The Cleveland administration has had one merit. It has made Republicans by the thousand.

An interesting exhibition will be given in November of Democratic portraits that have been turned to the wall.

General Hastings is not a stranger in Schuylkill. He has been in the county many times. Every time he comes the heartiness of the reception increase and he adds more friends to his long list.

The hearty spirit which characterized the reception given General Hastings, even by Democrats, during his trip through this county on Friday last was unmistakable. As it is in Schuylkill, so it is throughout the state. The people are for Hastings, irrespective of party.

COL. M. P. FOWLER, in his younger days, is full of zeal in his work for the Republican party this year. He never hesitates to go down into his pockets and give personal service to make Republican rallies and receptions successful. Were there more M. P.'s in the ranks the Republicans would always be victorious.

CONNECTICUT Republicans are not only holding their own, but they have made large gains. No one who has watched the political drift this year can be surprised at this. Connecticut is simply following the example of Rhode Island, Vermont and Maine. New England is solid for Republicanism this year. The same story will be told in many another Northern state next month.

It is to be hoped that the fortunes of the generals in command of the Chinese forces will soon take a turn for the better. For with each fresh victory of the Japanese comes the intelligence that the Emperor of China has punished those of the officers whom he regards as responsible for the defeat of his troops by depriving them either of a peacock's feather, a yellow jacket, a crystal or coral button, or some other article of attire. If this sort of thing goes on much longer the uniforms of the generals of the Chinese army will be reduced to such primitive proportions as to preclude the possibility of their keeping in the field during the coming winter.

The prize American snob is not the young man who goes to London and toadies to the leaders of fashion, aping their manners, accent and customs, praising their country and damning his own in the consuming ambition to win social recognition and favor. Nothing of the sort. The real American snob, whose stature dwarfs all others to the propor-

tions of pygmies, is the Senator or Representative who goes to London to bask in the smiles of the British free traders, where by ridiculing and maligning the commercial policy of the United States and pouring sentimental praise upon that of England he may pose for a while as a statesman who has risen superior to the selfish claims of loyalty to his own nation! The American statesman who wants to be patted on the back by the English enemies of American protection and to be assured by them that he is a very superior sort of person, far in advance of his fellow-countrymen in intellectual greatness, has only to go to the English capital and express his shame for the economic and commercial policy of his native land. The more scornfully he scoffs at American ideas and institutions, and the more gushingly he applauds those of Great Britain as the essence and double-distilled extract of all that is wise and good and truly great in modern statesmanship, the more securely does he anchor himself in the favor and friendship of the Royal British Society of Free Trade Dinner Givers, Limited.

GENERAL NEGLY ARRESTED.

He Denies the Allegation of Mr. King, of the King Locomotive Works.
NEW YORK, Oct. 8.—General James S. Negley was arrested on a warrant in a civil suit brought by Albert H. King, president of the King Locomotive works, and the general kept out of Ludlow street jail by securing bail to the amount of \$1,000.
The allegations made by Mr. King in which the warrant was secured were that General Negley had represented to Mr. King in 1890 that he could float certain bonds of Mr. King's company through the Moxham Trust and Investment company, in which the general said he was interested.
The amount of the bonds of Mr. King's company to be placed by General Negley is alleged to have been \$500,000. To further the general's success in placing the bonds Mr. King said he gave him all the inside information about the company, and further advanced the \$1,000 for his expenses in going where he said his presence was necessary in order to consummate the deal.
General Negley said in an interview: "The allegation of A. H. King is an baseless, malicious and untruthful charge. I have never had a personal transaction with King. The business matter was with the company, of which I was an officer and small stockholder, and the facts all appear on the written agreement between the company and myself. The reason is apparent why he has not sought litigation with the company, as he holds a large amount of stock, for which the company received no consideration."
Dr. McGlynn and the A. P. A.
PROVIDENCE, R. I., Oct. 8.—Rev. Dr. McGlynn spoke before 3,000 people in the Auditorium here yesterday. His subject was "The A. P. A., Its Causes and Cure." Dr. McGlynn said he believed that Catholics themselves were in a degree responsible for the existence of the A. P. A., pointing to the tendency of many Catholic priests, particularly those of foreign birth, to discuss some public questions with religious prejudice as one of the causes. He denounced the association by declaring that it was founded on unchristian and dishonorable principles.

Refused to Fight a Duel.

ATLANTA, Oct. 8.—W. C. Glenn, recently a candidate for the Democratic nomination for attorney general of Georgia, has challenged George Brown, and the latter has declined to fight. Brown is solicitor general of the Blue Ridge circuit, and a nephew of ex-United States Senator Brown. Glenn and Brown are both prominent lawyers and politicians. Two years ago Glenn and his partner, C. D. Maddox, preferred charges of malfeasance in office against Brown, and secured a legislative investigation. Brown was exonerated. Ever since there has been a bitter feud between them.

The Connecticut Girl Defeated.

