## OUR POSITION.

The Pottsville Chronisle found a fat b rd to pich in the editorial published by the HEHALD a few days ago regarding the method by which the Republicans se HENDERSON, Ky., Sept.  $\tau$ . — A party of frollosome young men living near Kirk-mansville, started to obariyari newly wedded Stephen Giles, a widower of 60 lected their county chairman, but it is unduly Jubliant when it jumps to the conclusion that the Republican party in this county is in a state of disruption. The methods complained of certainly much disatisfaction, but that th dissatisfaction is such as to threaten the welfare of the ticket in the field is a conelusion which is unwarranted. As to the position the HEBALD has taken in the matter the paper has no apology to offer, notwithstanding threats and other measures taken against it. It took the same stand last year and an attempt was made at punishment by withholding payment of bills fairly earned and justly due, but when the HERALD found the rules of the party were being violated again the attempt of last year did not detor it in performing what it considered a duty to the parts The Republicaus of the county can win a gloriote-victory in the absence of such mistakes as were made in the method of salecting a chairman, and when such mistakes show their heads the HERALD will rap them. Threats to withhold patronage will not deter the paper, but may prove boomerangs and the sooner certain candldates call off such rockless and silly "dogs of war." the soomer will they display the attributes which go to make up an intelligent campaign: The HEBALD will do its share towards securing a victory for the Republican ticket, but it will not consent, or allow liself to be drammed into any fight which requires a sacrifice of principle, or a violation of the roles of the party; and any mandidate, or friend of a candidate who thinks he holds a mortgage on the paper had better divest his brain of the idea, for it is a more delusion.

of medicine must take our doses. On a fair and conservative construction of the rules of the Republican party in this county we feel we are the doctor this time. We are in the fight for the whole ticket and will deem it our duty to elip the wings of any whom we have reason to believe are only in the field for a part of
