"The Lyr Leaf" was previsted to a large go dience at the Masonie theatre last night. It is one of the tew goal frish melvirature on the road, and was well received. It affords opportunities for some good, strong work and a bit of taking comedy business The spenery is claimrate, and the company all that the play demands. BLACK CHOOK

The "Black Crook" was revived at the Academy of Music last year. Crowds of the old friends whose memories were rich in reminiscences of the original produc tion gathered in corners of the famous old playhouse, to discuss the merits of Mr. Eugene Toukins' production; one and all noted it superior to all former efforts. Manager Ferguson has booked this splen did attraction for Saturday, Dec. 20th.

NEW Yorks, Dec 20. - Log. Dr. Edward McGrant content of all min high mose of the Church of the Holy Cross, on Forty. account street, at 1000 yesterday mornis i.
It was the first occusion on which Father
McGlynn had been the celebrant of high mass in a church in this city during the past eight years, and the lumense con course which gathered to great him in the morning returned with augmented numbers seven hours later to hear his sermon. The gratherings which thronged and packed the church both at 1:30 and 11 o'clock were probably the most fashionable and mathematic mountainings which have ever filled that edifice.

Hawaiian Royalists Inactive.

Washington, Dev. 26.-No concern or alarm is felt at the Hawalian logation here from the reports of fresh plotting by the royalists to overthrow the provisional government and restore Queen Lilinokalani.
Mr. Hastings says the natives are peaceable, and willing to accept the new government as it is and have never been inflamed nor stirred up since its formation. He fears no danger from the band of men who are now reported as having design against the government, says there is but one full native born in the list and asserts that there is no fighting spirit in them. The result of any trouble they might pre-cipitate would be needless bloodshed and then total defeat.

MELANGE OF TOPICS.

Side Issues Touched Upon by the Observing Reporters.

All the boys and girls who have been pending the fall months at colleges eminaries and state normal schools are with us again and will remain over the bolidays. It is strange how wonderfully ome of them are transformed by a few weeks stay in Philadelphia and some other cities away from home. Not six months ago I saw a certain young man iressed in blue drillings and seated upon a wagon loaded with merchandise. He seemed perfectly at home and apoke to the horse he drove in a tone that denoted experience in the store hustling business On Christmas Eve I met the same young man on Main street and hardly knew him. Instead of the blue drillings, he wore one of the latest style Mother Hubbard overcoats and the weight of the cane be carried in his hand caused him to ean forward so much that his spins! column seemed to be giving way under the strain. "Mercy on me?" exclaimed a kind-hearted old lady who saw the young man, "why doesn't be throw that heavy wick away ! It will kill him pet."

The annual I-raelite holiday of Chanu th is now being observed by most of onbrackite citizens. It commerced last Saturday evening and continues eighlays. This joyous observance comment orates the great victories of the Macca sees over the Syrians, under Antiochus Epiphanes. The history is told in Book of the Maccallees, in the Apocryptia and relates how the brave Matsathia and his five courageous sons, after ward led by Judas Maccabeus, rose against the Syrian invader, and determined to drive it the heathen, and to restore the Holy Worship of the One God of brack to it surity. This they finally accomplished with glorious victories, and Judas, hi brothers and the brackits then re-dedi cated the Holy Temple and ordered that hereafter, forever, and in all their dwellsigs, the seed of Israel should celebrat this great and miraculous deliverance with the lighting of additional lamps staging of bymns and psalmody and in other joyous ways. Hence, in synagogues homes and institutions. Impos or candles nersasing in number each evening, are lighted throughout these holidays with blessings and sacred songs, and gifts are distributed, especially among the pooand towards charitable institutions. Chauncab is called, in English, the Festival of Dedication.

It is said a West street young lady has come a mortal enemy of her young brother, because he told her best fellow that Santa Claus had to use a knife to get a stick of macaroni into the sister's tocking on Christmaa Eve.

It is reliably stated that Charles Radziewicz has tendered his resignation from the position of interpreter at the immigration department in Philadelphia, and that it will take effect on January ist. It seems that instead of being only required to devote two or three days a nonth to the performance of his duties Mr. Hadziewicz is lucky to get two or three days off, and that his business in this town is suffering considerably. It is also said that the government officials are a little too swift in their habits for the grocer, and should be attempt to keep step with them much longer he would endanger his future store of happiness.

Simultaneously with this comes a re port that Inspector J. J. Monaghan is not as contented with his Inspectorship in the Philadelphia immigration department as he was at first, and that it would not re quire a long and strong pull to get him into permanency in Shenandoah again.
