

PENCIL POINTS.

Local News Gleanings Condensed for Hasty Perusal.

October days. Quite cool again. Put up the stoves. Fall house cleaning begun. The fall campaign is now fully under way. As the ice sales fall off the coal sales increase. The conduct is the test of life, not the tongue. October came in with very pleasant weather. The season is here for chicken and wattle suppers. A good many overcoats came out the past few days. Mantles and coats a good deal shorter than last winter. Halfway 'E'en and Thanksgiving are rapidly approaching. If you have your tax receipt you are now ready to vote. While the dog days are over, the cats still retain the night. Oysters will improve in quality as the weather grows colder. The man who lives to please only himself has a hard master. There is less than four weeks of the political campaign remaining. There are a number of dogs in this town that we would be well rid of. See that your files and chimneys are all right before starting your fires. Many people act demagogic under the mistaken idea that it is better. The leaves are turning into the beautiful shades of red, brown and yellow. Farmers will soon begin feeding the Thanksgiving turkey a little extra corn. Chestnuts are attracting the youthful population of the town into the country districts. The conductors on the railroads are smart, but the engineers get ahead of them every day. Commence to think what you are going to be thankful about on the last Thursday in November. You can usually tell a liar by the emphasis he places on the statement that he is telling the truth. The weather's business men are after another industry. This time it is a boiler factory, and information from a reliable source is to the effect that the prospects for securing the same are very bright. Within two years 20 men have been murdered in Luzerne county, but not one death has been avenged upon the scaffold. A great outcry has gone up since this latest outrage, and a general demand is made upon the officials to put forth efforts to capture the offenders.

Saved Mrs. Rennie's Life. Mrs. Jennie Rennie, of Virgil, N. Y., had been sick for a year or more with overflow of the gall and ulcers of the stomach. Her physician told her she could not live. Mrs. Rennie's mother had found such benefit from the use of Dr. David Kennedy's Favorite Remedy, that she persuaded her daughter to use it, which she did, with the result that it cured her of these diseases, and she says she was never as well as now.

Coming Events. Oct. 10th.—Annual supper of the English Baptist church in Robbins' opera house. Oct. 16.—Lecture, entitled "Social Purity," by Rev. Anna Shaw, of Philadelphia, in the Evangelical church, under the auspices of the Shenandoah W. C. T. U. Nov. 13.—Tea party in the Primitive Methodist school room, under the auspices of the ladies of the church and for the benefit of the church fund.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse or even after the cough has developed it will prevent the attack. 25 and 50 cent bottles for sale by Gruhler Bros.

Rupture. Cure guaranteed. No operation. Inquire at the Shenandoah drug store, No 3 South Main street. 9-13-14

Heart Disease Relieved in 30 Minutes. Dr. Agnew's cure for the heart gives perfect relief in all cases of organic or sympathetic heart disease in 30 minutes, and speedily effects a cure. It is a peerless remedy for palpitation, shortness of breath, smothering spells, pain in left side and all symptoms of a diseased heart. One dose convinces. Sold by J. M. Hillan.

Got the Drop on the Doctor. GENEVA, Nov. 10.—Dr. G. W. Gorman was dangerously wounded by Attorney W. T. Harris yesterday. The shooting occurred in the physician's office, where Harris had gone with Mrs. Harris to question the doctor as to rumors of his familiarity with Mrs. Harris. Both drew revolvers and exchanged shots.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which induces a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by Gruhler Bros.

DOWN A MOUNTAIN SIDE.

A Train Rides Away with Fatal Results to Five or More Persons. ASHVEVILLE, S. C., Oct. 19.—The south-bound freight on the Asheville and Great Smoky Mountains ran away down a steep grade in Saluda mountain yesterday. The crew perished on the flying train, which ran to the bottom of the grade, four miles and then left the track, the engine and twelve cars piling up in a deep cut.

The first train from the wreck came in last night, bringing the body of Neil Ewing, an Asheville stockman, who was stealing a ride south. It is now believed that three of the train's crew were killed, although the bodies of Engineer Broom and Brake-man Allen have not yet been found. Fireman York's body was found, but the wrecking crew have not been able to reach it. Conductor Patton had a leg crushed and his skull slightly fractured. The log was as reported and there are chances for the recovery. John Miller, colored, a brakeman, jumped and was slightly hurt. Others of the crew stood to their post to the last. Daniel Owens, a stockman, was in the caboose, but escaped unhurt. He had a car load of cattle on the train, and every one was killed. Flagman Hunter escaped without a scratch, though he was on top of the car when the wreck occurred. It is reported that two boys, friends of Ewing, were beating a ride with him and were killed, but this cannot be verified. The grade where the train ran away is four miles long, and averages fifteen feet to the mile. The runaway began half a mile from the top.

