Although living most of the time in other parts of the country, Mr. Addicks has for eighteen years claimed Chaymon. #### Plimmer Wins Easily.

CONEY ISLAND, N. Y., Nov. 27.—The Beaside Athletic club offered a very at tractive card last night for the lovers of boxing. The big contest of the night was between Billy Plimmer, of England, and Charley Kelley, of New York, at 114 pounds. Everything was in Plimmer's favor, as he was much the more scientific man. The battle was so one sided that the police interfered when the third round had only lasted one minute and thirty five seconds. The referce awarded the fight to Plimmer, and the verdict was re-ceived with cheers.

#### The Virginia's Debt Controversy.

Ricinson, Va., Nov. 27.—The commis-sion appointed at the last meeting of the legislature to effect an adjustment with West Virginia of the latter's proportion of the debt of the original state—that is, the West Virginia certificates—met here yes terday and organized. The joint resolu-tion creating the commission recognizes no obligation on the part of Virginia ex-cept the moral one of endeavoring to in-duce West Virginia to make a settlement, and the commission can make no settle-ment until it shall have reported back to the legislature.

#### Caught the Drummer Napping.

A group of commercial travelers were scated in the smoking compartment of a eleeping car discussing business expense accounts and the various lines of merchandise sold by them. After awhile they were joined by a quiet individual, who listened to the conversation, but took no part in it. He smiled, however, at the jokes and sailles, and appeared to be thoroughly in sympathy with the company.

The attitude of the new comer was such

that at last one of the party turned to him and said, "May I inquire what line you represent!"

"Cortainly," he replied. "I am a clergy an. I travel for the house of the Lord."

"Well, that's a new one on me," re-sponded the drummer. And then, not at all abashed, he asked, "Are the expense allowances (iberal)" -- New York Herald.

#### No Sense of Humor.

"Judge," said the young man with the torn clothes and the black eye, "considerin the way the peller done me up, I think you ought to let me down easy."

"Young man, if you came here expecting this court to be a parachute," replied the judge, with a harsh patice court laugh, 'you are away off your trolley. Ninety days."—Chreimant Tribuns.

Electric Lines.

The retirement of Dallas Sanders and John A. Johann as officers and stockholders of the Lakeside Electric Railway no doubt ends all prospects for the consolidation of that road with the Schuylkill Traction Company.

It was understood when these gentle men entered the affairs of the Lakeside continue as an independent corporation.

Messrs, W. N. Anderson and B. L. Halfand Johann and are now the president and secretary, respectively, of the Lakeside Company, are representative business men of the Quaker City, and are interested in the Philadelphia Cold Storage Company, Mr. Anderson being president, and Mr. Halfman, general manager. They have carefully studied the plans of the Lakeside Railway Company, and are favorably impressed with its future prospects. They will furnish the capital for he extension of the lines as proposed,

Capt. J. F. Bailey is still the guiding hand of the Lakeside Rallway Company, and Hop. D. D. Phillips entered upon the active management of the road yesterday. Capt. Balley will devote his time mainly to the development of the Delane and Letreids branch of the system.

#### A NEW SYSTEM.

The Pennsy's Latest Move for the Convenience of Travelers.

The Pennsylvania Railroad Company are ever on the alert to accommodate their patrons and have inaugurated a new system of coupe baggage whereby prompt delivery is secured. It frequently happens that passengers from Philadelphia to New York, or New York to Philadelthem from the terminal station to hotel or residence in a coupe or carriage. If company will attach to the check strap a card bearing the word "coupe." This designation indicates to all the handlers of baggage that pieces so marked must have special attention. They will be loaded at Philadelphia for instance last, unloaded at Jersey City first, and for-warded to New York on the same boat with the passenger, to that upon arrival at the New York side, the passenger may claim his trunk, place it in a coupe, and have it accompany him to destination. This will insure the baggage reaching destination at the same time, and upon the same train as the passenger, and will prove peculiarly satisfactory in the case of persons visiting New York or Philadelphia for dinner or other public or private functions. No charge will be exacted for the special service.

Henry Wilson, the postmaster at Welsh Henry Wilson, the postmas fer at Welsh con, Florida, says he cured a case of diarr hose of long standing in six nours, with one small bottle of Chamberlain's Colic, tholers and Diarrhoa Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by Gruhler Bros. ....

#### RAMBLES ABOUT TOWN.

There Will be No Consolidation of the "Toby Wise" Notices, With Pleasure, the Many Improvements.

In the early part of Shenandoah's history, I am informed, Jardin street was considered the most favored street for private residences, but of late years White street has taken the honors in this respect. The former thoroughfare, however, lafast Saturday. The Shenandoahs are to re-regaining the prestige it lest. Along that pelve 40 per cent, of the gross receipts and entire thoroughfare, with very few excep-Company, that that was the ultimate tions, the property holders have awakened point to be reached, and though this from a deep sleep and wisely grasped the consolidation had often been expected it opportunity to improve their properties never took place, and it is understood that any further consideration of that move is thereof. What a great change has taken at an end, and the Lakeside Company will place within a comparatively short space of time. This is particularly true of the northern portion of the street. The man, the Philadelphia capitalists who dwellings have been beautified to such an purchased the interests of Messrs. Sanders extent that the original owners would not to-day recognize them. In many justances all the modern improvements have been added, thus enabling the house holders to live with the same comfort a city folks, so far as the dwellings are con cerned. This is gratifying, indeed, and shows conclusively that the days of the rookeries in Shenandoah are numbered.

The improvements, however, are not confined to this street. In every section of the town changes for the better can b noted, and they have been made within the past year or two. The spirit of enter prise seems to have reached such a stage that it has become epidemic, and it would not surprise me in the least to find 1897 surpass all previous years in the improve ment line. Why shouldn't it ! Shenandoah has been too long within the grasp of greedy rookery builders, and its future depends in a great measure upon the erection of substantial and modern buildings. I have heard much favorable commen

upon my predictions for Shenandoah's future in a previous letter, and it seems to be the universal sentiment that our town has bright prospects. With the improvements noted and those in contemplation by such men as J. J. Francy, P. J Ferguson, Dr. J. S. Kistler, the Titmans and the Kehlers and others, what a busy town this will be. Artisans of all trade will be in demand, and many thousands of dollars, now locked up, will be put in circulation through the purchase of ma terial and the employment of labor.

I have little sympathy with the croakers who take great delight in predicting gloomy future for the town. A town is what its inhabitants make it, and if we sit idly by and allow other boroughs to atphis, desire to take their baggage with tract manufactories to their midst we have no one to blame but ourselves. To obtain these it requires an organized such a desire is made known at the time movement coupled with a liberal spirit by the baggage is checked, the agent of the borough authorities. We need a Board of Trade, and need it badly, to en courage new enterprises on the part of home capitalists and bring manufactorie here. A few thousand dollars expended in getting out literature explaining the resources and advantages of the place

would do the greater part of the work.

With the addition of every new manu facturing establishment means the em ployment of from a dozen to two hundred people; and this means so many more dollars to be circulated in our midst for food, clothing, etc. A few enterprising and wealthy citizens could easily raise the funds for the maintenance of the Board of Trade, and in the end they would be the beneficiaries to a great extent. I have only to cite you one instance, and that of Mr. Francy's recent mercantile venture. With more manu factories in the town, his contemplated business venture would be severely

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from caulting in posumonia. This same treatment is a spre cure for lame back. For asle by Grunter Bros.

If the collieries are operated on Thursday, and it is said they will be, Shenandoah may not be able to put its regular team in full on the field.
