Notice! Hereafter all political advertisements, etc., MUST BE PAID FOR IN ADVANCE. This is imperative, as the management has experimented long enough and finds that collections for this kind of work are more easily made at the time the contracts are made than at any other time.

OWDA pays her soldiers a dollar a month, and they have been earning about that sum.

When the New Zealander takes his seat on London bridge to view the ruins of St. Paul's he will see a representative of the Reading over there trying to borrow money for a reorganization scheme. All that is wanted for the present scheme is \$10,000,000.

There is no alarm on the European exchanges lest the czar die and his son and successor involve the nations in war. That son has not courage enough to get married, having had the wedding postponed twice and is expected to have it postponed again.

LOUISIANA is apparently destined to the honorable distinction of making the first break in the Solid South. The revolt of the planters and the formal transfer of their political allegiance to the Republican party mark the beginning of the end of the treason and un-American sectionalism in party affairs which for more than twenty years has stood as a barrier to Southern development and progress.

The Louisiana uprising against the Democracy is a state movement, pure and simple, free from any semblance of suggestion or interference from outsiders, and it is inspired and supported by an intelligent conviction that the material interests of the people must depend for their protection and advancement upon the principles and policies of the Republican party. The business sense of the state is in rebellion against the leaders and dogmas of the Democratic party, and before its sturdy attacks the Solid South is in a fair way to go to pieces, never to be restored again.

The one element upon which the future of business must now depend is the condition of retail trade. There has been a comparatively large distribution by manufacturers, and wholesale dealers have been and some are even now crowded with work in the delivery of goods. In great measure the sales have been to replenish stocks which have been unusually depleted and broken by many months of extreme caution, and there have also been moderate sales to meet the anticipated needs of the fall and winter. But from every quarter

much conservatism of spirit is reported, with limited buying in excess of visible requirements. If retail trade now moves briskly, so that stocks in hand are rapidly distributed, larger orders for goods will gladden the manufacturers and the wholesale dealers, but if not, the reaction will be the more perceptible because of the active business of a few past weeks. The reports of commercial agencies are fairly encouraging. The Clearing House returns from all the principal cities show a gain for last week of 14 per cent. over last year, but a loss of 24 per cent. compared with 1892, and for September there is 9 per cent. compared with last year, but in comparison with 1892 there is a decrease of 25 per cent.

Do the managers of the Trust think that the people of this country are blind, stupid, utterly without memory and totally bereft of reason? If they do imagine so, it is the duty of the people to teach them their mistake, and the place at which to do this is the ballot box. The people owe them and their corrupt allies of the Democracy a tremendous drubbing for the work done in Wall street and Washington during the summer, and they owe the joint conspirators additional chastisement for this latest piece of callous greed.

COWARDLY CHINESE SAILORS

It is believed that several officers will be beheaded. SHANGHAI, Sept. 25.—The Chinese naval officers at Port Arthur and Tientsin are squabbling among themselves as to the responsibility of the terrible Chinese losses in the naval battle off the Yalu. A court of inquiry is sitting, and has already found Captain Fong, of the warship Tai Yuen, guilty of cowardice in the face of the enemy. He was condemned to be beheaded, and it is believed that other officers will lose their heads.

A telegram from the King Tsai of Port Arthur received by the commandant at Wei Hai Wei positively accuses the commander of the Chen Yuen of talking flight with his vessel before the battle, at the first sight of the enemy's smoke. Admiral Ting, who remains at Port Arthur, has also telegraphed to Wei Hai Wei, making grave charges against some of his officers. The admiral declares that the Ping Yuen, the Kwang Ting and the Chin Chung, together with four torpedo boats, were on the Yalu river when the battle commenced. There they remained until all the fighting was over. They then sneaked out and made for Port Arthur. The Chinese have again endeavored to prevent the transmission of all news relating to the war.

Three thousand specially selected troops are on their way down the Yang Tse Kiang to join the northern army. Thieving Chinese Naval Officers. LONDON, Sept. 25.—The Pall Mall Gazette publishes a letter from Shanghai, dated Aug. 17, saying that the Chinese navy cannot fight because the ships have only about twelve points of ammunition per ship, the regular supply of ammunition not having been sold, according to the Pall Mall Gazette's correspondent, by the captain of the Chinese warships. The correspondent adds that one of these commanders actually sold one of his ship's Armstrong guns and went to see the gun store.

