preparations for war in Cuba. The Peace society should hustle.

PROSPERITY of the sort produced by Tinker Wilson and his fellow tariffsmarhers is a dangerous thing. A little more of it would drive the country into bankruptey.

THESE are the days when John G Carlisle must feel that the position of an independent, self-respecting Senator is vastly preferable to that of a hampered, harassed and inefficient clerk, even with the title of Secretary of the Treasury. In a word, Mr. Carlisle made a mess of it when he resigned from the Senate to enter the Cabinet.

THE Louisville and Nashville Railway Company says it does not separate white and blacks in its cars in accordance with the Kentucky statute, which has been attacked, but with a rule of Its own, and it sets that rule up as superior even to the constitutional power of Congress to regulate interstate commerce. Who is ganning this country, anyhow?

Cosmic events cast their shadows, and the certainty of a Republican Congress ufter March 4 has saved the Treasury many millions. Secretary Carlisle was wise to invite foreign investors just at this time, for they readily recognized the Dect that the payment of bonds after another mann will depend, not upon the Secretary and his party, but upon the entry depublican majority.

The lamentable call city in the North Sea, by which the Eller, with over three hundred souts on hours, went down, has revived discussion as to the officacy of bulkheads in the construction of ocean have the strongest union in the city. steamships. Such a discussion is desirable. If the recent terrible disaster should result in devising means by which the Where and When Services Will be Conperil of ocean travel will be lessened it will not be without its compensations.

ir is a coincidence specially worth moting that just as the turn for the urs in the financial world; when the treasury, the site of a new town to be called Gold City has been staked off near Salt Lake, and described as the rival of Cripple Creek, in Colorado. The discoveries there have given old miners visions of wealth. Let us hope that they will be realized, and that Gold City will be indeed the rival of Cripple Creek. That was staked off in 1891, during the mext year passed through the speculative fever incident to the infancy of all such, and now, in spite of all it suffered from the labor troubles last year, is full of life and hope, and more confident than ever That its mines are full of gold.

TEXAS sets a good example to other Southern states by the introduction into her Legislature of a bill to impose penal tiles upon lynching. It provides that the county in which the crime takes place shall be held pecuniarily responsible and shall pay to the legal representatives of the victim a sum not less than \$3,000. It also decrees that the Sheriff who lets a prisoner escape, unless he is wounded and disabled in the effort to retain him, shall be at once deprived of his office. Probably a stronger local sentiment against this familiar Southern practice would be aroused by the prospect of having to pay for it than by any other means which could be applied. What the Legislature will do with the bill remains to be seen. It may contain members who have srewhile engaged in the practice, either in physicians utterly failed to render him defence of public morals or for pastime, sa if it were on a par with golf or cricket, and these would probably vote with the opposition for the purpose of sustaining a principle. But it cannot be supposed that they are in anything like a majority. It is to be hoped that the bill will pass and similar statutes be enacted by the sister commonwealths of that immense Southwestern state, big enough to constitute an empire in terrelf and qualified to set a addining and influential example.

A YOUNG WIFE'S ALARM.

The Plantag of \$200,000 Insurance on Her

Tonovro, Ont., Pob 8.—The life insur-ance men of this city are discussing a strange case which has just come to light of an alleged attempt to insure the life of a young married woman in various complaced the woman became alarmed, en gaged a lawyer to secure the cancellation of the policies and had a detective em ployed to guard her night and day. The issuance of a writ by Horn & Harrett, bar risters, against the New York Mutual Life Insurance company to effect the can-cellation of a policy for \$50,000 on the life of Mrs. Harvy P. Hyams made public the

Mrs. Hyams is 24 years of age, and the vife of a Jowlah broker and money lender. The latter came here nine years ago with his twin brother, from New Orleans, They onducted a warehouse in Colborne street In their employ was a young man named William Wells. While making repairs at the foot of a freight holst one day in Jan-pary, 1868, the weight which balances the noist became unbooked in some mysterious manner and fell on Wells' head, killing him. Wells carried \$35,000 on his life It was payable to his sister Martha, who WAR in the East, war in Central America, war in Mexico and Guatemala, and Hyams brothers abandoned the Colborne street warehouse and opened an office as financial brokers. Later Mr. and Mrs. Hyams removed to Montreal. When Mrs. Hyams learned the amount of insurance which had been applied for on her life the amount.

on her life she became alarmed, and con-sulted her solletors. Several of the insurance companies responded with alacrity to her request for cancellation of policies, but the New York Mutual Life declined, and a writ was issued to compel it to do so.

