What tariff will be that, anyway?

Professor Wilson, of West Virginia. Did you hear anything about it?

The Republican victory means a genuine revival of true prosperity.

There are several thousand La Hung Changs job now in the fragments of the Democratic party.

The spring election will next absorb the attention of voters. Candidates are already springing up.

The people were with the President this time. They agree that the tariff bill was a connection of peddle and dishonesty.

When New York city elects five Republican Congressmen it is time for the free traders to shut up shop and go out of business.

To Grover Cleveland, Washington, D. C.: Never mind about the letter. We got along very well without it. They've got us where you got the squirrels—up a tree.—D. B. R.

We believe that in the fall of 1891 there were some wise Democrats who thought that a death blow had been given to the Republican party. Later returns have made a difference.

Cleveland knew when to turn his back. It is dollars to doughnuts that when the news of the snow storm reached the White House the fisherman went into convulsions of merriment.

CONNECTICUT has returned to the faith of her fathers. After seeking strange political gods for many years, she has got back into the Republican fold and is again worthy of her old place in the New England sisterhood of states.

CHAIRMAN WILSON, when he looked into a mirror after reading the returns, must have blushed for the man who had the nerve to go over to England only six weeks ago and tell the Britons that Protection was dead in America.

This New York Democrat resorted to the A. P. A. bug-boo in the recent campaign and some presumptuous Democrats in Schuylkill did likewise, but all failed to gain anything by it. These hide-bound people could read Archbishop Ireland's address on "Religion and Politics" with much profit to themselves.

THE Ten Commandments have prevailed by majorities that vindicate the right of the people to rule. Thou shalt not steal, the country says to those who have sold the industries of the Nation for profits in sugar speculations. No man can measure the practical effect of the votes recorded Tuesday. The triumph of the Reform tickets of New York means honest elections hereafter, and will cut off a revenue of millions which the Democratic party has drawn from vice and crime. The defeat of Hill sends back to powerless ignominy the whole band of brigands by whom that state has been robbed, and returns to the honest people the power to govern themselves by honest elections. The overthrow of the Free Trade Democracy may have to be followed by a struggle, and if so by a victory, in the Presidential election of 1896, before the evil work of the last year can be undone. But it brings at least this glad assurance, that the further progress toward Free Trade which the party has promised will not be made. One test of a Democratic tariff has been enough, and the people have made it clear that they will have no more.

REPORT of the insanity of Queen Liluokalani of late obtained some slight circulation, but it has not been verified, and what are called her faculties are, doubtless, much as they were before her deposition. The Sandwich Island intellect at large is not of the highest order, not even that of its sovereign, and the shock of losing her throne may well have disturbed for the time being the mental equilibria of

her dusky island majesty. But thought to be comforted and restored by the consciousness that neither her throne, crown nor sceptre was ever worth the having, being always at the mercy of foreign intrigues or domestic violence, and she is much better off without them. Her late Kingdom is getting on pretty well, having developed a sudden and extraordinary need for more white immigrants, and sent a commission to Europe to procure them. Industry and production seem to have improved in the islands since Liluokalani ceased to rule them, and this consideration, if her patriotism is superior to her personal interest, to renounce her to the new order of things. Meaning, if she gets \$10,000 pension from the United States which she is reaching out for, having sent a committee to Washington for that purpose, she will be better off than she has ever been before, with more money and less responsibility, and can, if she likes, join the dustmating colony of ex-Queens in Paris, and flourish it with the best of them.

FRANCIS PENNSYLVANIA FOOTBALL GAME. The Princeton and Pennsylvania football teams will meet this afternoon at the interstate fair grounds. Two additional grand stands have been erected, and with the present large grand stand this will provide seating room for about 35,000 persons. All the railroads will run excursions to this city.

ANOTHER VERDICT FOR DR. KENNEDY. A Philadelphia Cured of Gravel. (Philadelphia, Pa., 1894.) Since the investigations of the claims made for Dr. Kennedy's Favorite Remedy by the press, they have received letters from every State in the Union, and find the remedy falls in few cases.

