Vote the whole Republican ticket, from Governor down. You will make no mistake.

Gov. McKINLEY has been making some mighty fast time in his travels, but for speed just see the Democrats on the run everywhere.

The Democrats are making a display of great strength. Don't get frightened. They have often tried that game before and failed. It is a bluff.

A VOTE for the Republican candidates for Congress, Senator and Representative means a vote for protection and good times. They go together.

If you want to help to paralyze the Rebel brigadiers in Congress help to make the Republican state ticket win by over 300,000 majority. It can be done.

The next Congress will be Republican and this district should not be without a voice in the making of laws that will give us prosperity once more. Vote for Brumm.

A LOSS in the Legislature may mean the loss of a United States Senator, a very serious thing. It would mean a continuance of hard times. Vote for Coyle and Wyatt.

The signs are that there will be a deficit of \$12,000,000 in the Federal Treasury for October. Is this to be construed as another proof of the Democratic good time promised?

It is pleasing to see so many representative men of town taking a warm interest in Republican politics. This work will count, providing they make a point to be on hand on election day.

The train robbers in Virginia have been run down. Now let the robbers of the American workingmen, the Democratic tariff smashers, be given a lesson that they will not soon forget by voting for Brumm.

NEARLY all of Congressmen Reilly's appointees are home helping to save a lost cause. Immigration Inspector Monaghan and Interpreter Radzowicz may as well go back to their berths. They can do very little missionary work here. The people have their thinking caps on this year and are thinking hard. Besides, their work here is against the orders of the President.

SHENANDOAH Republicans are in good trim and will show what organization means when the votes are counted next month. We doubt if ever before in the history of the town the Republicans have

shown such a bold front. Voters who have been indifferent are now fully awakened to the vital issues and have determined to make no more mistakes if they can possibly help themselves. It is bread and butter with the majority.

EVERY office-holder from this state now in Washington has received permission to take a leave of absence, go home and help to save the sinking Democratic ship, notwithstanding the express orders of the great mogul of the Democratic party, Grover Cleveland, who owns the party, body, breeches and all. Little stock need be taken in the notice. It is one of those wink-the-other-eye contrivances.

POLITICAL strikers are few and far between this year. This is a good sign. It shows that the political circles are more healthy and earnest. The strikers do more damage than good, and they should be kept at a distance. Any voter who holds his right of franchise up for sale is no good to himself or anybody else, and it frequently happens that he is not qualified to vote when the time arrives.

The good Democrats have found out that their influence in the Democratic party is nothing. They plead for its good, and are hissed. They beg for decent government, and are insulted. It does not seem to them that the conduct of the Republican party has been wise or right, but their place is to help it to all the influence and advice which the Democratic party accords and rejects. They will find infinitely more use for the best they have in them, and infinitely more weight for every suggestion of value, if they place themselves wholly on the Republican side. Their right to judge how long they shall stay there no one can take from them. But of this they may be sure—the best and worthiest men in the Republican party have now more power in it, as the history of the country proves, than the best and worthiest Democrats have in the Democratic party. Men of honesty, men of clean character, men of brains and practical sense, can find welcome and company close in the top in every Republican coalition, and will weigh there ten times as much as they weigh now in the Democratic state machine, or in the Democratic Congressional caucus. It is good sense for a man to put his influence where it counts for something.

ANOTHER DEFEAT FOR CHINA.

Japanese Cross the Yalu River and Are Now Engaged in Battle.
TOKYO, Oct. 25.—Field Marshal Count Yamagata has telegraphed to the war office that a detachment of 1,500 Japanese infantry crossed the Yalu river on Wednesday morning and attacked the enemy. The Chinese force consisted of 800 cavalry and 100 infantry, with two guns. The enemy fled. The Japanese captured a Chinese fort, the two guns and many rifles. The Chinese loss was twenty killed and wounded. The Japanese sustained no loss. The dispatch adds that the Japanese advance columns are marching upon Lish-lyen.

A dispatch dated W. J. Oct. 24, apparently delayed in transmission, was received here last evening, giving details of the above fight. It says that the Japanese had been thrown up to oppose the landing of the Japanese force, but a slight deviation enabled the Japanese to cross the river and land without opposition. The Chinese fled after the first few rounds were fired at them. The Japanese captured the works with a rush. The Chinese fled to batteries that had been constructed lower down the river, throwing away their arms in their flight. These were found to be antiquated muskets.