Dend Bodies on a Stranded Vessel. VINEYARD HAVEN, Mass., Feb. 8.-An unknown schoener, encased in ice, with three of her crew frozen to the roof of her alin, came ashore on the north coast of dartha's Vineyard. She was at once boarded by life savers who found her to be the T.B. Dickson of New York. The bodies were nearly covered with ice, and their limbs were frozen stiff. Examination dis-closed that one of them was Captain Joseph Boswick, and another was Mate Martin Loe, both of Rockland. The third is still unidentified, although from his clothing he is supposed to have been the cook. There was no trace of the rest of the crew, and it is feared they were washed overboard and lost,

Still No News of La Gascogne.

NEW YORK, Feb. 8.—There is still no sight or sign of the missing In Gascogne, no intimation of her whereabouts or of the mishap that may have befallen her. From those who report all vessels inward bound came the answer, "No news." And with the big French liner five days overdue. and no word of her or of the 372 souls aboard, the anxiety has grown to sus-pense. Some hope is found in the theory that the White Star line steamship Teu-tonic, now three days overdue from Layerpool, is standing by to aid the missing

Treatment of Eczma and Salt Rheum. These two complaints are so tenscious that the readers of the HERALD should know of the success obtained by using Dr. David Kennedy's Favorite Remedy. Where all other treatments have failed, it has made a complete cure.

Perhaps no more horrible case of Salt Rheum was ever reported than that of Wilbur L. Hale, quartermaster, Pratt Post, G. A. R., Rendout, N. Y. Several any relief; finally one of the physicians suggested that Dr. Kennedy's Favorite Remedy be tried and steady improvement followed its use, and a permanent cure resulted.

It is used with similar success in case of scrofuls, nervousness, kidney and liver complaints, and in all diseases brought about by bad blood and shattered narves.

Rupture.

Cure guaranteed. No operation. Inquire at the Shenandoah drug store, No.

FINANCE BILL DOOMED. WHAT HUNYON HAS DONE

No Hope for Currency Legislation The Learned Professor Causes a This Session.

DEFEATED ON THE THIRD READING.

The Reed Substitute Lost by a Vote of 109 to 187, While the Original Measure Received Only 134 Votes, with 161 Against 11—Chairman Springer Disappointed.

WASHINGTON, Feb. 8.—The last hope of financial legislation for the relief of the treasury at the present session of congress went by the boards when the house yes-terday afternoon, by a vote of 134 to 161, rejected the administration bill to author-ize an issue of \$500,000,000 gold bonds. The bill was beaten before it reached its last parliamentary stage. This result was reached after three days of missing the contractions of the contraction of the contractions of the contractions of the contraction of the contr renched after three days of spirited and at times heated debate, and at the end of a seven hour session. From 11 until 3:30 yesterday, when the bill with the pending substitutes were reported to the house from the committee of the whole, amond-ments were offered in rapid succession, most of which were voted down as fast as

they were offered. Many of the amendments were designed to load down the bill, and the votes thereon were in no sense test votes. The Bell amendment, for instance, to make the bends payable in gold and silver, was defeated by the decisive vote of 76 to 106, while the bill was defeated by 134 to 161. Both the Beed and Cox substitutes, with the amendments thereto, were rejected after the bill was reported to the house. The Reed substitute authorizing the Issue of coin bonds for the replenishment of the gold reserve and certificates of indebtedness to defray any deficiencies in the revenms was lost by 109 to 187. It was a party vote, save for the fact that seven Democrats and Cannon, of California, voted

When the question came up on the third reading and engrossment of the bill the whole opposition concentrated. While the vote was being taken, which resulted in the refusal of the house to order the third reading, the interest centered in the vote of Mr. Reed. He sat quietly in his seat during the first call, and did not answer to his name, but on the second call he voted for the bill.

