MUST CART AWAY SNOW

Railway Companies.

STIRRED BY THE COURTS.

the Council's Demand Injunction Will be Applied For.

The Borough Council held a regular meeting last night in more than usual comfortable quarters. The heating apparatus in the Borough building has been receiving repairs and they could not be completed in time to heat the Council chamber last night. Councilman. McElhenny magnanimously tendered the use of one of his parlors for the meeting and It was accepted.

The most important business transacted related to the electric railways and their duty to keep the streets in a passable condition for vehicles. At the opening of the present term of court Constable Thomas Tosh reported Main and West Coal streets in a dangerous condition on account of the snow and ice thrown in heaps from the Schuylkill Traction Company's track. The court at once notified the borough of the complaint and was discussed at some length last night. Mr. Gallagher said there is not as much cause to complain against the Lakeside Railway Company as against the Traction Company; that the latter does not seem to care what it does,

The company ran a track sweeper into the town and Mr. Gallagher gave notice that its use within the borough limits would not be allowed. Chief Burgess Burns wrote a letter to the company in similar terms and received no reply. the company seems to ignore the borough authorities and its officials have plainly stated that the company does not deal in sentiment. Mr. Gallagher thought it time that some action be taken. President McGuire and Mr. McElhenny spoke in similar terms, after which it was de cided to notify the company that it must cart away all snow it removes from its track and eighteen inches on each side. If it fails to do this the borough will do the work and apply to the court for an inoperating its line within the borough

streets in good condition. It was also decided that a notice to similar effect be sent to the Lakeside to morrow night, Electric Railway Company.

Mr. Gallagher called attention to another railway matter. Messrs, Dallas a water supply found it necessary to run runs to the Cambridge colliery. The firm communicated with and replied that the driving. pipe could be run under the track if the firm would pay \$10 a year. Mr. Gallagher said he could not understand why a citizen of the borough should be obliged to pay anything for such a privilege and he considered it an outrage that Dallas & Rowse should be kept in uncertainty ever since the 20th of last month, pending a reply from the company as to why the charge had been exacted.

The matter was referred to the street committee with power to take such action

is it may deem advisable. The secretary read a communication from I. H. Kaercher, Esq., of Pottsville, requesting that the Borough Council return the agreement he forwarded somtime ago, with or without the signatures of the proper officials. The agreement provided for the payment of \$200 a year for the right to lay the water pipe from Brandonville to Fowler's Run.

The water committee was instructed to write the officials of the Grard estate and secretain if better te ms can be secured. Mr. Gallagher reported that the eightnch pipe extending from the summit of

ocust Mountain to Fowler's Run reservoir does not seem large enough to carry the water as it has been forced by the pumps. The matter was referred to the

water committee. was instructed to ascertain the cost of the salconkeepers of town have underkeeping the plant at Brandonville in taken to hold a ball for the benefit of the working order should Council decide to family. shut it down until spring.

Council will meet again next Tuesday evening, when it will wind up all business in connection with the water works, so far as settlement on all contracts and payment of bills are concerned.

Special Meeting.

There will be a special joint meeting of all members of Star of Bethlehem and Lady Harrison lodges, in Schmidt's hall, on Friday evening, January 18th, at 7 o'clock sharp. National Grand Master Daniel W. Reese will be present. Business of importance will be transacted.

MRS. KATE BIENEMANN, D. D. G. M.

Smoke Brennan's famous cigars, They

JINGLING BELLS.

Many People Take Advantage of the Excellent Sleighing.

The present condition of the streets in town and the roads of the outlying dis tricts afford the best sleighing the people The Borough Against the Electric have had for several years, and despite the general com bint of hard times many find an opportunity to take advantage of it. The liverymen seem to be reaping a rich harvest.

Town Clerk Cardin and ex-Councilman Devers bounded over the snow in a neat vehicle on runners yesterday afternoon. Mr. and Mrs. William R. Pratt, Miss

Annie and James Pratt enjoyed a sleigh ing trip to Mt. Carmel to-day.

The sleighing party to Lakeside and return last night was composed of Mr. and Mrs. M. H. Master, Mr. and Mrs. J. M. Bock, Mr. and Mrs E. Anstock, Mr. and Mrs. G. W. Beddall, Mr. and Mrs. W. J. Dech, Mr. and Mrs. J. T. Graf, Mr. and Mrs. E. W. Wilde, Mr. and Mrs. Charles Girvin, Mr. and Mrs. J. H. Martin, Mr. and Mrs. A. F. Morgan, Mr. and Mrs. F. E. Magargle, Mrs. W. J. Morgan, Mrs. C. T. Straughn and Mr. and Mrs. W. H. Zimmerman.

