Sour of our old citizens, predict an old fashioned winter with plenty snow. The more winter weather the greater the con sumption of coal, so the people of this region will not kick.

Now is the season when the borough authorities should have an inspection of the fire plugs made, to prevent any danger of the plug connections becoming frozen or otherwise out of order during the winter

ty is hard to find a Democrat in the town who will acknowledge that he voted for all the defeated candidates. Everyone of them put on a smile and tell you that he finds consolation for the defeat in the success of some one of the Republican candidates. Many of these people seem to forget that just before and even on the E. J. H. Eamsen, rep., a plurality of 44,313 day of the election they raised their voices high in predicting the election of the whole Democratic ticket.

Diselecting their candidates for borough and ward offices next year the Republicans will avoid the old system which made packed balls a feature of local campaigns. The names of candidates will be submitted to the borough comprittee and they will then be placed on a licket, one part for ward and the other for boyough offices. When at the primary the voter will mark his choice on the ticket, presenting it and voting at the polis to the same manner and under the same restrictions as at a regular election, and the parties receiving the largest number of votes will be declared the nomines of the party, a certificate of the nominations will be filed with the County Commissioners and the names will be placed on the official ballet.

Among the men who gave the Republivan county ticket most loyal support, even after being defeated for the nomination for Sheriff just before the campaign was opened, was Hon, Elliss Davis. Instead of sulking, he put on his fighting clothes and jumped into the campaign in behalf of his recent opponent, Alexander Scott, and made a canvass that would not have been excelled from a standpoint of earnestness and persistency if Mr. Davis him self had been the candidate. The bright young ex Representative and ex-Republican county chairman from Broad Mountain made one of the fights of his life for Mr. Scott, and the latter gentleman could gracefully acknowledge it by making Mr. Davis one of his deputies. One thing may be relied upon. Mr. Davis made a record for himself in this campaign that will be of great value to him at no distant day, and it would not be surprising to see him on the Republican ticketias the next candidate for County Treasurer.
