By Mr. Cleveland puts Congressman Wilson in the Cabinet it will look as if the President considered the Cabinet a political almshouse.

There will be no trouble in counting a quorum in the new House. The people have provided a fine large one, which is to be stored on the premises.

Judge Holman's famous "I object" has been overruled by the over-wearied people of Indiana. It will be useful now merely as Holman's political epitaph.

Woman's suffrage is a failure, says Governor Waite—he of "Bloody Bridle" fame. The women voted the Republican ticket in Colorado on Tuesday, hence the Governor's pessimistic view.

The launch of the merchant steamer St. Louis, on Monday in Philadelphia, was an event of national importance, and justified the presence of Mrs. Cleveland with the conventional bottle of champagne. The completion of the St. Louis, followed as it will be speedily by the launching of the St. Paul, marks the opening of a new era in American maritime history.

How much confidence should the public place in advertisements of medicines? Every human being is interested in this great question because it deeply concerns us all. In these times of hard work and over-exertion when almost everybody needs medicine of some kind, it is absolutely necessary that people know what to do for their tired nerves, weak bodies and diseased organs.

Our daily papers are constantly advertising medicines, and giving testimonials of persons who have been cured by their use. The questions arise, are these testimonials genuine? Are they exact and truthful statements made by people who have really been cured by the medicine advertised? There is not the slightest doubt that the majority of advertised medicines are just what they are represented to be, and that the testimonials are perfectly reliable, being accurate statements of persons cured. From our experience, such testimonials are true and state only what are facts.

The Pacific Express Company declines to accept money packages into the Indian Territory on account of the numerous train robberies which have lately taken place in that region. The population there is limited and will now be penniless, and consequently desperate, till the embargo on the import of currency is removed.

Dr. Greene, the discover of this great remedy, has long been the most successful specialist in the cure of nervous and chronic diseases, and this grand medical discovery is the result of his enormous practice and wide experience. Everybody knows that when he makes a statement it can be depended upon, and when a testimonial of cure by Dr. Greene's Nervura blood and nerve remedy is published, our readers can be certain that every word of it is true.

It is true. The persons giving the testimonials can always be seen or written to. These proofs, together with the fact that this medicine cures the cause of its symptoms, and that it always does just what it says it will, and they have found it to be even a more wonderful medicine than was claimed for it.

It has had many imitators, but no one has ever been able to discover a medicine so successful in the curing and strengthening powers as Dr. Greene's Nervura blood and nerve remedy. It is not a patent medicine, but the prescription of Dr. Greene, of 25 West 14th St., New York city, the most successful living specialist in chronic nervous and chronic diseases. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute certainty that beneficial action of the best of all remedies.

It is true. The persons giving the testimonials can always be seen or written to. THE NEW BOND ISSUE.

Secretary Carlisle Issues His Formal Call for the Loan. FIFTY MILLION DOLLARS WANTED.

The Bonds Will Bear Interest at the Rate of Five Per Cent, and are Redeemable in Coin After Ten Years from the Date of Their Issue.

WASHINGTON, Nov. 14.—Secretary Carlisle late yesterday afternoon, as had been anticipated for several days, issued his call for bids for \$50,000,000 of five per cent bonds, interest to be paid in coin, which is interpreted to mean gold. The only material change made in the present call from that issued Jan. 14 last are the omission of the open, or minimum price which would be accepted, and the notice that the proceeds for the present issue must be used.

It is confidently expected at the treasury department that an amount will be realized considerably in excess of that projected from the February issue. This expectation is based upon the fact that there are exceptionally large amounts of money now lying idle and seeking investments in the money centers of the country, and upon the further fact that the February issue is now quoted at \$118.50, or about 2 per cent above the price which would yield 5 per cent. From the last issue there was realized \$58,600,917.63, and of this amount \$52,500,324.21 was in gold coin, \$5,819,430 in gold certificates and \$10,281.39 in other money, which the sub-treasuries were compelled to take in making change.

While these amounts were actually paid into the treasury in gold or its equivalent a very considerable amount of gold was withdrawn from the sub-treasuries for the express purpose of using it again in paying for the bonds. The exact amount thus withdrawn cannot be ascertained, but the best judgment obtainable is that it approximated \$15,000,000. With a view of a more exact estimate of the amounts which may be withdrawn between now and the settlement of all accounts under the call the sub-treasuries will from this date keep a record of all deposits of legal tenders made in exchange for gold and the names of the firms or persons making them.

The following is the secretary's circular calling for bids: "Sealed proposals will be received at the treasury department until 12 o'clock noon on the 24th day of November, 1894, for United States 5 per cent bonds, in either registered or coupon form, dated Feb. 1, 1894, redeemable in coin at the pleasure of the government after ten years from the date of their issue, and bearing interest payable quarterly in coin, at the rate of 5 per cent per annum.

