THE CARLIED DILL IN THE HOUSE.

An infect to be Made to Press the Mess ure to a Vote on Friday Next, Though There is Opposition to Such Speedy Ac-Stone.

Washisotov, Dec. 17.—The Nicaragua-canal bill holds its place as the unlinished business in the senate calendar, and the general understanding appears to be that it will continue to occupy the attention of the senate with few interruptions, and those by consent, until a vote is taken upon it. There is little probability, however, that my of the other appropriation bills will ressive the atten-tion of the schate during the week. The disposition among schaters is favor-

The program therefore with reference to the holiday adjournment, so far as one has been arranged, is to adjourn on Saturday

until Thursdey, Jan. 3.
Some senators positive that the final vote on the Nicaragua bill will be reached this week, but the friends of the bill scarcely week, but the friends of the bill scarcely hope for this result. There is considerable opposition among the Bemocrass of the house to the short time it is proposed to act upon the debate. Many of them feel that a measure involv-ing such gigantic interests, contemplating as it does a revolution in the outer banking system of the country, should not be crowded through in hasts. This feeling is shored by some of the most prominent Democratic budges of the house, and it seems a large possibility, that the banking and currency continues will be overruled, and the special order will give this week to debute, with provision for a fluid vote after the holiday recess.