As soon as the result was announced Mr. Reed attempted to make an explana-tion of the attitude of himself and those of his colleagues who had voted for the bill, but objection was made. He afterward explained, however, that he had submitted a proposition (his own substitute) which he considered would meet the situation. The Democrats had rejected this and then he and many of his colleagues, although opposed to features of the original bill, had voted for it in the hope that it would pass and be amended in the sen

the vote by which the third reading was refused, but this motion was laid on the table by 195 to 123, and the bill was killed. An analysis of the vote shows that 44 Remblicans and 90 Democrats voted for the 311 and that 56 Republicans, 97 Democrats nd 8 Popullists voted against it.

Chairman Springer, of the banking and uro ney committee, was not prepared to say this morning whether any further ac-ion would be taken, or what would now done. He was very much disappointed saying if they had stood by the bill it would have passed. If anything was to be done a new bill would have to be brought in, as the bill voted upon yesterday is beyond recall. All other Democrats who were for the bill said that this was the end of anything in the way of finar cial legislation. There was some talk of a Democratic caucus, but that did not seem probable. The general impression pre-vailed that there would now be another

bond issue without delay.

The laying of a cable to Hawaii was further discussed in the senate yesterday, but no conclusion was reached, and the item remains as a stumbling block to the diplomatic and consular appropriation bill. The cable project has been well nigh lost sight of in the wide range of Hawalian de-It is expected, however, that the cable item will be voted on tomorrow, and from the tendencies shown by the speeches the belief prevails that the item will be adopted. All of the Republican speeches have been favorable to the cable, and it is expected that the entire Republican vote will be given to the appropriation of \$500,-000 to begin the work. Several Democrats, including Messrs. White, Morgan and Blackburn and other Democratic members of the committee on foreign relations are favorable to the cable plan, although most of the Democratic senators oppose it as indirectly antagonistic to the administration policy toward Hawali

Mother and Daughter Cremated. SCRANTON, Pa., Feb. 8.—Mrs. Joseph Choperinski and her 7-year-old daughter Mary were burned to death at Priceburg during a fire which destroyed half a dozen dwellings and rendered six families home-less. Mr. Choperinski leaped out of a win dow with one of his girls in his arms, and another girl also jumped and escaped. Mrs Choperinski was overcome and fell to the floor, as did also the girl Mary who, was with her. The charred bodies of both were recovered. Some of those who escaped the fire were badly burned.

A Venezuelan Consul Fined.

NEW YORK, Feb. 8.-Rufino Blanco, 21 years old, consul from Venezuela at the port of Philadelphia, was fined \$500 yes terday in the court of general sessions by Becorder Goff, a jury finding him guilty of carrying concealed weapons. Blanco had been indicted on two charges, one for carrying concealed weapons and one for assaulting a patrolman of the West Twon-tieth street police station. He was tried on the first indictment.

The Wrecked Steamer Amerique.

Colon, Colombia, Feb. 8.—The passen gers of the wrecked steamship Ameriqu have arrived here on board the steame Ville de Marseille, after having bee landed in boats at Savanilla, near which place the Amerique went ashore. malls and cargo of the steamer were lost and one of her sailors was drowned. The steamer is a total loss. The passengers landed numbered 200.

The Storm Delays Traffic.

PHILADELPHIA, Feb. 8. - The western storm which reached here yesterday is gen eral throughout the middle Atlantic ans coast states, as well as throughout the south, extending as far as Florida. Rallway traffic is seriously interrupted in all sections, and the cold is intense. Fair weather is predicted for tonk frow, how