Will Enforce the Dispensary Law. COLUMBIA, S. C., Oct. 19.—Governor Tillman declared in an interview today that "constables will go to work and search all places where they have reason to know that liquors are kept, and private residences will not be exempt when they are made depots for the storage of whisky." He says the townspeople have nothing to gain and everything to lose by their opposition to the enforcement of the dispensary law. No resistance will be tolerated, he says, for he has 2,000 men he can concentrate at any point in forty-eight hours to carry out the law.

Fatally Wounded a Burglar. ST. LOUIS, Oct. 19.—Just about midnight, when Michael Sullivan, a North Broadway saloon keeper, was preparing to close up, four masked men appeared and demanded his money. Sullivan refused to comply, when they opened fire with revolvers, wounding him. The injured man reached for his shotgun, and fired the two barrels into the leader of the gang. The wounded robber was taken to the city hospital, where it is said he cannot live. Sullivan is also thought to be fatally injured.

A Kentucky Lynching. IRVINE, Ky., Oct. 19.—A mob broke into the jail and took Alexander Richardson, a white man, out and hanged him to a railroad bridge about 100 yards from the telegraph office. Richardson, who was 21 years of age, was arrested charged with murdering Mrs. Wyle White, 30 years old, mother of five children and the wife of an industrious farmer, four miles from here. An attempt had been made at criminal assault, but evidences of the struggle showed she had resisted this successfully.

Hobson Will Not Go to China. WASHINGTON, Oct. 19.—Secretary Herbert stated emphatically today that he had not detailed Assistant Naval Constructor Richard F. Hobson to join Commodore Cargenter's fleet on the Atlantic station to examine from a naval standpoint the effect of the operations of the Chinese-Japanese war. The secretary said further that Mr. Hobson would not be detailed for the purpose stated. "Will any other officer be selected for that work?" was asked. "I have no one else in contemplation," replied the secretary.

Wilson's Campaign Opened. CHARLESTON, W. Va., Oct. 19.—Congressman W. L. Wilson opened his campaign here yesterday night with an enthusiastic reception. He was accompanied from Washington by Hon. John T. McGraw, chairman of the Democratic congressional committee; W. A. Croft, Joseph Kerr, clerk of the house of representatives; A. B. Hunt, doorkeeper; H. H. Moler, assistant sergeant-at-arms; W. J. Houghtaling, reading clerk; and F. H. Tompkins, index clerk.

Violence and Suicide. BUFFALO, Oct. 19.—Louis Kessler shot and instantly killed his wife in the little village of Holland, this county. The couple have not lived together for some time past, the wife going to her parents' home. Kessler called at the house of his father-in-law, and during an interview with his wife drew a revolver and shot her. Kessler then shot himself through the temple.

A GREAT TROTTING EVENT.

Benetta Wins the Priority Stakes in Three Straight heats. LEANINGTON, Md., Oct. 19.—The richest trotting race ever provided in the world \$25,000 was that of the Kentucky Priority stakes, which was trotted here yesterday afternoon in the presence of 200,000 people. Of the nine contestants that raced (the flag E. W. Ayres' chestnut filly Benetta was the favorite over the field. Although she got off in the last division, before a turning was reached she was mistress of the situation. She swept past her bold of brilliant youngsters, and before the half mile pole was reached was leading by two full lengths, and came home an easy winner, with four furlongs to spare.

The second and third heats were simply processions, as Benetta so far outdistanced her field that it was no contest, whatever. The speedy bay colt Futurity and the black colt Axinite made a hot fight in the second and third heats, for the \$2,000 second money. Colaza having finished second in the first heat. Futurity won second place, while Axinite, although finishing third in the second and third heats, lost the \$1,000 that went to the third horse, it being given to Colaza, a chestnut filly.

Benetta's time for the three heats was 2:10 1/2, 2:10 1/2, 2:11 1/2. Nellie A., the sensational Wilkes Boy filly, which up to yesterday had won more money than any filly of her age in the world, disappointed her backers by failing to get a piece of the money.

Trouble for Trenton's Trolley Company. TRENTON, Oct. 19.—Trenton's street car service bids fair to be tied up because of the failure of the Trenton Passenger Railway company to put into effect a system of transfers giving five cent fares to all parts of the city over the company's different lines, in accordance with the ordinance over which the company secured an electric franchise last January. Common council last night passed a resolution requesting Mayor Shaw to act under the ordinance, which gives him the right to revoke the license of any car not run in accordance therewith. It is requested to use the police force to stop the cars if the company does not comply with the ordinance.

The Coast's Malady Incurable. LOS ANGELES, Oct. 19.—The correspondent of the Standard at St. Petersburg telegraphs that he has learned from an eye witness that Professor Zacharin, while in attendance upon the czar, said to him: "Your majesty's malady is incurable. With care and attention your valuable life may be prolonged for some months, but it is useless to conceal the fact that no remedies will avail beyond a certain period." The marriage of the czar with Princess Alix of Hesse is probably remote, the tradition being that no Russian emperor should marry until a year after his coronation.