The opinion of the average physician has been that kidney and urinary troubles could be cured only by a long and persistent treatment. Dr. David Kennedy's Favorite Remedy acts quickly, curing obstinate cases in a very short time.

One of our best known citizens, Mr. John J. Neill, of No. 247 North Eighth street, was a sufferer from gravel, in speaking of his case said: "I had a very bad attack of gravel, and Dr. David Kennedy's Favorite Remedy, taken about one month, completely cured me. I cannot say too much in its favor."

Favorite Remedy is prescribed with unflinching success for all diseases brought about by an excess of uric acid in the blood. In rheumatism, dyspepsia and nerve troubles, it has made many cures that were considered beyond the aid of medicine. Dr. David Kennedy's Favorite Remedy can be obtained of all druggists at one dollar a bottle, or six bottles for five dollars.

THE NEXT CONGRESS.

Latest Returns Give Republicans 248 Members.

THERE WILL BE NINE POPULISTS.

Congressman Springer Defeated by Nearly Three Thousand Votes—Official Returns Show the Election of One Democrat from Illinois—Texas Safe for the Democrats.

The latest reliable returns show that the Fifty-fourth congress will contain not less than 248 Republican members of the house of representatives, leaving 66 to the Democrats and 9 to the Populists. The Republican congressional committee claim 259 Republicans, but the claim is not based upon returns that are convincing.

SEX NEW SENATORS.

They May Take Part in Organization of the Next Session.

WASHINGTON, Nov. 10.—A point that has been overlooked in computing the political complexion of the next senate is the admission of Utah with two United States senators. The act of the last session of congress admitting Utah provides that in March, 1895, the constitutional convention shall be held. If the constitution is ratified as the special election in November the legislature will immediately meet and elect two United States senators. As there is about a month from the time the election is held until the Fifty-fourth congress meets there will be ample time to have all the formalities complied with and Utah proclaimed a state in time for its senators and representatives to participate in the organization of the next congress.

Another possibility is the admission of both New Mexico and Arizona, which may be accomplished in time for four more senators to participate in the organization of the next congress. Bills have already passed the house for admission of both territories. The senate committee on territories has reported these favorably to the senate and may see new on the calendar. Senators of both parties have been urging their passage, and it seems likely that neither party would oppose them because of the effect it would have upon the elections. It is, therefore, quite likely that the battle for the control of the senate will yet be fought out in Utah, New Mexico and Arizona this year. The admission of these new states would make a total of ninety-four senators, and any party to control would need forty-eight for a majority. With the vice president, the Democrats could control the senate with forty-seven senators.

Culberson Wins by Forty Thousand.

DALLAS, Tex., Nov. 10.—Not more than one-third of the vote of the state has been reported officially, but enough is known to predict the success of Culberson, dem., for governor by about 40,000 plurality. The Democrats certainly elect congressmen from eight of the thirteen districts, namely: District No. 1, Hutchinson, 4,900 plurality; 2, Cooper, 4,000; 3, Yoakum, 1,600; 4, Culberson, 2,000; 5, Bailey, 8,000; 6, Sayre, 1,900; 7, Crowley, 1,000; 8, Crain, 1,000. In the Twelfth district Noonan, rep., has from 1,800 to 2,000 plurality. In the Thirteenth district Gilliland, pop., is probably elected. In the Sixth district the official returns will be necessary to determine between Abbott, dem., and Kearby, pop. The same is true of Pendleton, dem., and Barber, pop., in the Seventh, and Bell, dem., and Jenkins, pop., in the eighth. The chances slightly favor the Democrats in all three districts.

California Again in Doubt.

SAN FRANCISCO, Nov. 10.—The election of Budd, dem., candidate for governor, is not so certain as it at first seemed. His lead over Estes, rep., has been steadily decreasing as the returns come in, and he is now only 1,094 ahead of the Republican candidate. There are still 123 precincts to hear from, and if Estes' gain continues in the same ratio as they did yesterday he may yet beat Budd. The Republican state committee claims Estes' election by several hundred plurality.

