THE names of Hastings and Morton will go down in history as those of heroes of two of the greatest political battles ever waged in this country.

The political results in this county fo the falls of 1881 and 1891 are raising some doubt as to whether Schuylkill is really a Democratic county any longer.

Til Democratic party was given second trial two years ago to win the confidence of the people, and it falled, On Tuesday It pold the penalty.

GOVERNOR HILL can now expand his Bangs exclaiming, "I am a Democratic mistit," and the "original and only" me too in Schuylkill will have plenty time to get his whiskers trimmed.

THE Republicans of this county have n to congratulate themselves. Their ahlp braved the storm and landed in the harbor of safety without a man missing.

A REPUBLICAN CONGRESS. it was in the last degree important, in view of the sugar and other scandals, that the Republicans should secure a working majority of the next Congress, Nothing less could prevent a continuance of the war on American industries which President Cleveland and Chairman Wilson threatened. At this hour there seems hatle doubt that the Republicans have a good working majority in the next House of Representatives, and probably in the Senate also. In the districts from which returns have been received their gains have been enough to startle any Free-Trade Democrat. In the state of New York they have gained about it members, in New Jersey probably 4, in Connecticut 8, in West Virginia 4, in Michigan 4, in Pennsylvania, Ohio and Indiana Seach, and there is reason to expect similar gains in other states from which full returns have not been received. In short, the returns at hand indicate a landslide of such tremendous power that a Democratic majority in the House of Representatives cannot be expected. The latest reports from various districts indicate that the Repub licans have elected not far from 200 out of 356 members of Congress, giving them satisfactory working majority. Unless he refuses, Tom Reed will not as Speake of the next House.

This is a victory due almost wholly to the workingmen and the manufacturer of the country, who know, better that any politician can tell, how their business has been affected by the Democratic agitation during the last year and by the Tariff Bill passed by the Democratic Congress. They have not been as blind as the Democrats have supposed. In every Northern state they have smitten the Demoeratic party, hip and thigh, for its warfare on their industries.

PRILABELPHIA, Nov. 7.—Complete re-turns received up to midnight from all but half a dozen of the sixty seven counles in this state give Hastings a plurality of 201,378, a gain of 169,631 over 1802, when Harrison's plurality was 63,747. The Republicaes Will Have a Clear Work-

The Majority in Congress.

Washington, Nov. 8.—Chairman Bab sock, of the Republican congressional com-mittee, when he left Republican head-quarters last night, said that the reports received during the day gave the Repub Beans 230 out of the 356 members of the house beyond preadventure, while there was a possibility of securing twenty seven additional members. The members which o be certainly elected are distributed as follows:

tributed as follows:
Alabama, I; California, 6; Colorado, 2;
Connecticut, 4; Delaware, 1; Idaho, I;
Hilnots, 19; Indiana, 3; Iowa, 10; Kansas, 5; Kentucky, 5; Maine, 4; Maryland,
4; Massachusetts, 18; Michigan, 12; Min-4; Massachusetts, 13; Michigan, 13; Min-nesota, 4; Missouri, 3; Montana, 1; Ne-bruska, 5; Now Hampshire, 2; New Jor-sey, 7; New York, 29; North Carolina, 2; North Dakota, 1; Ohlo, 19; Oregon, 2; Pennsylvania, 27; Rhode Island, 2; South Carolina, 1; South Dakota, 2; Tennessee, 4; Verment, 2; Washington, 2; West Virginia, 4; Wisconsin, 10; Wyoming, 1

Mr. Babcock also stated that his infor mation leads him to believe that there is a possibility of securing three more members from Alabama, two more from Ill-ineis, one more from Iowa, Kunsas, Kentucky, Nebraska and South Carolina each, three more from Minnesota, two more from Ohio, two more from Pennsylvania, three more from Missouri, one from Ark-ansus, three from Louisiana and three from Texas. If these claims are realized it will give the Republicans 257 members, a majority of ninty-nine. According to the claims of the Republicans they will be able to secure the votes of at least thirty of the forty-four states in case the next Presidential election should be thrown into the house, as they will have either the solid delegations or a maority in each of the delegations in that number of states.

Chairman Babcock continued: "The returns indicate that we have secured con trol of the next senate by a majority of 1 to 3, without counting the vote of North Carolina, which has undoubtedly elected a Republican legislature." When asked how he accounted for this great political

change. Mr. Babcock said:
"I have stated repeatedly during the
campaign that I believed there was a crisis in the history of America as great as the civil war. Values have shrunk since the inauguration of Mr. Cleveland to a greater People of all classes have suffered to n greater or less extent, and the American have never failed to meet squarely any great issue when thoroughly understood and I believe that the sense and patriotism of the American people have once more come to the front and decided against free trade and foreign manufactures and for the development of our own institutions, and what i firmly believe to be in the in-terest of all cancerned, whether rich or

The tariff question is settled, for years to come, and when the present law is amended it will be done by the friends of protection. The Republicans will do away protection. The Republicans will do away with Democratic gerrymanders, having carried the entire north and west, and will reapportion the states, days assuring a Republican majority in the Fifty-fifth congress, which will scure the confidence of manufacturing and agricultural interests. I feel assured that the result of this election will be to place business and manufacturing may more upon a business. manufacturing once more upon a basis where calculations can be made and busipresecuted in the ordinary way.

