It's a wise man who concludes to vote the Republican ticket this fall.

The Singler funeral will pass through town next Wednesday night. The interment will take place on November 6th.

No OAL minor in Pennsylvania can consistently vote for any Congressman who voted to put Nova Scotia out on the free list.

When the Democratic dragnets are hauled up on the morning of November 7th the catch of Congressmen will be found exceedingly light.

If the new Republican club, which is to be launched in town tonight, carries out the principles that its organizers claim as the foundation of the movement there will be a purification of local politics.

No wonder the women are taking an interest in politics. They want to see those rascals turned out of office who have turned their husbands out of their jobs. The women know that Protection means food and clothing, while Free Trade means hunger and nakedness. The women will see to it that their husbands vote for Protection this fall.

A VERY proper policy for the Protectionists in Congress to pursue, at their very earliest opportunity, would be the restoration of the free breakfast table to the American people. This was one of the most important and most popular features of the McKinley tariff. One of the objects of Protection is to lessen the cost to the consumer of the necessities of life, while affording Protection to American industries. The people have the opportunity of deciding for themselves, next month, whether they prefer a free breakfast table or a taxed breakfast table.

AMONG the reasons for the almost uninterrupted success of Japan in prosecuting the present war with China is the spirit of sacrifice and generosity exhibited by her people. Voluntary contributions amounting to almost \$15,000,000 have been received by the Government. The Bank of the Nobility, which has given \$1,000,000 outright, has also placed \$15,000,000 interest free, at the disposal of the authorities. The noblemen and wealthy merchants have been most patriotic and a number of them have contributed more than \$100,000 each. Victory under such conditions is comparatively easy and certain. Public spirit in China with reference to the unfortunate conflict presents a melancholy contrast. Unhappily for the Chinese, the same spirit of indifference—to use no stronger word—seems to pervade a great part of the army and

navy. Admiral Ting himself had to report that seven of his ships remained concealed during the fight on the Yaloo; that several officers had to be court-martialed for cowardice, and that it was deemed essential to behead Captain Fong, who fled before the beginning of the battle. It appears to be a hopeless task for the Chinese to fight the demoralization in their own forces.

THE WORKINGMAN'S CHAMPION.

A man who has moral courage to stand up in the State Legislature and battle for the rights of the workingmen is just the kind of an individual the people who earn their bread by the sweat of their brow need at the present time, and the working people of this district will be very foolish if they do not stand by Hon. John J. Coyle, the Republican candidate for the Senate in this district. His record while in the Legislature was that of a man who always directed his energies in the interest of the working people who elected him, and if sent to the Senate he will duplicate the record there. Workingmen, especially miners, look to your own welfare and send your champion, John J. Coyle, where he can do the most good for you.

BALANCE OF TRADE SUMMARY.

It is a notable fact that for ten years—from 1875 to 1885—the Republicans never had less than \$75,000,000 of a surplus in any one year, reaching the enormous sum of \$250,000,000 in 1881; while Grover Cleveland, at the close of his second year, in 1887, found the balance of trade to be against us to the amount of \$25,000,000; while President Harrison as soon as inaugurated, with the balance of trade against us, brought this trade back to us, so that the third year of his administration gave us \$202,000,000 of an excess of exports over that of imports.

A study of these tables will show what the Republicans and the Whigs have been able to accomplish, as against the Democrats, in the holding of the balance of trade. The following resume is given for convenience:

The Federalists lost annually for twelve years \$10,826,538, or in all \$129,918,432. The Whigs controlled the government for eight years, with imports amounting to \$158,878,331, and a total of exports of \$17,303,375, which gives an annual loss in the excess of imports over exports of \$13,584,956.

The Democrats had control for fifty-six years prior to Cleveland's present term, in which they show a gain of exports of \$171,949,501, against a loss in the imports of \$1,000,594,781, making the annual loss by the Democrats for the whole fifty-six years \$14,633,648.

The Republicans had control for twenty-eight years, in which they show a gain in the excess of exports of \$1,875,856,715, against a loss in the imports of \$1,124,741,634, or an annual gain in the excess of exports of \$750,115,081.

Making a final showing in favor of the Republicans with \$29,000,000 of a gain, against \$14,000,000 of a loss with the Democrats, or \$15,000,000 of a loss with the Whigs annually. In other words, the Republicans gained in twenty-eight years enough to overcome very largely the loss of all previous administrations.