Bidders whose proposals are accepted will be required to pay 50 per cent in gold coin, or gold certificates, upon the amount of their bids, as soon as they receive notice of the acceptance of such bids, and to pay in like coin or certificates an additional 20 per cent at the expiration of each ten days thereafter until the whole is paid; but they may at their option pay the entire amount of their bids when not notified of acceptance, or at any time when an installment is payable. The first payment, however, of not less than 25 per cent, must be made when the bidder receives notice of the acceptance of his proposals.

The denomination of the bonds will be \$50 and upward, and bidders will, in their proposals, state the denomination desired. The bonds will be dated Feb. 1, 1894, in order to make the proposed issue conform as to date with the existing issue; but interest thereon will begin Nov. 1, 1894, and bidders will be required to pay accrued interest at the rate of 5 per cent on the face value of their bonds from Nov. 1 to the date of their payment. The total issue of bonds in pursuance of this notice will not exceed the sum of \$50,000,000.

McKane Will Give Up His Papers. BRIDGEMAN, Nov. 14.—Chief Accountant William A. Brown, of the board of audit, had an interview with John V. McKane in Sing Sing on Monday in relation to an explanation of the accounts of the town of Greenvale. McKane declared that he was innocent of any wrongdoing in connection with the affairs of the town, and said he was willing to have Mr. Brown have all the papers in his possession, as he had nothing to fear from an investigation. All he asked was a fair report. This was promised, and McKane will furnish all the desired information.

Populist Gain in Indiana. INDIANAPOLIS, Nov. 14.—The official vote of last Tuesday's election in Indiana, by congressional districts, shows that the Republicans have a majority of 52,077. For the head of the state ticket, with one county (excepting) out, the Republican plurality is 27,763. The Populist candidate for secretary of state received 202,000 votes, showing a Populist gain over last of 7,514.

Whitesayles Sweep St. John's. ST. JOHN'S, N. F., Nov. 14.—The Whitesayles have swept St. John's, overwhelming the government with majorities greater than ever before attained in an election on the island. Even if the government wins all four seats in the St. George's district it is extremely doubtful whether it will be able to remain in office.

Bank President on Trial for Forgery. CLEVELAND, Nov. 14.—The trial of Horace Stebbins, president of the National Farmers' Savings Bank, on the charge of forging, began today. The indictment has been returned against Mr. Stebbins through several terms of court, but the case has been postponed from time to time.

Fatally Hurt at a Fire. ROCHESTER, N. Y., Nov. 14.—Dimitry A. Ives at Caldwellville, N. Y., James Wilson, a merchant, was seriously injured and may die. The loss is \$75,000. The fire is incendiary in origin.

Ives Now Aboard. NEW YORK, Nov. 14.—Ives leads in the last night's play. The score at the close of last night's play was Ives, 1,200; Schaefer, 820; Highest runs: Ives, 223; Schaefer, 124.

ALLEGED FRAUD IN MISSOURI.

An Official Count Changes the Generally Accepted Verdict. KANSAS CITY, Mo., Nov. 14.—Great astonishment has been created by the announcement that the official returns to the result previously accepted as final, and show the election of Breckenridge and Keshler, Democrats, over Jackson and Sloan, Republicans, to the respective offices of prosecuting attorney and county marshal. Until the official announcement was made the two parties would have stated their lives that the Republican candidates were elected. There were cries of fraud. Judge Hawthorne has wired the secretary of state that the returns have not been manipulated, and advising him not to issue commissions to Breckenridge and Keshler. County Clerk Caldwell has issued certificates of election to Breckenridge and Keshler.

Speedy Justice in Virginia. BOWLING GREEN, Va., Nov. 14.—On Monday, Sept. 10, Moses Christopher, a negro, committed an assault on Moseville Carter, a 7-year-old white girl. The negro was captured, and though an uneducated crowd had assembled, the officers were permitted to lodge him in jail. Christopher was indicted, arraigned, put on trial and convicted, the jury imposing the death penalty, and the same night Judge General E. C. Moncure sentenced him to be hanged. Today he paid the penalty of his crime.

Congressman Wright's Possible Successor. TUNBRIDGE, Pa., Nov. 14.—W. N. Reynolds, of this place, is suggested as a possible candidate for representative in congress to fill the vacancy caused by the death of Congressman Myron B. Wright. Mr. Reynolds was Mr. Wright's most intimate friend. He was a member of the state legislature in 1881-82, and later was appointed chief of the middle division in the pension department at Washington, resigning when the administration was changed.

