in referring to the movement at Free-land, "While it would be natural for us to conclude from the sweeping professions of those engaged in this movement that they are becoming true Protestants (i. e. Christians), yet at the same time I am every day disappointed and surprised to call this a real Christian movement, as I see it. Every Christian movement has as its fundamental principle, the statement made by Paul, Gal. 2:20. 'A man is not justified by the works of the law, but by the faith of Jesus Christ alone.' They profess to return to the bible, but you see plainly that they may still not make Christ their ground of faith and hope. Of course we all herald such a movement with joy, for when a people rise at all it is a cause of rejoicing. But unless they come to see Christ in truth, they lack the fundamental principle of Christianity and Protestantism."

Mrs. Bridgman's classes in piano, cello and violin will open September 1, 8-15-94

## WAS KIDNAPPING INTENDED?

### A Sensational Story Which Comes From Over the Hill.

Special to the HERALD. MAHANOY CITY, Aug. 28.—Considerable excitement was caused on South Main street at about 9:30 o'clock Sunday evening by frantic cries for police by two young women. It appears that a young man who did not belong on the premises got into the house of Edward Stoeckel, the boiler manufacturer, and was discovered by Mr. Stoeckel's daughters, who gave vent to the cries which alarmed the neighborhood. The young man got away before the police arrived.

The strange part of the story is that a claim of attempted kidnapping is made. It is said that Mr. Stoeckel adores his youngest daughter, who is about eight years old, and should she be stolen from him he would spend all his money to recover her, if necessary. The intruder, it is said, to have been watching the child for some time and it is claimed the visit on Sunday night was a second attempt at kidnapping. It is also asserted that the young man is known and will be placed under arrest in a day or two.