The advanced detachment now holds the Suchoin ferry to guard the passage of the Japanese main body, the advance of which began at dawn yesterday. The Japanese engineers had pontoons thrown across the river in readiness for the army to pass over.

THE PRESIDENT AT WASHINGTON

Surrounded by a Cordon of Detectives in the Jersey City Station.

NEW YORK, Oct. 25.—At 3:30 yesterday afternoon President Cleveland, accompanied by Dr. Joseph D. Bryant and Miss Bryant, left the doctor's residence and was driven to the Pennsylvania railroad depot in Jersey City, where they met Mrs. Cleveland and the children, who came on the Colonial express from Greenwich, Conn. In a few minutes the chief magistrate and his family were on their way to Washington. A cordon of detectives surrounded the president during his wait at the depot and no reporters were allowed to speak to him.

WASHINGTON, Oct. 25.—President Cleveland returned to the city last night via the Pennsylvania railroad after an absence of eight weeks, most of which was spent at Gray Gables. The president was accompanied by Mrs. Cleveland, the two children and their nurses and by Secretary Lamont, who joined the party at Balti more on his way home from McGrawville N. Y. Private Secretary Thurber was at the station to meet the president's family and Mrs. Lamont was there to greet her husband.

May Not Have Been Sunk by the Paris. SOUTHAMPTON, Oct. 25.—The watch officers of the American steamer Paris have made statements which throw additional light upon the collision reported yesterday, and which would seem to indicate that the bark may not have foundered after all. They say they believe the vessel is still afloat, and assert that the Paris only struck the bark's bowsprit, and did not touch her hull, and they conclude from this that a vessel so slightly damaged will probably report at some channel port before long.

WHAT AILS MY NERVES?

They Are Almost Driving Me Crazy.

They Won't Let Me Work and They Spoil My Pleasure.

Here is a Way to Have Nerves Like Steel. Just Read This.

Thousands of people feel this way. Their nerves are weak and irritable, they pass sleepless nights, waking in the morning, tired and unrefreshed, with bad taste in the mouth, and dull feeling head. They feel nervous, blue and discouraged, often having a sense of anxiety and apprehension, as of some impending danger.

They feel they have lost their nerve power and much of their energy and ambition. They feel they are "feeling just good for nothing." This was so with Mrs. N. H. Clark, a prominent and well-known lady of Morston, Vt. She writes the following unusually interesting letter:

"For some time I have been fearfully prostrated with nervous weakness. I was continually without strength and unable to do my work. I was completely tired out, and my nerves were so weak I was good for nothing. "I could not sleep nights I was so weak and nervous, and when I arose in the morning, I was as tired as when I went to bed, and sometimes even more so. I was entirely used up and miserable. I had no appetite, and the little food I could eat distressed me awfully. "I had a constant fear and dread that something was going to happen. I also had a cough and bronchitis. I employed doctors and took medicines constantly, but without benefit. At this time a friend who had used Dr. Greene's Nervura blood and nerve remedy, and been cured by it, advised me to try it.

MRS. N. H. CLARK.

"I had not used the first bottle when I could plainly see more good results than from all the other medicines I had ever before taken. At this time a friend from this most wonderful medicine was marvelous. "I can sleep well and my nerves are strong and quiet. My appetite is good and I can eat anything without distress. I heartily recommend Dr. Greene's Nervura blood and nerve remedy to everybody, for I believe it to be the best medicine I have ever found, and a great boon to mankind."

You who are sick and suffering just remember this: Dr. Greene's Nervura blood and nerve remedy is the medicine that cures, and it is exactly what you want. There are countless numbers of persons in just this condition. They are not sick with any particular disease, but are out of order, have weak nerves and tired bodies. They have lost their strength and energy, and work becomes an effort. You need Dr. Greene's Nervura blood and nerve remedy. It will cure you. It is purely vegetable and harmless, and is the discovery of Dr. Greene, of 35 West 14th street, New York City, the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter.

Ended His Troubles with a Bullet. PITTSBURGH, Oct. 25.—The dead body of Casper Schauf was found in an out-house near his residence in Millvale borough, with a bullet hole through his head. He was one of work and dispondent, and ended his troubles with a revolver. He was taken to the city hospital, where he died. He was insured for \$1,000 and he was a member of several beneficial societies. He leaves two children.

Our Cotton Production.

WASHINGTON, Oct. 25.—For several months the statisticians of the United States department of agriculture have been conducting an investigation regarding the acreage and product of cotton for the year 1893. The estimates are as follows: Acres planted in 1893, 19,625,000; number of bales harvested, 7,468,000.

