Has an Advantage.

The graduate of a good business college has an advantage over ordinary competitors not so equipped.

It would take years to learn by experience what is taught in college in a single term.

Much of it would never be learned, probably. The Wilkes-Barre Business College employs original methods of practical instruction, which make a lasting impression upon the pupil and which are peculiar to that institution.

The Principals, Messrs. Wade and Williams, are men of experience, excellently adapted to their work. They have arranged for board of pupils at low rates.

W. A. McGuire, a well-known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy.

He has used it in his family for several years with the best results and always keeps a bottle of it in the house.

After having a gripple he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure.

Will Open an Office.

Martin J. Lawlor, who was elected a Justice of the Peace in the First ward last spring, and who was recently associate editor of the Pottsville Miners' Journal, has decided to open an office here to do business under his commission as a Justice in connection with a general insurance, real estate and collection business.

Mr. Lawlor has secured a lease of a plot of land located between the Kendrick House and the Lehigh Valley depot, with a frontage on East Centre street, and yesterday broke ground for a one story building 10x30 in size, which will afford him space for two offices.

Vacant buildings in the First ward are scarce and the rents for available places are so high that Mr. Lawlor concluded to build a place.

Now for Water.

As the people have decided that the Borough Council shall have \$50,000 additional with which to complete the public water works, it is hoped there will be no further delay in connection with the project.

It should be carried to completion with all the rapidity and economy possible so that the water supply promised may be given the people by the opening of next spring, at least. There can be no excuse for any further delay.

The authorities claim that the works are almost ready for completion, and they have now received all the help, financially, that they claimed for the people.

At the Theatre.

Chas. T. Ellis, the gifted German comedian and sweet singer, will present his most popular success when he comes to Ferguson's theatre on Tuesday evening, November 13th.

IMPORTANT BALLOT DECISION.

A Supreme Court's Ruling on the Present Method of Voting.

LANSING, Mich., Nov. 9.—The supreme court has just handed down the most important decision affecting the present method of voting that has ever been made. On the question of what constitutes a "disturbing mark" on a ballot, which mark is prohibited by law, the court unanimously holds that any mark, whatever, other than a single one appropriate to the intention of a voter to disturb the mark. The results of this decision will be far reaching.

The court holds that if two tickets on an official ballot are identical the marking of a cross over each is illegal; also that to mark a cross over any ticket and then before each name on such ticket or placing a cross before the name of a candidate and then erasing the name of his opponent on another ticket is illegal.

In substance the opinion holds that a single is a vote, and is sufficient to indicate the voter's intention, and that a second might be agreed upon as a means of identification. It has been the practice of election inspectors to count all such doubly marked ballots, so that under this decision any of the elections held under the Australian voting system, it is believed will be contested.

Dunraven Wants Concessions.

NEW YORK, Nov. 9.—The prospects of another series of international yacht races were given an additional impetus this week, when it became known that Lord Dunraven had sent a letter to the New York Yacht club, the members of which met last night in special meeting to consider the communication. The letter is not a challenge, but simply a discussion of preliminaries. Lord Dunraven desires certain modifications of the terms and conditions of the Vigilant-Valkyrie matches.

Mr. Bryant's Big Board Bill.

NEW YORK, Nov. 9.—Justice Barrett rendered judgment in the supreme court for \$24,171.51, a board bill, in favor of Julius Shaw, former owner of the Grand Union hotel, against Carolina O'Brien Bryant. Bryant, his two daughters and a maid, lived on credit at the hotel during the three years between 1882 and 1885. They had expectations to the amount of \$150,000, which they finally realized. They refused to pay and Mr. Shaw brought suit.

THAT'S QUEER!

You say a collar and cuff that are waterproof?

Yes. And perspiration will not affect them?

Yes. And when dirty you need only wipe them off with a wet cloth or sponge?

Yes. Wonderful! How are they made?

A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar.

Is it the only waterproof collar and cuff made?

No, but it is the only one made with the lines interlining and consequently the only one that can give entire satisfaction, because it is the best.

How can I know that I get the right kind?

Because every piece is stamped as follows:

Inquire for that and refuse anything else, or you will be disappointed.

Suppose my dealer does not have them?

He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down.
