SINCE the result in Georgia, Democrats are not sure of anything except defeat.

PREVAILING will move heaven and earth to secure the next national Republican convention. San Francisco is also in the field for the honor, and offers to bear the expenses of all the delegates.

WAGES of English and Belgian glass workers have been increased 25 per cent, since the Democratic tariff went into effect. This is to offset the 25 per cent reduction suffered by American glass workers.

THE roosters are now safe, since the duty has been removed from ostrich feathers. This does not mean that the Democratic rooster is not to be plucked, however.

THE Democratic Congressional Committee is certainly in a bad way. At all events, the campaign which it is trying to conduct in numerous Congressional districts is making no progress, or only progress backward. The returns from the recent elections in Connecticut and Georgia afford no ground for hope, despite the rosy prospects heralded in advance, and the latest news from Texas is most discouraging. No wonder the committee's chairman and secretary thought they needed a vacation and, fortunately for their peace of mind, they were not on hand when Representative Davey, of Louisiana, who is not seeking reelection, arrived in Washington with a budget of bad news. He expressed grave doubts of Democratic success in his district (the 2nd), and also thinks the Republicans are not unlikely to carry the 1st and 3rd districts. The break in the "Solid South" seems bound to come this year and the Democratic hopes of controlling the next House are fading.

### BY THEIR FRUITS.

A good many things have been read into the Bible by statesmen, theorists and politicians. A chapter of Solomon has been brought into use as a digest of the modern science of political economy. Cobden and Bright translated the Sermon on the Mount into a gospel of Free Trade. President Cleveland gave the signal for a political campaign by quoting the Eighth Mosaic Commandment against the American system of Protection. All attempts of this kind to engraft political theories upon Hebrew Scripture are artificial and forced; but it is always practicable to bring the morality and lucid common-sense of the Bible to bear upon every-day matters of public life.

at the mercy of a party in Washington incompetent to legislate intelligently and incapable of redeeming pledges made to the people. The record of that party has been made, and it is a record of perfidy and dishonor, of party principles sacrificed to every man of the hour, of abject surrender to rapacious monopolists and lobbying trusts. How can prosperity be restored and the vast business of the nation be released from the paralyzing effects of blundering and plundering legislation like the Gorman tariff with its Trust sugar schedule? Surely not by the perpetuation of a Democratic-Populist majority in Congress. Men do not gather grapes of thorns or figs of thistles.

### RHEUMATISM PREVALENT.

Rheumatism Should be Arrested in Its Early Stages—Mrs. M. Hill, of Galesburg, Pa., Finds a Remedy.  
Probably there is no disease that inflicts so much continuous pain as rheumatism. When it becomes chronic, there are few so hard to cure. This disease is caused by an impure state of the blood. The impurity consists of an excess of lactic acid, and to drive this acid from the blood is the object of all rational treatment. The medical faculty have found in Dr. David Kennedy's Favorite Remedy, a certain and positive cure for this terrible complaint. Mrs. M. Hill, of Galesburg, Pa., in writing of her experience with Dr. David Kennedy's Favorite Remedy, says: "One year ago I was taken with muscular rheumatism. My limbs were so painful I could scarcely walk. I determined to try Dr. Kennedy's Favorite Remedy, and before I had used the third bottle the pain was all gone." Favorite Remedy cures as well chronic, acute or inflammatory rheumatism; and in all diseases brought about by impure blood, or an excess of acid in the blood, such as urinary troubles, dyspepsia, constipation, kidney or liver complaints, it is a well known specific. Dr. David Kennedy's Favorite Remedy can be purchased at any drugstore at one dollar a bottle or six bottles for five dollars.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia, quitted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be used. A sprain may be promptly treated before inflammation sets in, which cures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A rheumatic corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. ### Ostriches.

Ostriches, like all animals, exhibit interesting qualities strikingly like those of humankind to those who observe their daily actions. When they are sitting, the cock takes his place on the nest at sundown, and at sunrise he jumps for the day. At the end of the six weeks' incubation both birds are miserably thin and weak—Family Herald.

Free will is not the liberty to do whatever one likes, but the power of doing whatever one sees ought to be done, even in the very face of otherwise overwhelming impulse. There is freedom indeed.

# THE DEMANDS OF JAPAN

Sweeping Claims of a Japanese Newspaper.

MUST RENDER CHINA POWERLESS.

The Election of Indemnity Would Not Suit Japan's Interest, but She Should Demand Shanghai, Collet Customs Duties, and Civilize the Celestials.