Arrested for Attempted Train Wrecking.

DENVEN, Oct. 25.—W. H. Irving, a branch laborer, has been arrested at Windsor on a charge of attempted train wrecking. Last Monday evening, near Windsor, the passenger train on the Gulf road ran over a lot of rails placed for a distance of several hundred feet, but fortunately was not derailed.

Fatally Hurt by a Premature Blast.

THE MARRIAGE OF THE CZAROWITZ

It is Now Asserted That It Will Not Take Place at Livadia, Though There May be Preliminary Rites There—The Czarin's Devotion.

ST. PETERSBURG, Oct. 25.—Rumors are being hastily prepared at the winter palace for the reception of the czarowitz. The work proceeds night and day. A manifesto has already been printed at the office of the Official Gazette for issue on the occasion of the czarowitz's marriage to Princess Alix. Two hundred thousand copies of this manifesto will be distributed on the wedding day.

The czar's strength is daily decreasing, but he awaits death with perfect composure. In order to counteract the depression of those about him he has ordered that the band at the palace play during lunch time. The czarina, though suffering severely, never quits her husband's side. She sits for hours beside the armchair occupied by the emperor, and watches by his bedside when he is unable to sleep. The czar, it is said, has made all his arrangements with a view to death. He has completed his will, and has verbally advised the czarowitz to consult M. Runge, president of the committee of ministers, on political questions, and also to consult Grand Duke Michael on family matters.

Naturally there is great anxiety on the czar's account, but there are no apprehensions for the future except among the holders of high offices, who fear they may be superseded. It is expected that there will be extensive, though gradual changes in the internal affairs of the empire in the event of the czar's death, but the diplomatic circular from the foreign office, which it is customary to issue upon the demise of the crown, will doubtless announce that there will be no change in the foreign policy.

It is reported that Dr. Zacharin is opposed to an operation being performed upon the czar.

News is expected today or tomorrow of the formal induction of Princess Alix into the Greek church, and of the exchange of rings between her and the czarowitz, but there is no certainty of what may occur. There is little likelihood now that the marriage will be celebrated at Livadia. Official personages now deny that there will be any marriage service there, but they do not reject the likelihood of the two preliminary rites there.

The dispatch further says that the operations of the minister of finance to sustain the price of the rouble must be costing the government dearly. By offering gold to bankers and merchants the price of paper roubles is kept tolerably firm, but there is a strong tendency to speculate in funds and other national securities despite the finance minister's patriotic appeal.

Secretary Carlisle Appealed To.

CHICAGO, Oct. 25.—Louise Helsing, a German orphan girl, has been detained at Ellis Island, New York harbor, for over a month. Miss Helsing was engaged to be married in her native city of Chemnitz, but on the eve of her wedding was deserted by her lover, after he had betrayed her. Then a wealthy sister in this city went to Germany and brought her to this country, but she was detained at Ellis Island on account of her condition. Prominent citizens have appealed to Secretary Carlisle in her behalf, and her relatives will guarantee that her unborn child will never become a public charge.

Mexican Insurrectionist Recaptured.

EL PASO, Tex., Oct. 25.—Victor L. Ochoa, one of the leaders in last winter's insurrection in Chihuahua, Mexico, was landed in jail here yesterday, having been recaptured near Toyah. Since his escape from the slaughter of his little army near the city of Chihuahua last winter he has made a trip through southern Mexico. He is charged in the United States court with having led a body of armed men into the territory of a peaceful sister republic.

On Trial for Alleged Murder.

DARLINGTON, S. C., Oct. 25.—The trial of Tillman's liquor spies for murder was commenced yesterday. The case against McLendon occupied the attention of the court all day. The testimony so far shows that the deed was cold blooded. The case against C. S. McCullough has been considered by the grand jury, and that body dismissed it by finding no bill.

The Braddock Postoffice Looted.

PITTSBURGH, Oct. 25.—Thieves effected an entrance into the postoffice at Braddock during the night. They thoroughly ransacked all the mail bags and letter boxes, and carried off a number of letters which seemed to be valuable, together with stamps and a small amount of cash. An unsuccessful attempt was made to open the vault.

Stevenson Too Tired to Speak with Hill.

NEW YORK, Oct. 25.—Although when Vice President Stevenson arrived last night he was too tired to speak at Cooper Union with Senator Hill, last night he later he declared he would speak at Brooklyn with Amos J. Cummings. About 1,000 people greeted the vice president at Tivoli hall, Brooklyn.
