

The Supplement to the Baker Ballot Law Arouses the Lawmakers.

HARRISBURG, Feb. 14.—The business of the house yesterday was devoted entirely to consideration of bills on second reading and the introduction of new measures. A resolution was adopted that the bill appropriating \$200,000 for the removal of the Eastern penitentiary be referred to a committee of seven to be appointed by the speaker. The house agreed to a resolution that when it adjourns it be to meet on the evening of the 25th inst.

An exciting discussion arose over the introduction of an amendment by Mr. Bliss, of Delaware, to the bill supplement to the Baker ballot act, so as to eliminate that part of the measure which provides for notice by proclamation of the various tickets nominated and the candidates of the several parties. The amendment was not agreed to and the bill was read the second time.

Among the many new measures introduced were the following: To prohibit the peddling, selling or hawking of merchandise, wares or other goods without a license; providing that 2,000 pounds avoirdupois shall make and constitute a legal ton of anthracite coal; legalizing the burning of cattle; prohibiting school directors from appointing relatives as teachers.

Among the bills passed finally in the house was one for the permanent improvement of public roads, authorizing the directors to impose a tax of from one cent to five cents on the value of the land to pay the necessary expenses. The bill increasing the minimum term of imprisonment from one to two years was defeated. The bill appropriating \$200,000 for the removal of the Eastern penitentiary was defeated. The bill to amend the act relating to the management of the state insane hospitals at Wernersville and Norristown.

Denials by Martin and Porter. PHILADELPHIA, Feb. 14.—David Martin and Senator Charles A. Porter yesterday afternoon testified before the committee on the charges of bribery in the passage of the Mutual Automatic Telephone company ordinance. Both asserted that they had never exerted any influence in favor of the bill's passage, in which they were entirely disinterested.

Ten days loss of time on account of sickness and a doctor bill to pay, is anything but pleasant for a man of a family to contend with, whether he is a laborer, mechanic, merchant or publisher. Jas. O. Jones, publisher of the Leader, Mexico, Texas, was sick in bed for ten days with the grip during its prevalence a year or two ago. Later in the season he had a second attack. He says: "In the latter case I used Chamberlain's Cough Remedy with considerable success. I think, only being in bed a little over two days. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy." It should be borne in mind that the grip is much the same as a very severe cold and requires precisely the same treatment. When you cure a cold quickly and effectually it is remedied a trial. 25 and 50 cent for sale by Grubler Bros.

Notice to Subscribers. Subscribers to the EVENING HERALD are not receiving their paper regularly and people who wish to receive the paper as new subscribers, are requested to leave their addresses at Hooks & Brown's stationery store, on North Main street.

Mrs. Emily Thorne, who resides at Toledo, Washington, says: "I have never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for lame backs with great success. For sale by Grubler Bros."

The proprietors of Pan-Tina have spent thousands of dollars to make it known that it cures Coughs, Colds and La Grippe. Bottles of Pan-Tina at Grubler Bros. drug store.

Smoke Brennan's famous cigars. They are the best in the market, for fine trade only. 12-21-11

O. W. O. Hardman, Sheriff of Tyler Co., W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." For sale by Grubler Bros.

TWO ALARMS OF FIRE.

A Trolley Wire and an Ash Barrel Cause Trouble.

A trolley wire of the Lakeside Electric Railway broke down at about nine o'clock this morning and left a car without power on the curve at the highest point of the trestle on Bowers street. Half an hour later, while some men were removing the wire while it was charged, contact of the wire with one of the rail wires caused a blaze that set fire to a sill of the track. The blaze was speedily extinguished, but an alarm had been sounded and the fire department had a useless run.

At 10:30 this morning smoke rolled in large clouds above the rear of that part of the Beddall building on West Centre street in which Mrs. Cleary's saloon is located. The fire department was again called out, but its services were not required, as a bucket brigade had put out the blaze, which was caused by somebody dumping hot ashes in a barrel.

