Retail Liquor Store

YUENGLING'S Stock and Fresh Ale, Draught Porter and Wiener Beer.
Best brands of Cigars and all kinds of Temperance Drinks.

There's many a splendid mansion
With turret, and tower, and dome,
That knows no peace nor comfort,
And never has proved a home.
I could not ask for splendor
To crown my daily lot
But give me a tidy kitchen
A cheerful, homelike spot.

A Kitchen Bright and Clean!

Is the tidy housekeeper's delight. Nothing contributes so much to this, and helps so much to relieve the drudgery of housekeeping, as a floor covered with OIL CLOTH and LINOLEUM. We have now in stock the largest assortment of Floor Oil Cloth and Linoleum we have ever shown, in new designs, and at Low Prices. We offer 1,000 yards of floor oil cloth. Two yards wide at 45 and 50 cents—one yard wide from 25 cents up.

A special bargain in Linoleum, two yards wide, at 75c.

Ready to Unload

Our stock of Carpets is full and prices have never been lower. Moquette Tapestry and Body Brussels in the latest patterns. NEW INGRAINS—All qualities and prices. Extra good value at 50 cents—lower grades at lower prices, and better qualities at Higher Prices. RAG CARPETS—A large assortment at low prices.

FOR SALE TODAY: Two cars Choice White Oats; One car Corn; One car Fine White Middlings; One car Brown Middlings; Two cars No. 1 Timothy Hay; One car Cut Hay; One car Baled Straw.

AT KEITER'S.

THE BOROUGH COUNCIL'S ACTS

An Amendment Made to the Lakeside Railway Ordinance.

OBJECTIONS ARE OBIVIATED

The Trestle Will Run on the Side of the Street, Instead of on the West Pavement Line.

A special meeting of the Borough Council was held last evening for the consideration of general business, the following members being in attendance: Messrs. Kane, Meluskey, McElhenny, Stout, Lamb, James, Galligan, Gable, Kerns, Gallagher, Dougherty, Hand and McGuire.

Sol. Foster, Esq., as counsel for the Lakeside Electric Railway presented an ordinance amending the ordinance granting the right of way to the railway company along Bowers street. The amendment was adopted. Messrs. Kane and McGuire asked to have their names recorded in the negative and Mr. Gable requested that his name be recorded in the affirmative.

The last amendment gives the railway company the right to change the line of the proposed trestle from the pavement line on the west side of the street to a line five feet and a half east of the west curb line. This will do away with the objections raised by Mrs. Yodkols in her suit for an injunction against the construction of the trestle.

Mr. Dewey, representing Mr. Womeldorf, the supervising engineer of the public water works, stated that to facilitate the pumping of water over the mountain it would be necessary to sink a well near the pumps. Council did not think a well would be required and decided not to adopt the recommendation for the present.

A. W. Schaeck and J. H. Pomeroy, Esq., after a conference, decided that an order that affixes in connection with the public water works should not become complicated, and as the borough had decided to repair the reservoir at Davis' Run and charge the expense to Contractors Quinn and Kerns, the contract had better be awarded to Robert McAdam, who has been doing like work for the contractors.

On motion of Mr. Gable it was decided that the work be placed in Mr. McAdams' hands with instructions that he keep a minute account of the number of men employed, the time worked and the wages earned, and render an account thereof at each meeting of the Borough Council.

Solicitor Pomeroy suggested that if the Borough Council proposed borrowing any more money to complete the water works it had better give the matter attention at once, as but a short time remained to prepare for the special election if Council proposed holding it at the general election.

Mr. Kane reported that the Finance Committee figured that there is \$32,300 due the borough from Receivers of Taxes for 1891, and \$18,000 due for 1892. By dealing direct with the manufacturers, in these immense lots he was enabled to buy cheaper than ever before. Clothing he bought at half what it cost him last year and hats at a little less than half. He will give his customers the benefit of these reductions.

After a motion by Mr. James that Council issue the necessary warrant to Receiver Scanlan for collection of taxes the Council adjourned.

Do You Want to Save Money?

Louis Goldin, of the Mammoth Clothing House, has just returned from a three weeks' trip among the clothing manufacturers of New York. He purchased fall and winter stock to the value of \$25,000 and hats to the cost of \$5,000. By dealing direct with the manufacturers, in these immense lots he was enabled to buy cheaper than ever before. Clothing he bought at half what it cost him last year and hats at a little less than half. He will give his customers the benefit of these reductions.

