The Eminent Chicago Corgyman a Victim

of Blood Potenting.
Citic AGO Oct 4 — Professor David Swing died last night of acute blood poisoning, brought on by an attack of jaundice.
Every possible restorative was applied in vain, and at ten untures after 8 o'clock

Professor Swing was dead.

Professor Swing was dead.

Professor Swing was born in Cincinnati Aug. 23, 1830. At the age of 18 the boy entered Minmi university, at Oxford, O., graduating in 1852. In 1886 he accepted the pastorate of the Westminster Presbyterian church, of this city, which was later united with the North Presbyterian church, the two forming the Fourth Berian church, the two forming the Fourth Presbyterian church, one of the wealth-lest and most influential institutions of its kind in Chicago. Shortly after the great Chicago fire of

1871 occurred the most important event; the great minister's career—his trial by the great minister's career—his trial be-fore the Unicago presbytery on a charge of herey, preferred by the flew. Dr. Francis L. Pation, now president of Princeton college. These charges were not sustained, there being sixty one mem-bers in the presbyory, and only thirteen voted against him. But the subsequent feeling was so birter that Professor Swing brought matters to a close by resigning his pastorate, a large number of his friends going with him and forming the Central church, in which he has labored since with great success.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberhain's Pain Baim. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scale promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a curs in about one-third of the time otherwise required. Cuts and braises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sors throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 60 cent bottle at once and you will never regret it.