Rupture. Cure guaranteed. No operation. Inquire at the Shenandoah drug store, No. 1 South Main street. 9-13-11

IN SENATE AND HOUSE.

Silver Senators Call Attention to the Bankers' Profits on Bonds.

WASHINGTON, Feb. 14.—The senate began its session yesterday with a spirited discussion of the financial question. It soon turned its attention to the postoffice appropriation bill and spent the rest of the day on the proposition to have the government own railway postal cars. Mr. Vilas (Wis.) brought on the financial discussion by offering a bill granting to the president the authority he has requested in his recent message for issuing 3 per cent. bonds payable in gold. Mr. Sherman (O.) offered a substitute to the silver bill proposed on Tuesday, providing for gold bonds and temporary gold certificates. The two Colorado senators, Mr. Teller and Mr. Wolcott, called attention to the fact that the syndicate of bankers who had secured control of these bonds were now marketing them in London at 112 1/2, thus making a net profit of 8 per cent. out of the pocket. The debate brought out frequent references to the contract between the treasury department and the bankers, and as a result Mr. Aldrich (R. I.) offered a resolution calling on the president for a copy of the contract. It was agreed to take the vote on the pending amendments as to railway postal service at 3 o'clock today.

The house devoted the day to business relating to the District of Columbia, and with but one exception was featureless. During the debate Mr. Van Voorhis (N. Y.) secured the floor and introduced a resolution calling upon the committee on ways and means to furnish to the house the contract of the recent bond negotiation, and such other information as the secretary of the treasury had communicated to the committee. Mr. Wilson informed the house that the majority report on the joint resolution providing for 3 per cent. gold bonds, which had been favorably acted upon by the committee, would contain a copy of the much discussed contract.

Pullman Not Guilty of Contempt. CHICAGO, Feb. 14.—The contempt trial against George M. Pullman in the Debs case was dismissed by Federal Judge Grosscup yesterday. Mr. Pullman explained that he was just recovering from an attack of the grip, and having previously arranged for a vacation in order to obtain needed rest he went east last Tuesday. It was understood that the counsel for the defense had caused a subpoena to be issued for him as a witness, but it was not served. After his arrival in New York he learned that an attempt was being made to construe his departure as a disrespect to the court, and he at once sent word notifying the court of his intended immediate return. The return was delayed by the blizzard.

Alleged Alabama Farcicides. MERIDIAN, Miss., Feb. 14.—Saunders Carlisle, the negro who is charged with the assassination of his landlord, Joe Hurst, at Butler, Ala., a few days ago, has surrendered to the officers of that place. He denies killing Hurst and says that Hurst's son and daughter killed the old man. He (Carlisle) was offered and accepted forty acres of land, together with a mule to do the bloody deed, but on reaching the spot where the murder was to be committed his heart failed him. Hurst, Miss Hurst and Carlisle are in jail, but the probabilities are that they will never reach trial, as the citizens talk freely of lynching them.

Steamer Abandoned on the Ocean. LONDON, Feb. 14.—The British steamer Loch Marce, Captain Allison, was abandoned in lat. 52 n. long. w. Her crew have landed in their own boat at Westport, County Mayo, Ireland. On Feb. 6 the Loch Marce was spoken 130 miles southwest of Kinshale by the British steamer Glenochie. The Loch Marce at that time had empty her coal bunkers and had been obliged to burn all her available woodwork, including her spars and booms. Captain Allison states that the crew insisted upon abandoning the steamer. The value of the vessel and her cargo is estimated at \$450,000.

Helped Themselves to Relief Supplies. KEANEY, Neb., Feb. 14.—Considerable excitement was caused here yesterday afternoon by about fifty farmers, with half as many teams, coming in from Kearney county for relief supplies. They broke into a car on the Union Pacific track and commenced helping themselves. The county commissioners tried to stop them, but could not, and after they started to drive away they were brought back by the police. It is reported that sixty teams are on the way here from Custer county for relief supplies.

