Now that Samuel Gompoos has been unsted from the preddency of the Ameri can Federation of Eabura he is confronted with the necessity of going to work for a Hving. Mr. Gamper-hunting for a job will present a specta le of a new labor movement altogether original and credit able.

THEY say in Washington that the Presi dent's trip down the coast was undertaken with a view of eradicating the taint of rhe contis a still lingering in his system. At first it was given out that the excur, sion was organized with a view of eradienting the ducks, but that information now seems to have been incorrect.

SECRETARY CAULSER has achieved bad eminence in one respect. In fifty years no other man has ever caused as many paule . When he put through the House hisnpar cent. bank bill, a dozen years ago, the surrender of eleculation by the hands startled everybody, and prices of stocks fell about \$200,000,000 in a week Ween he talked of referming Treasury notes in silver, sarry in 1889, the most disa trois puble for fifty years began at once. Now his Currency bill has knocked a hole in the notion of the Treasury, and the loss of reserve will sink it, if not soon amovell. Secretary Carlide has not mean mode have in any of these susses He shop y does not comprehend the lean durant which are nonseary to the extent of the linances. He is a panie-maker.

THEF-post of Admiral Wilker covers the Aquiluiviration with disgrace as resuedts its foreign policy. The condition of American industries exhibits its disgrace as respects the tariff. The daily shipm has of gold to Europe and withdrawals from the Treasury show how its financial policy has paralyzed the public e edit and embarra-sed trade. In every dimetica the Domocratic party covers (tech with shome wherever it is tried with teapone-bility and power.