This stock is the best ever brought to Shenandoah, and includes the very latest styles in double and single breasted suits, also frocks and cutaways. Suits for men, boys and children. Finest knit suits and other styles for the little ones at half what you paid for them last year. Fine soft and stiff hats so cheap that you will laugh at the price. These he bought in large case lots from the factories and therefore can sell them cheaper to you than other dealers who give part of their profits to the jobbers. Any one in need of a suit or hat should go to the Mammoth Clothing House, as they can purchase suits at from four to five dollars cheaper than in other stores in town. Money is not so plentiful this year that you can afford to give \$4 or \$5 to some other dealer, when you can get the same quality suit of nobbler style at Louis Goldin's, largest clothing house in Shenandoah, 9 and 11 South Main street.

Child Run Over.

Ethel, the seven-year-old daughter of Charles and Katie Madans, of East Coal street, was knocked down and run over last night by a team belonging to William Newlander and driven by George Hess. One of the child's arms was broken between the shoulder and the elbow and she received a kick in the face, but the injuries are not dangerous. Witnesses of the accident say it was unavoidable as far as the driver was concerned.

McElhenny's Bill of Fare.

Snapper soup,
Oyster and clam soup,
Hard shell crabs,
Devilled clams,
Lobster salad,
Little neck clams,
Fresh and salt oysters.

Fraternal Visit.

The Y. P. S. C. E. of the English Lutheran congregation will be visited this evening, at 7:15 o'clock, by the Y. P. S. C. E. of the English Lutheran congregation of Mahanoy City. The latter will conduct religious services. All are invited.

They Are Going.

The big lot of 25 and 35 cent dress goods reduced to 19 cents are striking popular favor. The ladies appreciate a bargain and this line of goods is worthy of your attention.

L. J. WILKINSON,
29 South Main St.
Mrs. Bridgman's classes in piano, cello and violin will open September 1. 8-15-4m

CREEDEN'S DONKEY DIES.

He Met his Fate on the Lakeside Electric Railway Last Night.

There are few people acquainted with the general affairs of this borough who have not seen or heard of Creeden's donkey. He was a donkey who could not boast of either beauty, or suppleness of limb. All these qualities left him years ago, but that did not deter Dennis J. Creeden and Jimmy Shields from paying a dollar for him when a spunky brought the poor, old, broken-down "donk" into town last summer.

For the first few days after the purchase Creeden and Shields sported about town in great shape in a 1776 spring wagon drawn by the spunky "donk." One day they had the outfit photographed. That broke the donkey's heart and he refused to even walk after he saw Creeden frame the photo.

The poor old donkey brooded so much over the photograph that the syndicate could not have the least bit of fun with him and it was decided to turn the poor old fellow out to pasture on the curb banks. Sulphur diamonds were rich for the donkey's blood and he drifted into Jackson's. He was not in the settlement two hours when a man of the place known as "Old Witchie" staked out a claim on him. Creeden and Shields made no protest.

Witchie worked his claim for all it was worth and with the aid of a sled succeeded in putting in a good store of coal for the coming winter. Last night the old donkey selected the Lakeside Electric Railway track as a bed. He rested his body on a heavy grade between High Point Park and Bowmans'. At about nine o'clock a cruel riel-wheeler descended the grade and crushed the poor old life was left in Creeden's "donk," but the victim had the satisfaction of throwing six wheels of the car off the rails and delaying traffic on the road for about an hour.

The motorman of the car says the donkey passed off almost like a human being and he distinctly heard sounds like, "I have done my duty to mankind and if I do not feel content with what they took out of me in life they can take the balance out in glue." Creeden and Shields held no insurance on the faithful steed.

Admission to the minstrels at Columbia park, a dance, and car fare both ways on the Lakeside Electric Railway Friday night for only 10 cents.

MINE AND SURFACE SURVEYING.

A Civil Engineer Meets a Puzzler in Brussels Carpet.

"You fellows may be all right in the mines," remarked a business man of town to a well known Lost Creek civil engineer at the Lehigh Valley depot this morning, "but your glasses don't seem to fit when you get them on surface properties."

"How's that?" asked the engineer.

"Why, I know of cases where surveys of properties had to be revised time and again," was the reply.

"It all depends upon circumstances," the engineer said with a smile. "The other day my wife asked me to measure a room for Brussels carpet. I did so. My wife has great confidence in my ability and when I gave her the measurements she never questioned them but ordered the carpet and had it sewed. When the man put the carpet down it was found nearly half a foot short. I had only measured two sides of the room and upon measuring the four sides after discovering the misfit I found the room was built four inches wider at one end than at the other."

"But speaking of mathematics," continued the same engineer, "I was asked one day to carry an old empty trunk up into the garret. I shouldered the receptacle and hustled it up two flights of stairs in a jiffy, but when I got to the stairway leading to the garret I was struck. The trunk was too wide for the stairway. I turned and tumbled the trunk in every conceivable way, but could not get it through the opening. I measured the height, length and width of the thing and compared the measurements with the width of the stairway, but without effect. I was puzzled and withstanding I knew that trunk had been in the garret before. While I was puffing, perspiring and pondering, the gardener came upstairs and asked in that always provoking way, "What's the racket about—can't you carry the trunk up?"

