**Discussion of Populist Principles Delays the Deficiency Bill.**

WASHINGTON, Jan. 10.—The senate devoted yesterday to further speeches in which the income tax served as a text for a wide range of discussion on the tariff, the currency and the Populist platform. Mr. Hill's proposition made last week to amend the deficiency bill so that the income tax would be tested in the courts has apparently started an inexhaustible flow of speeches on public affairs in general. Mr. Calkins, in charge of the deficiency bill, hoped to secure action on the Hill amendment yesterday, but the speeches of Messrs. Call (Pa.) and Allen (Neb.) made this impossible. Mr. Allen took occasion to defend the Populist party against many charges made in and out of congress that it was a part of vagaries. It led to a very full discussion of all Populist doctrines and a comparison of them with the doctrines of other parties. Mr. Allen declared it was the party of the immediate future.

The day in the house was devoted after the morning hour to the consideration of the Indian appropriation bill, but no progress was made before adjournment. General Grosvener presented a reply to the memorial sent to the judiciary committee by Mr. Hitchcock of Akron, O., containing supplementary charges against Judge Hicks, and involving ex-Senator H. B. Payne and Judge Stevenson Burke. He asked for an investigation of the charges.

**LEARIBLE EXPLOSION IN BUTTE.**

The Entire Fire Department Wiped Out, Seventy Five Killed.

BUTTE, Mont., Jan. 10.—A fire occurred in the Butte Hardware company's warehouse, in which giant powder was stored. The fire department were at work on the fire when the explosion took place, killing a number of people. While efforts were being made to remove the dead and injured a second explosion occurred. The entire fire department was wiped out, including the chief and all the horses. Three policemen were among the killed, who number at least seventy-five. Plate glass was broken all over the city, and the damage to property is enormous. It is impossible to get details at present. All the ambulances are rushing to and from the scene of the explosion. The relatives of the killed are frantic and the city is in consternation. The powder in the warehouse was in violation of law. It was the greatest explosion in the history of the west.

**To Stamp Out Gambling.**

TRERONT, Jan. 10.—The New Jersey house of assembly yesterday afternoon gave an audience to Rev. Dr. Kempshall, of Newark, and ex-Judge Lanning, of Trenton, who had been selected as a committee to present to the legislature the petition of the Presbyterian synod of New Jersey in favor of an anti-gambling amendment to the state constitution. Dr. Kempshall made an address of half an hour, and was followed by ex-Judge Lanning. After the addresses the committee of the whole agreed unanimously to report favorably on the proposed amendment. The house then ordered the resolution to a third reading and adjourned for the week. The resolution will have to be adopted by the house and senate and then by the next year's legislature before the amendment can be submitted to the people for final approval.

**West Virginia Sues Virginia.**

WHEELING, W. Va., Jan. 10.—The resolution which passed the West Virginia legislature yesterday refusing to appoint a committee to confer with a like committee of the Virginia legislature looking to a settlement of the so-called West Virginia debts does not mean repudiation, as has been published. The reason for the action, which was unanimous, was that the appointment of such a commission would be on the assumption that West Virginia would come to a settlement on the basis of taking on a third of the old debt. This would throw West Virginia in for more than she believes she owes.

**Threatened with Inundation.**

ELKTON, Md., Jan. 10.—Port Deposit, on the Susquehanna river, is in danger of being submerged. One solid mass of ice, about two miles in length, and about thirty feet high, can be seen. The ice coming down the river is held back by the huge gorges on the flats below the town, and this only adds to the danger that is already threatening. Citizens on Main street, the only thoroughfare, have moved their furniture to the second story. If the ice at McCall's Ferry, ten miles up the river, should break the town would soon be submerged and much property damaged.

**Insurance Swindlers Convicted.**

PARKERSBURG, W. Va., Jan. 10.—In the United States court yesterday C. T. Shields, Willard Diehm, A. Winfield Tomkins, Charles T. Dollmer, J. C. Newell, Mrs. J. C. Newell, Irving Chambers, F. S. Foose, R. J. Ruby and T. C. Hughes, all of Philadelphia, composing the Fraternity and Financial Co-operation company were found guilty and fined \$100 each and costs for using the mails for fraudulent purposes. Most of these people are said to be in Europe now. They operated what was called short term insurance.

