KNEW CORRUPTION EXISTED

But Police Commissioner Sheehan Declared He Could Not Suppress It.

New York, Oct. 30.—Police Commissioner Sheehan, in the course of his investigation, yesterday, into the Lexow investigation, and numerous and lively were the attacks which he had with Lawyer Goff. The commissioner testified that he had been aware for twenty years that corruption existed, but it was impossible to secure evidence enough to make a complaint or bring charges against officers to the grand jury.

It was shown by Mr. Goff from the rules of the police department that the superintendent was under orders of the commissioners at all times, despite Mr. Sheehan's statements to the contrary. The witness, however, objected to this interpretation of the rules, claiming that it was the duty of the superintendent to suppress disorderly and gambling houses without specific instructions from the commissioners.

"If you thought the superintendent was not doing his duty why did you not bring charges against him?" asked Mr. Goff. "I had not sufficient knowledge to formulate charges," was the reply.

"I don't see how the commissioner can excuse himself," said Senator Lusk, "for his allowing the superintendent to take no action at all in those matters of which he says he had knowledge, or at least suspicion that wrong doing was going on."

Regarding pool selling the commissioner said that he was satisfied the sellers paid the police for "protection," but that he could not trace the money. He had heard that Superintendent Byrnes got it, but doubted the truth of this report. Commissioner Sheehan is again in the witness box today.

AN ALABAMA EPISODE.

Police Chief Killed and Another Fatally Injured in a Street Fight.

YORK, Ala., Oct. 30.—A street fight here resulted in the wounding of two prominent citizens, one fatally, and the killing of the chief of police, J. W. Thompson. On Saturday S. A. Cameron, cotton compress agent, and E. F. Allison, a timber merchant, had a quarrel about a business settlement, and the interference of friends only prevented bloodshed then. Yesterday Allison met Cameron on the street and demanded an apology for certain harsh epithets that he had applied to him during Saturday's difficulty.

Cameron refused to apologize, and drew his pistol. A fight followed, and Chief of Police Thompson ran up, seized Cameron and attempted to disarm him. In the scuffle Cameron's pistol was fired off, two bullets passing through Allison's side and then penetrating Thompson's heart, who fell dead, while Allison is mortally wounded. Cameron was severely hurt by blows on the head. Thompson leaves a large family.

Cook's Brigands Surrounded.

FORT SMITH, Ark., Oct. 30.—United States Marshal Crump received a message from Agent Wislizen in which the agent says he has reliable information that Bill Cook and his gang, numbering twenty-one men, are near Tallah Mission, nine miles northwest of Muskogee. The conductor who brought in the passenger train from that country brings the same information. He says further that the pursuers have captured the horses of the robbers and have them surrounded. Notwithstanding the accounts, officials here believe it to be a ruse of friends of the bandits to attract attention away from other parts.

Hawaii Profits by Irrigation.

SAN FRANCISCO, Oct. 30.—The outlook for the Hawaiian sugar crop of 1895 is very flattering. For years this industry has been in a depressed condition, due to successive seasons of drought. Immense reservoirs for the storage of water have been built in the mountains, where the rainfall is always heavy. From these reservoirs the water is conducted to the plantations across hills and sandy plains by means of wooden or iron aqueducts. In some cases as far as forty miles. The sugar crop of 1895 is estimated at 150,000 tons.

The Excessive Price of Bread.

WASHINGTON, Oct. 29.—In view of the crusade for cheaper bread inaugurated in a number of cities, including Washington, where the price has been reduced from five to four cents per loaf as a result of the crusade, the agricultural department has given out a bulletin on the "cost of bread," taken from the forthcoming report of Professor W. O. Atwater on the nutritive value of foods. It shows that the price of bread and the size of the loaf are practically the same now as when flour cost twice as much.

Held for the Grand Jury.

NEW YORK, Oct. 30.—Charles Harer and Harry Leonard Brown, the young men accused of receiving the stamps stolen from the Bureau of Printing and Engraving in Washington by two clerks named Smith and Longstreet, now in custody, had another examination before Commissioner Shields yesterday. After hearing the testimony the commissioner decided to discharge Harer and to hold Brown for the action of the grand jury.

Holy War Against Italy.

ROME, Oct. 30.—The Riforma has advice from Kassals stating that the mahdi has proclaimed a holy war against the Italians. The governor of Massowah has ordered the Fifth battalion to be in readiness by Nov. 1, when the Italian troops at Kassals will number 7,000 and the mahdi's army 12,000.

"LIVING PICTURES."

A novelty will be introduced by Signor Tisso at Ferguson's theatre this evening. In the way of Musical Living Pictures as in the pictures of "Bally in our Alley," "The Village Blacksmith," "Columbia" thro' the Rye," "The Lost Chord," etc. The appropriate melodies will be sung by invisible soloists and quartettes. The introduction has proved the latest sensation in London the past month and Signor Tisso is the first director in America to introduce the innovation.

"A CORK MAN."

Herbert Cawthorn, the clever and entertaining Irish comedian, will make his appearance here at Ferguson's theatre on Thursday evening, November 1st. As a farce-comedian Mr. Cawthorn has given the public many a hearty laugh, and, judging from the success of his new venture, he has made no mistakes. The new play is styled "A Cork Man," and is from the pen of Geo. Hrey, who has written the best comedies of to-day. There is a plot filled with interest, but not intricate enough to cause a headache. The company supporting him was carefully selected. Every part has possibilities which are made the most of.

GUS WILLIAMS.

There is a treat in store for fun lovers when Gus Williams, that old stand-by of our theatre-going public, presents "April Fool" at Ferguson's theatre on Friday evening. Mr. Williams is one of the few comedians in America who originates his own laugh-making material and he never is without heaps of it. He is one of the leaders of comedy for the American stage. Copied often, but never copied. His company includes some of our best refined specialty artists and comedians. To miss seeing this attraction will be to lose one of the events of the season.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia, quickly relieved, and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome cough may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 60 cent bottle at once and you will never regret it. For sale by Gruhler Bros.

King for Senator.

There should be no hesitancy on the part of the voters in this district in deciding as to the ability of Hon. Charles F. King, of Mahanoy City, to represent the people of this district in the next State Senate. The record of his last term stands without a mark of discredit and no one has dared to assail it. Vote for King.

"I would rather trust that medicine than any doctor I know of," says Mrs. Estie Mason, of Chester, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Gruhler Bros.