Florida Swept by the Gulf Storm. JACKSONVILLE, Oct. 19.—The western portion of Florida was swept by the gulf storm Tuesday night, but it is impossible to ascertain the extent of the damage, as the wires to the west are down. Nothing has been heard from any point west of Jacksonville save Lake City. In Jacksonville the wind reached a greater velocity than it did during the September storm, but beyond unroofing a few houses no serious damage was done. The storm raged principally in west Florida, where much cotton is grown, and the loss to the farmers will be heavy.

Convicted of Attempted Train Wrecking. PITTSBURGH, Oct. 19.—William Law, a former employe of the Fort Wayne railroad, was convicted yesterday of attempting to wreck a passenger train to gratify a spirit of revenge. Law was employed as a division hand and was discharged early in September. A few days later, on Sept. 13, passenger train No. 44 was stopped just in time to avoid running into an immense boiler that would have derailed the train and cost perhaps many lives. The case was investigated and Law was arrested. He was convicted on the evidence of his little son.

Protected Innocence on His Deathbed. NORRISTOWN, Pa., Oct. 19.—Frank Brooks, colored, died of meningitis in the Montgomery county hospital. He was convicted at the June sessions of assault on Mrs. Hattie Johnson, of Valley Forge, in March last, after she had given him a meal, and was awaiting sentence. A short time before his death, realizing that his end was near, Brooks raised his hand to heaven, and called God to witness his declaration of innocence.

Aquitted After Pleading Guilty. CHICAGO, Oct. 19.—After pleading guilty in a charge of murder Granville N. Hackley was discharged by Judge Chetlain, and Hackley walked out of court free. Judge Chetlain said the evidence showed that Hackley had acted in self defense.

Forty Veterans Robbed and Murdered. DAYTON, O., Oct. 19.—Police search for the perpetrators of the two recent murders of veterans of the soldiers' home on pension day develops a situation more horrible than the terrible Bender crimes in the west. Forty odd persons have been robbed and murdered at the National Military Home here, and only passing notice has been taken of the crimes. The Grand Army is taking hold of the matter.

Striking Against Reduced Wages. GAS CITY, Ind., Oct. 19.—The hot roll department in the Morwood mill plate mills closed down indefinitely yesterday. The owners of the mill say they cannot run the roll department unless a reduction of 25 per cent in wages is made, and the men refused to accept this. Three hundred men are idle in consequence.

McAdoo Will Not Take the Stump. WASHINGTON, Oct. 19.—Assistant Secretary McAdoo, who has been requested to make a number of speeches in the present campaign, including among other states New York, has been obliged to decline all further requests and cancel all engagements already made on account of a press of public business.

Campaign Songs.

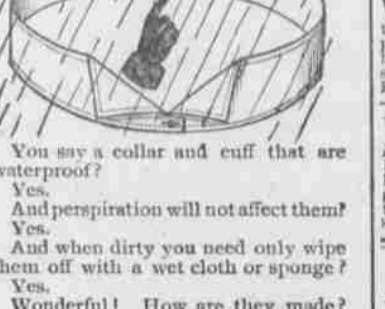

We have received from Dudley T. Imlerick & Co., No. 401 Locust St., Philadelphia, a copy of "The Pennsylvania Campaigner," containing the music, in four parts, of twenty-two songs, including some of our National airs, and a number of excellent campaign songs to familiar airs, with which excellent Protection argument interspersed through the pamphlet of thirty-two large, double-column pages. It is an admirable thing of permanent value for the piano or organ of the home or the club. There is nothing to match it in the market at the low price of (ten cents) at which it is mailed to any address by the publishers. The words of the songs in "The Campaigner," issued in a form of four pages, are mailed to clubs at \$4.00 per 1000 copies. To distribute these at Republican meetings and have the audience sing some of these songs is one of the most popular and best things that could be done by any campaign club. A number of the songs, as "Hastings is Coming," "Lillikaloo," "Mary Ann," "The Cuckoo Song," "Fox and Goose," "And Grover was His Name, Sir," as found in "The Campaigner," are also issued in sheet music form with piano accompaniment, by the same publishers. Eight of these songs are mailed to any address for one dollar, and they are worth the money.

J., Oct. 19.—There was a sharp encounter between a small force of Newark policemen and nearly 500 Italian strikers near the East Grange sewer excavation above Roseville avenue. The strikers came down Springfield avenue in a compact body to assault the men employed in the big ditch. Two shots were fired from the mob, and then the police charged and put the strikers to flight.

THE QUEER! You say a collar and cuff that are waterproof? Yes. And perspiration will not affect them? Yes. And when dirty you need only wipe them off with a wet cloth or sponge? Yes. Wonderful! How are they made? A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar. Is it the only waterproof collar and cuff made? No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best. How can I know that I get the right kind? Because every piece is stamped as follows:
