Headaches, Pain and Cough.

Lida McCandless, No. 1230 South Thirtyfitth street, Philadelphia, in conversation
with a reporter, said: "I had a very bad
case of catarrh of the nose, throat and
stomach, with frequent headaches, pain
under the shoulder blades and a horrible
tough. I had to keep my mouth constantly open day and night to breathe,
and felt as miserable as one possibly
could. I was advised to try Munyon's
Catarrh Cure. I am happy to say that
from the beginning I felt relieved and
continued to grow better until now I am
entirely well. I am so thankful that this
remarkable remedy was ever discovered,
and hope others will take advantage of
my experience.

Have you Catarrh? Are you willing to
investigate a treatment that cures Catarrh
by removing the cause? If so ask your
druggist for a She, bottle of Munyon's Catarrh Cure and a 25c, bottle of Catarrh
Tablets. The Catarrh Cure will eradicate
the disease from the system, and the Tablets will cleanse and heal the affilieted parts
and restore them to a natural and healthful condition.

Catarrh of the Nose, Throat and Desperate Work of the Cook Gang of Outlaws.

A TRAIN THE ON A SIDING.

Brought to a Standstill by Collision with Empty Box Cars - Then the Robbers Went Through the Express Cars and Passenger Coaches-Two Passengers Shot.

WAGONER, I. T., Oct. 22.—The Karsan Olty and Monphis express, which left here at 9:30 Saturday night, was wrecked and robbed by the Cook gang of desperadoes at Correta, a blind siding, five miles south of here. The train was running twenty miles an hour, and when within 100 feet of the switch a man came out from be-hind an embankment and threw the switch for the siding, running the train into a string of empty box cars. Engineer James

string of empty box cars. Engineer James Harris applied the air brakes and reversed the engine, while the robbers at once commenced firing at the engine and coaches. As soon as the train stopped two of the robbers commanded the engineer and fireman to come down, and as soon as they had dismounted marched them in front of them to the baggage and express cars. Here they forced Express Messenger Ford to open the doors by perforating the side of the car with bullets. Meanwhile two more of the robbers had taken up a position at the rear end of the sleeper to prevent anyone escaping, two others mounted the platform between the smoker and bagthe platform between the smoker and bag-gage car and two more were on the plat-form between the first and second coacles,

form between the first and second coaches, all keeping up a continual firing.

The two robbers in the express car were meanwhile ransacking that car, securing all the money in the local safe. They commanded Messenger Ford to open the through safe, but when he explained that the safe was locked at the main office and the safe was locked at the main office and not opened until it reached the destination they left the car. The two men on the front platform then started through the coach, demanding money and valuables. As soon as they reached the rear end of the coach the two men on that platform started through the second coach.

When they were about half through a freight train following close behind whis-tled, and Bill Cook, the leader, who had all the time remained outside issuing com-mands, swearing at the passengers and shooting, called for all hands to come out. The men on the cars jumped out, and when all were on the ground fired a last volley at the train and disappeared in the dark ness. There were eight or ten men in the

party. Two of them were white and the others were half breeds.

Jack Mahara, advance agent for Mahara's ministrels, was hit in the forehead by a bullet, and dangerously, if not faby a bullet, and dangerously, it has ta-tally wounded. Walter Barnes, of Van Buren, Ark., was also slightly injured by a bullet striking him in the cheek. Special Officers Helmick and Dickson, of the Missouri Pacific, were on the train.

and also United States Deputy Marshals Brunner and Casaver, but they were cov-cred by Winchesters in the hands of the bandits before they had time to make a move. Casaver lost a watch and a six

The train was backed up to this place for ssistance, and to give the injured medical stiention. The entire train was completely eddled with bullets, every window being broken. The engine cab was shot all to pleces, even the steam guage and guage lamp being shot away, and the ground around the wreck was covered with empty shells. It was a miracle that many lives were not lost, as fully 200 shots were fired. Conductor Duncan, in charge of the wreeked train, said:

"I was in the sleeper when we struck the
ears on the side track. I thought it was a
head end collision, and knowing that we
were closely followed by a freight I grabbed
a red lamp and started back to flag. When I reached the rear end I was confronted by two men, who ordered me back in the car two men, who ordered me back in the car. I told them we were closely followed by a freight, and would be run into, and asked them to let me go back to flag them. One of the men replied: 'Well, go on, and hurry up.' I started back as fast as I could, but being troubled with asthma could not go very fast. The two men be gan firing at me and told me to go faster.'

Express Messenger W. T. Ford, declined to say anything further than that the vobbers got everything they could lay hands

bers got everything they could lay hands on outside of the through safe. The mail car was not molested. The loss of the express company will not exceed \$500, as in structions had been issued to all agents b the territory to receive no money or valuables for this train, and only the compan money, remitted by local agents, was car-ried outside of the through safe. Four armed men called at the section

house at Rose Station, six miles north of here, about 10 o'clock yesterday, and at the points of Winchesters compelled the for-man to prepare their dinners. They are well armed and are thought to be a part of the band. The entire gang of eight were encamped last night on the banks of Bull creek.