Requoting Congressman Wilson. LONDON, Sept. 25.—Congressman W. L. Wilson, of West Virginia, was entertained at dinner at the Hotel Metropole last evening by the chamber of commerce of London. There were about seventy guests, and they included Mr. J. Sterling Morton, United States secretary of agriculture, and his two sons; Congressman Isidor Straus, of New York; Sir Courtney Boyle, K. C. B.; P. A. Collins, United States consul at Bristol; and a number of leading men in the trade and commerce of Great Britain. The Edinburgh chamber of commerce sent a telegram of congratulation to Mr. Wilson. Messrs. Wilson, Morton and Straus delivered addresses.

A Desperate Charlotte Negro. MORNING, I. T., Sept. 25.—Charles Smith, a Charlotte negro, who has recently served eight years in the penitentiary for killing a man several years ago, added two more to his death list yesterday. He cut the lines to a delivery wagon in town, and because John Welch, another negro, remonstrated with him he grabbed a pistol from the belt of a bystander and shot Welch three times, mortally wounding him. Robert Marshall, a negro Indiana policeman, attempted to arrest Smith, and he shot Marshall through the heart. Smith was caught.

Adopted a Chicago Merchant. CHICAGO, Sept. 25.—Allen C. Wilde, of the firm of James H. Wilde & Co., well known merchants of this city, has been adopted by the widow of the late Professor Garrison, of Chicago. Mrs. Garrison, before her marriage, was Lady Mary Berry, heiress to extensive estates there. Mr. Wilde, who is 23 years old, and a prominent society and club man, met Lady Berry several years ago, and she, taking a great fancy to him, has decided to make him her heir. The adoption has caused a sensation in Chicago society.

Six Drowned in Lake Michigan. MANISTIQUE, Mich., Sept. 25.—The schooner William Holme, consort of the steamer F. R. Hull, sank off Seal Choke point Tuesday night during the heavy southeast gale. All of the crew of seven, except one man, were drowned. There was one woman drowned. The only survivor, Antonio Mingo, floated ashore unconscious on a piece of board. The dead are C. H. Henderson, captain; Annie Cook, 19 years old; Keuter, a sailor; Walter, mate; two unknown sailors. New Bedford Strikers Win. NEW BEDFORD, Mass., Sept. 25.—The great textile strike in this city was broken yesterday afternoon when, at a meeting of the weavers' union, the employees of the Pierce mill were instructed to go back to work. The officials of this corporation have decided not only to pay the old rate of wages, but to furnish specifications of work as demanded by the strikers, making the victory for the latter complete. The early resumption of work by all other cloth mills is looked for.

THINK OF THIS.

Are You Entirely Contented With Yourself?

There Is a Good Reason For Your Present Condition. You Can Better It If You Want to and Very Easily.

There is nothing which keeps people down so much as poor health. If the nerves are weak, if the stomach, liver, bowels or kidneys fail to do their work properly or for any reason they feel badly they must do something to get well. Don't wait and learn by bitter experience how dangerous it is to trifle with disease. Read the peculiarly sad experience of Mrs. Reliance T. Henry, of 21 Ashlen street, West Indianapolis, Ind., and her wonderful recovery:

"Several years ago I was afflicted with catarrh, female weakness and nervousness. I could not sleep nights and was in a fearful condition. My limbs would draw and I would be like ice. I could not eat and I would be like ice. I had no appetite and what little food I ate distressed me."

"I was growing very thin and losing all the color in my face. I came to the conclusion I was going to die. I doctored with the most eminent physicians but received no benefit and was terribly discouraged. I heard of Dr. Greene's Nervura blood and nerve remedy and the wonderful good it was doing and decided to try it."

MRS. RELIANCE T. HENRY.

"In a short time I began to improve. I used three bottles and could then sleep well, my appetite was good, my food digested all right and my nerves were strong. I was entirely cured by Dr. Greene's Nervura blood and nerve remedy."

