BAKER'S RASCALITIES.

It Is Believed They Have Not Yet All Come to Light.

NEW YORK, Nov. 28.—So far as is learned Samuel C. Seely, the defuncting book-keeper of the National Shoe and Leather bank, has not been arrested. A brother of his, it seems, William L. Seely, was taken into custody by mistake and discharged soon after.

Investigation into the career of Seely's dead accomplice, Frederick Baker, is still going on, and those who are conducting it seem to believe that all his rascalities have not been discovered. There seems to be no doubt that he made away with property of various persons confided to his care as trustee, and that despite his large illegal drawings from the bank he died a comparatively poor man. It has been discovered that he never received a discharge. The insurance companies in which Baker obtained insensible policies just before his death are sure that he committed suicide. As for the chances of recovery by the bank from the real estate holdings which he transferred to his wife, the lawyers are still in doubt. The disclosures about his early life as a barber in Brooklyn have astonished many of his acquaintances in this city and Brooklyn, who regarded him as a man who had always been in affluent circumstances.

Disagreeing as to Baker's Death.

BROOKLYN, Nov. 28.—An autopsy was performed last evening on the body of Frederick Baker, at his late residence at Sands Point, by Dr. L. L. Seaman, chief of the medical staff of the Mutual Reserve Fund Insurance company, in the presence of a number of other physicians. At the conclusion of the autopsy Dr. Coche still maintained the theory of drowning, but Dr. Seaman said: "I am positive that the body was not in a normal condition when it struck the water." An analysis of the organs will be made by experts, and until then it will be impossible to fix the cause of death.

Uncle Sam's Money Bags.

WASHINGTON, Nov. 28.—Mr. H. E. Preston, the director of the mint, has submitted to the secretary of the treasury his reports of the mints and assay offices for the fiscal year 1894. The deposits and purchases of silver during the year was \$2,749,961 fine ounces, the coining value of the same in silver dollars being \$29,400,825. The amount of silver bullion purchased under the act of July 14, 1890, was 11,917,595 fine ounces, at a cost of \$8,715,521. Revised estimates of the world's production of the precious metals for the calendar year 1893 shows the same to have \$157,228,100 in gold and \$260,165,000 in silver.

Solly Smith Defeated on a Poul.

BUFFALO, N. Y., Nov. 28.—One of the most scientific fights ever seen in Buffalo was witnessed last night, when Solly Smith, of California, and Oscar Gardner, the Omaha Kid, met in the rooms of the Old Buffalo Athletic club in a fifteen round go, arranged by Manager Billy Madden, of Buffalo. The men were evenly matched, and it is hard to tell what the final outcome of the match would have been had not Solly Smith lost his head in the fifth round and punched Gardner before he regained his feet after a knock-down. The fight, therefore, was awarded to Gardner.

W. A. McGulley, a well-known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having a gripe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 25 and 50 cent bottles for sale by Grubler Bros.

GEORGIA'S LIQUOR LAW.

The Measure Which Will Probably Pass the Legislature.

ATLANTA, Nov. 28.—There is a strong probability that Georgia will in a short time have in full operation a dispensary system similar to that of South Carolina. The bill dispensing bill has been pending before the general assembly for several days, and yesterday the senate temperance committee agreed to report a substitute providing that in incorporated towns where liquor is now allowed to be sold a vendor may sell it only upon a petition of a majority of the freeholders of the town or city to the mayor or council. He shall then give bond to the ordinary in the sum of \$5,000 for faithful observance of the law. He shall pay \$100 to the state and all municipal and national taxes for one year.

He shall only purchase liquor to sell which has been pronounced by the state chemist pure and unadulterated, and to retail in quantities not less than half a pint, and shall not sell to minors or habitual drunkards. No liquor shall be drunk on the premises. Each vendor shall have only one place of business, and nothing shall be sold in that place except intoxicating liquors, and it shall be in full view of the street, and there shall be no back doors or back windows or side doors. Each place shall be cleared at 10 p. m. and not opened until 5 a. m. This measure is likely to pass the general assembly and become a law.