"We cannot hope to resover from this great depression immediately, and we must be a great extent feel the ill effects of the present turiff law, but the question is settled as far as free trade is concerned. and all interests will feel that they can prosecute their several lines of industry without fear of having their factories closed or being forced to sell their manufactures and agricultural products in competition with chemper labor."

MORTON'S BIG MAJORITY.

He Carries New York State by 126,238, stitutional Amendments Carried. New York, Nov. 8.—The total corrected vote for governor in New York state, Sul-livan county out, stands as follows: Hill, 514,163; Morton, 657,685; Wheeler, 24,511.

Morton's majority, 128,911 Returns from all except a very few mis-sing districts show an apparent plurality in New York city for consolidation, or the

In New York (if) for consonantial, or the greater New York, of over 13,000 in the city, while the rapid transit measure shows an apparent plurality of 89,400. From what returns have so far been received from the counties on the constitutional convention amendments it is almost certain that they have been passed. The few county totals received show an average falling off from the winning ticket vote of about 5 per cent, and that mainly by reason of people not voting for them. A curious feature is that some of the Demogratic counties that gave Morton a plurality have given slight unforties against the amendments. By the adoption of the adoption of the proposed constitu-tion there will be next year 50 state senators and 150 assemblymen, but no county can have more than one third the

A Solid Democratic Delegation. CHARLESTON, S. C., Nov. 8.—The re-turns are sufficient to show that the six Democratic congressmen will reselve elec-tion certificates. The delegation, by dis-tricts, will be made up as follows: 1. William Elliot; 2. William J. Talbert; 3. A. C. Lathner; 4. J. S. Wilson; 5. Thomas J. Strait; 6. John L. McLaurin. With the exception of Elliot and Wilson all accomembers of the present congress. Theto tal vote of the state was a little over 60,000 This incures the election of Governor Till-man as United States Scientor. Evans, the regular Democratic cambidate, is elected by 20,000 majority over Pope, the Independent candidate. The constitutional convention was decided upon by 3,000 majority. Pope charges his defeat to fraud, but has not decided what steps he will take in

the matter, if any. California's Democratic Governors SAN FRANCISCO, Nov. 8 — A count of about one half the entire vote of Califor-nia indicates that Budii, den., has a plurality of between 0,000 and 7,000. His plur-ality in this city will probably amount to 10,000. With the exception of a suprem Harrison's plurality 68.747 court justice and comptraller, sufficient returns have not been received to indicate which party has been successful with the remainder of the same ticket. Stevenson tilves a Reason BLOOMINGTON, Ills., Nov. 8.—Hon: Ad-lai Stevenson, vice president, spent yester-day quietly in the seclusion of the home of his brother John, preparing to attend the wedding of a nephew, which took place last night. Mr. Stevenson, when asked to state his opinion as to the causes leading up to the Democratic defeat of Tuesday, said: "My opinion can be briefly stated. The result is due in part to the financial degree of the cause depression which came upon the country soon after the inauguration of Mr. Cleve-land. While the Democrats were in no way responsible for this they were made the scapegoats. It was also in part due to the delay of congress in passing the tariff fill. Had the bill become a law ninety days earlier than it did it is quite probable that the business conditions of the coun-try would have so adjusted themselves that the political result would have been

West Virginia's Republican Majority. WHERLING, Nov. 8.—Though all the ountles are not in officially, enough is known to justify the statement that the Republicans of this state have from 12,000 to 13,000 plurality on the popular vote. This is the first time West Virginia has gone Republican in twenty two years. It is reasonably certian that the congressional delegation is solidly Republican, and the legislature will be Republican on joint ballot and elect a Republican to succeed Johnson N. Camelen, Cantain R. R. joint ballot and elect a Republican to succeed Johnson N. Camden. Captain B. B. Fusion Successful in North Carolina. RALEIGH, N. C., Nov. 8.—The state judicial ticket is so close that it will re-quire the official count to decide. The lag-islature is in doubt. Democrats hope for it, but make no claims. Populist and Republican leaders are very confident. Indi-cations are that the Fusion ticket has defeated Democratic congressional candi-dates in the Pirst, Fourth, Fifth, Seventh Eighth and Ninth districts, making the congressional delegation stand three Demerats, two Republicans and four Popu lists The Democrats, however, are still claiming the Seventh, Eighth and Ninth

RICHMOND, Nov. 8 .- Chairman Wilson RICHMOND, Nov. 8.—Chairman Wilson has just received a telegram, saying the Ninth district has gone for Walker, rep., by 700 or 800. He thinks this probably correct. The district is certainly Republican. The present incumbent is James W. Marshall, dem. A private telegram from Lynchburg says that Otey, rep., is elected by 2.900.