A Plan to Prevent Strikes. NEW YORK, Feb. 14.—At a conference between representatives of the Master Builders' association and a committee from the board of walking delegates a plan was settled upon which will be submitted to the respective labor organizations for adoption. If ratified it will be put into effect at once. The plan proposed is that ten men shall be appointed, five from each organization, to constitute a permanent board. Any differences arising between employers and employees will be referred to it for arbitration.

Milwaukee's Convicted Health Officer. MILWAUKEE, Feb. 14.—Dr. Walter Kempler, health officer of this city, has been found guilty of overbearing and tyrannical conduct and improper treatment of patients at the isolation hospital, and of irregularity in connection with hospital fees, by the committee of the common council yesterday. No recommendation is made, the matter of removal being left with the common council.

In the Hands of a Receiver. WILMINGTON, Del., Feb. 14.—In the United States court a bill was filed for Henry Whitely, of Philadelphia, making for the appointment of a receiver for the McCullough Iron company. Judge Wales appointed the Great Life Insurance company and Henry Whitely as receivers. The company has large works at North East, Md., Philadelphia and Wilmington.

Tapping the Big Jeddou Tunnel. WILKESHAIRE, Pa., Feb. 14.—The big Jeddou tunnel was tapped last evening. The water will be released gradually, so as to avoid a flood. The object in building the tunnel was to drain four valuable coal mines of water, with which they have been flooded for fourteen years. It will take two months before the mines will be ready for operation.

To Protect the Palisades. TRENTON, Feb. 14.—The house passed Senator Winton's bill to preserve the Palisades of the Hudson river from destruction, and also the bill putting back to the second Tuesday in March the time of holding township elections in Passaic, Camden and Mercer counties.

Severe Sentences for Shooters.

EARTON, Pa., Feb. 14.—Judge Scott yesterday sentenced Luther Martin and James Brooks, both colored, from the late region, to five years and six months in the penitentiary. The parties met in a jewelry store at Pon Argel a week ago and quarrelled over money matters, whereupon each pulled a revolver and shot at the other, both being hurt, but not seriously.

Saw a Lunar Rainbow. SAN FRANCISCO, Feb. 14.—The steamer Colon, from Panama, brought a story of a lunar rainbow that was witnessed at Colon on Jan. 11. At first a little cloud of vapor appeared. The colors were peculiar and startling. This is the first evidence of lunar rainbows since the sixteenth century.

Suspended from the Knights of Labor. PITTSBURGH, Feb. 14.—District Assembly No. 3, K. of L., was suspended from the order by the general executive board, and the officers were notified that a member of that body was on his way for the purpose of securing the books, secret work and other property of the district. The officers declare positively that they will refuse to turn over the property, and will have nothing to do with the representative of the board. They say the district will in all probability go over in a body to the Columbus faction.

For a Non-Partisan Commission. WASHINGTON, Feb. 14.—Senator Perkins, of California, introduced a bill providing for the appointment of a non-partisan commission to collect information and to consider and recommend legislation to meet the problems presented by labor, agriculture and capital. The president is to appoint the members of the commission, which is to be composed equally of the representatives of labor, of agriculture, and of the business interests of the country.

To Discuss Local Option. TRENTON, Feb. 14.—Senator Bradley has issued a circular to the liquor dealers of New Jersey and to the church attendants and temperance people announcing a public hearing next Tuesday by the senate borough committee on the bills to give local option to boroughs. The hearing will take place immediately after the morning session of the senate.

Sunday Billiard Playing Not Illegal. NEW YORK, Feb. 14.—The billiard and pool room proprietors of New York won a victory yesterday when Justice Ingraham discharged from custody Robert Kenney, who had been arrested for keeping his pool room open last Sunday. Justice Ingraham ruled that playing billiards on Sunday, unaccompanied by betting, is not in violation of the criminal code.

To Investigate Jersey's State House. TRENTON, Feb. 14.—The Republican senators held a conference and decided to push the proposed state house investigation. The resolution adopted afterwards gives the committee wide scope, but the present indications are that the investigation will not go beyond inquiry into the expenditures for state house and legislative printing.
