

GETTING BABY TO SLEEP.

The Cradle Out of Date, but Cradle Songs Remain—Better Infant Food Brings Sounder Sleep, With Little Need of Rocking.

In the old New England Cabin at the Midway Pleasure, among the quaint bits of furniture there was an old-fashioned cradle such as busy mothers used to push with their feet while they hummed a soft lullaby.

The cradle is out of date and the tiny, lace-draped crib has taken its place. Cradle songs remain. No better ones have been written since mothers hushed their tired ones to sleep with "Rock-a-bye, Baby," and "Bye, Baby Bunting," but the art of infant feeding has gone far ahead of the old ways.

Mothers no longer give scraps to still babies' cries; little or no medicine is now given, but better food. Lactated food is now known to every mother. In the great majority of homes in this country and in Canada this best of infant foods has found a permanent place.

Next to healthy mother's milk it is the most perfect diet for infants.

Very often it is much superior to the natural breast milk, because it never becomes deficient in nutritive qualities. It cannot contain any source of contagion.

MARY C. RYLANDS.

It is perfectly prepared to be pleasing to the weak infant stomach. It quickly makes solid flesh and bone, and tides sickly babies over summer days and nights when cholera infantum and diarrhea threaten the lives of every poorly nourished child.

The greatest reproach to practical medicine has been the fearful loss of infant lives at every return of the hot weather. The attention of the whole medical world has been directed to this great subject of proper infant feeding, especially during hot weather.

Under the advice of the professors in the medical department of the Vermont university, more especially that of Prof. A. P. Grinnell, dean of the university, and Dr. S. M. Roberts, professor of diseases of children, and under the investigation and direct supervision of Prof. C. S. Boynton, the manufacture of lactated food was begun. It has saved thousands of baby lives and enabled thousands more to grow up strong and big and blessed with sturdy constitutions.

A host of mothers have to thank lactated food for the joy of seeing their drooping, silent, white-faced little ones turn to bright-eyed, charming babies, that eat and sleep and grow in a way to delight any mother's heart. Great numbers of such mothers have written that nothing else would agree with their children but lactated food.

A trial of less than two weeks will tell its own story in baby's weight, eyes, cheeks and spirits. Nursing mothers find lactated food just adapted to their peculiar needs. It nourishes both mother and child. And this is what one would expect from a knowledge of its rich, blood-making ingredients: using pure milk sugar as a basis, because it is also the basis of mother's milk; there is added the richest gluten flour of wheat and oats. These are subjected to high steam heat under pressure, and while in constant motion and perfectly cooked, the extract of the finest malt barley is added, making thus a partially digested food that is easily assimilated by the feeblest stomach.

Invalids and aged persons find lactated food the most grateful to their weak stomachs of any nutriment they can take. Here is the experience of the sweet baby girl whose portrait is given above. Her mother, Mrs. E. E. Reynolds, of Fair Haven, Vt., writes:

"Our little girl is a perfect picture of health, having used lactated food since she was two months old. She has always been perfectly well and we think it is largely due to the food."

WASHINGTON'S FATAL FIRE.

The List of Dead Victims Now Believed to Number Seven.

WASHINGTON, Sept. 19.—From present indications, the fire which destroyed the Stumph Bros. mattress factory and a number of adjoining buildings on Monday is second only in its fatal results to Washington's greatest disaster in recent years, the collapse of the Ford's theater building. It is now believed that seven people lost their lives, and the body of one of those is supposed to be in the ruins. Six bodies have been recovered, the last one being taken out last night.

The identified dead are J. E. Vaux, white, aged 34, married, clerk, died at the Emergency hospital from injuries received by jumping; W. P. Tenyson, white, aged about 35, widower, mattress maker; Willie Ashe, white, aged 15, Robert Reitzell, single, aged 21. The other bodies of men were recovered, but have not been identified.

The building inspector says he had ordered fire escapes put in, and this was "just going to be done." This disaster, following many others, is calling serious attention to the defects of building inspection in the national capital.

Pitched Battle with Gambler.

CHICAGO, Sept. 19.—A pitched battle between Pinkerton men and the attacks of Harry Varnell's gambling house at Madison avenue corner was fought yesterday afternoon during a raid on the place.

Varnell is one of the largest gambling houses in the city and was well filled when a score of detectives, headed by "Mat" Pinkerton, entered the place. The occupants of the house armed themselves with chairs and other weapons and charged the intruders. The officers resisted the attack, and for fifteen minutes the air was full of chairs, clubs and profanity. Many of the combatants were knocked down, but no one was dangerously hurt. The detectives finally conquered, making numerous arrests, and the Varnell people retreated by causing the arrest of "Mat" Pinkerton. Varnell is ex-warden of the county poor house and has served a term in the penitentiary for "boozing."

Soldiers for Defense, Citizens for Liberty.

PARIS, Sept. 19.—President Casimir-Périer yesterday gave a breakfast to the higher officers who are taking part in the military maneuvers at Vanjourns, and made a speech to his guests. He said: "By my presence here I wished to show that the public powers of the entire nation follow with passionate interest and confidence the efforts of the leaders of the soldiers of France. To you the republic trusts her honor. She confides her future and her flag to those who, like you, cherish all that makes the hearts generous and wills strong, and prepares soldiers for defense and citizens for liberty."

Serious Charges Against a Pastor.

SCHANTON, Pa., Sept. 19.—Startling charges have been made against Rev. A. Lange, pastor of the Hickory Street Presbyterian church, of this city, by a prominent young lady of his congregation. The elders of the church have asked for his resignation, which will be presented at a general meeting of the congregation this evening. Some of the members of the parish decline to accept his resignation, while others demand it. The young lady who made the charge says she will reveal shocking facts if she is permitted to do so before the board of elders.

