THE CURRENCY BILL

Democratic Opposition to Secretary Carlisle's Measure.

SIBLEY'S SENSATIONAL SPEECH.

The Pennsylvania Democrat, in Opposing the Plan, Makes Caustic References to the Chief Magistrate—Tom Johnson, of Ohio, Also Speaks in Opposition.

WASHINGTON, Jan. 9.—Yesterday was the last day of the general debate on the currency bill in the house, and the opponents of the measure had their say. All the speakers except Representative Cox, of Tennessee, antagonized it. The feature of the day was the speech of Mr. Sibley, of Pennsylvania, who made an attack on the president and arraigned the Democratic party generally for drifting away from its traditional moorings. His speech created much confusion and a great deal of a sensation.

Referring to the published reports that the executive department of the government, in the person of the secretary of the treasury, was using its power to influence votes in favor of the bill, Mr. Sibley said: "I have read the constitution of the United States correctly, it defines the

powers and duties of the chief executive and the powers and duties of the membership of this house; and I tell you that to-day if ever a rebuke was needed to one who has trampled down the prerogatives of the people it is to that man who has used his influence, or attempted to use it, to create in himself the sole governing power of this nation. It has come to the time when to be the government of this people requires something more than a combination of brains, billy and brass.

"We saw our distinguished executive after the election of 1892," Mr. Sibley continued, "he himself away for recreation. Where on earth did he go? To the classic shores of Hog Island. The Bible says that when they are set at liberty each man will go to his own place. Where did he go? To Buzzard's Bay. And ever since the old ship of state has been bumping her nose into Hog Island and floundering in the waters of Buzzard's Bay with prosperity but a cable length away."

Tom Johnson, of Ohio, also created a stir in his speech opposing the bill. At the outset he said he thought he owed an apology to the house for speaking against a bill which was as dead as this. He denied that this bill was designed to take the government out of the banking business, and asserted that no bill could be devised for sound currency issues which would not place them under government supervision, and in effect make them alternately redeemable by the government. It was the office of government to furnish money. This bill proposed to confer on banks without limit a right that could only be conferred on a monopoly. It gave them a monopoly or it was a failure. He attempted to demonstrate that the bill would confer the same monopoly on the banks that the Bank of England and the Bank of France had.

The leading men of the various elements opposed to the Carlisle currency bill, Democrats, Republicans and Populists, held informal conferences with a view to holding on to a plan for forcing the contest to a speedy close. As a result of the talks the combined opposition may vote against the bill to be reported by the rules committee. As the rule is regarded as indispensable to passing the measure the defeat of the bill would be equivalent to the defeat of the bill.

Further debate on Mr. Lodge's resolution asking for information why the American ships had been withdrawn from Hawaiian waters took place in the senate yesterday. Mr. Palmer (Ill.) delivered a speech against the resolution, regarding it as an invasion by the senate of the powers of the president. He defended the acts of the present administration in Hawaiian affairs. His remarks provoked a number of interruptions by Republican senators, including Messrs. Lodge, Teller and Aldrich. Mr. Gray (Del.) also opposed its adoption. The day closed with eulogies on the late Alfred H. Colquitt, of Georgia.

Alleged Brutal Treatment of Lunatics.

CHICAGO, Jan. 9.—Charges of a serious nature have been preferred against the superintendent and attendants at the county insane asylum at Dunning. The charges come from John H. Radtke, a discharged employe. He alleges that helpless patients are often beaten and kicked, and that in one ward three baseball bats are kept as instruments for the enforcement of discipline, while in another three police clubs are used, and in another ward a loaded club to control the patients and to exact obedience from them. He also says that the patients are kicked and clubbed when they are ill and unable to be out of bed.

Robbed by Masked Burglars.

FINLAY, O., Jan. 9.—At midnight three masked men went to the residence of William Ward, a farmer, and at the point of a revolver compelled him to hand over all of his money, about \$300. The old man resisted until the robbers threatened to burn him on the stove. William Weigel was arrested as one of the robbers, and warrants were issued for Thomas Shirley and Charles Watson.

RACKED WITH PAIN.

Tortured With Rheumatism For Quarter of a Century.

Relief Came at Last to the Patient Sufferer—How She Was Cured.

