

New York, Nov. 1.—The death of Russia's czar was not followed by any hostile demonstration on the stock market, when the announcement was made on the exchange, was quite strong in tone. Not even the international speculators were affected, nor were there any indications of the occurrence of an event out of the common. Closing list: Lehigh Valley 3 3/4, W. N. PENCIL POINTS. Local News Gleanings Condensed for Hasty Perusal. The campaign orator's time is growing short. The election bet is now in active circulation. Coal bills will now be taking the place of ice bills. The trees are exposing their bare limbs before the public. Rough and colder weather may be expected for next month. The politicians will be busy in this last week of the campaign. The leaves from the trees are now falling like snow flakes. Both parties would like to see a fine election day this Tuesday. Not satisfied with his lot—the man who hasn't got a house on it. The season for the annual teachers' institute is rapidly approaching. The last end of the chestnut crop is being gathered by the small boys. The springs ought to be pretty well filled now for a freeze-up or for winter. Pretty nearly every one, by this time, has made up his mind how he will vote. If you intend scratching your ticket leave the circle blank and mark an X after each name you want to vote for.

Reilly for Congress. The voters of Schuylkill county who want their interests studiously cared for should support Hon. James B. Reilly at the election next Tuesday. He is a man of brilliant attainments, unquestionable honor, indisputable integrity and possesses moral courage to stand up and fight for his constituents at all times when an attempt is made to attack their interests. This has always been Mr. Reilly's policy and it is to-day. No one who is acquainted with the gentleman or has followed his course in Congress can for a moment doubt this statement. It is based upon facts backed up by the record of Mr. Reilly's career in Congress. Why, then, should he not be re-elected? A change by the voters in the Congressional representation from this district cannot possibly be an improvement at the present time at least. Mr. Reilly meets all the requirements of the occasion and none other in view can better represent the people of this district in Congress. There is absolutely no reason why he should not receive the vote of every Democrat in the district, and every Republican who gives the situation calm and unbiased consideration will conclude that there is really an excellent reason for Mr. Reilly to expect a large number of Republican votes. During his service in Congress he has never drawn the line of partisanship when appealed to for a favor, and such being the case it is ingratitude to draw the line of partisanship against Mr. Reilly at the polls. Give Hon. James B. Reilly your votes next Tuesday and you will do your duty to your country and yourself, for in re-electing Mr. Reilly you retain in office a worthy and faithful guardian of the public's welfare. Vote for James B. Reilly and get your neighbor to do likewise.

Henry Wilson, the postmaster at Welton, Florida, says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by Grubler Bros.

Coming Events. Nov. 13.—Tea party in the Primitive Methodist school room, under the auspices of the ladies of the church and for the benefit of the church fund. BRITISH CONSULATE DESTROYED

The Consul a Prisoner and His Wife and Daughters Killed. WASHINGTON, Wash., Nov. 2.—A special from Victoria, B. C., says that the British Royal Arsenal and four other ships of the British squadron there have been ordered to Chatham. The British consulate at that place has been taken possession of by revolutionists and the consul made a prisoner. His wife and daughter have been killed and the consulate has been burned to the ground.

General Harrison Leaves New York.

New York, Nov. 2.—Ex-President Harrison left the city at 1 o'clock today on the New York Central road in order to make connections at Muncie, Ind., where a special train will be waiting for him. He will speak from the train this afternoon in New Albany. From Muncie he will go to New Castle and then to Anderson, making speeches in each place. In Elwood, Alexandria and towns that are in the great gas belt he will address meetings, and go from there to Rushville, Greenville, Shelbyville and thence to his home in Indianapolis.

Little Body for Train Robbers.

BIRMINGHAM, Ala., Nov. 2.—Passenger train No. 3 of the Kansas City, Memphis and Birmingham railroad was held up at 1 o'clock in the morning a few miles east of New Albany, Miss., by three masked men and the express car looted. There was but \$50 in cash in the express car, and that was undiscovered. All they secured was a package of cheap jewelry worth only \$5. The landlady was traced by the subjects of the town, and there all traces of them were lost. Their capture, however, is confidently predicted.

Burglar Captured by a Priest.

LEBANON, Pa., Nov. 2.—Rev. Father Adam Christ, rector of St. Mary's Catholic church, of this city, caught a burglar Wednesday night. He heard the noise of falling glass, and hastening to the rectory, saw a man perched on the roof of an arched entrance to the basement of the church. Father Christ leveled a revolver at him and ordered him down. The man descended and the clergyman handed him over to the police. He gave his name as George Burke.

Tell Eight Stories to Death.

ST. LOUIS, Nov. 2.—By the breaking of a scaffold at the eighth story of a building in course of erection at Twelfth and Locust streets Samuel Moore and Jacob Werner were killed and Jacob Benz fatally injured. The first two named fell to the paved alley outside of the building. Benz in falling whirled around and fell into a third floor window in the same building but received fatal injuries. Moore and Werner were frightfully mangled.

SOME ENGLISH OPINIONS.

How the Working People Live in a Free Trade Country.

