Dispatches received previous to the above announced that Wel-Hal-Wel was completely surrounded by the Japanese, was being bombarded by land and sex, and that three forts had already been captured.

WASHINGTON, Feb. 1 .- Minister Kurino, of Japan, was delighted to hear of the cap-ture of Wel-Hat-Wei by his countrymen He had been expecting to hear it, but his first notification came through the Associated Press:

A dispatch was received at the Japanes egation from the minister of foreign affairs, saying that the peace envoys were expected to arrive at Hiroshima yesterday, and would be received with all the honors decreed in such cases by international law. Minister Kurino expressed the fear that the peace negotiations might fail "If such should be the case," he said, "it will be entirely China's fault. We have repeatedly stated publicly that our confer rees, Count ito and Count Mutsu, had full powers to treat, and we have demanded that the Chinese envoys should be sim-liarly commissioned. Although we cannot tell absolutely until their credentials are presented, it now appears that the latter have not the power to agree absolutely to anything. Under these conditions we shall probably decline to treat, and in that case the blame will rest entirely on China.

Besides the \$80,000 in Mexican money there was a good deal of coin on the train, which had been sent to pay the employes along the line, and this was carried off by the robbers, who rode away in a southerly direction. Grant Wheeler, a well known Arizona desperado, who is believed to be the fifth member of the party, purchased a quantity of giant powder in Wilcox on the day preceding the robbery. The robbers left several bags of gold and

silver in and about the car, not caring to take it on account of its weight. All are thought to have escaped to Mexico. The loss is said to be between \$50,000 and \$75.000.

A posse is in pursuit of the bandits, who are believed to be Joe George, who came into Arizona from Oklahoma about a year ago; Jim Yates, Grant Wheeler, Taylor, whose first name is unknown, and John Woods.

WORSE THAN SIBERIA

Brutal Treatment of County Chain Gang Convicts in Georgia.

SAVANNAH, Feb. 1.-The grand jury, after making a thorough investigation, returned a sensational presentment with re-gard to the county chain gang convicts, made up of petty offenders. Twenty-one men are disabled, most of them permanently, from fearful exposure in recent freezing weather. A number were made to break ice in the canal and work for hours in freezing water without shoes, and with but their trousers to protect them. Few of the men have been brought to the hospital in this city, and seventeen, the report says, now lie on hard board beds in the convict camp, wrapped in blankets, emaciated and disabled. The report continues:

"The convicts in the hospitals can neither stand nor walk. They are unable to wear shoes, and lie chained and huddled together, suffering from what in this climate is a most unusual affliction, but which is slow and certain torture. Some of them will lose fingers and toes. Their feet are swollen and discolored, large, gaping wounds are discharging blood and mucous, and in two or three instances the men

show signs of prostration. Of the convicts in the city hospital one or more will lose a log. An overhauling of the convict system may result.

Mexico Versus Guatemain

CITY OF MEXICO. Feb. L .- There has been meh question here in reference to the asserted proposed arbitration by the United States, it having been said that Guatemala was endeavoring to induce the United States to Insist on Mexico arbitrating the natter. Today's advices from Washington show that the conduct of the gov-ernment there is entirely neutral. It is rumored that some kind of definite an-nouncement will be made by Mexico today, and it would not be surprising should it prove to be a declaration of war

IN SENATE AND HOUSE. The Upper Body Wants Information as to the Nation's Finances.

W SHINGYON, Feb. 1.-A oritical stage the financial discussion was unexpect dly propinted in the senate at a lat hour yesterday, just before the senators were preparing to go home. Intermittant coloronces had been made to the subject throughout the day, but it was without definite form or purpose, and the senate hughy housed into a discussion of the Dis trict of Columbia appropriation bill. But the financial question arose incidentally, and finally, at 5 o'clock, Mr. Gorman launched into a speech which proved to be one of the most effective he has delivered at the present session of congress. He pointed out the gravity of the treasury situstion, intimating that the facts were be-ing held back, and that an investigation would show startling deficiencies. He de-fended the senate against charges of impotency, and declared that he had perfect faith that this great body would do to full fully before congress adjourned. He said a financial remody would therefore necess could be added as a rider to the appropria tion bill:

Sparred on by the energy Mr. Gorman had injected into the question, the senatat once proceeded to consider and pass three important resolutions calling on Secretary Cacilale for information con-corning every detail bearing on revenues. reserves, deficiencies, etc.

A warm party debate occurred during the day on the question of party extrava-gance. Mr. Chandler, Mr. Platt and other Ropublican senators assorted that the total of appropriations for this congress would reach \$1,001,000,000, or a million in excess of the billion appropriated by the Fiftyfirst congress. The house devoted six hours to the de

ate on the Pacific railroad funding bill, and although the speeches on both side were characterized by unusual carnest ness there were no marked or sensational incidents. These who participated in the discussion were Mesars, Powers (Vt.) and Mr. Lockwood (N. Y.) in favor of a meas ure and Mesars. Boatner (La.), Snodgrass (Tenn.) and Cooper (Wis.) in opposition

to it.

May Investigate Philadelphia Councils. HARBISHURS, Fob. 1.-The petition of the Municipal League of Philadelphia, asking for an investigation by the legis ature into the charges "that imprope orporate and other influences have been exerted, directly or indirectly, and do now most injuriously and corruptly affect the action of the city councils of Philadeiphia to such an extent as to secure the passage of ordinances contrary to the interests of

the municipality," was presented to the the house by Representative Riter, of Philadelphia. It was referred to the committee on municipal corporations. The Gobin banking bill was passed on a special order. Only twenty two votes were re corded against it. The bill was signed by the governor today. The senate accepted the amendments inserted by the house for an investigation of the Norristown and Wernersville hospitals.
