BONDHOLDERS' COURSEL OBJECT.

The Matter Befored to Master Crawford Who After a Bearing Taller are Matter Under Advisement, and Will File a Report in the Circuit Court.

PHILADELPHIA, Oct. 16 .- Hefore an array of legal and financial men of this city and New York the Olcott-Earle plan of reor-ganization for the Reading Railroad company was called to the attention of Judge Dallas, in the United States circuit court. The matter assumed the shape of a petition filed by the receivers, asking permission to acquiesce in the provisions of the plan and to pay out the 2's per cent, commissions to the syndicates formed to put the rehabili-tation scheme in action.

tation scheme in action.

Samuel Dickson appeared for the receivers. John G. Johnson and Mayer Sulzberger for the reorganization committee, John R. Dos Passos, of New York, and Charles B. McMichael, of this city, for the Fitzgerald committee of general bondholders, and Nathan Biljur, of New York, for Isaac L. Rice and the Hartshorn cammittee.

Before the argument proceeded further
Judge Dallas told counsel that this being

A few moments later the bearing was re-A few moments later the hearing was re-sumed in the master's offlee, and continued until late in the afternoon. Here the dis-cussion was taken up by John B. Gleason, of New York, on behalf of the first income bondhalders of that city. Mr. Gleason was anxious to return to New York, and his objections to the plan were stated briefly. Francis I. Gowen, following for the Le-high Valley road, said that the company was not a party to the proceedings taken was not a party to the proceedings taken by the reorganization committee, but that it had no wish to interfere with the prayers of the petition and was willing to leave the formulation of the plan wholly to the

compilities.

Mr. Hijur then resumed his protest against any action by the court, saying that the plan would leave the company insolvent and in the hands of receivers, with no way of being taken out of their hands, and the obligations would increase instead of diminish.

Lawyer Dos Passos characterized the Lawyer Des Passes characterized tha-plan as extraordinary and extravagant, and believed there was not a court in the country that would approve it. The pur-pose of the application, he continued, is to get the court's seal of approval upon it and then use it as a bludgeon with which to beat non-assenting bondholders into submission. Without a bond in its pos-sussion this committee cours, into court submission. Without a bond in its pos-susion this committee comes into court and asks to have this gigantic scheme of speculation approved, so as to force it down the threats of the minority bond-holders. He believed that if the \$9,000,000

He believed that if the \$9,000,000 worth of bonds were advertised for sale they would be taken up at par, and instead of \$6.5 per cent, as proposed by the committee, there would be a saving to the holders of Resaling bonds of about \$550,000. Mr. Dickson defended the action of the receivers and detailed the edvantages to be gained by the approval of the plan. Never in the history of the commany, he said, had there been an opportunity to borrow money so advantage onely. In answer to the expenditure of the scheme he said that if any one would show a legitimate business transaction whereby the Reading ness transaction whereby the Reading could be benefited the receivers would

After Mr. Dickson had finished Mr. Dos.
Passos and Receiver J. Lowber Welsh had a little tilt. Mr. Dos Passos thought that the receivers should take no part in the receivers should take no part in the recording ricks an ionings. Pour in the receivers should take no part in the recording ricks an ionings. Pour in the receivers should take no part in the recording ricks an ionings.