"A friend of mine, Mrs. T. M. Dolan, has also been greatly benefited by this medicine, she says she could not do her own work without it. Another friend, Mrs. Thomas Damon, living on the same street with me, has been wonderfully benefited by it. I advise everyone to use this remedy, its effects on the system are marvelous."

"The one medicine in the world which will cure you and make you strong and vigorous is Dr. Greene's Nervura blood and nerve remedy. It is used and prescribed by physicians everywhere and acknowledged by them to be the best, sweet and safest medicine in existence. Use it and you will be made well. It is the discovery of Dr. Greene, of 35 West 14th street, New York City, the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter."

Storm Damage in Florida. JACKSONVILLE, Fla., Sept. 25.—Storm news is very meager. Jacksonville is still cut off from communication with south Florida, and since Tuesday not a word has been received from east coast points, where the storm is supposed to have been most severe. All the wires leading to the south are down and no trains from that section have come in since Tuesday. Nothing has been heard from St. Augustine since Tuesday, and there are rumors that the ancient city has suffered greatly. It is certain that the orange crop has been greatly injured, but it is hoped no lives have been lost. In Jacksonville the damage amounts to about \$75,000.

The Associated Press Room. CHICAGO, Sept. 25.—More than 40 newspapers are now receiving directly by telegraph the news report of the Associated Press. A large number of daily papers in addition get the news through minor associations procuring the news from that organization. Since the reorganization of the Associated Press a year ago 120 daily newspapers have given up the news service of the United Press, while only a single newspaper has voluntarily relinquished the Associated Press service. The Associated Press has for the exclusive news service today 2,500 miles of leased wire, employing 1,500 correspondents and 105 telegraph operators.

The Strika Commission's Report. WASHINGTON, Sept. 25.—The United States commission appointed to investigate the Chicago strike adjourned last evening, until the last week in October. Their report will be a vigorous document, so one of the members of the commission said. It is believed that the report will lay special stress on arbitration, and will offer a general scheme of arbitration for the settlement of future difficulties. Robert J. Still King of Pacers. NEW YORK, Sept. 25.—Robert J. is king of pacers. Before 10,000 people on the Davenport mile track yesterday he easily defeated ace Patchen two straight heats and then, after Joe had withdrawn by agreement, paced a mile with a running mate in 2:04, the fastest third heat, by two seconds, ever paced. The Careless Patriot Must Pay. READING, Pa., Sept. 25.—Miss Mary Trainor, aged 30, yesterday recovered \$1,500 damages from Christopher Gauster, who, on July 4 last, fired a sky rocket which fractured her arm. Murder in the First Degree. WILMINGTON, Del., Sept. 25.—The jury in the case of Michael Faino, who killed Carlo Rava last April, rendered a verdict of guilty of murder in the first degree.

THE PEARY EXPEDITION

Dissatisfaction Among the Men Who Have Just Returned.

THE LEADER'S AUTOCRATIC RULE.

W. T. Swain Declares That Lieutenant Peary Did Not Act as a Gentleman Among Gentlemen—A Menager Food Supply—No Place for a Woman.

PHILADELPHIA, Sept. 25.—Since the returning of the Peary expedition from North Greenland on Tuesday last there have been stories of dissatisfaction on the part of the members concerning Peary's conduct of the enterprise, and the quality and quantity of food he compelled them to eat. A universal reticence has, however, been observed in consequence of the ironclad agreement by which Peary bound them to silence before the expedition started. The interview had with Mrs. Peary in Washington, in which she said she was at a loss to understand the complaints, has caused much discussion here, and yesterday afternoon the members of the party held a conference at the Bingham House to consider the advisability of making a statement of their reasons for dissatisfaction.

The conference was held behind closed doors and lasted several hours. At its conclusion the members declined to state what had been decided upon further than that it was not their intention to make answer to Mrs. Peary's statements at this time. The party has not yet disbanded, however, and a further consultation may be held.

