JUDGE RICKS' DENIAL

Sensational Charges in a Memorial to Congress.
MILLIONS OF DOLLARS INVOLVED.

S. J. Ritchie Alleges That Judge Hicks' Decision Robbed Him of \$500,000,000, but the Judge's Statement Makes the Charge Seem Impossible.

WASHINGTON, Jan. 8.—Charges of a sensational character against United States District Judge A. J. Hicks, of Cleveland, Ohio, are contained in a memorial presented to the House of Representatives, in which the petitioner, S. J. Ritchie, of Akron, Ohio, complains that the judge's decision in a case involving the rights of the United States against the Cleveland and Western Reserve Railway Company, which was rendered in 1904, has cost him \$500,000,000.

Some four or five years ago Mr. Hicks rendered a decision in the United States circuit court at Cleveland upon a judgment which he rendered in a case involving the rights of the United States against the Cleveland and Western Reserve Railway Company, which was rendered in 1904, has cost him \$500,000,000.

Further than this Judge Hicks declined to make any statement, deeming the other matters too trivial for notice.

Over a Hundred Drowned.
RIO JANEIRO, Jan. 8.—A terrible accident, resulting in great loss of life, has occurred in the bay here. The boilers of the steamer Port Nicholson, which had quite a large party of excursionists on board, exploded and the shock drove the red hot coals in the furnaces in every direction. The steamer caught fire, and a great number of those on board of her jumped overboard to escape the flames. Altogether 150 persons were drowned.

Death Came After the Festivities.
LANCASTER, Pa., Jan. 8.—Joseph Engle, a youth of 19, living near Mt. Joy borough, met with a tragic death early in the morning. He had just returned from a party, and was in the act of disrobing, when he removed a pistol from his clothing and discharged it, the ball entering his brain and causing instant death.

Probably All Were Drowned.
PHILADELPHIA, Jan. 8.—The mystery attending the disappearance of the schooner Helen Keller, Captain Sherman, from Pascagoula, Oct. 4, for Cuba, which has not been heard of since her departure, was practically cleared up yesterday by a telegram received by the agents in this city. The hull of the vessel, lying on her broadside, was found stranded at Punta Piedras, about forty miles north of Vera Cruz. The craft had been loaded with pine lumber, but the entire deck load was gone. The topmasts were broken off, the cabin completely gutted, and most of the bulkheads washed away. No tidings of the crew could be learned, and it is feared that they were lost.

Kentucky's Governor Angry.
FRANKFORT, Ky., Jan. 8.—Governor Brown issues a statement on the refusal of Judge Buchwalter, of Cincinnati, to surrender Hampton, the colored preacher. He says: "The statement of the judge is grossly unjust. He has usurped the prerogatives of the governor of his state. He has deliberately refused to execute the plain command of the law of the United States, and subordinated it to his own caprice. No lawyer will claim that Judge Buchwalter's decision is sustained by any precedent in the country. If followed by the judiciary of Ohio it will make that state the refuge and paradise of all the murderers, thieves and rapists of the south."

But One Fatally Reported Thus Far, a Stone Mason Being Swept Away Below Van Port—It is Now Believed That the Worst is Over.
PITTSBURGH, Jan. 8.—River men are thoroughly alarmed over the probability of a big flood at this point.