A Horrible Plod by Whalers.

DURDEE, Oct. 25.—Whaling vessels belonging to the Durdee fleet which have returned bring a gruesome story from the far north. They steamed into Elvin bay, and a party from the Balena landed, and proceeded in shore. They had not gone far when they came upon a ghastly ring of corpses, the remains of Eskimauts who had evidently died of starvation. The evidence pointed to its having been a case of the survival of the fittest. One by one they had succumbed to the pangs of hunger, and finally the stronger, in a futile attempt to save their own lives, were driven to eat the others. The crew of the Balena brought a number of relics of their ghastly find.

A Wife Murderer's Suicide.

BIRMINGHAM, Ala., Oct. 24.—At Falkville yesterday the body of Dr. William Turney, who has been missing for several days, was found in a small cottage in which he lived alone. The doors were locked securely and a half empty morphine bottle on the bed told the tale of suicide. Dr. Turney, who was a Methodist minister, 72 years of age, married a beautiful young woman, his third wife. One day he saw her talking to another man on the street, and when he came home he choked her to death. He was declared insane and sent to the state insane asylum. Six months ago he was pronounced cured and released from custody.

The Carlisle Indian School.

CARLEISLE, Pa., Oct. 25.—Captain R. H. Pratt's fifteenth annual report of the Carlisle Indian school shows a successful year, with a material advance in all departments. In that time, only one death has occurred. There are now on farms 40 boys and 25 girls. No pupil of the school has ever been brought from a reservation by force. The present number of pupils is 602, of whom 359 are boys and 244 girls. The new pupils number 152, and 215 have been returned to agencies. Forty-four tribes are now represented at the school.

Four Fishermen Drowned.

GLOUCESTER, Mass., Oct. 25.—The fishing schooner Dora A. Lawson, which arrived yesterday from the banks, reports the loss of four of her crew. On Sept. 21 Frank Malloway, aged 18, and John Donley, aged 20, were drowned by the capsizing of an overloaded dory. Thomas Sullivan and Patrick Shea, of Boston, both about 25 years old, were drowned about Sept. 1, while off in a boat.

THE CRISIS IN RUSSIA.

A Seditious Document Against the Ruling Dynasty.

THE CZAR'S CONDITION CRITICAL.

Further Reports That the Russian Ruler Is Beyond All Hope—Grand Duke George Formally Resigns His Succession to the Throne.

LONDON, Oct. 25.—A dispatch from St. Petersburg says that among the various reports in circulation there is one to the effect that Professor Bergmann, the well known German physician, has been summoned with a view to the possibility of an operation if it be found that only one of his majesty's kidneys is affected.

The dispatch adds that detailed accounts are given of the will of the czar, but that nothing authentic can possibly be known beyond the official bulletins. Even the ministers and ambassadors receive no other information than is contained in the bulletins. It is true, however, that since the 19th of the present month all the state papers have been signed by the czar with the czar's order.

The minister of finance has telegraphed to the president of the Odessa exchange, begging him to call the bankers and representatives of financial firms together and appeal to them for the abstention, under the sad circumstances, from all speculation, and especially the purchase of gold, and also to do their utmost to prevent the depreciation of the rouble and state funds.

The St. Petersburg correspondent of The Daily News says that the official bulletins do not represent the gravity of the czar's condition. Temporary relief by tapping, he adds, means nothing. It is the general opinion that his majesty is all but dying. It is known that his unconsciousness lasted several hours. It is not known whether the wedding of the czar's daughter and Princess Alix occurred yesterday or not. This silence is ominous. It may be that the surgical operation has delayed the ceremony. Persistent rumors are in circulation of mournful sick bed scenes and other touching incidents.

Advisers received in Berlin are to the effect that the condition of the czar has become much worse. The death of Grand Duke George, the second son of the czar, who was not long since recalled to St. Petersburg from Abkhassian in the Caucasus, where he was sojourning for his health, is, according to the Gazette, a question of a few days.

Princess Alix, it is said, is still waging a desperate struggle against the fanatical Orthodox clergy, who insist upon her declaring that the Evangelical faith is accepted. The princess cannot be persuaded and demands that she may be excused from pronouncing the words in question. The correctness of these rumors cannot be vouched for, and the fact is only mentioned that they are in circulation and are receiving fresh nourishment from the absence of news about the wedding. However, as news from Livadia generally takes considerable time in coming, news of the marriage may still be expected.

