## TRAIN ROBBERS CAUGHT

Three of the Virginia Bandits Now Behind the Bars.

### SOME OF THE MONEY RECOVERED.

A Man Arrested at Cumberland, Md., Had Over a Thousand Dollars of the Stolen Money in His Possession—The Others Will Soon be Captured.

CUMBERLAND, Md., Oct. 18.—A man answering the description telegraphed to the chief of police of this city by Governor O'Connell was arrested as he was about to take a train for Pittsburgh. He gave the name of C. J. Searcy, and claimed to hail from Kansas. He admitted having been in Front Royal, Va., on Tuesday. He was heavily armed, and attempted to get rid of his revolver when arrested. He was committed to jail to await action of Richmond authorities.

As soon as the officer attempted to arrest Searcy he started to run, but was soon caught by the officer. He claimed to have been stopping at one of the hotels in this city, and upon being taken to each of the hotels in turn claimed that it was a different one.

No further doubt can possibly exist that one of the Aquila Creek train robbers has been caught in this city. A web of circumstantial and convincing evidence has been woven about the prisoner. By the first train from Washington after the report of his capture a party of Pinkerton detectives arrived, including Captain H. F. Hinde, who had just arrived from the scene of the robbery. He was accompanied by Critchfield, the messenger in charge of the car at the time of the hold up.

In the prisoner's possession was \$1,051.50 in cash, of which \$607 was in greenbacks. When Mr. Hinde saw the roll of greenbacks he held them up to the light and examined them closely, finally declaring there was no further doubt that the prisoner was one of the robbers. He showed that every one of the notes had small perforations. In every package of money shipped by the Adams Express company the notes are stitched together, leaving, when separated, tiny holes which a person could not fail to discover upon examination. Every note contained these holes in the places where they would be made by the person making up the money package.

Mr. Hinde also closely examined a memorandum book which Searcy had in his pocket. In this book was a row of figures in which \$2,500 had been divided by two, besides a quantity of other valuable information which the authorities refuse to give out. The book contained a diagram which is believed to show where the greater part of the money stolen last Friday night has been hidden.

New York, Oct. 18.—Of the seven Quantico robbers the Adams Express company believes that three are now under arrest. President L. C. Weil, of the Adams Express company, says the Cumberland dispatch agrees with the advice received by him. The Cumberland suspect, he believed, was one of the three men under surveillance who passed through Front Royal, Va., Monday night. The sheriff lost track of them, though he was advised of their coming. They bought new clothes at Front Royal, and were traced to a Norfolk and Western train. Subsequently two of the men were apprehended at Cherry Run and sent to jail at Martinsburg.

The third escaped, but was overtaken at Cumberland, and is now under arrest there, where the only money, so far as is reported, was found. The memorandum book which this robber carried, showing where the entire booty had been divided, had not yet been reported by the company's agents, but it should prove a valuable clue. Four more men implicated in the robbery have yet to be accounted for. Mr. Weil was positive that the total amount stolen would not exceed \$50,000; and that even that amount would likely be reduced by further reports.

The express officials and detectives are delighted at the captures, and now feel sure that the apprehension of the remainder of the gang will be accomplished soon.

**Of Interest to Pensioners.**  
WASHINGTON, Oct. 18.—Assistant Secretary Reynolds, of the Interior department, has decided that section 4,718 of the revised statutes, relative to the payment of accrued pensions, is applicable to pensioners under the act of July 27, 1892, granting pensions to the survivors of certain Indian wars. It is also held that the section authorizes the widow of the deceased soldier to prosecute his pending claim under that act and receive the accrued pension to the date of the soldier's death.

**Wanted to Poison Her Husband.**  
PHILADELPHIA, Oct. 18.—Mrs. Margaret Nackle, wife of Arnold Nackle, of the metal manufacturing firm of Nackle, Brinkmann & Co., went to Dr. Theel and asked him for a drug which would gradually poison her husband and then kill him. Mrs. Nackle and a policeman were summoned, and the woman was given a hearing before a magistrate, who adjudged her to be insane and committed her to an asylum.

**Alleged Express Robbers Acquitted.**  
NASHVILLE, Tenn., Oct. 18.—The jury in the case of Charles Hardin, Curtis Elrod, Charles Taylor and James Morris, charged with the unloading of \$25,000 from the Adams Express company, returned a verdict of not guilty. When the verdict was announced the utmost confusion prevailed. Hardin and Elrod grasped each other's hand, while the other three gave vent to their feelings with tears of joy.

**Falsely Shot by His Son.**  
BALTIMORE, Oct. 18.—William A. Herrick and his wife were in a rooming house in the city when a young man, who is believed to be the son of the man who shot him, fired a shot which struck the man in the chest. The man was taken to the hospital, but died before he could be removed to the hospital.

**Indicted for Abducted Railway.**  
COLUMBIA, S. C., Oct. 18.—The grand jury, which on the 17th indicted the man who was charged with the abduction of a railway train, returned a verdict of guilty. The man was sentenced to the penitentiary for a term of years.

**A Liberal Indictment is Granted.**  
LONDON, Oct. 18.—A liberal indictment was returned in the case of a man who was charged with the abduction of a railway train. The man was sentenced to the penitentiary for a term of years.

## "To Benefit the Unfortunate Thousands Who are Suffering So Keenly."

Rev. A. H. LONG, D. D., Mount Joy, Penn.

### Benevolent . . . . .

Unselfishness is always ready to help others.