Harry Roxby, Harry Rowse, Napoleon Powell, Samuel Smail, Thomas Rogers, Frank Webster, Ross Glover, William Bashore, John Brown, Robert Hughes, Harry Wertz, Joseph Smith, C. Daniell and Harry Houser formed a stag sleighing party that made a trip to Tamaqua and back last night.

Everybody invited to visit McElhenny's to-morrow night.

First-Class Production.

The production of Lincoln J. Carter's great play, "The Tornado," at Ferguson's theatre last night, was excellent. The company seemed even better than on its previous visit here and the stage effects were admirable, especially in the tornado, ship, sea and dissecting room scenes. Unfortunately the production was witnessed by a very light house, which was doubtless due to the hard times. With better times the same play and company

McElhenny invites you to an elegant lauch to-morrow evening.

Interesting Talk.

The Shenandoah Republican League held a very profitable meeting in its rooms on South Main street last night. There was a large attendance of members and they were very profitably entertained by junction restraining the company from a talk on the history of the trade dollar by Mr. H. E Dengler, who spoke for limits until such time as the company about twenty minutes on the authorizashall live up to the ordinance, which protion of its issue, the cause of the authorizavides that the company shall keep the tion and its recall.

Elegant hot lunch free at McElhenny's

Narrow Escape.

A little boy was knocked down at the & Rowse built a slaughter house in the corner of Main and Centre streets to-day, southern part of town and in order to get at noon, by a rapidly driven horse, in a small pipe under the P. & R. track that not learned. Fortunztely the boy escaped injury, with the exception of a few was prevented from laying the pipe until scratches on his hands. The affair has it could secure permission of the railway revived a demand for a more rigid attached to the position, yet those well company to do so. The company was enforcement of the ordinance against fast

A FIREMAN'S LUCKY ESCAPE Best and Finest

Big Cave-in Near Audenried Early This Morning.

CARRIED DOWN CARS.

The Fireman of a Freight Train Was Left Clinging to a Poker and Suspended Above the Breach.

pecial to EVENING HERALD.

HAZLETON, Jan. 18 .- At two o'clock this norning a cave-in occurred on the Lehigh Valley railroad, between Silver Brook and Audenried. A train passed over the surface as it gave way and a fireman had a miraculous escape from death.

The train was made up of heavily loaded freight cars of the Pennsylvania railroad bound for Pottsville. The surface gave way just as the engine got on solid ground carrying down the tank and two of the cars, one loaded with one hundred barrels of sugar and the other with flour.

As the coupling between the tank and the engine broke the fireman was standing on the former and raking the fire. The poker caught in the grate of the engine and the fireman clung to it, thus saving himself from going to the bottom of the pit with the tank and cars, which would have been certain

The man remained suspended

until the engineer went to his rescue. The cave-in is about one hundred feet deep and was long and wide enough to allow the cars to drop several feet into it, A Delano wreck crew and a gravel train was sent to the scene at five o'clock this morning and a large gang of men have een working all day to get the road in condition for travel again, but this can pardly be accomplished within three of four days. Meanwhile all trains on the Hazleton division to and from Delano will run via the Black Creek Junction route

Don't forget hot lunch at McElhenny's Saturday night.

A Plea for Good Nominations.

ED. HERALD: In reading your valuable paper I notice that there seems to be a general demand for the nomination of usiness men for Councilmen and School Directors. While I agree with your several correspondents that men who can successfully conduct their own business are competent individuals to entrust the borough's affairs, in the majority of cases but you will find men who appear to be successful in a certain line of business, whose qualifications for public service will be found sadly wanting. This fact has been shown in the careers of one or two Councilmen and School Directors within the past ten years. I have in my mind one successful business man who served three years as a member of Council, and his record shows very in ferior business qualifications. His sole object in seeking the position appears mercenary. Although there is no salary informed know that means can be resorted to to bring many shekles to their coffers This being true, instead of nominating s man merely because he makes money in his business, we should first ascertain the seeking either the position of Councilman or School Director. In my estimation, man with mercenary motives, than the individual who seeks the position at the solicitation of numerous friends and taxbusiness. The latter class have a much mitted by Justice Williams to the lockup, of the borough than the former, and it will be to our interests to continue men Shenaudoah, Jan. 18, 1895.

Reclaimed Her Daughter. A very respectable looking woman of about forty years and plainly, but comfor ably, dressed arrived in town yesterday afternoon and sought the assistance of Justice Williams to reclaim her daughter, Who was an inmate of a house of ill repute on East Centre street. The gir! was arrested by Constable Tallesin Phillips and when taken before the Justic size consented to return to Tama qua with her mother. She had been working at Poltsville as a domestic and came to this town about two weeks ago, when she became an inmate of the hous in which she was found. Another girl who has been an inmate of the house promised to return to her parents in