WASHINGTON, Oct. 18.—The kind of indemnity which Japan is urged in some quarters to exact from China is shown by the Japan Daily Herald, received at the Japanese legation yesterday. It says: "There is talk for the demand of a large sum of money and also for the cession of territory from the Middle Kingdom. But we must take into consideration whether they serve to effect our purpose to crush her fighting power, and render her powerless for a period of at least forty to fifty years. The ceding of Manchuria or Formosa to us may no doubt be very good, but this would not diminish her power to carry on in war in preparation to our trouble to rule these provinces. Likewise, the execution of an indemnity would not suit Japan's interest."

The paper suggests an expedient which would entirely prove beneficial to Japan. This is the taking of the Nanyang, Pelion, Canton and Fukien squadrons of Chinese men-of-war, which could be employed for fighting purposes, with the addition of the whole of the vessels of the China Merchants' Steamship Navigation Company. In the event that this is not sufficient Shanghai should be occupied, the Japanese receiving the custom duties of that port. Japan should thus lose this opportunity to enlarge her power on the sea. The article concludes: "Shanghai will be the most advantageous place for spreading our influence in the east and checking the western current. The town is also a most convenient station by which to introduce into China the elements of civilization, whereas the receipts from the customs dues of that port might be expended with this view."

### Japan Cannot Annex Corea.

ST. PETERSBURG, Oct. 18.—It is semi-officially announced here that Great Britain is doing her best to induce the powers to join in an attempt to secure a cessation of the war between China and Japan. It is considered certain that Russia will not permit Japan to permanently occupy Corea. In this Russia is sustained by Great Britain, and the other powers are not sufficiently interested to do otherwise than acquiesce.

### China Sues for Peace.

SHANGHAI, Oct. 18.—A rumor is current here that the Chinese government has commenced negotiations with Japan for peace. China, it is said, has offered to acknowledge the independence of Corea and to pay a war indemnity to Japan.

### Ex-President Harrison's Campaign Tour.

EVANSVILLE, Ind., Oct. 18.—General Harrison spoke to 5,000 people in the Evansville Opera house last evening, and twice that number were unable to gain admittance. It was the concluding address in a series of lectures, beginning early in the forenoon at Clayton, and running down the state through Plainfield, Brazil, Greenfield, Sullivan, Terre Haute, Vincennes and Princeton. The smallest gathering was at Plainfield, the largest at Evansville, but the enthusiasm was as great at the former place as at the latter, and while Terre Haute turned out 10,000 people to greet the ex-president, the 10,000 were not one bit more cordial in their greeting than were the residents of country hamlets along the line who turned out to cheer as the train flew by. General Harrison was in the best form. He left Evansville early this morning for Franklin and intermediate stations.

### Murdered in a Drunken Riot.

WILKESBARRE, Pa., Oct. 18.—In a drunken riot last night John Mitchell, a Hungarian aged 17 years, was killed and Jack Jenkins fatally injured. Two stray dogs found their way to the opposite side of the street and hit Miss Bayard and another woman, whose names could not be learned. Their wounds are not serious. A stray did the shooting. The fire was returned by several other men, all of whom fled in the direction of Sugar Notch, followed by a posse of constables.

### Charged with Receiving Stolen Stamps.

WASHINGTON, Oct. 18.—The government has sworn out a warrant for William A. Beach, a young man, who is charged with receiving a part of the stolen postage stamps from William B. Smith, of the bureau of engraving and printing, whose arrest was announced yesterday. Smith and Beach and two girls of bad repute went to New York on the proceeds. George Longstreet, a packer in the bureau of engraving and printing, is also under arrest for alleged complicity.

### Schooner Captured, Crew Saved.

LEWIS, Del., Oct. 18.—Schooner Sea Foam, Captain Chandler, twenty tons burden, from Milton, Del., with lumber for Millville, N. J., in attempting to oppose the bay in the northwest gale, ran aground on the Shores shore. The crew was rescued by the steam boat's crew. The Sea Foam was towed to the beach and righted.

### Small Damages for Slander.

BALTIMORE, Oct. 18.—At a socialist meeting a year ago Myer Goldstein, a partner of Joseph Baronsky, of New York, the speaker, called Abraham Goldstein a thief and swindler. The latter sued for \$500. The jury yesterday gave Goldstein one cent, and compelled him to pay the costs—\$100.

### Maryland's Iron Hall Funds.

BALTIMORE, Oct. 18.—Judge Dennis yesterday decided that the \$70,000 Iron Hall funds will not be sent to Indianapolis. This is regarded as a final decision. The Maryland members will, by this decree, receive 30 per cent more than if the money was distributed from Indianapolis.

### Asphyxiated While She Slept.

### Chittenden Caught in Canada.

# UNCLE SAM'S PENSIONERS.

An Interesting Report for Veterans of the Late War.

