IN SENATE AND HOUSE.

Senator Will Defeated in His Fight Against

the Income Tax Appropriation. WASHINGTON, Jan. 17.-After a debate ring a week the senate voted down Mr. Hill's proposition to refer the legality of the income rax to the courts, only five scoators joining with Mr. Hill in supporting the proposition. Although Mr. Hill failed in referring to the income tax to the courts, he secured the adoption of an im-portant amendment limiting the interrogatories of the officers seeking to collect the tax. The amondment will have the flect, if agreed to by the house, of compelling the treasury department to change its regulations as to collecting the income tax. Mr. Lodge's effort to have the inrules was defeated. The income tax appropriation bill passed. Mr. Aldrich secured the passage of a resolution calling on the president for information as to the egotiations with Germany relative to the

tariff and retaliation. The feature of the day in the house was the debate precipitated by Mr. Walker (Mass.), during the consideration of the Indian appropriation bill, on the currency situation. Mr. Walker charged the Dem-ocrats with inability to meet the situation. This led General Tracy and Mr. Warner (N. Y.) to make the counter charge that the Republicans, by voting solidly against the previous question on the day when the special order was up for consideration, had prevented the possible passage of a bill. A general explanation of the position of the various factors in the house followed. Mr. Reed and Mr. Warner were particularly saccastic, the former declaring that the Carlisle bill had not strength enough to stand alone, and had fallen of its own weight, while the latter warned the Re-publicans of the situation with which they would be confronted when the extra ser sion was called. Mr. Simpson created a laugh by his assertion that if the two parties dodged responsibility for the de-feat of currency legislation the Populists were glad to assume it and would be proud No progress was made with the In-

It case the resolution succeeds it is probable that Mr. Balley and Mr. Lane will be appointed managers on the part of the hous to prosecute the case before the senate. Mr. Balley thinks that the senate should be able to dispose of the matter this session.

Striking Shoemakers Recruiting.

HAVEIRILL, Mass., Jun. 17.-Yesterday was the most important day since the re-cent labor trouble began here, the striking shoemakers gaining additions which nearly doubled their numbers. At a mass meeting resclutions were unanimously adopted condemning in vigorous language the action of Judge Bond, of the superior court of Massachusetts, for granting the injunc-tion against the labor leaders of the city.

Behnked the Slanderers.

FROSTBURG, Md., Jan. 17.—At the funeral services of Miss Little Nickel the Rev. Mr. Britt, of the English Lutheran church, preached a powerful sermon, which is stirring up Frostburg. He referred to the meddlesome burybodles of the neighbor hood in scathing language, saying that those who had slandered the fair name of the dead girl "deserved to be hanged up by their tongues," and those who had listened to the falsehood deserved "to be hanged up by their ears," Mr. Britt said that the malleious man who started the stories about the girl stood guilty of her murder. Some time ago she heard that a traveling man had made remarks derogatory to her character, upon which she got a revolver and made the man retract what he had said. When unloading the weapon it was discharged, causing her