JOHN RUSKIN: "Though England is deafened with spinning wheels her people have not clothes; though she is black with the digging of fuel, they die of cold; and though she has sold her soul for grain, they die of hunger."

JOHN BRIGG: "Nearly one-third of the whole people dwell in homes of only one room; and more than two-thirds of the people of Scotland dwell in homes of only one room and two rooms. We find poverty and misery. What does it mean? It means more than I can describe and more than I will attempt to describe; and as need begets need, so poverty and misery beget poverty and misery. In fact, in looking at the past, to me it is a melancholy thing to look at, there is much of it which excites in me not astonishment, but horror. The fact is, there passes before my eyes a vision of millions of families—not individuals, but families—fathers, mothers, children—passing, ghastly, sorrow stricken, in never ending procession from their cradles to their graves."

BENNET BURLEIGH: "There is no gainsaying the existence, rich and potent as the British empire is, of widespread privation among the working classes of Great Britain. This distress has now become a constant, an aggravated quantity. Men, women and children, by hundreds of thousands, miserably half clad, have to face the chill English winter hibernating as best they can in dark, frowzy abodes, from which they emerge but to plead for bread."

JOSEPH CHAMBERLAIN: "The class of agricultural laborers of this country (Great Britain) are never able to do more than make both ends meet, and have to look forward in times of illness, or on the approach of old age, to the workhouse as the one inevitable refuge against starvation. The ordinary conditions of life among the large proportion of the population are such that common decency is almost impossible; and all this goes on in sight of the mansions of the rich."

JOHN MORLEY: "It is an awful fact—it is really not short of awful—that in this country (Great Britain) with all its wealth, all its vast resources, all its power, 45 per cent.—that is to say, nearly one-half—of the persons who reach the age of 60 are or have been paupers. I say it is a most tremendous fact, and I cannot conceive any subject more worthy of the attention of all."

THOMAS CARLYLE: "British industrial existence seems fast becoming one huge peston swamp of reeking pestilence—physical and moral—a hideous living Golgotha of souls and bodies hurled alive. Working themselves swiftly to death. Three millions paupers rotting in forced idleness; and these are but items in the sad ledger of despair."

They have free trade in England.

W. A. McGUIRE, a well-known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having a gripe he has himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 25 and 50 cent bottles for sale by Grubler Bros.

BEAT THEM AGAIN.

The Mahanoy City Foot Ball Team Severely Trounced. The Mahanoy City and Shenandoah foot ball teams came together for the third time this season at the Trotting park yesterday afternoon, and, as in the two previous games, the Mahanoy boys were easily defeated, notwithstanding they were strengthened by the addition of Thomas and Garrett, of Pottsville. Thomas played centre, but was a feather to Tretzse, Garrett played half back, but did not have a chance to do anything. Mahanoy City took the kick off and Burkhardt caught it and made a good run around Mahanoy's right. R. Rose made the first touch down for the home team after about 3 minutes play and Jones kicked the goal. Mahanoy City again took the kick off and again the Shenandoah boys pushed them right and left, knocking them in every direction as though they were that many wooden men. Wertz made the second touch down, Burkhardt the third, and Jones kicked the goal. In the second half Wertz, aided greatly by the home team's interference, made the fourth touch down. Burkhardt made the longest run of the game and scored a touch down. The game was ended here on account of darkness with seven minutes to play, the score being 34 to 0 in favor of Shenandoah. Umpire, Burke. Referee, Dr. E. J. Sallade, Ashland.

The teams lined up as follows in the game: Shenandoah. Position. Mahanoy City. Shortall. Left End. Luke. Left Tackle. Webb. Right Tackle. Pearson. Centre. Thomas. Right Guard. Huntzinger. Left Guard. Smith. Right End. Allen. Quarter Back. Dilcher. Full Back. Garrett. Price. Burkhardt. Full Back. J. Maly.

NOTES. The Shenandoah team behind the line could not be improved upon. Wertz, Rose and Burkhardt all made big runs yesterday. Wertz deserves special mention. McHale was given the ball in the second half and made a run of twenty yards, carrying Price with him for about ten yards.

On Saturday the Minersville team will play here, and a large crowd will probably turn out to see the game. The boys have been playing good ball and deserve some recognition, from the people.

Shortall's and A. Rose's interferences were fine. It was mainly through their hard work that our halves made such good runs.

Frost had a good run to his credit, making about 25 yards. Garrett tackled Wertz foul in the second half and prevented him from making his third touch down.

Mr. Koch was a victim of pneumonia during the past two months and for a time it was thought he would not recover. Dr. J. Pierce Roberts and wife yesterday received an elegant ice water pitcher over twenty-four inches high as a wedding gift from Mr. B. L. Talley, of Baltimore. Mr. and Mrs. Roberts also received a handsome silver service from P. P. D. Kirlin, the druggist.

Vote for King. Hon. Charles F. King will be the next Senator from the Thirtieth Senatorial district. He is one of the best and strongest men on the Democratic ticket. This and all the strongholds will turn out for him solidly. Mr. King's Democracy has never been questioned. Vote for him.

For a pain in the side or chest there is nothing so good as a piece of flannel damped with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by Grubler Bros.