Sarah H. Smith, Pineville, Bucks county, Pa., says: "I was a great sufferer from rheumatism. I had the disease for over twenty-five years, and the torture I have undergone during the past quarter of a century no pen could describe. Every attack I had, my entire body was racked with pain, and I was in a terrible condition. I tried doctor after doctor and every remedy that could be suggested, but all with the same result. None of them ever gave me the slightest relief. I had had the disease so long that it had become chronic when I began to use Munyon's Rheumatism Cure. It was not long before I felt a great deal better, and after using it a short time the rheumatism left me. I have not had a trace of it since, and am convinced that I am permanently cured."

Munyon's Rheumatism Cure is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism, cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, sides, back or breast, or soreness in any part of the body in from one to three hours. It is guaranteed to promptly cure lameness, stiff and swollen joints, stiff back, and all pains in the hips and loins. Chronic rheumatism, sciatica, lumbago or pain in the back are speedily cured.

Munyon's Homeopathic Home Remedy Company, of Philadelphia, put up specialties for nearly every disease, which are sold by all druggists, mostly for 25 cents a bottle.

THE "COMBINE" BROKEN.

Philadelphia Political Leaders Split on the Mayoralty Fight.

PHILADELPHIA, Jan. 9.—The Republican ward "combine" of this city, which has controlled the politics of its party for many years, went to pieces last night as a consequence of the campaign for the mayoralty fight. Throughout the campaign it has been popularly supposed that, with the exception of Senator Porter, the "combine" was in favor of Senator Penrose for the office. Last night, however, the rumor became current that Penrose had been "dumped" by the leaders, and this proved to be true. At the eleventh hour a meeting of the "combine" was held at the Union Republican club. Senator Porter occupied the chair, and the main spokesman was David Laidler. What had occurred between the leaders before the meeting could not be learned, but it was evident that the breach was a wide one. Magistrate Durham, an influential member of the "combine," is the leader of the Penrose forces, and he tried to bring up the question, but Mr. Martin refused to talk or listen to anything concerning Senator Penrose's candidacy. Leader Martin's attitude has all along been uncertain, but last night he boldly expressed his opposition to Penrose and declared himself for Charles F. Wacker, now city solicitor, who has been somewhat of a dark horse in this, one of the hottest fights known to municipal politics.

Mr. Martin brought things to a crisis when, addressing Chairman Porter, he said he believed the time had come when the usefulness of the "combine" as a political organization was at an end. The members were divided seriously and irretrievably on the question of nominating a mayor, and in his opinion nothing could bring them together again.

Then emphatically denied the rumor circulated that he would retire as a political leader, and his words were very generally construed by those present to mean that he intends to be the sole and only leader in his party. He concluded with the suggestion that the meeting adjourn sine die, and after the murmur had subsided the motion was carried unanimously.

Four Years for a Rioter.

LAFAYETTE, Ind., Jan. 9.—Peter J. Clark was sentenced yesterday to four years' imprisonment and to pay a fine of \$2,000. According to the evidence Clark was the ringleader, or one of the leaders of the riot which took place at the Lafayette Opera house on the night of Jan. 24, 1893, when ex-Senator George P. Rudolph was mobbed and shot at and his meeting broken up.

Senators Will Not Listen to Coxy.

WASHINGTON, Jan. 9.—Jacob S. Coxy will not be heard by the senate committee on finance in advocacy of his good roads and bond bills. Chairman Voorhees so declared to Mr. Coxy after the adjournment of the finance committee yesterday.

NUGGETS OF NEWS.

The efforts of Count Hederwazy to form a new Hungarian cabinet have failed. The strike of shoe workers at Haverhill, Mass., seems hopeful of settlement through the state arbitration board. It is stated in official circles that the garrison at Franklin will assist the Italians at Kassala against the Derwishes. Adolph Batenssefer, a baker, was shot and instantly killed in New York last night by Teadie Tuzkiewicz. The tragedy was caused by a business difficulty. The new United States senators from Wyoming will be ex-Senator Francis E. Warren for the long term and ex-Congressman Clarence D. Clark for the short term. Colonel Reuben C. Benton, ex-judge advocate general of the Minnesota G. A. R., and a commander-in-chief of the state Loyal Legion, died at Minneapolis last night, aged 64. While in an upper room at his father's house at Washington, with two other boys of his own age, the 14-year-old son of Judge Courtland C. Clements was shot dead. Probably an accident.

RIOTING FOR BREAD.

St. John's Idle Workmen Becoming Uncontrollable.

LEGISLATIVE BUILDING MOBBED.

Broke Open the Doors in an Attempt to Interview the Ministers, Who Were Conveniently Absent—Stores Broken Into and Looted.

