

Strength Should Return and Langnor Go.

No Season Is So Good for Building Up the Brain and Body.

Paine's Celery Compound's Work of Mercy in Countless Homes.

The prostrating heat of summer has long since gone.

There is now but one excuse for languor and lack of energy—ill health.

With the return of bracing, vigorous weather, the thoroughly well men and women find the prospect of work attractive.

That is, provided one is well.

To the sick man or woman the prospect is doleful. The thousands of persons who worked right through the hot summer, and the many whose vacation, instead of recruiting their strength, has only made increased demands on their tired nerves and brains—these unhappy ones should take advantage of the bracing days and nights to store their bodies

MRS. WILLIAM MCCOLLUM.

with pure, vigorous blood and their nervous system with energy before the cold weather overtakes them in their weak, "run down" condition.

Paine's celery compound should be taken during the month of October. It will build up the tired system wonderfully. Increased appetite and steady gain in weight during the month will show unmistakably the stimulating effect of this remarkable nerve food.

It is the putting off of attention to the signs of heart weakness that fills the statistics with overwhelming numbers of deaths from "heart failure." Those who at once build up their strength and nourish the feeble nerve-centers with Paine's celery compound, cheek weakness of any other part of the body.

Physicians prescribe it the world over. Get strong and well with Paine's celery compound.

Here is the experience of Mrs. William McCollum, of Trenton, Mo., who says:

"I have had neuralgia for eight or ten years. I began to think that eventually it would cause my death. I would have three or four awful attacks in a month, and all the pain would settle in the base of my brain, and extend down my back, lasting several hours."

"We tried everything that we could think of, but nothing did me any lasting good until my mother came on a visit and told me to try Paine's celery compound, as she was using it for nervous trouble with wonderful success. We both think your compound saved us from going crazy. I only used two bottles of it, but I have not had a return of my old enemy since."

"One thing is certain, and that is the doctors could not do anything for me. Some told me it was caused by nervous trouble, some said it was female trouble, some said one thing, some said another, but thanks to your wonderful compound I am free once more. I have often thought that I would write and tell you what a relief it is to be free from pain, but I neglected it from time to time. You may believe that I shall always speak a kind word for Paine's celery compound."

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain-Exterminator. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for.

Five percent interest allowed on all payments made in advance for 6 months or longer.