General Clay Married. LEXINGTON, Ky., Nov. 14.—General Cassius M. Clay was married to pretty Dora Richardson yesterday. Squire Douglas officiating. Only the farm hands and relatives of the girl were present. General Clay's children did all they could to prevent the marriage to Miss Richardson, who is only 15 years old, but he paid no attention to their entreaties.

Death of Colonel McCull. GREENSBORO, N. C., Nov. 14.—Colonel John A. McCull, for many years a prominent theatrical manager and proprietor of the McCull Opera company, died on Sunday at the residence of his brother-in-law, Henry C. Martin, aged 60. The body was sent to Baltimore for interment, the funeral taking place in that city today.

To Reduce Millers' Wages. DECATUR, Pa., Nov. 14.—Bell, Lewis & Yates posted notices notifying their millers here and at Punksutawney and Reynoldsville that a reduction of five cents per ton would be made Nov. 15, making the scale thirty-five cents. The cut will effect 10,000 men. This makes the price for milling the same as before the big strike, and is the same that has been paid all along the Besch Creek region. The millers are holding a mass meeting today.

Fatally Shot the Wrong Man. HUBBARD, O., Nov. 14.—James Mahoney shot John Richards twice, the bullets entering Richard's body just below the heart, and he will die. The two young men, in company with Martin Rootzen, were hitchhiking home. Mahoney got into a quarrel with Rootzen, in which Mahoney was badly whipped. His latter went home, got a revolver, and returned and shot Richards in mistake for Rootzen.

More Smallpox in Washington. WASHINGTON, Nov. 14.—Four new cases of smallpox have developed here. One of the victims is Margaret Pemberton, the first volunteer nurse to go to the smallpox hospital when the disease broke out and threatened an epidemic. Her condition is critical. Four of the public schools have been closed until Monday for disinfection, two of the patients having attended one of these schools.

Robbed by Highwaymen. LEBANON, Pa., Nov. 14.—John Long, of Independent district, a suburb of this city, was stopped at Eighth and Water streets early in the morning by a man who asked him for tobacco. While reaching into his pocket for the article he was knocked down, overpowered and robbed by two men. All his money was taken, and he was left lying in the street in an unconscious condition.

Head and Snap Raw with Places Size of Silver Dollar. Various Remedies only caused Fresh Eruptions. Applied CUTICURA. Change in Twenty-four Hours. Perfect Cure in Two Weeks.

My little son, aged three, was very much troubled with a breaking out on his scalp and behind his ears. The places were about as large as a silver dollar; the flesh seemed raw and covered with little blisters. The child suffered considerably, and was usually very fretful. I tried several remedies without obtaining any beneficial results; in fact the eruptions seemed to be spreading and new places breaking out. I concluded to try the CUTICURA Remedies. I washed the affected parts with the CUTICURA SOAP, taking care not to irritate the flesh, and applied CUTICURA. I noticed a change for the better in the appearance of the eruptions in twenty-four hours, and in two weeks the eruptions entirely disappeared, leaving the skin smooth and the scalp clean; in fact a perfect cure, as I have not seen any indications of any kind of trouble since. I gave the child only a few doses of the CUTICURA REMEDIES. I would advise you to try CUTICURA REMEDIES very carefully. I believe CUTICURA would be a good remedy for applying to infants who, which are very annoying in this country. C. A. ARMSTRONG, Swift Island, N. C.

After Typhoid Fever

A Running Abscess Discharges Pieces of Bone. All Hope Given Up—But Hood's Sarsaparilla Gives Perfect Health.

"Dear Sirs:—I had been a sufferer for nearly three years and had doctored during that time, but without avail. I had given up all hope of ever recovering my health. At times I would rather have died than lived, but now I am thankful that I began taking Hood's Sarsaparilla for I am now as sound as a dollar. I was

Afflicted With Typhoid Fever, and an abscess formed on my right side above the fourth rib. The strange part about this was the fact that it did not open for six months after it appeared, although it pained me continually. After it broke it became a running sore and I was compelled to wear a bandage all the time. The doctors told me that the only way it could be cured was to have an operation performed

and have the rib taken out, claiming that I had bone disease, inasmuch as four pieces of bone had been discharged from the sore. Before giving myself up to the doctors I decided to give Hood's Sarsaparilla a trial, although I had but little faith that it would do me any good. I used it strictly according to directions, and before I had used three bottles I

Began to Feel a Change, and by the time I had used the fourth bottle the sore on my side had healed. It is now nearly three months since the eruption closed and I have not the least fear of it ever bothering me again. Hood's Sarsaparilla is certainly a gem among medicines. It has cured me and it will cure others." W. H. SNYDER, Avira, Pa.