The servants who accompanied Princess Alix to Warsaw, where she met her sister, Grand Duchess Sergius, have returned to the Russian capital. At Warsaw there were a number of Russian servants who entered upon their duties as soon as the princess arrived. It was evidently not wished that the Germans should go to Livadia and bring back with them a knowledge of the state of affairs at the Russian court.

A seditious proclamation or appeal to the people is circulating secretly through the north here. The origin of the proclamation is unknown, but it is evident that the authors have taken advantage of the exceptional circumstances that now prevail. The document is dated Feb. 19, the anniversary of the emancipation of the serfs, and is signed "The Party of Russian Rights." It demands that the rights that a despotic government has withdrawn be restored. Nothing is said in the proclamation about the illness of the czar, but the present moment is referred to as propitious for securing liberty of the press and conscience. An election, etc., is demanded. No importance is attached to the appeal.

The St. Petersburg correspondent of the Berlin Vossische Zeitung, predicts trouble over the ascension to the throne. He says: "The superstition following the death of Nicholas I, that no other Nicholas would be enthroned, survives. Fear of a renewal of the conditions of affairs under the first Nicholas is deep seated. The feeling prevailing among the lower classes proves that they do not regard the czarowitz as heir by the grace of God. Moreover, their views on autocracy have greatly changed."

Death of a Naval Veteran.

NOFOLK, Va., Oct. 25.—Captain Robert B. Pagan, formerly in the United States and Confederate navies, died here yesterday, aged 83 years. He served on the Saratoga in the Mexican war under the then Captain David Glasgow Farragut in 1847, and he was in the expedition to Japan in 1853, and in 1855 commanded the American forces which united with the English in operating against pirates in Chinese waters, when thirty-one war junkies were sunk by the Powhatan and sixteen pirates captured. For this service Pagan received the thanks of the British admiral, and the state of Virginia voted him a sword.

Tried to Poison Her Companion.

TRENTON, Oct. 25.—Lydia Overton, aged 15 years, has been held to await the action of the grand jury on a charge of attempting to poison Bessie Wood, aged 17 years, and two or three other girl companions. The other girls had been teasing Lydia, and in revenge she gave them candy containing croton oil. The condition of Bessie Wood was serious for a time, but the others were not affected to any extent. A warrant has been issued for the confessor who made the candy.

A New Switchmen's Aid Society.

KANSAS CITY, Mo., Oct. 25.—Switchmen now have a national organization. The successor to the old Switchmen's Mutual Aid association will be known as the Switchmen's Union of North America. The most important change is that section relating to benefits. The old organization paid \$1,000 upon the death of total disability of a member. This feature has been dropped for the present, although weekly sick benefits will be paid members.

Schools Closed by Epidemic.

PHILADELPHIA, Pa., Oct. 25.—The public schools, as well as the Sunday schools, in the town of Hancey, near Houtdale, have been ordered closed, owing to the prevalence of diphtheria. A number of deaths have already occurred and new cases are daily reported.

THE GEORGIA LEGISLATURE.

Increased Strength of the Populists Makes a Democratic Caucus Necessary.

ATLANTA, Ga., Oct. 25.—The general assembly of Georgia convened yesterday. Hon. W. H. Venable, of Atlanta, was elected president of the senate, and Hon. W. H. Fleming, of Augusta, was elected speaker of the house. There are seven Populists, one Republican, and thirty-six Democrats in the senate, and of the total membership of 173 in the house, forty-six are Populists, the remainder being Democrats. This is the first time in twenty years when there has been any party caucus in the organization of the legislature of Georgia, but the increasing strength of the Populists rendered it desirable to the Democratic leaders.

The first work of the general assembly will be the election of judges and solicitors, after which it will take up the important work of electing two United States senators. Hon. Patrick Walsh has no opposition for election to fill the unexpired term which he is now serving, but for the long term there are four candidates, Hon. A. O. Bacon, Hon. Patrick Walsh, Congressman H. C. Turner and Hon. L. F. Garrard. This will be decided by caucus nomination, and the estimated strength of the four candidates gives Bacon 78, Turner 50, Garrard 22 and Walsh 18.