"I wasn't in a humor to be twitted and I answered sharply that I could carry the trunk with him in it, but I couldn't get it into the stairway."

"O, that's easy enough," said the gardener. "I've swung open the lid and slipped the trunk up to the garret as slick as a stick of candy shooting into a boy's mouth."

Water Notice.

On account of the continued drought the supply of water will be turned off at 6 p. m. to-morrow, Saturday, September 1st, 1894, and remain shut off until 7 o'clock Sunday morning, when the water will be turned on until 3 a. m. After that hour the water will remain turned off until 4 p. m. and remain in force from that time until 6 p. m. This arrangement will give the people a water supply two hours in the evening and two hours in the morning and will remain in force until the reservoirs are replenished. A watchman will be stationed at Fowler's lumber yard, on East Coal street, to turn on the water at a moment's notice in case the fire alarm is sounded.

S. D. Hess, Superintendent.

To-morrow a Holiday.

As to-morrow will be Labor Day, and a legal holiday, all the collieries will be idle and the banks and most of the business places will be closed. There is hardly a town in the county which has not prepared for the occasion and will go to Mt. Carmel to visit friends and enjoy the celebration as sightseers.

Feeley's Cafe.

Largest schooners in town. Choice lunca at all hours. Music. 30 North Main street, Shenandoah. 8-15-4m.

NOTES OF THE DIAMOND

The Home Team Drops Back Into Fifth Place.

HUSTON MAKES A PROTEST

He Claims His Club Forfeited to Shenandoah Under a Misunderstanding.

The game forfeited by Harrisburg on Wednesday put the Shenandoahites in fourth place, they passing Reading, and the second game forfeited put the club in a position to take third place had Lancaster and Reading lost yesterday, but the latter clubs held their own and the coal diggers were obliged to again take the place they dropped to on Monday last.

To-morrow the Shenandoahs play two games with Hazleton and judging from the past experience, stand a good chance for losing both; but if such should be the case the coal diggers will still hold fifth place in the race. As Asherton and Stewart, late of the Demosites, join the club to-morrow morning they may take part in the game and help bring about a showing from the past. Both are said to be excellent players, Asherton enjoying the reputation of being at home at any point of the diamond.

Referring to the two games forfeited to the home team by the non-appearance of the Harrisburgs on Wednesday and Thursday a dispatch from Harrisburg to the Philadelphia Times says: "The Harrisburg club refused to go to Shenandoah to-day to play a scheduled game with the team in that town because the latter's manager arranged with Manager Huston, of Harrisburg, to play two games to-day. In accordance with this arrangement Harrisburg did not appear at Shenandoah yesterday. As the agreement made was violated by the Shenandoahs claiming a game, Manager Huston refused to play to-day."

In connection with the above Manager Brennan told a HERALD reporter that Manager Huston was laboring under a misapprehension. An agreement was made with Huston at Reading that if Shenandoah could arrange a game with another club away from home for Wednesday the Harrisburgs would play two games here on Thursday. If Manager Brennan did not succeed in making the other date the Harrisburgs were to play here on both days. If Manager Huston received a dispatch that the outside date had been made he was to come on here Thursday. In the absence of notification he was due here on Wednesday.

OTHER LEAGUE GAMES.

DIAMOND DOTS.

The Shenandoah players had four days off this week.

The Harrisburg proposition is meeting with great favor.

The many State league vacancies to-day were due to the double date schedule for Labor Day.

Stephenson, the deaf player, has been released by the Philadelphia and signed by the Harrisburgs.

Swift, late manager of the Scrantons, has already signed five players for next year's Carbondale club.

Pottsville and Hazleton are the only two State league clubs playing to-day. They play a postponed game at Pottsville.

The cloudy weather would have had a bad effect on the base ball attendance yesterday and it is well the Harrisburgs didn't come.

King Kelly claims to have lost \$2,500 during his connection with the Altoona club. He says he spent it in adding to the improvements in the park at that place. If the King's statement is true it goes upon the record as his first substantial investment and is but a small item compared with the investment he has made in his stomach during his career upon the diamond.

Laid at Rest.

The funeral of the late George Lambert, Sr., took place this morning from the family residence on East Lloyd street. High mass was celebrated in the Annunciation church and the remains were interred in the Annunciation cemetery.

The Other Day

We saw an advertisement wherein a tub of butter is represented as a living being, and strengthened as to hold out a 500 pound weight at arm's length. That's not the kind of butter we sell, ours is not strong. It's sweet, and we have lots of it.

Graf's

122 North Jardin St.

A GOOD PROSPECT.