The eagerness shown by hundreds of grateful, unselfish people to give their unsolicited testimonials to the value of Dr. Miles' remedies is not at all astonishing:

Dear Sirs:—Seventeen years ago while engaged in writing a sermon, instantly, I had an attack of congestion of the brain, which incapacitated me for nearly two years. I then resumed the duties of my profession, but not without more or less nerve trouble. Five months since my nervous prostration became so severe and violent that at times I fell suddenly and unconsciously on the floor or ground. Preaching, reading and writing, became impossible. I was confined to my room, and my weight was reduced twenty-four pounds. I expected to die in a very short time. Provisionally, as I firmly believe, I was induced to give Dr. Miles' nerve remedies a full and fair trial. Two bottles of "The Restorative Nervine," and one bottle of "The Restorative Tonic," together with one box of "The Nerve and Liver Pills," made a perfect cure. All nervousness is gone. I can eat, sleep, read, write and preach. In short, I could not wish to enjoy better health than that which I now enjoy. My youth is renewed like the eagle's. I regard it as my imperative duty, dear sirs, to send you this testimonial, though unsolicited on your part, for the benefit of the unfortunate thousands who are suffering so keenly. And moreover, I should be glad if you could arrange to have the same published. Very truly,  
A. H. LONG.

Dr. Miles' Restorative Nervine is effective because it quickly replaces the waste of the hard-worked nerve and brain tissues, and furnishes, direct, appropriate, and sufficient food for the nerve tissues all over the body.

Dr. Miles' Remedies are the result of twenty years of study and investigation by the great specialist in Nervous Diseases, Dr. Franklin Miles, and are sold on a positive guarantee that the first bottle will benefit. All druggists sell them at \$1.00 bottles, \$5.00, Pills, 25c., or sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

The murderer took refuge in his cabin and fled when the officers who attempted to arrest him. A crowd surrounded the house, and then Engers surrendered. He was brought to this city to prevent lynching.

Death Under Tons of Earth.

ATPOOSA, Pa., Oct. 18.—Mike Tabet, an Italian, and Andrew Cuning, a German, were working in a saw-trough eleven feet deep and two feet wide when the bank caved in, burying both men. ## NEW YORK'S BRIGANDS

Still Exposing Their Many Sources of Revenue.

### MR. GOFF EDGEMORE FACETIOUS.

He Declares That Although He Has Searched the Town with a Fine-Tooth Comb He Has Been Unable to Find Any Business Exempt from Taxation.

NEW YORK, Oct. 18.—Chief Counsel Goff continued to probe for evidence of black-mail at the session of the Lexow committee yesterday. He produced witnesses who testified that the police officials were accustomed to bleed the proprietors of soda water fountains on the east side. Some one inquired whether he had discovered any line of business that had not been compelled to pay a tribute to the police.

"I have not," said Mr. Goff facetiously, "though I have been searching the town over with a fine-tooth comb."

The first witness of the day, Frank N. Johnson, told the committee of another source of revenue to the police. His father is a caterer, and finding it necessary at some of the suppers given by the elite to stretch awnings across the sidewalks he had often given the policeman assigned to attend these affairs \$5. The acceptance of tips for such favors is distinctly forbidden by law.

Senator O'Connor brought out the fact that there were at least 500 policemen assigned to watch the buildings of private corporations. This service cost the city at least \$600,000 annually and no compensating advantages were received. Mr. Goff said that this estimate was a low one and that the loss to the city was even greater.

Lorance Beyer, a storekeeper, admitted on the stand that he had challenged Inspector Williams to fight a duel. Williams had given Henry Maillard, the candy manufacturer, whose building is located next to the store of Beyer, the right to use the sidewalks for his trucks. Beyer complained and said that it interfered with his business, as many of his customers were ladies. Williams said that there had never been a lady in the store except his own wife. During the controversy growing out of this affair Beyer had issued his challenge.

"And that challenge stands today," he said dramatically, as he concluded his testimony.

A son of Beyer told a long story of a suggestion of Detective Dalton to the effect that the officer told him things would be squared if he would give Williams a gold table in the window, worth \$300. Williams did not get the table, however.

### Omaha's Judicial Conflict.

OMAHA, Neb., Oct. 18.—A thousand people crowded the criminal branch of the district court to witness the second chapter in the conflict of authority between Judge Scott, of that department, and the other five judges of the district, respective to transferring the libel case against Editor Rosewater of the Omaha Bee to some other judge. After criticizing the other judges for interfering in the affair, Judge Scott, on motion of the county attorney, dismissed the case. Preparations have been made by the other judges to secure supreme court mandamus to compel Scott to transfer the case.

### Ex-Governor Beveridge Indicted.

CHICAGO, Oct. 18.—The federal grand jury reported a true bill against ex-Governor John L. Beveridge, president; E. D. Arnold, vice president, and Samuel M. Bidwell, secretary of the State Mutual Life Insurance company. The indictment charges the defendants with using the mail to further the business of a lottery. The charges were arrested some time ago and gave rise to a controversy between the two parties.

### Swindled the Knights of Pythias.

CINCINNATI, O., Oct. 18.—The postoffice inspectors are working on frauds perpetrated upon Knights of Pythias lodges all over the country. Bogus sick benefit orders have been presented to lodges all over the country and cashed, securing \$80 from each lodge. All signs and grips are said to be used by the swindler and blank orders were stolen from different lodges.

### Must Remain in the Asylum.

BOSTON, Oct. 18.—In the United States circuit court Judge Putnam filed an opinion of the circuit court of appeals in the case of Millionaire William H. King, in which the decision of the circuit court is affirmed, and King will remain in the asylum.