**Nine Persons Drowned.**

GALVESTON, Tex., Jan. 10.—A special from Velasco says it is now definitely known that Captain Fred A. Brock and his wife and two children, of Galveston, with five members of the crew on the dredge boat Mount Waldo, which Captain Brock was bringing from Tampico to Velasco, were drowned in the lifeboat which they took to escape from the dredge boat in a storm a few hours out from Tampico on Tuesday night.

**Pennsylvania Versus Columbia.**

PHILADELPHIA, Jan. 10.—The Athletic Association of the University of Pennsylvania received a letter from the sporting authorities of Columbia college, New York, suggesting a four mile boat race between the crews of the two colleges next summer. In view of the failure of the Pennsylvania-Cornell project. The letter was favorably considered, and a race will probably be arranged.

**POLITICAL POINTS.**

Richard Reese is said to be a candidate for Council in the Fifth ward.

It is said the Democrats will nominate two candidates for Council in the Fifth ward.

Our Democratic friends in the Fourth and Fifth wards have quite a lively family quarrel.

The approach of the primary elections is causing a lively interest in one or two of the wards.

The Crawford county system of conducting primaries will be given a trial at the Citizens primaries this month.

Attend the primary elections. To the stay-at-homes is attributed, in most cases, the nomination of incapable officials.

Mine Inspector Stein and M. P. Fowler are both spoken of in connection with the nomination of School Director in the Fourth ward.

With good nominations, the Citizens party can control both the School Board and Council. See to it that none but worthy men are placed upon the ticket.

In the majority of cases the man who now greets you with a smile and a hearty shake of the hand is a candidate for office. After the election it will be different.

The Republican League will hold a regular meeting to-morrow evening, in their rooms in the Refwick building. The League will take an active interest in the approaching borough election.

The business of the borough should be conducted upon the same principle as that of private enterprises. It behooves the people, then, to select business men of acknowledged experience for positions of trust.

The Citizens party was never in better position to make a successful fight than at the present. Those little "unpleasantnesses" that usually crop out about this time are not apparent, which bodes ill to the Democrats.

**Howe, Not Ward.**

The man who solicited aid from the business men of town for an alleged sick man was Patrick Howe, and not Patrick Ward. This statement is made in justice to a family named Ward, who feel that in the absence of an explanation suspicion may be directed against them.

**Homesend Men Defiant.**

PITTSBURGH, Jan. 10.—The wholesale discharge of workmen by the Cartegge company at Homesend for attending the meeting on Sunday has aroused a feeling of resentment that bids fair to bear fruit this evening, when another mass meeting will be held in the Opera House. The excitement here and the action of the company is denounced on all sides. The 100 discharged men are encouraged in the belief that a powerful organization will be effected soon and another strike inaugurated.

**Terrible Experience at Sea.**

PHILADELPHIA, Jan. 10.—The three masted schooner Annie, Captain McAndrews, arrived at this port yesterday after a most thrilling voyage from Savannah, whence she sailed Dec. 19, laden with pine lumber. On Christmas night, off Hatteras, she encountered a storm which put out the fire, swept away most of the cargo, and drove the men to the top of the after house, where, with neither food nor water and sheltered only by a sail, they existed for three days and nights. Eventually a tug towed her into Wilmington, N. C. The vessel is a complete wreck, and the men are badly frostbitten.

**Italians Repulse Abyssinians.**

MASSOWAH, Egypt, Jan. 10.—The Italian troops under General Baratier have had some sharp fighting with a large force of Abyssinians, led by Ras Mangascia. The latter was attacked unexpectedly by the Italians near Coatit, on Sunday last. The enemy numbered 1,000 men, armed with rifles and in addition the Abyssinians had numbers of spearmen. The Italians compelled the enemy to retreat to the Gondra mountains. Later in the day the enemy returned to the attack, but were repulsed with serious loss. The Italian loss was small.

**Two Killed at a Baltimore Fire.**

BALTIMORE, Jan. 10.—During a fire at 13 West Middle street early in the morning Thomas Whitridge attempted to carry his young wife down a ladder which the firemen had run up.
