There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm.

Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for.

A sprain may be promptly treated before inflammation sets in, which requires a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 60 cent bottle at once and you will never regret it. For sale by Grubler Bros.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse or even after the cough has developed it will prevent the attack. 25 and 50 cent bottles for sale by Grubler Bros.

At the Theatre.

The Boston theatre was crowded to the doors last night with an audience which proved very enthusiastic. The play presented was the farcical comedy, "Our Irish Visitors," one of the funniest shows ever seen. The company is a clever one, among whom may be mentioned W. J. Mason, Frank Davis, Victoria Walters and Emily Northrup.—Boston Daily Advertiser. At Ferguson's theatre on Saturday evening, Oct. 13th.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason, of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Grubler Bros.

NO FORCED "CONTRIBUTIONS."

Civil Service Commission Will Protect Clerks from Assessment.

WASHINGTON, Oct. 11.—From present indications the civil service commission will be busy with investigation of cases of assessments for political purposes for some time to come. Speaking of the prevalence of these charges, Commissioner Roosevelt said: "We have had more trouble on account of these cases this year than in any other year during which a presidential campaign occurs. Under the decision of the attorney general we cannot proceed against those persons who solicit for help. However, we will publish broadcast what is being done, and guarantee to employes that they need not pay one cent. If in any way molested, we shall try to have criminally prosecuted those who molest these employes."

"I want to say that no man in office, whether Democrat or Republican, is under any obligation to contribute to a campaign fund, and cannot be molested in any way by his superior officers for refusing. This assessment business is more foul blackmail, and we intend to make war on it in every way possible."

Fall River Mills in Hoop.

FALL RIVER, Mass., Oct. 11.—The Manufacturers' association last night voted to open their mills on Monday next. This action is explained in a reply to the letter received from Mayor Conklin setting forth the desirability of having the mills start, which states that the mills will be open to allow all persons so disposed to go to work at current prices. In view of the fact that much destitution is said to exist as the result of the closing of the mills, a statement to operatives is also issued stating that current prices necessitate a reduced scale of wages now, but if the margin of profit cloths is favorable in sixty days from the date of starting up they will return to the schedule of wages paid previous to the vacation.

THE INVASION OF CHINA.

Forty Thousand Japanese Troops Landed Near Shan Hai Kwan.

SHAN HAI KWAN, Oct. 11.—Various local rumors are in circulation, the most prominent being that 40,000 Japanese troops have landed near Shan Hai Kwan, on the boundary between the Chinese provinces of Manchuria and Chi Li, at the western end of the great wall which traverses China. Shan Hai Kwan is directly on the railroad being built from Tientsin to Moukden, and is of great strategic importance. In fact, the opinion has been expressed that if Shan Hai Kwan is captured there would be no preventing the Japanese from marching on Peking. A Japanese fleet was reported to have been sighted off Shan Hai Kwan on Sept. 28.

A report, which is classed here as unreliable, says that the Japanese have effected a landing near New Chwang, Gulf of Loo To.

According to a letter received here from Tientsin, during the progress of a large fire on Friday last, the Chinese merchants' Golden volunteers protected the settlement, and are now patrolling the streets from sunset to sunrise.

It is reported here that several Japanese warships have been sighted off Tientsin. A dispatch received here from Tientsin states that the British and Russian ministers have arrived there, and that they will proceed at once to Peking.

Another report reaches this city that after a skirmish, which took place north of the Yalu river on Tuesday, the Japanese outposts were driven back across the river.

Advice received here from Port Arthur says that the repairs to the Chinese fleet which was engaged in the battle off the Yalu river have been completed, and that the fleet proceeded to sea yesterday.

London, Oct. 11.—A dispatch dated Berlin alleges that China has asked Germany to use her good offices to terminate the war with Japan. The reported capture of Che Foo by the Japanese is confirmed.

The Funeral of Dr. Holmes.

BOSTON, Oct. 11.—The funeral services over the body of Dr. Oliver Wendell Holmes were held at King's chapel. There was a considerable representation of the literary friends of the poet, but, partly because of the inclement weather, partly because it was the expressed wish of the family that the services should be as quiet and simple as possible, the public remained away, and the chapel was only half filled. The services consisted of a few recitations from the scriptures by Dr. Hale and musical selections sung by the quartet. There was no eulogy. The interment was at Mt. Auburn.

He said he ran away from home, and went to the Erie freight yards in Jersey City to ask for work. A man threw him into the car and told him it was going to Buffalo, where there was plenty of work. He was forty hours on the road, without food or water. He will recover.
