## REPORTERS' GLEANINGS.

### What the Newsmen Pick up on Their Rounds.

### ROBBINS' PROPERTY SOLD.

Felix Rynkawicz Gets it for \$16,600 and Will Take Possession on February 1st—The Probable Changes.

Another important local real estate deal has been consummated, the property at the southwest corner of Main and Oak streets having been sold by Isaac Herber to Felix Rynkawicz. The price paid for the property was \$16,600, and the purchaser takes possession on Friday next.

Several years ago Mr. Robbins had numerous fancy offers for this property, but he refused all of them; but when he recently concluded to make a sale he found that offers were much more scarce and prices had taken quite a tumble, although the price Mr. Rynkawicz is paying is looked upon as a good one.

At the time the previous offers were made there was a demand for lodge rooms, but since then the Max Schmidt, Dougherty and Egan buildings have met the demand and the Robbins structure found itself crowded in the field. Several years ago the P. O. S. of A. made tempting offers for the lot on which the present building stands, but the owner's figures were too high.

Mr. Rynkawicz, the purchaser of the property, is acquiring considerable real estate in the town. It is not long since he purchased the property at the corner of White and Centre streets for \$10,000. He has not made up his mind as to what he will do with his new purchase. It is said that the assembly rooms will probably be converted into permanent headquarters for the several Polish and Lithuanian societies, and a part of the building will be transformed into a hotel after the location of the post office is changed.

### Benefit Ball To-night.

A ball for the benefit of the family of the late Patrick F. King will be held at Robbins' opera house this evening and it is hoped that it will be liberally patronized. Owing to the extreme hard times the management has reduced the admission to 25 cents at the door. Schoppe orchestra.

### "A Barrel of Money."

Dialect is one of the hardest things in the world to accomplish, that is if the party who attempts it endeavors to give the proper ring to the voice and make it a true representation of the race or character represented. One of the best dialecticians on the stage to-day is Mr. Danny Mann, the comedian with the "Barrel of Money." In his character of "Square Hazlett" he is the old down East farmer to life, and then as suddenly as the chameleon changes its color he assumes the role of "Bridget O'Flynn," an old Irish woman, with the dialect perfect and as natural as if she had just left the ship. It is a wonderful piece of acting and goes a long way towards making this great play a howling success. At Ferguson's theatre on Friday evening. Popular prices, 25, 35 and 50 cents.

The ball for the benefit of the family of P. F. King to-night. Admission 25 cents.

### A Fine Production.

The production of "The White Squadron" at Ferguson's theatre last night was one of the best entertainments given at the theatre this season and was witnessed by a crowded house. The melo-drama was produced in detail by an exceptionally strong and well balanced company and the stage accessories were complete. The scenery used was that carried by the company and was very fine. Last night's result should convince the theatre management that it pays to book legitimate attractions.

You will never find Brennan's cigars in dive saloons. They are for fine trade only—hotels, cafes and drug stores.

### Will Draw a Crowd.

The political experience meeting to be held at Frackville to-night, under the auspices of the Epworth League of the Methodist Episcopal church, will be well attended by people of this place. Hon. C. N. Brumm, Rev. William Powick and E. A. Bechtel, Esq., will tell why they are respective adherents to the Republican, Prohibition and Democratic parties.

### Mr. Doyle's Condition.

D. J. Doyle, of the Sunday News, who has been a sufferer from carbuncles for several weeks, is still in a very critical condition. He was somewhat improved yesterday, but last night experienced a change for the worse and was in about the same condition to-day.

The Board Objects.

The proposed bills to change the basis of appropriations for the school district this state are objected to by committee.

Board of this borough, and a wish to be appointed to confer with representative Wyatt and Senator Coyle with a view to strengthening the proposed measures. It is probable that appropriations shall in the schools upon the enrollment of taxables. At present the calculation is made on the number of Pottsville has the district. The management of Ferguson's theatre will confer a favor upon the legitimate patrons of the place by some night raiding the "tough row" of the theatre. The conduct and language of a gang of questionable female characters last night was a source of great annoyance to the audience in general and very embarrassing to ladies who occupy neighboring seats. Some of the characters boarded that they had paid admission to the theatre and seemed to be the payment gave them the behavior as they please the comfort of any one of the unnecessary to state that year.