W. T. Swain, who was one of the party, was less reticent than the others. Indeed, he expressed his dissatisfaction in no uncertain language. To a reporter Mr. Swain said: "We are under no contract with Peary as regards dissatisfaction with his management. The only agreement that exists was made by us on board ship while we were returning to Philadelphia. We then agreed that we would say nothing unless Mrs. Peary opened her lips."

"This I see she did. I consider myself at perfect liberty to speak. As for my contract with Peary, it has been broken by him repeatedly during the course of the expedition. "He agreed that we were to be treated as gentlemen, for one thing. I can say that Lieutenant Peary himself certainly did not act as a gentleman among gentlemen. Mrs. Peary, I see, has something to say about the food. Let me give you our menu during the last two months of our stay, while we waited for the relief party. This menu was the result of Peary's arrangements, and was due to insufficient provisioning. In the beginning, 'Breakfast' consisted of mush, sprinkled by Peary with sugar, and a spooning hand; bacon with all the fat fried out; an occasional spoonful of Boston beans out of a can; coffee."

"Lunch: Boiled seal meat, tasting like stale nuttton flavored with coal oil; corn bread; tea. "Dinner: Reindeer meat—when we could get it, seal meat when we couldn't; beans occasionally, and—don't omit this—one-half a slice of white bread; coffee. "On Sunday evening, as a special treat, we had for desert one can of tomatoes among the party."

"What Peary and his wife had we don't know. They lived apart, and not one of us was ever, during the whole time, invited to their quarters. "Peary treated us to a lot of red tape and autocratic rule that had serious consequences sometimes. I am lame on account of it. He would order some of us to go on a seventy-five mile sledging journey to procure food for his dogs, and only give us an hour's warning, when half a day could have been accorded. The hour did not suffice to dry our fur stockings, and we ran the risk of frozen feet. My toe, which lames me, was frozen in just that way. "And one thing I can add—no Arctic expedition can ever succeed which takes a woman along to hamper it."

6. Great Meeting of Industrial Leaders. CHICAGO, Sept. 25.—The Civic Federation of this city has decided to hold in Chicago on Nov. 13 and 14 a congress of labor leaders, thinkers, manufacturers, representative capitalists and students of the social questions as related to the laboring field. Clarence M. Dewey and Terrance V. Powderly are expected to address a public meeting at the time of the congress. Among the other speakers will be Hon. D. J. Ryan of Ohio, Congressman Springer of Illinois, J. D. Weeks of Pittsburgh, Archbishop Ireland, Samuel Gompers, F. K. Sargent, P. M. Arthur, Martin Fox and P. J. McGuire.

Amnesty for Convicted Latter Day Saints. WASHINGTON, Sept. 25.—The president has issued a proclamation granting amnesty and pardon to all persons who have been convicted of polygamy, bigamy, adultery or unlawful cohabitation under the color of polygamous or plural marriage, or who, having been convicted of violation of said laws, are now suffering deprivation of civil rights in consequence of the same, excepting all persons who have not complied with the conditions contained in President Harrison's proclamation of Jan. 4, 1893.

Governor Werts at the Fair. TRENTON, Sept. 25.—Yesterday was governor's day at the interstate fair, and about 40,000 people were present. A larger attendance was anticipated, but threatening weather kept many persons away. The politicians were out in force, and nearly every one of note, from Governor Werts to the small fry, were on hand. The governor dined with Colonel A. R. Kuser, who is a member of his staff, in company with a number of other guests.

Kushke Beveridge's Divorce. NEW YORK, Sept. 25.—Judge McAdan, of the superior court, confirmed the report of Referee Edward Jacobs granting a divorce in favor of Kushke Beveridge Coghlan. It is the usual form of decree, permitting the plaintiff to marry again, but interdicting Mr. Coghlan from remarrying. There is no alimony granted, as none was asked for. Drunkenness, Jealousy, Murder. CINCINNATI, Sept. 25.—Lewis Miller, aged 40 years, last evening murdered his wife and then killed himself. He was drunk and jealous. Their only children are two daughters, aged 18 and 12 years respectively, who witnessed the double tragedy. The Weather. Rain; high northeast to east winds; dangerous gales on the coast; probably warmer in the interior.