An Exciting Yacht Race.

NEW YORK, Sept. 19.—The New York Yacht club's autumn sweepstakes regatta was sailed over the cup course outside of Sandy Hook in a spanking breeze and heavy sea. A finer contest than that between the Emerald and Ariel, which the former won by only fourteen seconds over a thirty triangular mile course, has seldom been seen. The finish was so close that the result was in doubt until the official returns showed that the Emerald had won by fourteen seconds. Ariel takes the second prize of \$100, and Queen Mab wins the prize for speed, \$50.

Will Not Yield to the Pops.

ROME, Sept. 19.—The Tribuna publishes an inspired interview with an intimate friend of Prime Minister Crispi, in which the friend declares that Signor Crispi has always believed in a supreme being, and says that at Naples the premier invoked the deity as the symbol of morality and justice against the ideal of destruction and crime embodied in anarchism. It is added that Signor Crispi will never bend to the Vatican, and that he is convinced that an agreement between Italy and the pope is impossible.

The Lehigh Valley Strikers.

HARRISBURG, Sept. 19.—The convention of the Brotherhood of Locomotive Firemen is still debating the proposition to raise funds for the relief of the idle firemen who went out in the Lehigh Valley strike last year. Several plans have been considered, but no conclusion has been reached. The opponents of Vice Grand Master Hannahan are working incessantly to prevent his re-election, and it looks as if they might succeed. Debs is doing all he can to prevent Hannahan's defeat.

Governor Flower Not a Candidate.

ALBANY, Sept. 19.—Governor Flower yesterday announced that he would not be a candidate for re-election for governor. He made known this determination to the Associated Press correspondent after a long interview with Senators Hill and Murphy.

JAPAN'S GREAT VICTORY.

Latest Reports Greatly Increase the Loss to China's Army.

LONGKING, Sept. 19.—A private telegram received at the Japanese legation here gives the loss of the Japanese at the battle of Ping Yang as being eleven officers wounded and six soldiers killed.

Every hour adds to the crushing character of the Chinese defeat. The first estimates were under the actual facts, and the total of the Chinese losses during the two days' battle is now said to be over 17,000 men killed, wounded and prisoners. The Japanese cavalry is continuing the pursuit of the Chinese who succeeded in escaping, and detachments of troops continue bringing in squads of captured Chinese.

Those of the Chinese prisoners who were not wounded were paraded in a circle of Japanese troops, and it was seen that they numbered 14,500. It is probable, however, that this number will be increased during the next few days.

Besides General Tao Fong Wei, commander-in-chief of the Chinese army, who fought desperately to the last and surrendered only when he was badly wounded, the Japanese captured four other important commanders of the Chinese forces, namely: General Tao Paok Wai, General Wei Ink Wai, General Nanyu Kow Eng and General Sei Kin Lin, practically all the effective Chinese staff.

A naval engagement has taken place off Yalu, where the Chinese squadron was covering the landing of a large force. The landing was effected with success, but in the meantime a Japanese fleet attacked the Chinese vessels. In the fight which followed the Chinese flagship Chin Yuan was sunk by the fire from the attacking fleet. One other Chinese ship is reported to have been sunk. The Japanese are also reported to have sustained a heavy loss, three of their vessels having been sunk by the fire from the Chinese. Admiral Ting and Major Hannekin are reported to have been killed during the action.

The Opposition to Tillman.

COLUMBIA, S. C., Sept. 19.—The anti-Tillman convention adjourned yesterday without making any nominations, the vote being 180 against and 194 in favor of nomination. Resolutions were passed demanding of the state convention the adoption of the Chicago platform and a declaration of loyal allegiance to the Democratic party, the repudiation of the action of the state convention of 1892, which adopted the Omaha platform as the principles of the Democratic party of the state, and that no nominations be made of persons not in full accord with the Democracy or who acknowledge allegiance to the Populists. An executive committee was appointed to call the anti-Tillman convention again should the state convention fail to carry out its demands. The state convention meets this afternoon. John Gaty Evans will be its nominee for governor.

A BIG STEAL ALLEGED.

Arrest of an ex-Philadelphia Banker for Seven Years.

NEW YORK, Sept. 19.—Charles F. Phillips, banker, of 33 Wall street, was arrested yesterday by a warrant from Philadelphia charging him with embezzlement and appropriation to his own use of \$100,000 of deposits. The offense is alleged to have been committed in Philadelphia seven years ago, when Phillips was president of the Columbia Savings bank there. No effort has been made to bring him to account until yesterday. He was taken to Philadelphia.

It was said that an examination of the bank's affairs after the failure disclosed the fact that a large amount of money had been misappropriated and that Phillips had disappeared soon afterwards. It was learned that he had gone to Europe, and nothing was ever done in the matter until recently, when it was discovered that Mr. Phillips was doing business in this city, and the proceedings against him were revived.

When a reporter called at Mr. Phillips' office W. C. Boone, one of his business associates, stated that the arrest was an outrage, and that the charge was a trumped up one.

"Mr. Phillips," he said, "was as much surprised as any of us when the warrant was served on him, for he is perfectly innocent of the charge. The story that he is a fugitive from justice is absurd. Why, he remained in Philadelphia for several months after the bank failed in 1887, and nothing was ever breathed against him. Then he went to Paris, and was in business there for two years, after which he returned to this country, and has been in business here for the last three years."