ST. JOHN'S, N. F., Jan. 9.—A serious riot occurred here yesterday. The crowd of unemployed workmen, largely increased in numbers, met before the legislative building and hooted the ex-provost, Sir William Whiteway, who was formerly their idol. They marched again to the dock where the Tourmaline is lying in order to receive the captain's answer to their petition of Monday. Captain Sir Richard Poore, the commander of the warship, received a deputation and told them that the matter was in the hands of the government.

The crowd became deeply exasperated, and the leader's suggestion that the ministers be seen was quickly acted upon. Proceeding to the chamber the crowd found that their coming had been anticipated, for they found the doors barred against them. Nothing daunted in their determination, the crowd set to work to force an entrance, and doors and windows were soon battered in, and ingress was gained. The police attempted to check the crowd in their work of destruction, but the officers fared badly in the scuffle that followed, the rioters for the time being masters of the situation. Their victory, however, was barren of result, for after gaining the chamber they found that the members of the executive were conveniently absent.

In the meantime the police had sought reinforcements, but before they arrived the rioters withdrew. Later the crowd again visited the governor and made another appeal to him, but this was also ineffectual. Then they returned to the legislative building, but this time they were unable to force an entrance. They, however, remained in the grounds, demanding relief and bitterly cursing the government. Hoping to pacify them Prime Minister Greene appeared and addressed them. He promised that in two or three days extensive public works would be commenced, sufficient to give the remunerative employment through the winter.

His listeners refused to be satisfied with his promises, and demanded that immediate relief be furnished them. When they were told that it was impossible to accede to this demand, the leaders of the crowd held a short conference, and it was decided to attack the stores on Water street, where large quantities of provisions were supposed to be kept. The first place attacked was Duder's. The place was soon broken open, but the mob was disappointed in finding no provisions there. Then attention was turned to Steer's stores, which were quickly looted of their provisions.

At this point armed police intervened, and the mob was driven back at the point of the bayonet. Four men, Bussey, Brown, Condy and King, the promoters of the riot, were arrested. The crowd displayed an inclination to attack the police for the purpose of rescuing the prisoners, but the officers prevented this by driving the mob back and then suddenly closing the gates.

The police are still inside with their prisoners, while the rioters surround the precincts, hooting and stoning the officers. The Tourmaline is under orders to land should there be further outbreak. All the city police, foot and mounted, are at the scene. Special police have been sworn in, and they are guarding other parts of the city.

Foresters' Officials Held for Criminality.

CHICAGO, Jan. 9.—H. N. Rosenbaum, ex-prosecutor chief ranger of the Illinois Foresters, and Deputy Supreme Chief Ranger A. E. Stevenson, of the Canadian order, were held to the criminal court on charges of acting as agents of a fraternal insurance agency without a license. This is the outcome of a long and bitterly waged warfare between the Canadian Order of Foresters and the Illinois organization. Matters reached a climax when it was learned that Rosenbaum, who was at that time high chief ranger for the Illinois order, was co-operating with a view to the absorption of the Illinois organization by that of Canada.

A Noted Robber Escapes.

ST. LOUIS, Jan. 9.—Frank Smith, a notorious diamond robber, escaped from the workhouse yesterday afternoon. He was arrested here on Nov. 4 and sent to the workhouse for vagrancy. Officers were here to take him to Chicago, where he robbed Parthauer's jewelry store of \$4,000 worth of goods Oct. 30. He had also served a term in the Ohio penitentiary for holding up a train, from which he secured \$20,000. No one appears to know how he got away. He had shackles on at the time.

Street Railroad Officials Arrested.

BALTIMORE, Jan. 9.—For failure to comply with the law compelling all street cars to be equipped with fenders warrants were yesterday issued against Superintendents Housa, of the Traction company; Hart, of the Baltimore Passenger railway, and Frederick, of the Lake Roland company. Each official will be tried separately, and if found guilty the offending companies will be required to pay \$5 daily for each fenderless car. The men all gave bail and were released.

Wrecked by Natural Gas.

NOBLESVILLE, Ind., Jan. 9.—The large two-story farm residence of David Darragh, four miles southwest of here, was completely wrecked by a natural gas explosion. Robert Darragh was frightfully burned about the head, shoulders and arms, while his mother was blown to the ceiling in the room where she was sitting. She fell upon her back and sustained injuries from which she cannot recover.

Urging Polish Independence.

Many pamphlets of this description are in circulation.

Accused Police Captain Acquitted.

NEW YORK, Jan. 9.—Police Captain Grant has been acquitted of the charge preferred against him before the police board of having clubbed striking cloak-makers one evening during the autumn.