It takes eighty-four votes to nominate in caucus. The Bacon men claim more than enough to nominate, though the others deny this. The first ballot in both houses does not take place until Nov. 6, but the caucus will occur in the meantime.

Strikers' Injunction Overruled.

ST. LOUIS, Oct. 25.—Judge Phillips overruled the demurrer in the famous strike injunction suit of the United States against M. J. Elliott and over a hundred members of the A. R. U. The government filed a bill asking for an order to restrain the defendants from interfering with the mails or interstate commerce. A temporary order was granted and the defendants filed a demurrer, alleging want of jurisdiction. Judge Phillips held that congress had the right to regulate interstate commerce, that it had passed a law in accordance with that right, and that United States District Attorney Clifton had observed the letter of that law.

An Eminent English Clergyman Arrives.

NEW YORK, Oct. 25.—The Very Rev. Samuel Reynolds Hole, D. D., dean of Rochester cathedral, England, arrived yesterday by the steamer Majestic. The witty dean of Rochester is one of the most powerful and popular preachers in England. He was the intimate friend of Thackeray, Dickens, Tennyson and Leech and comes to this country on a lecturing tour. The proceeds from the lecture tour of Dean Hole will go to raise funds toward rebuilding the central tower of Rochester cathedral as a memorial to Charles Dickens.

Arkansas Whites on Trial.

MEMPHIS, Oct. 25.—Twenty-five members of an alleged gang of whites, who have been creating a reign of terror in St. Francis county, Ark., were placed on trial at Helena, Ark., yesterday. A jury was empaneled and three witnesses identified several of the defendants as members of a band who applied the torch to buildings on the plantation of Henry Banks and drove the tenants off the place. There are over a hundred witnesses to be examined, and the trial will continue several days.

Accidentally Killed His Brother.

LYONS, N. Y., Oct. 25.—John Van and Samuel Westfall, three sons of J. R. Westfall, of Rochester, were shooting ducks from a boat on Great Sodus bay at Briscoe's cove. Seeing a duck flying low, John told Van to lower his head while he shot at the duck, missing it. Just as he was ready to discharge the other barrel, Van, supposing John had discharged both barrels, raised his head, receiving the entire charge in his head, and dying instantly.

Amnesty for Brazilian Rebels.

WASHINGTON, Oct. 25.—The United States minister to Chile has advised the state department that the Chilean government has granted general amnesty to all persons accused of political offenses prior to Aug. 28, 1890. The effect of this amnesty is to pardon the adherents of ex-President Balmaceda up to the day he was forced to resign, and does not extend to those who resisted the new government formed after Balmaceda's abdication.

A Cargo of Gunpowder Explodes.

ABERDEEN, Scotland, Oct. 25.—A dispatch received here from Peterhead, a seaport about twenty-five miles from here, announces that the Swedish schooner Alene, loaded with gunpowder, which was at anchor near Peterhead, has been blown up. It is added that within two minutes after the explosion nothing was to be seen on the surface of the water but splinters from the schooner. All her crew perished.

A Defeat for Tim Campbell.

NEW YORK, Oct. 25.—Judge McAdam, in the supreme court yesterday, decided that John Simpson is the regular Republican candidate for congress in the Ninth (or Bowery) district. This is a defeat for Timothy J. Campbell, who was thrown overboard by Tammany, and then attempted to become the candidate of the Republicans.

A Monument to Ex-Governor Curtin.

BELLEFOSTE, Pa., Oct. 25.—The movement for a monument to ex-Governor Curtin is beginning to assume definite shape. The Grand Army has appointed a committee to look into the matter, and it is proposed to erect a \$25,000 marble structure in the public square here surmounted by a statue of the war governor.

The Success of Hood's Causes
Great Rejoicing—A Perfect Cure.

Miss Cora B. Ebert, Barnesville, Pa.

"I feel it a duty to state what Hood's Sarsaparilla has done for me. I was almost blind, being compelled to stay in a darkened room on account of inflammation of the eyes. I also suffered with running sores on my body. I was in terrible condition. My mother tried every thing she knew about and I was attended by two doctors but without helping me. Finally Hood's Sarsaparilla was recommended and I had not taken two bottles before I began to get better. The inflammation left my eyes and the sores healed, and the result was that
