

The Many Uncomplaining But Weary Toilers.

They Go Without Rest to Make Sure of Happiness for Others.

Overwrought Nerves Work Half Fed and Cry Out With Pain.

For eight out of every ten who ever take a vacation, there remains behind some hard working, uncomplaining toiler who is only too happy if he can provide a rest and a change for those dear to him. And it is lucky if in many cases this self-denial does not get to be regarded as a duty, and the thought of a rest for one's self a thing impossible.

The number of such overwrought men, who sleepily toil right on without so much as a two weeks' respite a year, is surprisingly large.

Grateful wives and children should see, then, that these cheerful and unselfish fathers and brothers do not "work themselves to death." Signs of failing strength and nervous weakness, that none so quickly detect as they, should be promptly and firmly combated. A thorough feeding of worn-out nervous tissues by Paine's celery compound, soon does away with every form of nervous debility and exhaustion. This great nerve and brain invigorator, Paine's celery compound, supplies rich material for the repair of all the nerve tissues. It makes the thin, used-up blood again capable of feeding the system, and purifies it of all humors that work harm to the body.

There are countless men so absorbed in business that they disregard the indications of nervous weakness and think that their neuralgia, headaches, and rheumatism are trifles. It is the duty of those members of the household who see this gradual decline from health to insist on a building up of the "run-down" system, and a strengthening of the nerves and brain by a vigorous tonic like Paine's celery compound.

In every city in this country there are homes that have escaped sickness and misfortune because some prudent member has known the value of Paine's celery compound for strengthening nerves and brain, purifying the blood, and building up the vigor of the tired body. For overworked men, for nervous, "run-down" women, in a bloodless condition, Paine's celery compound is the regular prescription of family practitioners all over the country. It has permanently freed thousands from neuralgia, rheumatism, dyspepsia, kidney troubles, and blood diseases by invigorating the body, purifying the blood and feeding the nerves. Nothing gives strength like Paine's celery compound.

Coining Events.

Henry Wilson, the postmaster at Welsh ton, Florida, says he cured a case of diarrhea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When renewed with water it is pleasant to take. For sale by Grubler Bros.

To the Public.

The Sunlight Oyster House, 10 East Coal street, is now open. Fish, oysters and fruit always fresh. Just received a car load of bananas, sweet potatoes, lemons pears and oranges. Fish on Friday. Open all night. JAMES WOOD, 11-5-11

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by Grubler Bros.

AMUSEMENTS.

"ENEMIES FOR LIFE."
The inferior attraction of the former week had a disastrous effect on the box office receipts of "Enemies for Life," which in reality deserved the hearty support of the patrons of the house. Joan Cravan pleased all who saw her in a difficult dual role, and the rest of the cast were up to the requirements of the piece, which was replete with thrilling scenes and high-class specialties. There was enough fun to offset the pathos.—Nashville Banner, December 16, 1893. This attraction played here last February and made a hit. Many new features have been added for this season. At Ferguson's theatre on Friday evening, November 16th.

"HUMPY DUMPY."
They will be here! Who? The world wide famous Ashton Bros., premier acrobats, triple horizontal bars and double somersault artists, commencing where others have left off. Doing double somersaults where singles were always heretofore thought to be impossible. To be seen only with F. D. Straffin's Bates Bros. New Up to Date Humpy Dumpty Company, at Ferguson's theatre on Monday evening, November 19th.

STREET GLEANINGS.
They Are Brief, But Will be Found Very Interesting.

A statement was recently made that in making his campaign for election as Sheriff of this county Hon. T. J. Higgins spent \$2,000. This was wide of the mark. An intimate friend of Mr. Higgins gives assurance that the campaign cost that gentleman between \$1,500 and \$1,800. He spent \$2,000 before he got the nomination and his assessment was \$800. The informant says the ex-candidate has a barrel full of ball tickets at his house. These pasteboards swallowed a pile of money.

Foot ball is all the rage with the boys and there is hardly an hour in the day that there is not a group playing in some street or alley. They go at it in earnest, too, and it is surprising that scores of them are not laid up with broken heads or limbs. The falls they sustain on the frozen ground seem sufficient to break anything, but the foot ball youngster seems to be built of adamant.

It has been a matter of some surprise that Shenandoah did not celebrate the Republican victory in some manner, but the explanation is a very sensible one. A celebration was spoken of, but the parties concluded that the time and money required for such a purpose could be better employed in the work of organization. The celebration at Ashland was due, in a measure, to the residence of County Chairman Hurd Payne being there.

