RELATIONS WITH SPAIN

The Effect of Tariff Retaliation by Our Government

WOULD RUIN OUR SUGAR INDUSTRY

Cuba Furnishes Seven-Eighths of the Raw Sugar Used in This Country, and to Prevent Its Importation Would Close to the Refineries.

WASHINGTON, Dec. 25.—Interesting developments are expected at an early day as a result of the strained relations between the United States and Spain over the tariff.

Spain has already placed the United States in the "first column," and Secretary Gresham has refused to notify the Spanish government that if the United States is not removed from the first column this country will retaliate.

In official circles it is not believed that Spain will yield to the protest of Secretary Gresham. In that event, if the secretary carries out his threat of retaliation, President Cleveland will issue a proclamation closing American ports to the products of Spain.

The first effect of this retaliation would be to shut out the enormous quantities of raw sugar which Cuba makes to this country. In official circles it is said that Cuba furnishes seven-eighths of all the raw sugar used in American refineries.

The other eighth comes from Louisiana and Hawaii, but it is said that it would be impossible to make up this seven-eighths now drawn from Cuba. It is asserted, therefore, by those in no way identified with or partial to the sugar industry, that the retaliation would shut them from their supplies and close them up, throwing 25,000 employees out of work.

This statement was made by a high official who has had much to do with the negotiations, and who is very apprehensive of its results. He adds that the ultimate effect of the warfare would be to advance the price of sugar from three to six cents per pound, thus making the public bear the burden. In buying duties Spain arranges countries in two columns. The first column includes those who have not entered into satisfactory trade arrangements with Spain. Until recently Brazil was the only country on the globe which Spain has put into this column, all other countries being in the second column, which includes those having satisfactory treaties. The United States now joins Brazil in Spain's "first column" and thus stands apart from all other countries in the commercial benefits Spain grants.

The immediate effect of Spain's action has already proved disastrous to the American trade in flour, and this trade has passed almost exclusively into the hands of Canada. Under the old reciprocity arrangement with Spain American flour was shipped to Cuba in great quantities. But when the United States tariff raised the duty on Cuban sugar Spain responded by raising the duty on American flour. The "first column" duty on flour is 84.75, while the "second column" is 84. As Canada is in the second column she enjoys an advantage of seventy-five cents a barrel on flour, and this has proved ample to allow Canada to export the Cuban flour grain away from the United States.

It is understood from authoritative sources that a question has been raised as to the right of the president to issue a retaliatory proclamation against Spain, such as Secretary Gresham has threatened. The law authorizes retaliation against countries making unjust discriminations against the United States. But Spain claims she is making no unjust discriminations, she arranges her tariff in two columns according to whether countries are friendly or unfriendly to her, and leaves the countries to choose their own places. Under these circumstances it is urged that Secretary Gresham has no authority to invoke the retaliatory law of 1893.

Penney's Represents to Cleveland.

PORTLAND, Ore., Dec. 25.—Governor Penney, remembered, President Cleveland yesterday by sending him the following letter: "Christmas has again visited our stricken land with its prostrated industries and its life-struggles, willed but unable to work and unwillingly forced to beg or suffer. After two years of ruinous delay and mismanagement you have, thank heaven, at last discovered the real trouble, although you have not proposed the proper remedy. As you now concede, the country needs more money, but it does not want the worthless stuff you proffer. It needs gold and silver money with which to pay debts, and it does not want bank paper. Sixty years ago the Democratic party had a president who defiled the banks. We have now a president who defiles the people in the interest of the banks."

Defended Himself with an Ax.

MOOREHEAD, Ky., Dec. 25.—One of the bloodiest tragedies in the history of Rowan county occurred a mile from Moorehead. Jake Whitaker, a laborer, went home about 6 o'clock and found Henry Tyree and William Cole at his home. Cole and Tyree threatened to kill him if he did not leave, and Cole began cutting him with a knife. Whitaker took an ax and knocked Cole senseless and chopped Tyree several times with it, killing him instantly. Whitaker then helped Cole into the house and gave him some whisky, after which he came to town and gave himself up.

Connecticut's Oldest Inhabitant.

HARTFORD, Dec. 25.—Mrs. Emily Roberts Talbot, of West Hartford, the oldest resident in the state, reached her 104th birthday yesterday. She was born at Watcott Hill, in Wethersfield, and was married at 20 to Ansel Talbot, who died here a few years ago. She has four children living, and many grand and great-grandchildren.

Charged with a Double Murder.

JAMESTOWN, N. Y., Dec. 25.—George Depp was arrested at Salamanca, N. Y., on suspicion of being the murderer of Mrs. Shearman and Mrs. Davis the women who were hanged near here last week. Depp was arrested on information furnished by a woman with whom he had been living.

Mrs. Depp's Old to a City.

LEAD, S. D., Dec. 25.—One of the best appointed libraries and reading rooms in the whole northwest was opening with appropriate ceremonies at the citizens of this place last evening by Mrs. Phoebe A. Hoar, widow of the late Senator Hoar, of California.

The Engineer Instantly Killed.

LAFAYETTE, La., Dec. 25.—A big four freight train, pulled yesterday by Culver's station, equal to any in the world, and which was being pulled by a big engine, was instantly killed by a train of the Louisiana and Mississippi, and fatally injuring a woman.

RACKED WITH PAIN,

Tortured With Rheumatism For Quarter of a Century.

Relief Came at Last to the Patient Sufferer—How She Was Cured.

Sarah H. Smith, Pineville, Bucks county, Pa., says: "I was a great sufferer from rheumatism. I had the disease for over twenty-five years, and the torture I have undergone during the past quarter of a century no pen could describe. Every attack I had, my entire body was racked with pain, and I was in a terrible condition. I tried every other doctor and every remedy that could be suggested, but all with the same result. None of them ever gave me the slightest relief. I had had the disease so long that it had become chronic when I began to use Myer's Rheumatism Cure. It was not long before I felt a great deal better, and after using it a short time the rheumatism left me. I have not had a trace of it since, and am convinced that I am permanently cured."