WASHINGTON, Oct. 18.—The report of Commissioner of Pensions Loshorn for the fiscal year ending June 30, 1894, has been submitted to the secretary of the Interior, and the following abstract has been given for publication:

The report states that the number of pensioners on the rolls June 30, 1894, was 999,012; that during the year 39,884 new pensioners were added to the rolls, 37,861 were dropped for death and other causes and 2,388 previously dropped were restored to the rolls. The number of pensioners on the rolls on June 30, 1894, was 999,544. The number of pension certificates issued during the year was 80,123, and 132,573 claims of all classes were rejected.

On July 1, 1894, there were undeposited and in different stages of preparation and advancement claims for pension and for increase to the amount of \$19,927, of which \$27,209 claims, originals, widows and dependents, are on behalf of persons not already on the rolls. These claims, save some recently filed, have been examined more than once and found lacking in essential evidence. They are the same cases that have come down through the past years.

The amount paid for pensions during the year was \$133,804,461, leaving a balance in the treasury of \$25,306,718 of the appropriation. Much dishonesty and fraud, mainly attributable to unscrupulous claim agents, was uncovered, and there were 194 convictions in the United States courts within the year for pension frauds, perjury and forgery.

### A Cancerous Family.

ST. PETERSBURG, Oct. 18.—Rumors still circulate in St. Petersburg medical circles that the czar is suffering from a cancerous disease of the kidneys. It is pointed out that cancer has been hereditary in the Romanoff family since the time of Empress Alexandra, consort of Emperor Nicholas. Queen Louise, the late Emperor William's mother, died from cancer, also her daughter, Empress Alexandra, whose daughter, Marie Nikolaevna, consort of the Grand Duke of Lichtenburg, and the youngest son of Grand Duke Nikolai Nikolaevich, both died from cancer, while it is believed that the youngest daughter of Queen Olga of Wurtemberg died from the same disease.

### Sherman in the Ohio Campaign.

AKRON, O., Oct. 18.—The campaign in this city was formally opened last night by Hon. John Sherman, who arrived here from Mansfield shortly after noon. At 3 o'clock he was tendered a reception at the Citizens' club rooms. At 7:15 he was escorted to Assembly hall. The great hall, seating nearly 4,000, was jammed. Hundreds stood up, and other hundreds were turned away. As Senator Sherman rose he was given such a reception as a speaker seldom receives. The speech was a profound and interesting discussion of the tariff bill and money problems.

### Embezzler Admits Heft for Trial.

NEW YORK, Oct. 18.—James F. Adams, who is alleged to have defrauded the Armour Dressed Beef company out of \$50,000 or more, was yesterday held for trial in Brooklyn. Adams obtained the position of bookkeeper for the eastern division of the Armour company upon forged letters of recommendation, some of which bore date during the time he was serving a three and one-half years' sentence at Sing Sing for stealing from the American Express company's office in New York, where he was employed in 1890.

### Striking Clockmakers Victorious.

NEW YORK, Oct. 18.—Twenty-five hundred clockmakers, employed by five of the largest firms of the city, will resume work at 10 o'clock. Representatives of the firms met at the strike committee and signed "united" agreements and gave bonds that they would live up to the agreements. At least thirty firms, it is expected, will sign the agreement within the next twenty-four hours, bringing back to work more than 4,000 clockmakers.

### The Cardinal Made No Mistake.

BALTIMORE, Oct. 18.—A clergyman of Cardinal Gibbons' household said to a reporter that the Grecian ruler and his wife referred to in last Sunday's sermon on "The Devotion of Rosary," in which he incidentally spoke against woman suffrage, was Theodotus and wife, and not Pericles and Aspasia, as Dr. Julia Holmes Smith, of Chicago, and other critics evidently understood the matter.

### Two Killed in a Freight Wreck.

BALTIMORE, Oct. 18.—In a freight wreck on the Baltimore and Ohio railroad at Catonsville siding, J. H. Hodges, a brakeman of Baltimore, and A. F. Malloy, a telegraph operator of Sykesville, were instantly killed. The cause of the collision was that the rear cars became detached from the regular train on a down grade.

### A New Four-Year-Old Record.

STOCKTON, Cal., Oct. 18.—Ten thousand people attended the races yesterday. On-line's great performance in his attempt to beat his record of 2:07 1/2 was the feature. ### Another Legal Victory for Sage.

NEW YORK, Oct. 18.—The general term of the supreme court has reversed the judgment for \$25,000 obtained by William Laddlaw against Russell Sage for damages sustained by him from the dynamite explosion perpetrated by Henry A. Norcross in Sage's office two years ago, and ordered a new trial.