Although beaten in the last political battle of his life ex Senator King, of Mahanoy City, is still a popular man. The secret of his success in this respect is his liberality. It is said that he always takes care of his delegates and never allows them to plunge into expense on their own account. A day or two after the election he wrote to a man of town who had made a fight for him and asked what expense had been incurred. A check was sent on receipt of the answer. The average politician seldom gives such matters a thought after election, especially after a defeat has been met.

Ex-Chief Burgess Smith has tired of the saloon business again and will retire to private life until he sees some other opening. He will change his family residence from West Lloyd to North White street. Mr. Smith says the saloons that make money are those located in the centre of the town.

A resident of town who saw Sheriff elect Scott a day or two ago says that gentlemen hold nearly two hundred applications for positions in the Sheriff's office. Applicants in this town are multiplying steadily. Constable Thomas Tosh and Edward Roberts are among the seekers for Deputy Sheriffs. William T. Trezise has his eye on a clerkship at the almshouse. John L. Hassler wants to be steward of that institution.

W. A. McGuire, a well-known citizen of McKay, Ohio, is of the opinion that there is nothing so good for children afflicted with colic or cramp as Chamberlain's Colic Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in his house. After having a gripe he was himself troubled by a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 25 and 50 cent bottles for sale by Grubler Bros.

THE DENVER STRANGLER.

Another Mysterious Murder in the Slums of Colorado's Metropolis.
DENVER, Nov. 14.—"Strangler's Row" has been the name of another murder. No. 1875 Marquette street was visited by the fiend whose specialty is to strangle women to death, and when he left the place Ellen Oyama, a Japanese girl, who ran the place, was a corpse, with the marks of the strangler's work upon her throat.
The murder was committed in the same row of houses in which Lena Tappet and Marie Contant were strangled. The mode of her death, too, was exactly similar. After partially choking her the job was completed by tying a towel around her neck and tightening the noose until life left her body. There was every indication of a desperate struggle.

Kiku Oyama was 24 years old, and emigrated from Japan to Chicago with the racial representatives of her native land to the Columbian exposition. There she made the acquaintance of Imi Oyama, and together they came to Denver last November. Imi Oyama says he was the dead woman's cook, but the neighborhood he lived with her as her husband. He was the first person to enter the Japanese girl's room after her death. Imi and several other Japanese were arrested, but there is no evidence against them.
Police Surgeon Wheeler believes that such a criminal exists in this city as "Jack the Ripper," who so foully murdered and lashed fallen women in the disreputable Whitechapel, in London.

A Bride's Wedding Gifts.
New York, Nov. 14.—Myrtille F. Hart entered suit in the supreme court against Tiffany & Co. for \$2,500, the alleged value of silverware and other property in a trunk which was given in their charge. She was married in 1883 at Charleston, S. C., to Josiah L. Hart, and separated from him in 1892. She had given the trunk, which contained wedding presents, into Tiffany's care, and the husband wrote for the trunk. It was sent to him. The jury brought in a verdict for \$1,000. Judge Barrett held that Tiffany had no right to turn the trunk over to the husband unless they could prove that the wife had given the authority to do so.

The Forest Fires South.
MEMPHIS, Nov. 14.—The forest fires are still raging in Arkansas, but fortunately are in a section where but little damage is being done except to the timber lands, fences, etc. dwellings being few and far between. The fires in Mississippi are doing more damage, and have now broken out in the vicinity of Haywood, Miss., near where R. F. Tate lost four houses by fire. In De Soto and Tunica the fires are still raging, and have done considerable damage to fences, outhouses, etc. The growth of cotton, etc. Fires are also reported at Paris, Tenn., and Florence, Ala.

Twenty-five Killed by Liberians.
SIERRA LEONE, Nov. 14.—On Nov. 7 Liberian gunboat fired upon boats that were landing at Setrakoo, a cargo from the African Steamship company's steamer Ambriz. Twenty-five persons were killed. The captain of the Ambriz had been previously notified that the landing of a cargo at Setrakoo would cause a breach of the revenue laws, that place not being a port of entry.

Will Appeal to the Court.

READING, Pa., Nov. 14.—The city Republican leaders met here and decided to appeal to the supreme court the action of the Democratic members of select council, who met on Nov. 13, and passed an ordinance to expel William A. Witman, dem., in place of Charles H. Ramsey, rep., who had held the seat over two years. It is claimed that the Democrats violated the law.

Dr. McCosh Growing Weaker.
PRINCETON, N. J., Nov. 14.—Dr. James McCosh, ex-president of Princeton university, has been confined to bed for some days. Dr. Weckoff, his family physician, stated that while Dr. McCosh is in no immediate danger, he is growing weaker week by week, and the physician feared would never thoroughly recover. Dr. McCosh is now 81 years old.

Death of a Well Known Minister.
