AT KEITER'S.

SCHMIDT THE VICTOR.

A Law Suit Which Created Much Local Interest Ended.

THE ARBITRATORS' AWARD.

They Allow the Ex-Receiver of Taxes Most of His Claim and Give Waters an Allowance.

A case which has excited some interest was arbitrated in the office of M. M. Burke, Esq., in the Egan building, yesterday afternoon.

It seems that several weeks ago, when Mr. Waters was about to ship his household effects from his new home Mr. Schmidt sued him for taxes amounting to about \$75.

Mr. Schmidt claimed that Waters was in his debt to the amount already stated. Mr. Waters testified that about three or four years ago the members of the Cambria Band had hired and rented his basement for a band room.

Mr. Waters finally became the possessor of the instruments and after holding them about four months he transferred them to Mr. Schmidt upon the understanding, he said, that in case a sale should be made and Mr. Schmidt would receive anything over \$200 for them, he was to be paid to Waters for the rent in arrears.

In regard to the musical instruments and the band Mr. Schmidt said he loaned the Cambria Band \$200 to pay for their instruments. He never received anything from the band on the strength of that loan, but after securing possession of the instruments he sold them to a Wm. Penn organization for \$200.

Messrs. David Jenkins, Thomas Jones and George Dawson testified that the band was defunct and that they surrendered the instruments to Mr. Waters. They also testified that Mr. Schmidt had been paid \$50 on account of the note.

In summing up before the arbitrators Mr. Hollolper argued that after Mr. Schmidt's warrant expired and the proceedings provided by law had not been resorted to any taxes remaining unpaid and due to him became a common debt under the law and that Mr. Waters had a right to set up an offset in the suit, as it was instituted for the collection of a common debt.

Mr. Burke argued that the setoff set up by Mr. Waters could not stand, because it was a claim based upon an alleged breach of contract and was premature; that a suit for a breach of contract against Mr. Schmidt was essential to establish the claim before it could be used as a set-off. The claim must be liquidated. On the facts of the case Mr. Burke argued that in stepping into the shoes of Mr. Waters did turn over the instruments, and Mr. Schmidt sold them and applied the proceeds to the payment of the note.

After the conclusion of the arguments the arbitrators took the case under advisement and half an hour later rendered a verdict in favor of Mr. Schmidt for the amount of his claim, less \$50, which they thought Mr. Waters was entitled to for taking care of the musical instruments for four months.

Lodge Room for Rent. Schmidt's hall is vacant Tuesday and Saturdays. Any one wishing to rent same may apply to Max Schmidt.

THE BOARD OF HEALTH

Proceedings at the Semi-Monthly Meeting Last Night.

TOWN FREE OF DISEASE!

Only One Case of Typhoid—Contrast With the Statistics of a Year Ago. Good Sanitary Work.

The Board of Health held a regular semi-monthly meeting in the Borough Council chamber last evening to hear the reports of committees and the Health Officer. Their was very little business for the Board to transact and the adjournment was an early one. The members present were Messrs. Spalding, Miles, McElaine and Broughall.

Secretary Scanlan made a report showing that but one case of typhoid fever exists in town and that there are no cases of contagious disease.

Upon hearing the report President Spalding stated that it was a very gratifying one, especially so when compared with the statistics of last year. At the same period in 1893 there were a large number of typhoid fever cases in the town.

Health Officer Miles stated that the Girard Estate officials could not set apart a piece of land to be used as a dumping ground for privy offal.

Mr. Miles, member of the board, put several interrogations to Borough Solicitor Pomeroy as to the law of nuisances and the latter gentleman stated that the duty of the board was simply to order the abatement of nuisances and see that the orders are carried out.

The deaths reported to the health department during the past two weeks numbered twenty-one, a big decrease from the number reported for the previous two weeks.

Health Officer Miles presented the following report: Privy wells full on Oak street, between Gilbert and Cather streets; owner notified to clean up.

Complaint made against a well on North West street; owner notified to disinfect it. Same order issued as to wells on West Coal street. Owner of a well on South Main street notified to clean it out.

New well sunk on the Suedden property on West Lloyd street and ashes taken from the yard. Nuisance on the Simmons property, South West street, abated. Notified owners of the O'Hara property on North White street to abate nuisance, and same order issued to property owner on South Bowers street. Hog pen on North Emerick street cleaned. Ash bin corner of Main and Oak streets cleaned. Property of Mrs. Davis, on East Centre street, cleaned. Ash bin corner of Main and Cherry streets cleaned. Yard of property on East Centre street in poor condition. Notified the owner, Mr. Bradigan, to put in a drain, which will be done.

Blocked drain at the rear of the Sunday News office cleaned. Order of property at the corner of Coal and Catherine streets is remitting cellar to abate nuisance. Gutter of property on Mayberry alley cleaned and the owner promises to keep it in good condition.

Robbins is abating a nuisance at the corner of Emerick street and Strawberry alley by making connections with a sewer. Owner of Stanton property on South Gilbert street promised to disinfect the privy well. A blocked drain on West street between Poplar and Cherry streets will be attended to. Hog pen nuisance on North Chestnut street attended to. Nuisance of paper in rear of yard at HERALD office removed. Ashes and garbage removed on Juneberry alley, Nuisance on Chestnut and Gilbert streets. Nuisance on property of John Robbins, East Line street, abated by sewerage.

The High Constable removed several dead animals. Water in cellar on East Apple alley removed by drainage. Attention was called to the filthy condition of a house on West Apple alley. The occupants were notified and they cleaned the place. Turkey Run is in good condition. There has not been a case of contagious disease in that neighborhood since the Board of Health has been in existence.

BASE BALL.

The Harrisburgs Will Claim the State League Pennant.

The Pottsvilles failed to make their appearance at Harrisburg yesterday and the club of the latter place was awarded the game. The Harrisburgs say the Pottsvilles were in duty bound to appear as Manager Smith received the rain guarantee for \$25 for the postponed game. The Senators will make a request for the pennant on the ground that the articles of agreement between the two clubs were unconstitutional and that the Harrisburgs won the necessary three games out of five required by the constitution of the State League.

Manager Huston says that if the State League officials do not give him the pennant he will appeal to the National Board of Arbitration and show up the league from beginning to end. This, he says, will reveal some queer deals.