High Point Park May Have a Brilliant Future in Store.

If the proper judgment is exercised by those in authority High Point Park may yet become the leading pleasure resort of this region for both the summer and winter seasons. The lease is held by the Washington Hook & Ladder Company of Mahanoy City, but the popularity it has acquired has been won through the energetic and enterprising methods of the Lakeside Electric Railway Company. The latter sees a big thing in the park if it is properly arranged and regulated and has made several propositions to the leaseholders, who appear to be somewhat indifferent. The railway company proposes to furnish the park with water, enclose it with a fence, erect a pavilion similar to that at Lakeside, and scatter about the grounds a Ferris wheel, toboggan slides, flying horses, and other means of amusement for both old and young. It is estimated that these improvements will cost between \$7,000 and \$8,000. The railway company is disposed to make them, but it does not want to be placed in the position of having done so and run the risk of any whim of the company holding the lease. Therefore the railway company has made three propositions to the fire company (1) the railway company will make all the improvements providing the fire company will assign its lease to the railway company, the lease to be re-assigned as soon as the fire company can pay the actual cost of the improvements; (2) the railway company will make all improvements providing the fire company will assign its lease to the railway company, the lease to be re-assigned as soon as the fire company can pay the actual cost of the improvements; (3) the railway company will take the property off the hands of the fire company and make all improvements, at the same time paying the fire company \$100 annually over and above its ground rent and expenses in connection with it. In all of these propositions the proviso is made that the fire company may have the grounds free of charge at such times as it may have a picnic of its own. These propositions are now under consideration.

PERSONAL.

M. H. Kehler and family arrived home from Erie this morning.

John Wilde left town last evening for his home in Clinton, Iowa.

Mrs. John F. Finney and Miss Mame B. Boyer are at Eagle's Mere.

Letter Carrier John R. Boyer has returned from Watkins Glen, N. Y.

Miss Maggie Jacoby returned home after spending several weeks at Ocean Grove.

Rev. Robert O'Boyle has returned from his two weeks' vacation in Lancaster county.

Town Clerk Cardin and Councilman Dougherty went down to the county seat this morning.

Miss Addie Jones, of Dupont, Litzern county, is visiting her aunt, Mrs. Hart, of North Jardin street.

Dr. John H. Davis, of Dudley, N. J., is visiting his old-time friends in several towns of this county.

Elmer Tempest returned to Philadelphia today, after spending a few weeks in town with his relatives.

Misses Mary Goodman and Lou Bessler, of Port Carbon, are the guests of Miss Carrie Beck, of North Jardin street.

Phildor Betz, the active and genial superintendent of the Lakeside Railway, paid a visit to the HERALD office this morning.

P. P. D. Kirlin returned home to-day after spending a few days at the National convention of the Knights of Pythias, at Washington, D. C.

Henry Shaffer, the genial and hustling manager of Keiter's store, and T. R. Edwards returned to town last night after a ten-day vacation at Ocean Grove.

Manager T. J. Mayberry, of the Shenandoah Beef Company, has returned from a visit to relatives in Boston. Mrs. Mayberry will remain in her former eastern home for several days.

Miss Annie Stein and Guy C. Keiper departed to-day for the Millersville State Normal school to take a two years' course in the higher branches. They were accompanied on the journey by William Stein, Jr., who will return to his home next week.

Frank Bennett, a coal operator of The Mines, Iowa, and Father Harkins and John McCann, of Philadelphia, who spent the past few days as guests of town friends and devoted most of their stay to visiting the mine and inspecting the system of operations, left for Philadelphia this morning. They were delighted with their visit. Mr. Bennett was especially well pleased. He operates a soft coal mine in Iowa and deals in anthracite coal. He says the latter coal sells at from \$10 to \$13 a ton in Des Moines. It is Pennsylvania coal.

Medlar Arrested.

SPECIAL TO THE HERALD.

MAHANAY CITY, Aug. 31.—A message has been received here stating that Howard Medlar, the Lakeside Electric Railway conductor who disappeared on Monday night, has been arrested at Philadelphia on complaint of Capt. Bailey, one of the railway officials. It is generally believed that the case will be speedily settled as Medlar's indebtedness to the company is only a little over ten dollars and there does not seem to be a disposition to have a law suit over the trouble he had with Patrick Welch, the motorman.

P. & R. to St. Clair.

For the accommodation of persons wishing to attend the parade and picnic of the Irish Catholic Societies at St. Clair on Labor Day, Sept. 1st, the Philadelphia & Reading railroad will run special trains leaving East Creek at 11:05 a. m., and returning, leave St. Clair at 10 p. m. Round trip tickets only 65 cents.

Steam Renovating Co. call for, clean and deliver burrain and Brussels at 8c per yard; heavier carpets 4c. 32 E. Coal St.