ST. LOUIS, Mo., Oct. 8.—Over 20,000 people were at Forest park yesterday to see the exhibition sculling match between Miss Lillie Aslder, of Hartford, Conn., and Miss Mowatheim, of St. Louis. The race was on the park lake, over a straight-away course, exactly a quarter mile in length. Miss Mowatheim rowed across the deciding line in an easy winner in one minute and forty-three seconds. Next Sunday the two female scullers will row on the Mississippi for the female championship of the United States, over a course of a mile and a half in length.

McPherson Declines a Renomination.

NEWARK, N. J., Oct. 8.—In a letter to ex-Assessors Bigelow of this city, Senator John B. McPherson has declined a renomination for United States senator from New Jersey. Senator McPherson went to Washington when repeatedly pressed to make the fight and held the case before his physicians. They emphatically told him that his life would be seriously imperiled if he experienced the worry and work of a hard political campaign. Then he decided to stay out of the fight.

The Gettysburg Typhoid Epidemic.

WILKESBARRE, Pa., Sept. 8.—The physicians investigating the cause of the typhoid fever epidemic prevailing among the members of Company F, Ninth regiment, N. G. P., report that Private Seitz, of Company F, went to Gettysburg suffering from the disease, and that the germs were transmitted from his person to the food. Seitz acted as waiter for his company during the engagement.

Governor Greenhalge Renominated.

BOSTON, Oct. 8.—The Republican state convention renominated Frederick T. Greenhalge for governor by acclamation. All the other state officials were also renominated by acclamation, as follows: For lieutenant governor, Roger Wolcott; secretary of state, William M. Olin; treasurer, Henry M. Phillips; auditor, John W. Kimball; attorney general, Rosca M. Knowlton.

Fatal Street Car Accident.

TACOMA, Wash., Oct. 8.—While a street car crowded with passengers was returning from the interstate grounds at midnight an axle of the car broke, throwing a number of the occupants to the ground. Mr. George Chandler, general agent of the Northern Pacific railroad in this city, was killed and several other passengers seriously injured.

SOMETHING UNUSUAL.

It Sent a Thrill of Wonder Everywhere.

A Well-Known Woman is the Subject of Congratulation.

She Has a Peculiarly Interesting Story to Tell the Public.

Such events as this are not often made public but they have occurred so frequently lately that they are attracting attention everywhere. Mrs. C. L. French, of Harwick, Vt., has long suffered from a nervous complaint which has terribly injured her health.
It was brought on by overwork and that is just the way many of us are weakening our systems. If we do not take some means to prevent the fearful results of hard work and worry, we will surely fall into the same condition that Mrs. French did. Here is her remarkable interesting letter which will repay you to read:
"Three years ago I was completely prostrated from nervous trouble. I could not do anything. I was confined to my bed much of the time and was unable to attend to my business for three months. I had trouble with my stomach, my food distressing me constantly.
"I could not sleep for my whole nervous system was prostrated. My trouble was brought on by overwork and loss of sleep. After taking many remedies without avail, I commenced to use Dr. Greene's Nervura blood and nerve remedy and found instant benefit from its use.
"I continued it until now when I can say that I am as well as I ever was. I certainly think this is the best medicine I know of. I consider it a great thing to say that from so severe a case as mine to be restored to perfect health in so short a time is something quite unusual.
"I heartily recommend Dr. Greene's Nervura blood and nerve remedy to all, and wish every poor suffering person might use it.
"It is impossible to express the good which this wonderful medicine is doing suffering humanity. It strengthens the nerves, invigorates the blood, regulates the action of the stomach, liver, bowels and kidneys, and cures disease. Try it in your own case and see how rapidly it gives you back your health and strength. It is purely vegetable and harmless, and was discovered by Dr. Greene, of 35 West 14th street, New York city, the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter."

New York Takes It Three Straight.

NEW YORK, Oct. 8.—Twenty-two thousand baseball enthusiasts saw the New York club win the third straight game from Baltimore Saturday in the series for the Temple cup. Rusty pitched another magnificent game, and while he was rather poorly supported, held the hits down to seven. Hemming was in good form, too, but his work did not begin to compare with the big Hoosier's. Errors by Robinson, Holtz and Hemming helped Ward's men wonderfully in the way of scoring runs. The scores: New York, 4; Baltimore, 1.

Broke the Long Distance Cycling Record.

NEW YORK, Oct. 8.—George W. Wolfe, of Chicago, arrived here yesterday and dismounted in front of the city hall, having whistled all the way from Chicago, breaking the record between that city and New York by one hour and thirty minutes. Wolfe estimated that he had ridden 1,035 miles. Allowing for the difference in time, the bicycle had really only occupied six days, eight hours and thirty minutes in the record-breaking feat. During that time he had only eleven and a half hours' sleep.
The March on Montford.
TRENTON, Oct. 8.—The Japanese are pursuing the campaign towards Montford cautiously, and are avoiding any dashings enterprises. Fugitives from Ping Yang describe the Japanese tactics as most scientific, while their weapons are perfect. On the other hand the Chinese operations are said to be conducted in an antiquated fashion. The Japanese are gaining the sympathy of the Korean population by paying for their supplies and maintaining strict discipline.

Seven Killed in a Race Riot.