Virginia Election Contest.

RICHMOND, Va., Nov. 10.—Ex-Congressman Edmund Waddill, who is the acknowledged Republican leader in this district, said today that he thought that Borsland, rep., would contest the election of Tyler, dem., in the Second district, and Thorp, rep., would contest the election of McKenney, dem., in the Fourth district. He had already been consulted as counsel with reference to making these contests.

Springer Badly Defeated.

SPRINGFIELD, Ill., Nov. 10.—The official vote for congressman in the Thirteenth Illinois district shows a plurality for Connelly, rep., over Springer, dem., of 9,938. Official returns received at the secretary of state's office from the Sixteenth district show that Finis E. Downing, dem., is elected over John I. Kinsaker, rep., by 69 votes.

SAVED FROM LYNCHERS.

Narrow Escape of a Brute Who Confesses Terrible Crimes.

FARGO, N. D., Nov. 10.—N. J. Villars was brought to the Cass county jail yesterday by Sheriff Eddy, of Stanton county. The sheriff left Jamestown with his prisoner just in advance of a mob which was on its way to take him from jail and lynch him. Villars confessed to the horrible crime with which he is charged. Tuesday evening he went to the farm of Mrs. Fromer, in Montpelier township, Stanton county. Mrs. Fromer saw him at the barn and went out. When she approached Villars knocked her down with a club and beat her into insensibility. He dragged her into the barn and assaulted her, then threw her into the well in the barn, set the barn on fire and left.

The barn burned to the ground, but Mrs. Fromer escaped death in the wreck. Toward morning she managed to crawl out of the well and go to the house. Taking her children with her, she crawled on her hands and knees to a neighbor's, two miles away, and died after telling her story.

Villars was captured at Valley City and taken to Jamestown by Sheriff Streubel. He is one of the oldest farmers in Stanton county, and has a highly respectable family. A large mob gathered at Montpelier and started for Jamestown to lynch him, but Sheriff Eddy heard of their coming in time to escape. Villars then confessed another crime. A month ago Mrs. Fromer's husband disappeared mysteriously. Villars says he killed Fromer and that his body will be found buried in a pile of manure back of the barn.

TERRIBLE DYNAMITE EXPLOSION.

Three Workmen Killed, Their Bodies Being Terribly Mangled.

HUNTINGTON, Ind., Nov. 10.—A frightful explosion occurred here yesterday and resulted in the death of three men and the injury of many more. The dead are John Hartman, Norion Keefe and John Flynn, all married.

The explosion occurred at Flint creek sewer, which crosses the entire city from northeast to southwest. Probably 100 men were in and around the ditch on First street. Some of them had built a fire on the bank and were throwing out a fifty pound box of dynamite. There was a thunderous crash, and the entire city was shaken. Keefe, Hartman and Flynn were nearest the fire.

Hartman was literally torn to pieces. His body was lifted in the air three hundred feet and fell on Market street sidewalk, a square away. His legs were blown off near the hips, both arms torn off, his head half torn away, and his body completely dismembered. One of Hartman's legs was shot through the weather board of Frank Wiedle's residence. Keefe was killed outright. His body dropped into the sewer. After he was taken out he received consciousness for a moment, but died on his way home in the ambulance. Flynn's legs were both broken, his arms broken in several places, and head crushed. He lived several hours.

Another Bond Issue.

NEW YORK, Nov. 10.—After the close of business yesterday it was announced that the government would at once ask bankers for a loan of another \$50,000,000. Gold bonds for that amount, bearing 4 per cent interest, will be issued within a few days, at a price which will net investors about 3 per cent annually. Assistant Secretary of the Treasury Curtis has been in this city for several days, and has had conferences with the presidents of national banks and trust companies. One of these bank presidents said: "Yes, there will be an issue of bonds shortly, probably within a week or two. It has not yet been decided whether a syndicate will be formed to take these bonds or not."

Feeling the Customs Officers.

