MEETING A DEMAND.

Compartment Cars on the Pennsylvania Limited.

The American people of to day are the best travelers in the world. They require the best accommodations, and it is the dim of the railroads and the sleeping car lines to supply them. Many people desire exclusiveness in their accommodations which has heretofore been provided in the drawing and state-rooms. The demand for the drawing-rooms is increasing, and in order to meet it the Pennsylvania Railroad Company has added to the already comprehensive and complete equipment of the Pennsylvania Limited a compartment car. This car, finished in the usually luxurious style of the Limited cars, contains two large drawing-rooms and seven state-rooms. The drawing-rooms contain a section and one lower berth, the state-rooms one section. Both have complete and individual lavatory arrangements.

In this carone may enjoy all the privacy of a hotel room, and travel almost as much secluded as in a private car.

The Pennsylvania Limited, leaving New York every day at 10.00 a.m., Philadelphia 12.20 noon, Washington, 10.50 a.m., Baltimore 11 do a.m., and arriving at Chicago 2.00 a.m. next day, is the only perfectly appointed Limited Express running between the Eastern cities and Chicago. aim of the railroads and the sleeping car