HAWKESVILLE, Ky., Oct. 8.—A terrible race war occurred at Powers Station, near here. A train was returning from the Owensboro fair, a separate coach being occupied by negroes. They made a sudden rush to get into the white people's coach when the train stopped. The negroes opened fire, breaking every window in the white coach. The whites returned the fire, and seven negroes were killed and as many more wounded.

A Miss Dies of Starvation.

BROOKLYN, Oct. 8.—Thomas Brannigan, a miser, 93 years old, died at St. Peter's hospital. He is believed to have starved to death. He has an only child at St. Louis. His daughter, who was turned out of his house a year ago because she would not marry him, was 100 years old, and her two children are his only heirs.

Bishop McFall's Conversion.

TRENTON, Oct. 8.—The conversion of Vice-Governor James A. McFall as bishop of the Catholic diocese of Trenton will take place at St. Mary's cathedral in this city on Thursday, Oct. 15. Archbishop Corrigan, of New York, will be the celebrant, with Bishop McQuinn, of Rochester, and Bishop McDonnell as assistant celebrants.

DEATH OF A. G. CURTIN.

Passed Peacefully Away at His Home in Bellefonte Pa.

TO BE GIVEN A MILITARY BURIAL.

Governor Pattison and His Staff Will Attend the Funeral, Which Will Take Place on Wednesday, and Will be in Charge of Ex-Governor Hoover.

BELLEFONTE, Pa., Oct. 8.—Ex-Governor Curtin died at 5 o'clock yesterday morning. His end was peaceful, he having been unconscious during the last twelve hours of his life. All the members of his family were at the bedside when he passed away. Mr. Curtin had been in feeble health for some weeks, but his condition grew serious on Thursday last, and from that time he sank rapidly. Death was caused by old age—the ex-governor being in his 80th year—combined with nervous trouble, which upon reaching the vital point in the brain ended life. When the case first took on a serious aspect physicians were summoned, but they then abandoned all hopes of recovery, and the death of the old war governor was not a surprise.

HARRISBURG, Oct. 8.—Governor Pattison issued a proclamation last night expressing his profound sorrow for the death of ex-Governor Curtin, an executive of the state and in the other important positions which he held. He invokes for the bereaved family of the ex-governor the sympathy of the people of Pennsylvania, and orders that flags upon public buildings be displayed at half mast, and that the several departments of the state government within executive control be closed on the day of the funeral, which will take place at 2 o'clock next Wednesday afternoon.

Governor Pattison and staff, Major General Snowden and the commanders of the three brigades of the National Guard, together with the members of their respective staffs, will attend the funeral of ex-Governor Curtin. Adjutant General Greenland issued an order last night directing five companies each of the Twelfth and Fifth regiments, Hunt's battery, Pittsburg, and the Sheridan troop, Tyrone, to report to him at Bellefonte on Wednesday morning to attend the obsequies. Seventeen guns will be fired at the state arsenal during the services. Ex-Governor Hoover has charge of the arrangements of the funeral, which will be held under the auspices of the Grand Army of the Republic.

An Aeronaut's Fatal Fall.

BUFFALO, Oct. 8.—Miss Beatrice Von Dreyesen, 17 years old, made a balloon ascension Saturday afternoon at the fair grounds in Franklinville, Cattaraugus county. When 1,000 feet up, while preparing to make her parachute jump, the balloon gave a sudden lurch and Miss Von Dreyesen was thrown to the ground. All the bones in her body were broken, and her costume, such as ordinarily worn by aeronauts, was torn open by the force of the fall. When the people picked her up she was dead. This was her twentieth ascension. She was to have been married this week and quit the business forever, this being advertised as her last ascension.

Shashed by a Lunatic.

MILWAUKEE, Oct. 8.—August Rettisch, of this city, suddenly became violently insane, and seizing his wife he cut her throat from ear to ear and inflicted a number of wounds which are dangerous. His neighbors, Mr. and Mrs. Joseph Schaefer, rushed to Mrs. Rettisch's assistance, and were slashed in a horrible manner. Schaefer and Mrs. Rettisch are very low. The lunatic cut his own throat and wrists, but will recover. Rettisch was armed with a sharp shaver's knife and a razor.

Millionaire Acquitted of Murder.

FORT WORTH, Tex., Oct. 8.—The jury in the R. M. Page murder trial rendered a verdict acquitting the defendant on the charge of murdering A. B. Smith on April 13 last. Page was president and cashier of the Merchants' National bank, which went into liquidation, and the murder of Smith was the outgrowth of the bank's difficulties. Page estimates his wealth at nearly a million.

Arbitrating Their Differences.

NEW BEDFORD, Mass., Oct. 8.—The amalgamated conference committee of the strikers met yesterday afternoon to discuss the recommendation of the state board of arbitration, and a committee was appointed to confer with the manufacturers at 2 o'clock this afternoon. It is the general opinion among all men that the conference will result in terminating the strike.

Workmen Attacked by Strikers.

NEWARK, N. J., Oct. 8.—Striking Italian laborers to the number of 200 made an attack upon about fifty men who had taken their places on sewer construction in Clinton avenue. Three workmen were badly injured, and one of them may not recover. When the police reached the scene of the trouble all of the attacking party had fled.