MONTREAL, Nov. 10.—The whisky smugglers of the Lower St. Lawrence adopt tactics in their line of business which seem to be eminently successful in fooling the customs officers and the revenue cruiser Louisiana. Two days ago the schooner Marie Louisiana, was seized on the information of the customs officer at Pointe a la Pique and towed to Quebec where a hearing was held. It is now transpired that the smugglers themselves gave the officer the tip and the result was a seizure and the departure of the revenue cruiser with her in tow. In the meantime the smugglers successfully landed a contraband cargo of liquor not far from Quebec.

Bank Burglars Got Little Booty.

OHIO, O., Nov. 10.—Robbers broke into the First National bank here during the night and got away with about \$500 in all. The front doors were opened by the use of sawblades, and the locks of the vault were blown off with dynamite. The thieves then stole two bags to make their escape easy. One of the bags was found at Klyria. A safe which contained \$25,000 was not touched.

Refused to Indict State Officers.

JACKSON, Miss., Nov. 10.—The federal grand jury refused to indict the government treasurer and auditor in the matter of the printing of the Mississippi state warrants, it being alleged by Chief Hazen, supported by Secretary Carlisle and Attorney General Olney, that they violated the laws by being in likeness of United States currency and national bank notes.

Russell Gets an Unconformative Office.

WASHINGTON, Nov. 10.—William K. Russell, ex-governor of Massachusetts, has been appointed by the president a member of the board of Indian commissioners, to fill the vacancy caused by the death of Albert E. Monroe, of Tarrytown, N. Y. The office carries no salary, only traveling expenses being allowed.

The Defeat of Coxe.

EAST LIVERPOOL, O., Nov. 10.—The official count of the Eighteenth district gives Taylor, rep., 90,855; Raff, dem., 10,000; Coxe, pop., 8,918. Coxe's vote exceeds the estimate of Republican and Democratic committees by 5,000.

NUGGETS OF NEWS.

Governor Waite, of Colorado, denies the report that he will remove to Illinois. The vicinity of Benton Harbor, Mich., was shaken by an earthquake yesterday. The cabinet crisis in Rio Janeiro continues, and it is rumored that the president will resign. There is reason to believe that Signor Crispi, Italy's prime minister, during the new year, will seek to improve Italy's relations with Russia. Judge Isaac Howe, the Populist candidate for governor of South Dakota in the late campaign, is lying dangerously ill at his home in Redfield, with small hopes of recovery.

Muscular Rheumatism

Sciatica and the Piles Adds to the Sufferer's Misery

Four Bottles of Hood's Sarsaparilla Effects a Wonderful Cure.

"C. I. Bond & Co., Lowell, Mass.:"

"Gentlemen: As a result of the memorable blizzard of March, 1887, I contracted muscular rheumatism; at that time I was engaged on a job of erecting a building in Plainfield, N. J., and it was necessary for me to wade through the snow to the building, a new residence, in which we were working. For eighteen months afterwards I was laid up with muscular rheumatism and sciatica. I then joined my son-in-law in Denver, Col., where I was engaged in steam-fitting and engineering, and where I commenced to take Hood's Sarsaparilla for my rheumatism. It cured me not only of the rheumatism and sciatica, but also of outward piles, from which for thirty-three years I had suffered.

A Thousand Deaths.

Previous to going to Denver I visited the University of Pennsylvania to be operated upon. The doctor pronounced my case elongation of the bowels and the worst he ever saw. He refused to perform an operation, saying that after having suffered so many years it was not worth while that I should die at that late day from the effects of the knife, and die if I would if he used it.

No Man Can Conceive

what I suffered for thirty-three years. I tried all sorts of remedies and treatments, often without the slightest relief. Four bottles of Hood's Sarsaparilla not only relieved, but cured, both the piles and rheumatism. The little stiffness when the weather changes, and as I will be 75 years old in August that is but incidental to my age. This is a simple statement of facts." JAMES E. BOND, 569 West Forth Street, Philadelphia, Pa.
